

FFWPU Bolivia's 40-Day National Seminar of the Divine Principle Seminar

Hilda Claros de Jitto

January 19, 2023

The love, effort and sacrifice of Our Beloved True Mother, drives us more and more to determine ourselves, and to walk together with her, to fulfill the longed dream of Our True Father, to be Celestial Tribal Messiahs.

Thanks to their hard work, in Bolivia, Sub-Region 3, the National Seminar of the Divine Principle was held in person, with the purpose of preparing young singles for the Sacred Blessing 2023.

We had the participation of 68 people, most of them new young people, who were in the city of Santa Cruz during the 12 days of the Seminar.

Our National Leader together with the Pastors of the Regional Headquarters, were the speakers.

The schedule focused on education with the Divine Principle, True Father's Life, True Mother's Life, tradition, life of Faith, meaning and value of the Blessing.

For a better understanding of the study covered, they were divided into groups, where the Pastors were Leaders, shared together their impressions and dissolved their questions with more clarity.

At the end of the twelfth day, the presentation of certificates took place and the young people shared their impressions, with tears of joy at learning about True Parents.

43 young people, decided to continue with 21 days of Material Restoration training.

Understanding the urgency and the heart of Our True Mother, to restore 1/3 of the population, 21

committed young people decided to offer 1 year as full-time, forming a special witnessing group.

Heavenly fortune came with the strength of Our True Mother's love to Our Country, through the light that inspired the hearts of all the Leaders, which gave rise to this initiative.

It is time to establish more substantial and sincere conditions of devotion to unite with the heart of Our True Mother.
