October 6, 2024

On October 5 and 6, 2024, we held a Marriage Blessing Workshop with 28 participants from six cities in Bolivia: La Paz, Cochabamba, Oruro, Santa Cruz, Tarija, and Sucre. This program was promoted by the HJ team, UPA Academy Cadets, HJ Rang, and CARP centers, who engaged in 40 days of witnessing and sharing the teachings of the True Parents. The results reflected our sincere desire to unite with our beloved True Mother and deliver substantial outcomes for the nation of Bolivia.

Testimonies of Miracles Before the Workshop

Before the workshop, we experienced what can only be described as miracles. Many young people managed to complete the study of the Divine Principle in an extraordinarily short time, exceeding all our expectations. These experiences not only filled our hearts with hope but also reaffirmed our belief that divine providence is guiding us.

Seminar Development and Inspirational Message

Our workshop was led by Rev. David Dong Woo Kim, who emphasized preparing to receive True Parents' salvation through the Marriage Blessing. His main message deeply resonated with the youth: "You cannot overcome alone at home. You need to integrate into the Church and eliminate original sin through the Blessing. That is the starting point: the Blessing."

All participants were enthusiastic and determined to embark on this journey. Among them was Judith Amanda Machado, who shared, "After learning the Divine Principle, I was unsure of the path I should follow. However, through this workshop's lectures, I now clearly see the path I must take toward my Father. I only have to follow it because it's what I want for my life."

Impact and Resolution

Participants were deeply moved and inspired, making the decision to begin their spiritual preparation to receive the Blessing. This commitment marked a new beginning for them and symbolized their deep desire to live a life centered on True Parents.

Gratitude and Final Reflection

This outcome, filled with blessings and miracles, was only possible due to our unity with our beloved True Mother and the grace of witnessing miracles during the era of Cheon Il Guk. We express our deep gratitude to each participating member and youth for their dedication, and to our True Mother for guiding us to substantial victory in Bolivia.
