We held the third Hyojeong CheonBo workshop on March 23 to 24, 2019. Over 1000 members and blessed families came from all cities that harbor a local church participated. Organizational Staff having allowed participation children, many families have been involved their children.

This time many members showed interest in ancestors liberation and blessing that is why the staff were busy at the registration till March 23rd.

This time because we had a big crowd, especially many families came together with all their children, organizing staff prepared a gymnasium, to hold the event.

During the first day as well as on the second day, CheonBo lecturer explained about the importance of Liberation and the Blessing of ancestors. Therefore, participants were ready at the Ansoo sessions to invest fully themselves in the devotion to kick the evil spirits out and liberate their ancestors from the hell. It should be noted that the Changyang team trained for months to offer the best of itself.

Overall, the members were very much appreciated the organization of this workshop despite all the difficulties and practical aspects, which we will improve for the future workshop. Also Participants' safety was ensured by the National Police aided by the Staff Security Team. Also National TV and the local press came to our event to covered the event by specifying that it was a national prayer of families for peace and social cohesion.
