

# Pilgrimage to Orthodox Monasteries in Moldova

*Andrei Esanu - May 20, 2019*

Sixteen members and guests from the Unification Church of Moldova joined a tour of four Orthodox monasteries on May 20, 2019. The group of about 30 people visiting the monasteries also included Muslims, Protestants, and Orthodox believers.

We spent 12 hours together, and by the end of the day any boundaries and tensions that had existed melted. We learned many interesting and deep things about the foundation built by our ancestors. Several young Japanese missionaries were among the participants.

This project was organized by our partners for interreligious dialogue from the Moldovan Academy of Orthodox Theology.
