On the last weekend of September 2018 two very special people from the International HQ: Director of the Heavenly Tribal Messiah Academy, Rev. Jin-hun Yong, and Prof. Young-hwan Gil, person who has rich victorious experience in organizing successful small groups, visited Moscow, Russia, to inaugurate the Heavenly Tribal Messiah Academy of the Heavenly Europe region and provide training of HTM coaches during 2-day workshop. During their short stay they poured all their knowledge, wisdom, experience they have collected from around the world and inspired European members to break through in Heavenly Tribal Messiah mission.

Regional President of the Eastern Europe region, Mr. Jack Corley, Director of Witnessing and Education department of the Heavenly Europe Mrs. Martine Masner, two representatives from the United Kingdom, leaders, Blessed families from the Eastern Europe nations, all together about 100 people attended the inauguration and the workshop.

Rev. Yong gave deep lectures about a meaning of being a Heavenly Tribal Messiah, about criteria a Blessed family should satisfy in order to successfully accomplish Tribal Messiah mission. Essential of all what he said was that a Heavenly Tribal Messiah family should be a family where God can dwell, where husband and wife can see God in each other, a family which radiates love toward others. He spoke that the main reason

why we should do Tribal Messiah mission is to be alive then to become perfect, and eventually Tribal Messiah activity is not a mission but the way of life.

Prof. Gil spoke in the very detail how to organize trinities which are a corner stone, a basic unit to organize a growing tribe. He showed on practical examples how trinities work, how they multiply to 12 couples, 36 couples, eventually to 432 (12 x 36) couples which is the goal True Parents gave us.

During the Inauguration ceremony which took place on September 30, up to 40 families showed their determination to accomplish the Blessing of 430 couples till the Foundation Day on 2020 by signing special resolution and offering it to Heavenly Parent and True Parents.

After the seminar many brothers and sisters shared that they came to the workshop to gain determination to fulfill HTM mission, to see the ways how to do it. Many shared that they felt deep grace and love of True Parents through Rev. Yong and Prof. Gil. Definitely the HTM Academy inauguration and 2-day workshop became a turning point in the Heavenly Tribal Messiah providence in the Eastern Europe and Heavenly Europe Region.
