Sharing a Vision of Harmony within the Community Centered on the Blessed Families

On March 29 (HC 2.11), a special joint worship service was held at the São Paulo headquarters in Brazil, in a vibrant and deeply spiritual atmosphere. 1,600 participants joined the service both in person and online.

In his sermon, Continental Director Kim Dong-woo encouraged blessed families to become CheonBo families by fulfilling Heaven's decree with faith and action.

CheonBo Family Church leader Adilson Correa shared testimony about his success in his home church activities. Participants were inspired to move forward with determination and strength to testify to the golden era in which we are living.
