

Children's Workshop 2026:

12th - 18th January

Due to the youth attending the Golden Era workshop in Korea, we only held a local Children's workshop this summer. They few youth who remained in the country offered their time and helped the workshop as staff.

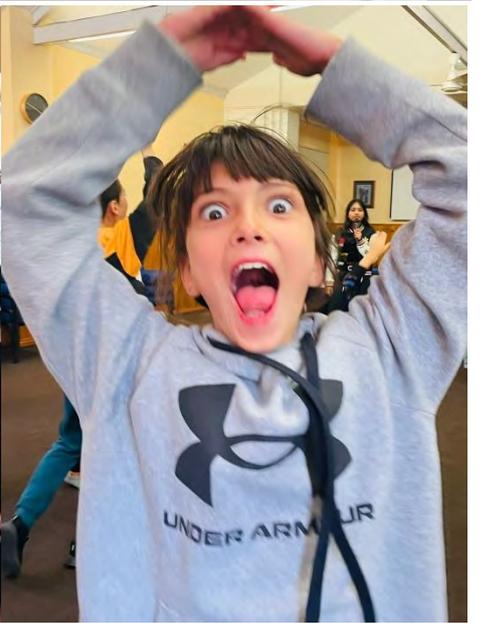

Staff arrived several days earlier to plan and make the final preparations.

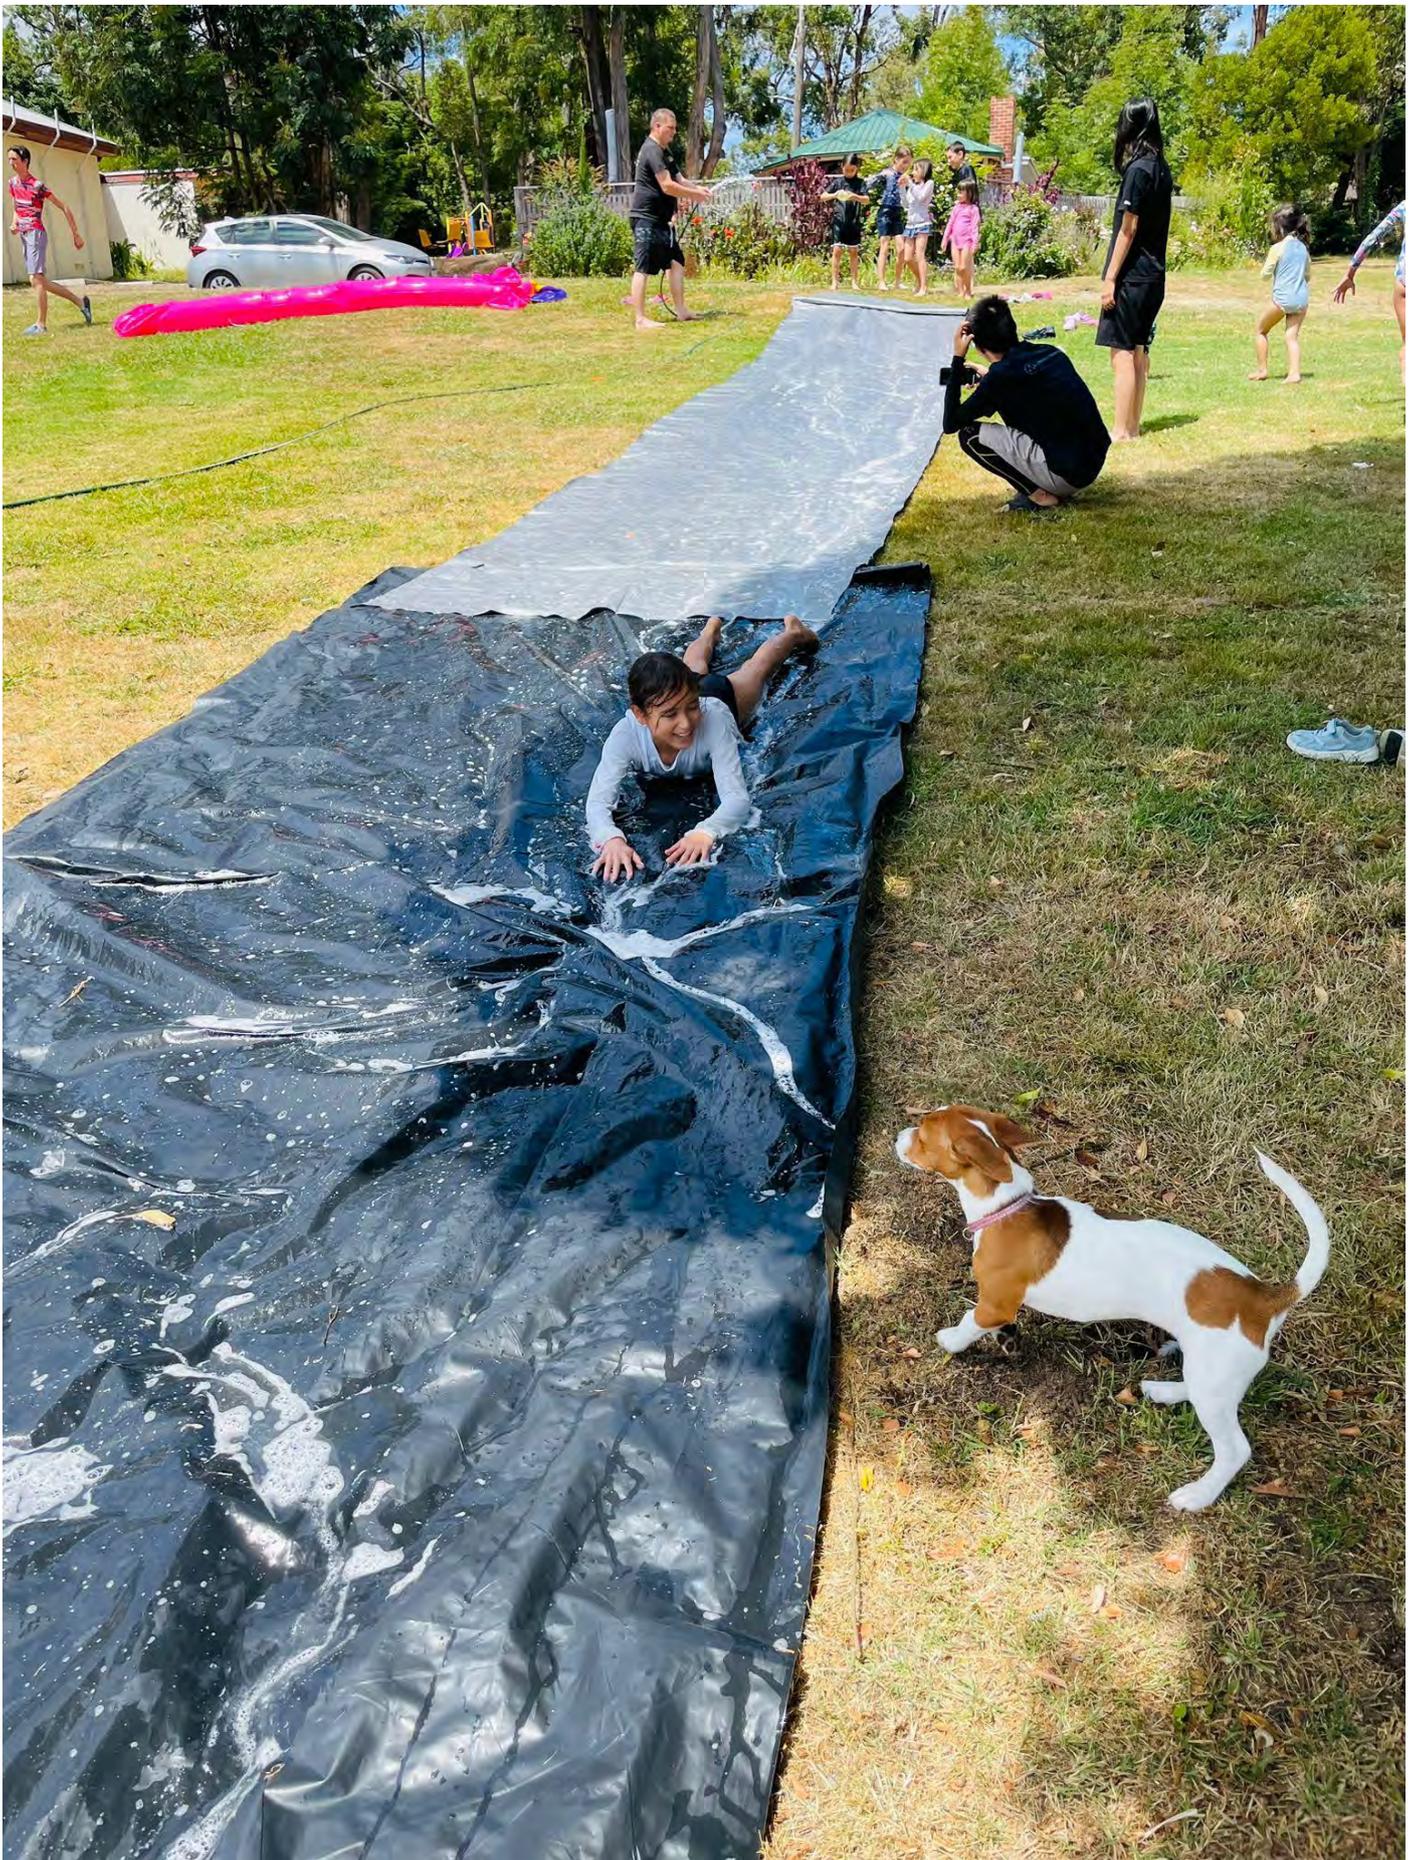

The workshop was a "pure water" workshop with lectures on Heavenly Parents heart, church tradition and purity. The participants enjoyed archery, bushwalking, crafts and games. For many it was their first time to play traditional workshop games such as Matanage. We have set a great standard of workshop recently, with pure water generation coming up to the age of "youth workshop" there is great hope for the future.

Youth gathering:

24th January

After the workshop, the youth group gathered over the weekend. They held internal reflections and determinations, then enjoyed games and food.

Youth Service:

25th January

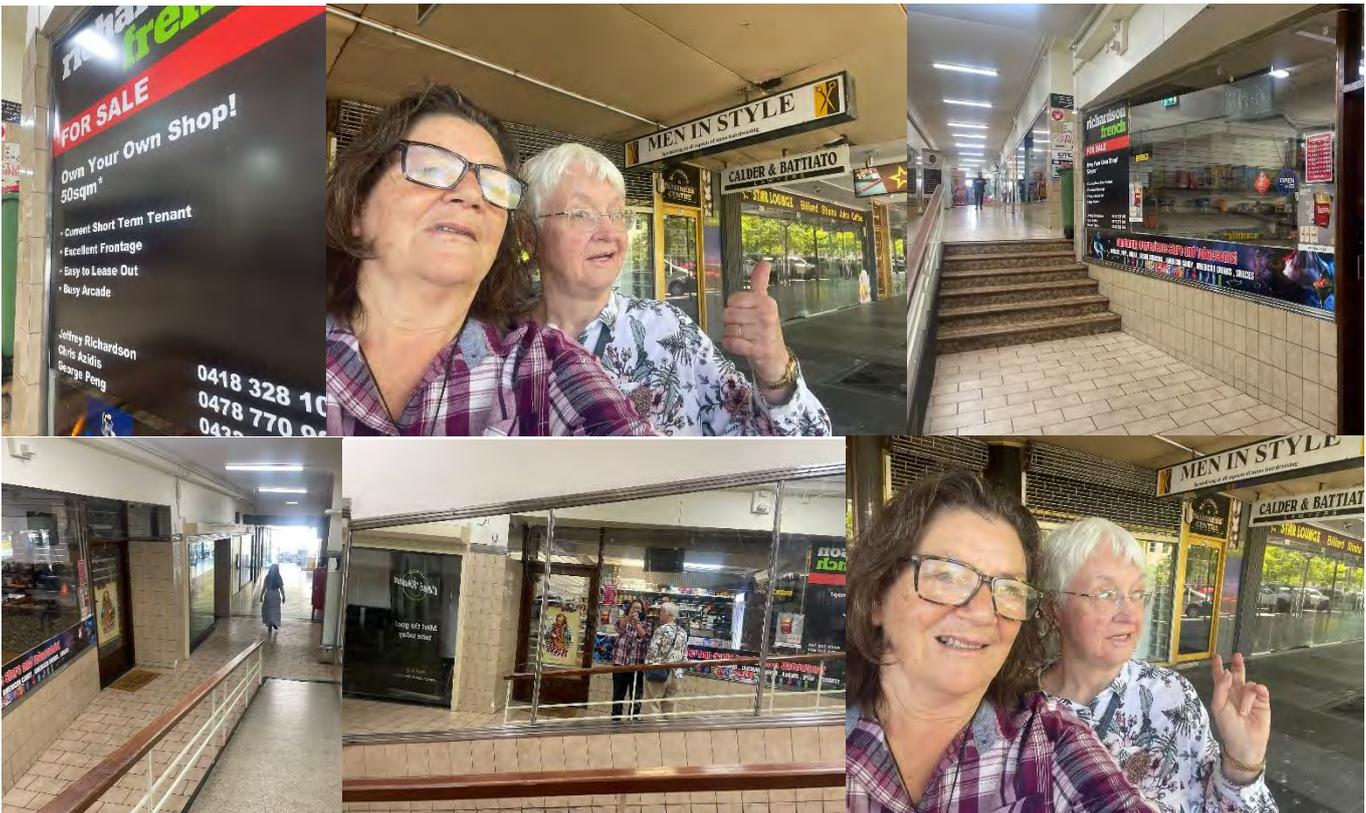

The youth stayed until Sunday. There was no service, since the leadership is in Korea. But they held their own youth service. Then supported Chizuru Samonim by taking the kids for games. 3 youth; Cassie, Carlos and Ivan, have agreed to support the youth leader, Hiromi as a trinity of youth supporters in the coming year. We pray they may be able to support the growth of our younger members.

Scouting for a Witnessing Centre:

28th January

Candace and Debbie visited a Dandenong Arcade where a potential shop front could be, for either purchase or rent, as a witnessing centre. Since we are confirmed to receive missionaries in the coming months, we are keen to find a place to begin witnessing in earnest. Candace is also reaching out to media contacts to see if there are any ways to promote the story about True Mothers unjust confinement.
