

YSP Cantemir and Anenii Noi, Moldova collect donations for the needy

Sabina Nadejdin
March 2021

Our volunteers in Moldova are keeping busy! Here is a report of some of the activities they have been doing in March:)

In Cantemir, they collected donations from villagers for families in need, including a single mother of six and a single father of a child with down's syndrome who unfortunately suffered from a house fire.

In Anenii Noi, volunteers helped at the rehabilitation centre to distribute food and clothes to people in need. These are activities that help those in need whilst also creating a sense of community. We are sure it was a meaningful experience for the young volunteers as well.

As well as this, our Youth Peace Talks every week are going very well and we are developing new ideas of what we can do to help!
