Peaceful Families Organization (PEAFASSO) at the Adagom 1 refugee settlement in Nigeria

"The pure love movement should be developed focusing on the family. It is not the nation that will take the initiative. This is why I encouraged you to start holding demonstrations right away."  
By True Parents.

PEACEFUL FAMILIES ORGANIZATION and the FAMILY FEDERATION FOR WORLD PEACE AND UNIFICATION, rallied representatives from the BOKI PEACE ACTIVIST ASSOCIATION, MELA PEACE LOVERS ASSOCIATION and the WORLD PEACE MINISTRY for a WORLD PEACE RALLY OF HOPE, where they marched against free sex.

It is the 21/12 2020 in the Adagom 1 Refugee Settlement for Southern Cameroon refugees in Nigeria, where these peace lovers decided to denounce free sex and its derivatives before the huge refugee gathering which hangs around to collect the refugee feeding money.

It was a very timely event that has been nursed for about three months. Fortunately, the population was in thousands to watch this rally and marching. The participants in the march reduced because many participants were involved in the complex queuing to receive their allowances which had accumulated in months (living without food money for six months). Even so, representatives of the different groups were present and gave the one spirit required for the event.

We had a prayer by the wife of the catechist and we set out marching through the dense refugee gatherings as we went through some communities of the Adagaom 1 refugee settlement. We used our powerful public address system and microphones singing loudly against sexual immorality. We raised our placards with many interesting inscriptions denouncing free sex, fornication, adultery, cohabitation,

divorce, etc. We marched through many junctions where we exposed on the theme on our banner. We equally preached for a Christmas free from sexual immorality.

The general observations include the fact that many persons discovered us and were caught in a mire of shame deep in their minds as they host a life full of free sex. We also took note that many persons appreciate and love our initiative. Many came behind expressing regrets to have missed being part of the beautiful march due to busy schedules. Others reveal to us that the echoes of our activity had reached some persons and offices we surely did not imagine.

We feel a great amount of joy as we did this march on this particular day. These four position foundation numbers 21, 12 and 4 (from 2020) featured, summing up into number 10 ( $2+1+1+2+2+2$ ). These numbers are very important in doing things with a very spiritual foundation. We hope our efforts and investments will go a long way to yield joy to our Heavenly Parents, True Parents and all humanity as well as all cosmic creations for an ultimate increase in determinations, resources and investments to protect the practice and promotion of sexual purity, true loving families, peaceful nations and one world under God.

We give our heartfelt gratitude to our Heavenly Parents, True parents and all of you out there. Merry Christmas to all of your families.
