BOOK TWO

TRUE PARENTS
Chapter 4. The Mission of the True Parents
Section 1. The Position of the True Parents .................................................. 210
Section 2. The Path of the True Parents ......................................................... 211
Section 3. The Course Prior to Becoming the True Parents ......................... 212
Section 4. The Authority and Mission of the True Parents ......................... 216
Section 5. True Parents’ Love ......................................................................... 218

Chapter 5. The Kingdom of Heaven and True Parents
Section 1. The Meaning of the Characters for Cheon (天) and Bu-mo (父母) . 220
Section 2. The Reason We Must Attend True Parents on Earth .................. 221
Section 3. The Kingdom of Heaven is Possible Only Through True Parents 222
Section 4. The Kingdom of Heaven and True Love ....................................... 224
Section 5. True Parents and Eternal Life ....................................................... 225
Section 6. True Parents and the Nation ......................................................... 226

Chapter 6. True Parents and Us
Section 1. The Essence of the Teachings of the Family Federation .............. 229
  1.1. The philosophy of the Parents ............................................................... 229
  1.2. True families determine the center of the universe ......................... 230
  1.3. God’s love and True Parents’ love ....................................................... 231
  1.4. Parents and family members ............................................................... 232
Section 2. The Value of Working with True Parents while They are on Earth 233
Section 3. True Parents’ Effort and Us .......................................................... 236
  3.1. We absolutely need True Parents ....................................................... 236
  3.2. We are a branch engrafted to True Parents ....................................... 236
  3.3. True Parents’ investment for our sake .............................................. 238
  3.4. True Parents’ expectations of us ....................................................... 238
  3.5. The standard we should meet ............................................................ 239
Section 4. Grace and Self-Realization ............................................................ 240
  4.1. True Parents is a term that has appeared for the first time ............... 240
  4.2. The appearance of True Parents is the greatest news ....................... 241
  4.3. The future secured through True Parents ........................................... 242
  4.4. The value of True Parents ................................................................. 243
  4.5. We should be grateful ....................................................................... 244
  4.6. Our connection with True Parents is destiny ................................... 246
  4.7. We must carry out our responsibilities ............................................ 246
Section 5. What We Need to Do ................................................................. 247
  5.1. Our responsibilities ......................................................................... 247
  5.2. Our mission ....................................................................................... 250
Section 6. Things We Should Cherish as Our Own Life ............................. 251
  6.1. Insisting on your own way is not acceptable ...................................... 251
  6.2. We must become one ...................................................................... 252
  6.3. We should love True Parents ........................................................... 253
6.4. We must attend True Parents ................................................................. 254
6.5. We should be obedient ........................................................................ 254
6.6. We must inherit the tradition ............................................................... 254
6.7. We should be proud of True Parents .................................................... 256
6.8. You should pay your debt to True Parents ........................................... 256

Chapter 7. A Life with True Parents
Section 1. True Parents’ Day and True Parents .............................................. 257
Section 2. We Should Fully Understand the Words “True Parents” ............... 258
Section 3. Learning True Parents’ Language ................................................ 259
Section 4. Revelation in Folk Songs .............................................................. 261
Section 5. Prayer in the Name of True Parents ............................................. 263
Section 6. The Power of True Parents’ Name ............................................... 263
Section 7. Enjoy Eternal Glory in True Parents’ Name ................................   264
Section 8. Bequeathing and Inheriting True Parents’ Heart ......................... 265
  8.1. Bequeathing of heart .......................................................................... 265
  8.2. Sons and daughters inherit from their parents .................................... 266
Section 9. What You Need to Take Heed of ................................................. 267

Chapter 8. The Three Great Subjects Principle and The
Proclamation of True Parents
Section 1. The Three Great Subjects Principle and the Parent-Centered
Ideology ........................................................................................................ 268
  1.1. The Three Subjects Principle is our desire ........................................... 268
  1.2. The Three Subjects Principle is the philosophy of True Parents ........... 269
  1.3. The essence of the Three Subjects Principle ....................................... 269
  1.4. A parent-centered ideology ................................................................. 270
Section 2. The Proclamation of True Parents .............................................. 271
  2.1. Background to the proclamation of True Parents ............................... 271
  2.2. The standard for the proclamation of True Parents ............................ 271
  2.3. The place where the proclamation of True Parents is made ............... 273
  2.4. Phenomena occurring after the proclamation of True Parents ............ 273
    2.4.1. The world today is rapidly changing due to the announcement
          of the Ceremony of the Settlement of the Eight Stages. ................. 273
    2.4.2. The forces of the devil enter the realm of death ............................ 274
    2.4.3. The coming of the heavenly fortune for unification ..................... 275
    2.4.4. There will be no conflict in the future ......................................... 278
  2.5. The remarkable proclamation of True Parents ..................................... 279
  2.6. How we should conduct ourselves after the proclamation of True Parents 280
  2.7. What we need to do after the proclamation of True Parents ............... 284
    2.7.1. Be grateful for the proclamation .................................................. 284
    2.7.2. Accumulate results ..................................................................... 286
    2.7.3. Rallies to welcome True Parents ............................................... 287
2.8. The parent in the North and the parent in the South ............................ 289
2.9. The religious founders and True Parents ............................................. 291

Section 3. The Proclamation of True Parents and Kingship ...................... 292
3.1. Adam's family, the original starting point of the royal palace ............. 292
3.2. The establishment of kingship .............................................................. 293
3.3. The restoration of kingship ................................................................. 295

Section 4. Keeping True Parents' Photograph ............................................. 298
4.1. The reason for keeping True Parents’ photograph ............................... 298
4.2. The power of the picture of True Parents .......................................... 300
Section 1. The Significance of the True Parents

The words True Parents are among the most frequently used words of our Unification Church members. Although they are simple words, they represent a remarkable reality. This term does not appear in any book in all of history. In spite of its simplicity, True Parents is a term that Unification Church members alone recognize and use.

If, in the two thousand years of Christian history, it had been revealed that our human ancestors fell, humankind would have understood at once that fallen parents are false and bad parents and unfallen parents are good and true parents. However, no one has ever been able to reveal this. Humankind has been waiting for the time when this information could be proclaimed.

There may have been people in some past historical age who thought about the term True Parents, but they had no way of understanding what the term’s background might be. Since the issue could not be resolved without understanding the vast and comprehensive contents of the Principle, no one else has been able to simply say the words True Parents. It is an amazing fact that we have been able to reveal the content of the Principle, the Unification Church’s view of history and the truth about the origin of humankind.

What can we conclude after clearly understanding the term True Parents? We can conclude that the Fall of our first ancestors occurred through an illicit sexual relationship. The Fall has resulted in a connection of blood that has nothing to do with God or with the True Parents who were to be established as the ideal of creation. In other words, we came to inherit the wrong bloodline.

For this reason, the words True Parents in relation to God’s will signify first, that all people, including our first ancestors, will be cut off from the false lineage. Second, they signify that a love, life, and lineage connected with God and the new original root will begin. These are truly amazing words. (201-60, 1990.3.1)

Section 2. The Origin of Trueness

2.1. What is the meaning of Trueness?

If there were a true being in heaven and earth, who would it be? It would be the absolute being. In modern Korean, when we refer to the Absolute Being, we
say, “There is only One.” We shorten that to Hana-nim (God), where Hana means “One.”

Then, what kind of being is God? God likes both the good people and the bad people on earth. Even a condemned criminal going to his place of execution says, “God, have mercy on me” before he dies. In front of God, even those who are facing the death penalty for their crimes resolve to become good again and to make a new start with hope. Why is it that, in so doing, they want to offer their best service to God, depend on Him, and be with Him? Why, in their innermost heart, do people willingly leave their parents, and brothers and sisters, wanting to be closest to God in order to share their personal concerns with Him? This is because God is true.

A true person should not just like people who like him. He should like even his enemies who would wish him dead. A true person should be someone that every person can entrust everything to and discuss everything with. He should be someone in whom people can place their hopes for everything.

While you were growing up, there was probably someone you hated. Is a person who hates another person a true person or false person? Surely, he is a false person. In this world, there are many false people.

The one who wishes to be a true person must balance both sides. If there are members of the Unification Church who really like the people who like them, yet actively hate those who hate them, are they a good group or a bad group? They are a bad group.

Therefore, let us like even those who hate us. If you like someone who hates you, he will also come to like you. If three times or more, you act kindly towards someone who hates you, he will bow his head. Just treat such a person nicely three times, and you will win him over. Try it yourself and see if I am right or not. People have a conscience which tells them whether they are right or wrong.

(39-302, 1971.1.16)

Our country has many good people and there are many wonderful people in the world. There are also many people of renown. Then, who are the great people of Korea? When we speak of a great person in Korea, we usually talk about Admiral Yi Soon-shin. He is a great man. You all like Admiral Yi, but do you think he is a true person? We do not know, but we still admire him. However, I do not admire him so much. When I say this, you may think, “This is strange. Why is he like that? He does not like one of our national patriots! Is Rev. Moon a communist or a traitor to our people?” In answer, I will tell you why I do not admire Admiral Yi. All Koreans know Admiral Yi as a patriot, but Japanese people think of Admiral Yi as an enemy. This is mentioned even in Japanese history books. Admiral Yi is an enemy from the viewpoint of the Japanese and a patriot for Koreans. This is why I do not like him.

That which is true must be true everywhere: in Britain, in Germany, in America, in Korea, in Africa, and also in Japan. Something that is true has no enemies.
There is no one that dislikes something true. If something is liked from one side and disliked from the other, it cannot be perfectly true.

If Admiral Yi were a perfectly true person, Japanese and Koreans alike would honor him as a great man and true person. But looking from the standard of the true person, Admiral Yi is not a perfectly true person, although he might be a true person to a lesser degree. He is a true person in Korea, but not in Japan. I am sure there is no disagreement on this. Since I want to see a true person, I do not like someone who is less than a true person such as Admiral Yi.

Then in this world, what kind of person is a true person? As I said earlier, he is someone who is liked by both bad people and good people. If he is liked most by good people, should bad people hate him the most? He must be liked the most by bad people as well. Although there is a mixture of good people and bad people here, all people desire the best things. If we say that all people like something, we mean that not only good people but also bad people like it as well. So, if some people who are considered bad do not like a certain thing, it means that it is not a true thing. True things are those that should be liked the most not only by good people but by bad people as well. This is the definition of a true person. A true person is one whom bad people as well as good people like the most. Someone like this is a true person.

2.2. The source of trueness

Being true is not limited to individuals. It applies even beyond the whole and seeks to make connections of value. Since trueness is liked and sought after by everyone, it must be everywhere. (63-88, 1972.10.8)

We have not gathered here for our individual purposes, but for the purpose of the whole. Thus, we should serve our family before ourselves, our own people before our family, our nation before our people, and our world before our nation. In addition, before we as individuals become true, our families must be true and, furthermore, our nations and the world must be true.

Human beings are engaged in the course of restoration where they as individuals cannot be the motivating source of all blessing. Then what is that motivating source? It is trueness. For human beings to realize their true selves, they must have a relationship with God, who is the source of all life, death, adversity, and blessing. Without making that relationship, they cannot attain their true selves as individuals.

Trueness must be centered on God. This is why trueness is realized when the decisive foundation is laid, upon which humankind can be brought into order and governed as a whole. You should know that without such a foundation trueness cannot be established. God is the source of trueness. Trueness is established because God exists. When God departs, so does trueness. Then, rath-
er than trueness, the origin of evil will emerge.

We can have true results only when there is trueness. In other words, God’s desire can be fulfilled because God exists. Hence, concepts such as trueness and goodness are mainly established by God rather than by human beings.

From this point of view, we can understand that trueness is not something human beings can define in any way they please. In other words, trueness is not subject to the arbitrary management of fallen people. Rather, trueness is to govern fallen people. Therefore, we should always submit to that which is true. We should elevate trueness and meekly follow it.

Even looking at your daily reality or at your conscience, there is no way to deny that trueness is owned entirely by heaven. (24-315, 1969.9.14)

When we pray, we often say, “Our true God, our holy God, who is in heaven” just vaguely out of habit. However, until now, trueness has not existed in the genuine sense. Because it has not existed, its origin cannot be found in the history of humankind, but at some point beyond human history. It transcends history. In other words, since this origin has to be pursued in a place beyond our present circumstances, religion is not something through which one’s faith is based on a single person as the central point.

Of course, there are people who see their religious founder as the standard of their faith. However, there are also people who transcend this point and pursue “trueness” by inviting God in. In light of this, we can say that throughout history many people have been unable to grasp the source of trueness either in the course of their lives or in the society around them. Any situation that only connects people among themselves cannot provide a source of trueness.

Trueness is the absolute standard. Hence, it is necessary that God, the Absolute Being or deity, make an appearance here. Why is this so? It is because, until now, there has been no true person on earth. Thus, the person who lives in pursuit of trueness cannot of himself be the motivating source of trueness. This motivating source has to be God. In religion or history, God inevitably appears when humankind’s situation comes to the final and crucial crossroads. A definite need for the Absolute Being then arises.

Even when you seek the value of existence which is the final goal of philosophy or dig into the origin of existence which is the final goal of true knowledge, these pursuits will inevitably involve God, the transcendent being or Absolute Being. Why is this so? It is because without building a relationship with the Absolute Being, questions about the origin of knowledge or the value of existence cannot be answered. This is why people in serious situations have always sought to resolve matters through that which is true. We cannot deny such a fact.

Hence, human beings alone cannot be the source of trueness. God, the Absolute Being, must be involved here.
A religion that proclaims trueness without God is unthinkable. Human morality that emphasizes that which is true cannot deny God.

This is why Confucius said, “Those who follow heaven will prosper and those who go against heaven will perish.” These are words centered on heaven. Heaven must certainly be involved. They are saying that prosperity, downfall, advance, and decline are not determined by people, but by heaven. Considering these things, since trueness cannot be attained without an originating point, the motivation for which comes from Heaven, the question arises, “Where is the true person among the people living on earth?”

Where is the place where trueness can dwell? With heaven as the origin, God would want to establish a place of trueness on earth. This is God’s desire. So, the question is, “Where on earth can it reside?” It would stay in the vicinity of our daily life. This is why Jesus said, “The Kingdom of God is in the midst of you.” The Kingdom of Heaven, which is the true nation, is in the mind. It has secured its place in a deep, deep valley where there is no selfishness.

Our mind’s fundamental aspects are the intellect, emotion and will. Among these, where is the kingdom going to dwell? Which is most fundamental among the intellect, emotion and will? It is neither the will nor the intellect. It is the emotion.

If you have something most precious to you, where would you want to keep it? You would want to keep it in a place that only you know, a place where no one else can touch or interfere with it. It would be a place where only you can handle it. Where is that place? It is in the deepest part of your heart. You bury it deep in your heart and, thus, you are led to say, “It is safe here; I can relax.” In other words, you put it in a place similar to a chest where people commonly keep valuables. From this point of view, the place where trueness can stay is the deepest part of your heart. (24-317, 1969.9.14)

Section 3. The Standard Measure of Truth

A true heart does not change. Without it, a standard cannot be set and things cannot be evaluated by saying, “It is this way” or “It is that way.” You will not have the root that makes it possible to receive official approval according to the absolute standard.

Those beings that are evaluated as falling short of the standard will disappear. Units of measure, as in the metric system, have a standard and from that standard, something can be gauged as accurate or not. When an issue arises, it can be measured against the standard and, if it fits exactly, all the objections to it throughout the ages will fall away. (186-65, 1989.1.29)

There is neither revolution nor change in love. Nothing that changes is precious. A diamond is treated as a treasure because its hardness does not change. Gold is precious because it has the peculiar prestige of its unchanging gold color. Pearls are
also precious because their harmonious and elegant color does not diminish. Why is it that the value of these precious treasures is based on their unchanging attributes? It is because they can serve as the standards by which the value of the existence of all things in the universe can be compared.

Then, among the standards of value that can measure the value of everything in the universe, which would be the highest? This is the issue. Would it be gold or diamonds? It is unchanging love, unbreakable love. It looks breakable, but it cannot be broken. It looks arbitrarily controllable, but it cannot be controlled just as one pleases. We are included in it. Rather than measuring it, we are measured by it.

In this universe, what would be the measure or standard measure that could be the highest cause among causes? It is neither the standard measurement of some measuring device nor something that is unchanging. Neither God nor human beings can change its standard. What is eternal and unchanging, has the value of treasure, can transcend night and day, geographical regions, and distances everywhere, whether it is at the end of the earth, in hell or in the heavenly world, and becomes the absolute standard of measurement and comparison?

The Earth has a zero point for latitude and longitude. The Greenwich Observatory in England serves as the zero point. You cannot change it no matter how hard you may try. We need such a standard. Without it, an orderly world will not come about.

What is the original standard – the one standard that God and the whole of His creation can follow – that all measurable beings in this universe want to use to determine their relative differences and positions? It is not based on things like money, gold bricks or diamonds. These God can make. God can control them on His own as He wishes.

We think that God can, of course, create love as well, but possessing this love is impossible alone. It takes two to possess love. As for love, even God cannot find it alone. What is the standard, the standard measure? What is the standard that can measure everything not just in the world of existence but also in the eternal world? What is the standard measure of which there is absolutely only one? These are the fundamental questions. The answer is love. Love is not affected by the change of seasons through spring, summer, fall and winter. (137-235, 1986.1.3)

There are measures for distances. If the centimeter is the unit of measurement, it is the one and absolute standard. If we compare something to it and it matches, then it is accurate and true. A person may think he is the best, but if he does not match with the original form, he will fail to make the grade.

One centimeter equals ten millimeters. In this framework, one millimeter is absolute. Ten make one centimeter and one hundred make one decimeter. This is how the units relate. Only in this way are they connected and able to provide a common and universal standard
of measure.

There is something like this in the human world. For the human world to be unified there must be a form or shape in which mind and body have become one without conflict based on a principled standard, a form that says it has to be an absolute way. (128-78, 1983.6.5)

If we agree to use the metric system, then however long something may be – one meter, one hundred meters, or more – there will be no problem. The basic unit making up a meter is one millimeter. Since one millimeter is so small, we usually use one centimeter. No matter how large a measure may be, it must be accurately based on the smaller one millimeter unit. If all measures correspond and everything can be measured based on the standard millimeter, we can use it as a world standard. A millimeter in America, a millimeter in Korea, and a millimeter in Britain are all the same. They are unchanging. This is truth.

What is truth? It is trueness. What is this quality of being true? That which stands in a place beyond which it can not be elevated is called true. We have someone here with a doctorate in physics. Studying physics requires that you know all the movements of the natural world. These movements are not vague in their direction.

How big is the Earth? As this giant Earth annually orbits the sun, there is not even a minute’s deviation. It exactly fits a formula without an error of even one second. Any gap would be catastrophic because the orbit would become either continuously smaller and smaller or larger and larger and, then, the land and the sea would be fractured. The Earth has been moving and functioning in accordance with a universal standard without a problem during its estimated age of four-and-one-half billion years. A unit of measurement based on the Principle, constituting a formula we can call the universal principle, is required. In the same sense, what constitutes the quality of being true? Something true fits with not just one thing but numerous things.

Twenty-four karat gold is true gold. There is no such thing as twenty-five karat or twenty-six karat gold, is there? Something true stands in the center at a place where it can establish its balance; it reverts to the most basic unit and meets the horizontal plane. If something deviates from this vertical standard, it would not be true.

Twenty-four karat gold forms a straight line. It is because it stands within such a standard that we say that twenty-four karat gold is true. It fits whether it is placed against a perpendicular or vertical standard. It stands parallel to the vertical of the universe and, also, forms a line parallel to the horizontal of the universe.

If you look at the tremendous motion within the universe, there is nothing vague about its direction. Everything is moving according to laws. Subject and object partners always move in perpendicular relationships.

Whatever loses that perpendicularity will be blown away. It will flow away
and be shattered. Only when perpendicularity firmly takes its position can it secure its place in the spatial world and be the foundation for its continued existence. This must be quite difficult to understand.

What is the yardstick for human beings? They also need to have a yardstick. Mathematical problems are solved based on numerical standards shared commonly throughout the world. When a common basis that has passed a certain standard stands on the world stage, it is called the truth.

What is contained within the truth? Within the truth there are always the four directions of east, west, north and south. With the truth there is always the related environment. Then, does the environment come first or does the truth itself come first? This is the issue. The environment comes first.

How about human beings? The question is, “What kind of person is a true person?” The true person must be the vertical and horizontal standard. He should be the standard of whom it can be said, “He is accurate and true, both vertically and horizontally, and is free of distortion.”

According to universal law, front and back, left and right, and above and below become identical only when the vertical and horizontal are aligned. When something fits to the east, west, north, and south, the earthly world, and the spirit world, it is said to be true. On the other hand, no matter how large something is meant to be, if it is found to be oversized when measured in millimeters, even by less than one-half of one millimeter, it will be rejected. It is incomplete and should go into the trash can. There should be some standard like this. We need such a standard of measurement.

(180-14, 1988.8.20)

Section 4. Trueness and the True Person

What do we mean when we say something is true? Is it round, angular, or flat and wide? How can we define it? What is the basis for a definition of the word? This is the question. We say “true person” but what kind of person is a true person? A true person also has eyes, a nose, a mouth and a body.

Then, is trueness limited to some location or does it transcend location? It transcends. Why does it have to go over such limits? What does this mean? We can know that this must be something that can represent and measure everything.

Mathematics talks about formulas and physics talks about axioms and definitions, but what are they? Is a formula something small?

The units of a formula are simple, but a formula should have an essential character against which everything can be evaluated. Only then will the standard of the formula or unit of measurement be established. You should know this. If something is off, it will not fit with this vast universe.

With measurement there are systems like the decimal system and the duodecimal system. Their units are small, but...
their forms fit everything. Otherwise, they would not work. The whole thing won’t work. If they were to fit only some areas and not all, they would not work. All existence could not be perpetuated. You should know this.

It is the same in the human world. Who is the true person? In life, there should be something like a scale or yardstick and one should give it power to expand to the world. It will expand so that everything can be balanced. We are led to say that human life, a person’s course of life, needs such a public path.

There are billions of people alive in the world today. How many ancestors who lived and died here on earth do these people alive today have? Have you ever thought about this? At least several hundred or several thousand times as many people as those currently living must have lived and died. Among them, how many true people would there have been of the kind humankind longs to see? That which is true is always true whether a thousand years ago or now.

When we say pure gold, we mean twenty-four karat gold. It does not change according to space or time. It does not change depending on its position. It does not change in any rapidly changing environment whether in the hands of a king or in the hands of a scoundrel. Thus, we call the color of gold a true color. People like the color of gold. What does light resemble? It resembles the color of gold. Bright light is close to the color of gold. Sunlight is also gold. Evening glow is even more so.

In a similar vein, the question is whether or not there is a true man among us who has a color that will not change for hundreds of millions of years. Is there such a true woman? What do you think?

The religious world sees human beings as fallen. Of course, there are religions with different backgrounds, but they are all looking for a new person of value through whom to receive salvation. What does this mean? It means that since they have not attained true original personhood, the true original human image, they are always seeking it. This is the same whether it is a thousand years ago, hundreds of thousands of years ago, or in the present day. Even in the future, people are bound to seek it in any environment or age where humanity exists.

You, also, are looking for that true person. You are looking for a true man and a true woman. All men and women who have lived in history are bound to stake their lives on this and think about it. This is why, when you live in a certain village, you want to be the best true person in that village.

Section 5. What Is a True Parent?

5.1. The two tablets of stone and True Parents

When God led the Israelites out of Egypt there was a pillar of fire and a pillar of cloud. The pillar of cloud led them during the day and the pillar of fire led
them at night. What did they signify? They represented a man and a woman and showed, symbolically, that in the Last Days parents would come and that the Israelites would serve them. Those who did not follow the pillar of fire and pillar of cloud would all perish. The Israelites wandered around aimlessly in the wilderness for forty years. Out of concern that they would perish, God called Moses to Mount Sinai. He had him fast for forty days and gave him two tablets of stone. They symbolized Adam and Eve – that is, True Parents. Why were the two tablets of stone placed in the Ark of the Covenant? The two tablets of stone symbolized Adam and Eve as the central figures who could complete the work of God’s will. This is why they were placed in the Ark of the Covenant. (134-172, 1985.4.7)

What is our hope? God is the vertical parent, and Adam and Eve, the horizontal parents. We should be the sons and daughters who can receive love at the point where the vertical and horizontal parents can be one and rejoice. However, to our sorrow, this has not come about. We all have the passionate desire to receive such love. This is what religion is all about.

Have there been parents on earth that could become one with the vertical God on the horizontal plane and give out their love? There have not. Since the first human ancestors fell, they became false parents. Since Adam and Eve became false parents, there could not have been such good parents. This is why True Parents must come. True Parents must appear in history.

Who is the one who represents this historic mission? He is the one called the Savior and the Messiah. As one who saves, what does he save? He does not save the body, but fulfills the hope of ideal love for us.

Then, what does he have to do? What kind of person does the Messiah have to be in order to fulfill our hopes? Surely, he has to come as the True Parent. The Messiah must come as the True Parent. Christianity believes in Jesus as the Messiah and Savior. What does he have to do in order to come as the True Parent? He cannot do it alone. He must come as a man representing the True Parent.

Numerous religions have been looking until now for this one man. We can say that the Confucian teaching speaks of searching for a man who lives a good life and Buddhist teachings speak of seeking for a man who is attuned to the spirit world.

Then, what is Christianity? It teaches us to become God’s son and make a loving family. Christianity is the religion that has appeared with more substantial content. This is why Jesus said that he was the only begotten son of God.

When the only begotten son comes, it would be a disaster if he were to live alone. There has to be an only begotten daughter. The only begotten daughter must be found and, centering on God, the only begotten son and daughter should marry each other when their mutual attraction matures. This way, God should rejoice as the vertical parent
and the only begotten son and daughter must become the bride and bridegroom who can rejoice as the horizontal parents and give birth to children on earth. Only then will the tribe begin to expand.

So, there was something Jesus most needed to have, even if it meant abandoning the nation of Israel and Judaism. What was that? It was a woman. A man should not be without a woman. It is because Jesus did not fulfill this purpose that towards the end of his life, he said he was the bridegroom and that his followers were the bride. This is why Christians have been struggling to be brides while waiting for the bridegroom, Jesus, for two thousand years. What is the standard? It is the Messiah who fits into the position of the True Parent. This is the feast of the Lamb. (58-218, 1972.6.11)

5.2. The definition of True Parents

Who are the True Parents about whom the Unification Church speaks? This is the question. What would have happened had Adam and Eve not fallen? Without the Fall, God would have become the vertical love and Adam and Eve, God’s body. They are like God’s body. God is like the bone, and Adam and Eve are like the body. God also has mind and body.

God becomes the internal parent in the internal position and Adam and Eve, the external parents in the external position. The internal parent and external parents must become one through love. God and human beings come together in love and, thus, the True Parents who are perfect come into being. Without their union in love, people cannot become perfect.

Who are they? They are our original ancestors, the original people created by God. We are born from such people. We should be born from people who have such divine nature. This is how we attain both God’s divine characteristics and our parents’ human characteristics.

Then, how does the perfection of Adam and Eve come about? Perfection comes when they are tied to God’s love, but not unless they have such ties. The root of our ancestors’ lineage brings God’s vertical love and horizontal, physical love together at one point. This is where the lineage of our ancestors lies. All people come into being from there.

But the Fall separated man’s love, woman’s love and God’s love. Through the Fall, man’s love, woman’s love and God’s love failed to bond together. Without the Fall, they would have bonded together automatically. A man and a woman automatically bond through love. Why do a man and a woman want to be one? It is because of love. What would they want to do after becoming one in love? They would want to receive God’s blessing. This is their purpose. (184-71, 1988.11.13)

When we look at the providential ages, we see that the providence of restoration is fulfilled in the Last Days. The nearer the Last Days approach, the closer we come to the age where the purpose of religion is realized. Ultimately, the time when the purpose of religion can
be realized is the time when the Parents appear.

Those parents are the True Parents. Who are the True Parents? That is the question. As our Principle teaches, the ones called True Parents are the parents who have realized the ideal of oneness centering on God’s love. They have fulfilled their responsibility after passing through the realm of dominion based on accomplishments through the Principle, that is, the realm of indirect dominion, and into the realm of direct dominion. They are the parents who for the first time in history established the ideal of oneness based on the love between God and man. God’s ideal of love has finally begun to settle on earth through the family of the True Parents.

The Fall shattered this ideal of the True Parents. Adam and Eve, with the mission to fulfill their responsibilities, should have built a bridge from the realm of dominion based on accomplishments through the Principle – that is, the realm of indirect dominion – to the realm of direct dominion, and completed it. Yet, they failed to do so.

Through this, Satan began to invade the realm of indirect dominion. You must know this. Without knowing it, you will not be able to register in the other world. (143-75, 1986.3.16)

What on earth are true parents? They are the starting point from which true, ideal love can finally spark following the creation of the universe. This is why we call them true parents. Then, what kind of children should true parents have? True children. What kind of children are true children? They are the sons and daughters who have enough internal and external beauty to receive the first love of the true parents. (125-164, 1983.3.20)

What is the meaning of the term True Parents that we use in the Unification Church? God has appointed True Parents. What does this mean? It means that God’s love has finally settled in the human world. It means that True Parents are the starting point. (130-111, 1984.1.1)

Who are the True Parents? As Adam and Eve were to become absolutely one based on the love whose core is God’s love, they were to be our first ancestors at the beginning. You need to know this clearly. Without knowing the True Parents, you will not be able to know true children. (135-160, 1985.11.12)

What is the philosophy that will be the core of history, the core of the age, and the core of the future? In other words, what would be the center of a global philosophy that can be the fruit of history, the center of the age, and the origin of the future? This is a true man and a true woman.

Then, what would be a true man and woman’s vision for daily life? It is to live meaningfully for the sake of the world. Their loving each other is for the sake of the world and their having sons and daughters is to provide the motivation for loving the world more. This is the philosophy we are upholding. I do not know if you understand such things
in detail, but from my point of view, whether we are judging from the entire horizontal, three-dimensional world or judging from all of vertical world history, history must, by all means, be elucidated based on this standard. This is an automatic conclusion. (25-145, 1969.10.3)

Where does the origin of the Fall lie? It started with Adam and Eve, that is, with one set of parents. All problems have arisen due to Adam and Eve falling and becoming false parents. Because of this, the problems of the heart, lineage, character, language and daily life have emerged, as have the problems of the nation and the world.

Then, where does the true standard begin that can gather them all together at once? It does not happen within the domain of some tribe, society, or nation. It is absolutely impossible even within the global domain. Since the origin of all problems lay with the false parents, this can be restored only through a connection with True Parents. Oneness with God’s heart can be achieved only through True Parents.

Through True Parents, the original lineage and original character will begin. Through True Parents, language will return to its original point. Through True Parents, our daily life will return to its original form. Through True Parents, the original nation will be established and the original world will be realized.

Then, what is the core source that encapsulates this entire whole? It is the True Parents. True Parents as one entity determine everything. This is why we must receive their entire philosophy. Without receiving their heart, their character, their view of daily life, their view of the nation, and their world view – all these things – we will not be able to stand in the central position. (28-247, 1970.1.22)

Without True Parents, there would be no education or foundation for daily life. We should become completely one with True Parents. We should be able to say, “True Parents’ daily life is my daily life, True Parents’ ideology is my ideology, True Parents’ job is my job, and True Parents’ domain of love is my domain of love.” Is that what you are doing? (44-142, 1971.5.6)

5.3. True Parents are the embodiment of good character

Has there been a saint in our history who said, “Follow my example because, as a representative of all people in history, my mind and body have ceased to fight and have achieved complete unity”?

Which is more important, the body or the mind? Both mind and body are important, but what is even more important is the unity of my body and mind. This is very important. If you have not achieved this, even though the world may be unified, you will have nothing to do with the world. (142-324, 1986.3.14)

Now your body and mind go different ways. Then, when will they become one? In the course of human history until now, no one who could claim to
have unified his warring body and mind has ever appeared.

Even a person such as Paul lamented, saying, “...but I see in my members another law at war with the law of my mind and making me captive to the law of sin which dwells in my members. Wretched man that I am! Who will deliver me from this body of death? Thanks be to God through Jesus Christ our Lord!” He saw things correctly. We are liberated through God’s love that is in Jesus Christ our Lord. (164-41, 1987.5.3)

What is the reason our mind and body have failed to become one? What kind of person is God the Father? He is the vertical pendulum of love that forms the fundamental core of the universe. When this pendulum tries to come down to earth, God alone cannot make it happen. Even with God, in bringing down love, there needs to be a force from the horizontal line that can pull this standard of love down.

When there is a strong electric charge, when a negative charge comes close to the earth, lightning will strike nearby. It must come down. Even if it is high up, it must come down. Likewise, if a high love is to come down, a negatively-charged love must arise on earth first. If a negatively-charged love occurs first, a positively-charged love is bound to emerge automatically. This works in pairs.

In the world of interaction, there are always responses and reactions. Things respond to one another, and they act and react to one another. Ordinary people say that a reaction opposes an incoming force, but this is not the case. A reaction protects the entities that are engaged in mutual response. Only in this way is everything to do with good and evil logically resolved. Without discovering the logic that evil must be embraced by goodness, there is no way of guiding the history of confrontation between good and evil.

Through what place does God come? Vertical love must be established. In order for that vertical love to have vertical value, the horizontal foundation must be laid.

This is also the case with men and women. When they are immature, they know nothing; but when they grow up, women try to possess the world and so do men. What happens when they try to possess the world this way? They should not go this way. Where should they meet? They should meet when they have grown up, when they are mature. To do this, they must advance to the point where they can claim the world as their own.

They say they will conquer the world, but they cannot conquer it with their own strength. They cannot do it without love. It is because the power of love exists that men and women have the ideal and dream to conquer the world. You want to make the whole world yours, don’t you? Furthermore, if there is heaven, if the invisible world exists, you even want to make this invisible, infinite world yours. Why is this so? Because you have a vertical desire and a horizontal desire. Your horizontal desire seeks to make the entire earth, the horizontal world, your
own; and your vertical desire seeks to make the universe your own. Your body is limited. It cannot go beyond the limits of the earth, but the vertical world can grow bigger without any limit.

In view of this, the father who can represent the mind is God and the father who can represent the body is the first ancestor of unfallen true love.

The Unification Church is now speaking of True Parents after having uncovered these facts that remained hidden throughout the ages. In accordance with the original view of the ideal of creation, the horizontal seat of the True Parents is the seat of God’s son and daughter. In other words, it is the seat of Adam and Eve. Then, what about God? If those who are like the body are Adam and Eve, the one who is in the seat of the father, who is like the vertical mind, is God.

How do God, who is like the mind, and a person, who is like the body, become one? Not through power, knowledge or political might, but through love.

We as individuals were born to resemble the original model where our mind-like character and body-like character can be one. When we seek to find the fundamental core, there should be the body-like father and the mind-like father. There, the seat of the mind-like father is God’s seat, and that of the body-like father is for the first ancestors of humankind.

Then, where will the first ancestors and God, the father who is like the mind, becomes one? Where? They must become one through true love, at the core, the center of the sphere of love. Men and women seek each other centering on the vertical. (177-337, 1988.5.22)

Section 6. The Meaning of the Words True Parents

6.1. The words True Parents are precious

You should know how important and how precious the words True Parents are. You have an obligation to believe in True Parents even if you may not believe in your nation and the president, your teachers, your parents, or your brothers and sisters. You should know that the concept of True Parents contains the idea of the salvation of hell and the evil world of Satan.

When you are in an unavoidable place of death in the satanic world and your parents then become the strength to shield you against death, and this is acknowledged by heaven and by history, how proud you will be! True Parents are vouched for by God and history. You should know how the words True Parents came into being.

I did not start this work in order to become the True Parent. I was forced to come forward and do this because it could not be done without me. (116-113, 1981.12.27)

6.2. True Parents are our source of enormous pride

So far, what has been the position of our generation? Even if the ancestors of millions of generations were to all res-
urrect and sing about the glory of resurrection, neither the song nor the glory
would be removed from the domain of the Fall.

What about the words True Parents that are spoken in the Unification Church? Although your current situation may be miserable, you should know that the term True Parents taught about in the Unification Church today is a most honored term. Its value is greater than the songs of praise of hundreds of millions of ancestors or of being in a glorious place of earthly victory and the liberation of all people.

You should know that meeting with the True Parents will lead you along the path to meet God, and meeting with the Unification Church will lead you along the path whereby God’s nation and the homeland desired by the True Parents can be found in the near future.

Until now, human beings have been living in nations with different cultural heritages and borders, claiming them as their homelands. Their ancestors have lived there in the past, people are living there now, and their descendants will also live there. All of them, however, are surely in the fallen domain.

We should leave and kick away this fallen domain, and find the homeland of love where we can proudly sing of today’s triumph together with our ancestors and our tribes before our future descendants.

In the homeland of love, if we can have loving parents and, moreover, attend God as the center of that homeland, there will be no place of higher glory. (138-105, 1986.1.19)

The Messiah is in the position of Adam who has perfected God’s love and thus he comes with the qualification of the original father. Hence, based on the father who then chooses a mother, and on a foundation based on God’s original love, the rights of ownership of the individual, family, tribe, people, and nation must first belong to the Messiah through true love. Rights of ownership can then accrue to nations, citizens, families and individuals.

Thus, if the original love of the Messiah had been established from the individual to the nation, and its waves had reached Rome and the world, there would be no need today of a philosophy heralding the Second Advent.

From this point of view, is America a country belonging to the realm of God’s love? No! There is no country on earth that has passed through such a course. Countless churches in the Christian sphere do not come under the ownership coinciding with God’s principle of love. They absolutely do not. The heavenly kingdom does not exist on earth. When we consider this, the words True Parents are magnificent! Only these words can be the basis for piercing through the fallen domain of the satanic world and going up.

You should be grateful for the appearance of the words True Parents. You can be thankful for them even after hearing them tens of thousands of times. (129-193, 1983.11.5)
6.3. The words True Parents are amazing words

Because of the Fall of the first ancestors, we have lost our hometown. We have also lost our nation and the world. Furthermore, we have lost God and even God’s love. The beginning point through which we can regain all these vast and remarkable things is the True Parents.

What is the purpose of the providence God has been pursuing in history until now? It is True Parents’ standard. For what has humankind been going through the history of indemnity since the Fall? It was in order to find True Parents. This is the reason countless Christians have been longing for the day of hope and waiting for the day of the Second Coming. This is also the reason that countless religions are all longing for this day. In view of this, True Parents’ birth is a fearsome and amazing event.

You like going to your hometown because your parents and brothers and sisters are there. You miss your hometown because it is where the love that is connected with your parents is found. It is the nation that embraces such a hometown, the nation where such love of hometown can be connected. People call this nation their homeland. In general, this is what we call a homeland.

So, from the standpoint of original love, we have had neither a hometown nor a homeland, neither in the past nor in the present. Even if it exists, it is related to evil and has nothing to do with us. It has nothing to do with the quality of trueness. (67-226, 1973.6.27)

The words True Parents that we use in the Unification Church are amazing. Whereas the false parents fell through satanic love, True Parents rise through God’s love. Thus, they march toward the world of love. Then, why do we try to find this love? Love is a great thing. In love, all are eternally equal. If you just hear the word love, you will be qualified at once to participate in any occasion no matter how lofty. (144-241, 1986.4.25)

The Unification Church speaks about True Parents. These are amazing words. Who are the True Parents? Since false parents appeared, True Parents must appear. What do True Parents have to do? They must rectify the tainted lineage that forms the root of the satanic world, turn the resulting deviated life around, and correctly reopen the path of love that has gone the wrong way. (169-37, 1987.10.4)

Although I am not handsome, I have an unchanging hope and that is to pursue God’s will. The standard of that ideal purpose and the point at which it is achieved is the True Parents. Then, what is the fulfillment of God’s will? What is the completion of the ideal of creation? For Adam and Eve to realize the ideal of love and stand as parents in the realm of direct dominion is the ideal standard. This is where God’s will is accomplished.

You should know how remarkable it is that I have come to this earth with the name of the True Parent.

The words True Parents! These words are the most blessed of all words in the
world. For fallen people, the words True Parents are words of the highest value, higher than finding their nation or even the world after losing it. These words are more precious than anything in heaven and earth. (127-220, 1983.5.8)

6.4. The words True Parents are fearsome words

What term expresses the most fearsome teaching of the Unification Church? It is the term True Parents. These are words feared by both God and Satan. Since we human beings are in the fallen domain, those who are following the True Parents are judged by their words.

It would be better if they had not appeared, but since they are here, the judgment has to be made and God listens to them. Why then does Satan fear the words True Parents? It is because when people believe and follow these words, everything Satan has will be destroyed and brought to ruin. These are words he intensely fears. Satan always tries to block the way of the True Parents and longs to see their corruption and downfall. So the question is how much you will believe and follow in going this way.

If you are standing in such a cutting-edge position, you should take each step and do each deed with discernment while gaining strong inspiration from more than a thousand years’ worth of devoted effort. (65-276, 1973.1.1)

I am well aware of the fearsome nature of the name True Parents. I have not followed my path in life in order to find tranquility, but have been fighting until now in order to complete the mission connected with Your will. Looking back, there have been many incidents and many occasions when I have been unfairly treated. Yet, since I, as a shameful person, know that these do not compare with Your hidden circumstances and Your feeling of being treated unfairly, I cannot kneel down and show You my tears. Please understand my heart that feels such things and open the doors of the heavenly world and earthly world as of today! (134-112, 1985.2.25)

Who are True Parents? The words True Parents are not simple words. They are the most fearsome words. You do not know how fearsome they are. This one term, True Parents, controls the direction of history. Until now, untold numbers of patriots have walked the path of sacrifice in order to find and establish these words. The name that is established with hope through continuous bloody struggles and desperate cries is the holy name of True Parents.

When True Parents come, true children should also come. Have you become true children? Think about this. That which is true does not change in the past, in the present, or in the future. (33-109, 1970.8.9)
Section 1. History and the True Parents

1.1. The Fall and the True Parents

Today, the True Parents live in the same world with us. Sons and daughters of the True Parents live on this earth and so do the sons and daughters of fallen parents. Originally, all people should have become God’s beloved sons and daughters through the flesh and bloodline of true parents, but they became fallen sons and daughters due to the Fall. The Lord and Savior must, therefore, again come as a parent to resolve the wrongdoings of our first human ancestors.

When the Lord comes, he works to restore the first son, a son who has already been born like the child by a concubine, one whose lineage changed. He should have inherited God’s lineage based on original love, but instead he inherited a different bloodline through the Fall. Yet, even though his lineage has changed, God cannot abandon him.

He is like the child by a concubine, a wild olive tree. The devil dominates the orchard of wild olive trees, and therefore God must work to restore these wild olive trees and make them His own. He cannot do it by force, or with guns and knives. Rather, God creates an environment where He receives contemptuous treatment and is so beaten that He can reclaim the wild olive orchard piece by piece through voluntary surrender.

Christianity has made unknown sacrifices in the course to establish its current worldwide foundation. The pitiable screams of those who were constantly sacrificed and offered on the altar of martyrdom permeate Christian history; they have been heard in every corner of the world. We should know that this bloody altar still exists; the historical sorrow is right in front of our eyes. We have the solemn, historical task to resolve this sorrow. We must liberate God and liberate Christianity. (210-360, 1990.12.27)

What is the Fall? The devil, through the Fall, sowed the seeds of false love, false life and false lineage. People inherited love, life and the bloodline from their ancestors. All individuals are the fruit of the love, life and lineage that they inherited from their ancestors. This means that people have inherited Satan’s love, Satan’s life and Satan’s blood. They stand in the position of God’s enemy. Without their shaking off Satan’s love, Satan’s life and Satan’s blood, and throwing them away, peace on earth cannot come.
For this reason, I have come forward with the ideal of True Parents. What are True Parents doing? They are fighting to wipe away all of the false love and devilish elements that oppose peace. True Parents are fighting to separate individuals, families, tribes, ethnic peoples and nations from these elements. (217-185, 1991.5.27)

1.2. The Desire of History

The Unification Church uses the term True Parents. When we look into the history of the fallen world, we realize that fallen parents were born into this world and built the fallen world.

We live in a world connected to false parents. It has nothing to do with the ideal world God and the True Parents envisioned. Many people have come and gone throughout the long history of this world, but there has been no one who could proudly say to the universe, “Ah! I am happy I was born as a human being and I have succeeded in all aspects of being human.” Hence, human history has been a sea of suffering and a history of sorrow, war and disease. This is the result of the Fall.

What is our desire? We want to know how to become perfect people. We want to know where we can find and raise ourselves as people who can be perfect before God, assuming God exists, and before the Absolute Being, assuming the Absolute Being exists. People have searched and searched through philosophy and religion, but they have failed to find the solution and have reached the point of giving up. This is situation in the world today. (137-81, 1985.12.24)

Until now, all people have harbored the historical hope to receive and attend the True Parents. God founded the nation of Israel and Judaism so that they could receive the Messiah. The Messiah is the True Parent. God created Christianity and the Christian culture to receive the Lord at the Second Coming. The returning Lord is the True Parent who comes as the third Adam. When the time comes for the True Parents’ arrival, all nations in the world will begin to form relationships like brothers and sisters. At the end of the Second World War, the victorious nations liberated the nations that were defeated. History, up until this point, had never witnessed this kind of unusual phenomenon. History has been seeking a way to encounter the True Parents. Religions have gone through their course in order to meet the True Parents. Furthermore, the world and the nations are following a course to find the True Parents. They are all walking down paths that will prepare the way for the True Parents. (51-354, 1971.12.5)

1.3. History and the True Parents

Religions have been striving to create one true son. God has toiled to find one true son. It is interesting that there were no women among the founders of religions. Men founded all of them. God has been connecting to all the religions to create one true son. God has been looking for a son who will be the central figure
1.4. The providence of restoration has sought the True Parents throughout its history

Who are the True Parents who must appear on this earth representing God’s will? They are the ones who must prevail over the satanic world in order to rule over all things; they are to destroy Satan who dominates the human world. They must confront the spirit world in order to gain the absolute position from which to rule the numerous people in that world. This is the mission of True Parents. God has been paving the way to send True Parents in order to restore the world where all things and all people are one with God.

For True Parents to appear, there must be true sons and daughters, and in order for true sons and daughters to appear, there must be true servants. This is why when we look at the course of God’s history of restoration, we can see that God has been working so that we can receive the day of true parents after we have gone through the servant’s age and the children’s age. Furthermore, those in the spirit world have been helping as we pass through and restore the age of the servant, the age of the adopted son, and the age of the children, and move up to the age of the parents.

True Parents could not come to the earth until a global foundation beyond the standard of a nation had been laid externally. After the two thousand year period of providential history from Noah to Abraham, God had Jacob finally lay the foundation to establish the people of

who will rise up through one, two, three, a hundred stages, to take the final baton and determine victory or defeat. This has been our history. (41-27, 1971.2.12)

What does God want to do by creating religions? God did not create religions to make a big global patchwork. The purpose is simple. Religion should find one person who can share true love with God. God created everything needed for an environment of love, but He still needs to find one person to be His partner in love. (173-33, 1988.2.1)

God’s history of restoration is the history to create the True Parents. Therefore, from the time of Cain and Abel until today, Heaven has directed the providence in order to internally restore True Parents. Whoever opposes or interferes with this fundamental providence to re-create the True Parents will find themselves abandoned in front of the heavenly way and they will inevitably perish. (9-10, 1960.3.27)

What does it mean to be dealing with history? We can liberate God only when we become one with the True Parents and wipe away all of Satan’s conditions for accusation. Without liquidating Satan’s conditions, it is impossible to enter into the realm of ownership within God’s heart. Your parents, you, and all things of creation are not in their proper place along the horizontal plane through which they can be determined as belonging to God. This must be restored through indemnification. (137-268, 1986.1.3)
Israel. Then He had this people form a nation. God toiled through many a historical course to bring this to fruition.

To achieve this, someone on behalf of God must be victorious over Satan, both as an individual and as an adopted son. Moreover, as a child of direct lineage, he must fight with the satanic world and win over it for God. Otherwise, no one can receive True Parents. This is why providential history has gone through a long course, from the Old Testament Age, through the New Testament Age, to the present day. Through restoring the position of the servant and the position of the adopted son, God restored the position of the child of direct lineage. In doing so, He laid the foundation for victory. Afterwards, God’s purpose for then sending the Messiah to this earth was to establish the position of True Parents.

Due to the disbelief of the Israelites, the foundation of the servant and the foundation of the adopted son that God had prepared for four thousand years crumbled. Hence, Jesus, who came two thousand years ago, had to fight and gain victory as a servant and as an adopted son, and then become the son of direct lineage. We know that this was Jesus’ course. God’s had two purposes in sending Jesus: he should have passed through the position of the adopted son and also the position of the son of direct lineage in order to establish the position of True Parents based on the people of Israel. This was the mission Jesus came to this earth to fulfill. But because of Jesus’ death on the cross, God could not lay the victorious foundation on the level of the whole. For that reason, through True Parents God has been pioneering the realization of His ideal centering on the spirit world.

God, until now, was unable to secure the positions of the individual, family, people and nation. For this He has been going a long roundabout way in establishing the individual, family, people, and nation that relate to heaven’s will.

In this global age, God will by all means send the Lord, His promised bridegroom, who will choose his bride and lay the foundation for true victory. God has fought for six thousand years to establish the True Parents in the position determined by the original purpose of creation. Hence, it is no exaggeration to say that the six-thousand-year history of the providence of restoration has been a history to find the True Parents. True Parents represent the entire six thousand years of providential history. Now we know that the failure to find True Parents has been the great sorrow, pain, and tragedy of all humankind.

Accordingly, human history has been a history of restoring true parents. Without restoring true parents, there can be no true children; and without establishing true children, there can be no true family, true tribe, true ethnic people, nation, world or cosmos. God has been working hard for six thousand long years to establish this standard.

Jesus, who came two thousand years ago, was the first person to come to this earth in the glory of the true parent. But for Jesus to appear as the true parent, that is, for Jesus to stand as the fruit of
history which the true parent is, he had to carry out not only the mission of the son but also the mission of the parent. Gaining victory in just one dimension was not enough. On this earth, Jesus had to physically go through the course of restoring the position of the son. Spiritually, he had to go through the course of restoring the position of the parent. He had thus to fulfill his responsibility in both positions and establish the starting point of becoming one with God. Only then would this starting point have finally become both the individual and family foundations for Israel. If this foundation for Israel had been established based on the people and the nation, the standard of the True Parents would also have been established, both physically and spiritually. Unfortunately, the disbelief of the people of Israel toward Jesus made it impossible.

In accordance with the original plan originating the Principle of Creation, True Parents are to be physically and spiritually blessed by God. But Jesus was unable to become the true parent due to the disbelief of the people of Israel. Even though he is in the spirit world, Jesus has been preparing the foundation for the attendance of True Parents. What does this mean? The Lord at the Second Advent should restore the positions of spiritual and physical parents. Knowing this, Jesus has been working in the spirit world for the past two thousand years, laying the foundation upon which the returning Lord can avoid persecution and abuse from the spirit world. Jesus laid the spiritual foundation on the levels of the society, nation, and world. Since Jesus has been working in the spirit world rather than on earth, it is as their spiritual parent that Christians have been relating with Jesus.

The Lord, on his return to this earth, must inherit from Jesus the individual, family, national and worldwide spiritual foundations that Jesus has built in the spirit world, just as Jesus inherited all the blessing from John the Baptist. Without going this way, he cannot establish the conditions necessary to become the True Parent on earth.

The basic principle here is to establish on earth the spiritual standard of inheritance. If, as Jesus handed down the spiritual foundation to the returning Lord, the Christians on earth had become one with the returning Lord, the standard of inheritance would have been established on earth. However, as Christians so far have failed to establish such a standard, the spiritual foundation of victory could not be transferred to the coming True Parents in its entirety. Consequently, the returning True Parents have had to go through a history of struggle to again restore both the spiritual and physical standards of inheritance.

God worked for six thousand years to prepare the foundation for the coming True Parents and to lay the victorious foundation during their lifetime. However, the believers on this earth failed to unite with and follow the instructions of the spiritual parent. Failing to walk in step with these instructions, the standard was not established to bequeath to the returning Lord the spiritual founda-
tion Jesus had prepared.

In order to become the True Parent, the Lord at his Second Advent had to again face tests on the level of the individual, family, tribe, ethnic people, nation and world in the spiritual realm. Without his prevailing in these tests, and without establishing a standard of internal victory, a standard of substantial victory could not be established on earth. Therefore, the returning Lord inevitably had to carry out an internal battle.

Why does God carry out the providence of restoration? It is to establish the original parents – the True Parents. Then, what kind of people are True Parents? True Parents are a physical temple in which God can dwell. You probably do not feel the reality of this. Yet, how great would be their value! But unfortunately, however, there are people who place less value on God than on the personal ornaments they keep on their dressers. Such people are saying to God, “Please give me blessings.” Do you think God’s will can be fulfilled through these people?

Section 2. The Messiah, the True Parent

2.1. The Messiah is the True Parent

What kind of person is the coming Messiah? He stands as an embodiment of faith, hope, and love for the individual, and for the entire family, tribe, people, nation, world and cosmos. Only when he stands in this position, can the faith, hope, and love that still remain unfulfilled in human history finally bear fruit. Otherwise, faith, hope, and love will be unable to bear fruit. His words are not just those of one individual. Even in your case, when you speak with such conviction, the content of the words you speak as an individual will be related to world history.

What kind of person is a wise person? He is the first to understand and recognize the global era and the time of hope. The wise person is the one who can bear the responsibility of being the first to recognize it, analyze it, criticize it, and take action. In this way, he takes possession of it. Although he comes as an individual, when the Messiah appears on earth, he is not just an individual. He is the fruit of faith, hope, and love that the whole world desires. This is his value. All the paths of history are connected to this fruit. In other words; past, present and future are all connected to it. Furthermore, all individuals, families, tribes, peoples, nations and the world are connected, and both heaven and earth are connected to it.

The Messiah is the True Parent and we are to be true children. We must stand in the same realm of destiny and participate in it.

2.2. The appearance of the Messiah

There have been many religions, but what has been their mission? Their mission is to find one particular person. Many religions talk about attaining sal-
vation and other such matters, but they are seeking to find the one person able to rise to the highest point in the world, the one person who has even gone beyond that point. They want to bring this person into existence. In this way, the center of all religions is one specific person; he is the Messiah. In other words, all religions have been looking for one person, and this one person, the central being, is the Messiah, the Savior. When the Messiah comes, he does not come to his position immediately. He has to fulfill a seven-year course. The Messiah is a man. This Messiah has to come and gain victory over Satan by going beyond the blood relationship of the satanic world.

Centering on this triumphant man, there should be victory on the level of the family, tribe, and people, and a foundation for national victory must be laid. One man alone will not suffice. In other words, he must be greater than the satanic world. Unless the Messiah rises above the families belonging to the satanic world, he cannot lead them.

The highest level in the satanic world is that of a nation. Satan has always been opposing God’s will through nations. Since Satan has the nation, he has used it to strike heaven on the level of the individual, family, tribe, and people. Satan has constantly used a nation to block the path prepared by heaven.

Ultimately, if you are opposed and persecuted, it is because you are in an inferior position; if you are in a superior position, you can turn around and persecute and dominate. Because this world became Satan’s through the Fall, there are plenty of individuals, families, tribes and nations on the satanic side. But God has none of these on His side. There is only one individual, but there is no family, tribe, people, or nation that has come up to God’s standard. Hence, without a foundation on which the Messiah as an individual can triumph on the family level, the tribal level, and the national level, there is no way for ordinary people to advance.

Through individuals and families, God prepared a realm into which a people who could advance with the Messiah when he came to earth. This was the people of Israel who lived with the concept of being the chosen people. However, the people of Israel have not yet arrived in that realm. It was as if they were held back behind a line. The hope of the chosen people was to go over this line. If they failed to cross over, it would be a great disaster. They had to cross this line and yet, as hard as they tried, it was impossible to cross over on their own. That is why God promised the people of Israel that He would send them the Messiah, the Savior. This was the Messiah for whom God had prepared for thousands of years in order to transcend this line on the national level. He promised to send the Messiah.

The people of Israel should have become completely one with the Messiah when he came to them. They should have been willing to die for him. If they had, Satan could never have separated them in any way. The Messiah could have engrafted them to him on the individual, family, tribal, people
and national levels and brought them into this realm all at once. This is why the world needs the idea of the chosen people. With that people chosen by God, the Messiah should build God’s chosen nation. The existence of a chosen people proves God’s existence. And judging from that basis, the prophecy about the coming of the Messiah further proves His existence.

For what purpose do we need the Messiah? That is the question. Through the Fall, we came to have false parents. The parents who were to have become one with God disappeared. The Messiah comes in the position of parents through whom we can be one with God. This is the first purpose of the Messiah. What is the second? It is to give us rebirth. Since satanic blood runs in our veins, the Messiah will drain out this satanic blood and engraft us to him. He will give us second birth and thus we shall no longer be Satan’s sons and daughters. The Messiah’s third purpose is to transform us into the people who can turn the devil into a servant and put him to work as a servant. In other words, the Messiah will come and make us qualified to subjugate Satan and punish him.

Because of the Fall, human beings first lost the chance to have parents. Second, they received satanic blood; third, they came under satanic dominion. Restoring what was originally intended requires going in the reverse order. In the Principle, we have the foundation of faith and the foundation of substance. This is the Principle. We must establish the foundation of faith and the foundation of substance. (54-182, 1972.03.24)

The Messiah is the embodiment of the purpose of faith and the embodiment of the purpose of hope. He is the embodiment in whom the purpose of faith and hope are realized. When this purpose is realized through the Messiah, what is the only thing that will remain? Nothing will remain but love when this purpose is realized. This is why it is said that what remains in the end is love. This love comes through the perfect incarnations of faith and hope. The representative of this one love is the Messiah. (13-140, 1964.01.01)

2.3. The mission of the Messiah

What is the purpose of the Messiah? It is to complete the vertical foundation and bring forth the horizontal foundation. Then, who is the Messiah? The Messiah is the one who comes with a firm grasp of the fundamental plan for attaining the individual, family, national, and global standards of vertical completion. He does so by uniting to the vertical standard everything connected to the heavenly way and the public purpose that God and humankind must pursue. (71-79, 1974.04.28)

There are two beings in the universe who claim to be great – God and Satan. These masters of good and evil are fighting against each other. They are waging
a battle of good and evil over human beings.

To what degree is Satan extraordinary? According to anthropologists, human beings have lived on earth for one and a half million years. Throughout this time, Satan, as the overall commander leading the battle on the evil side, has inflicted heavy casualties upon God’s side and has bound Him fast. This is why I am teaching about Satan’s extraordinary power.

Who should end this battle? Neither God nor Satan can end it. You must be hearing this for the first time. Who can bring to an end the fight between the evil spirits and good spirits? Neither God nor Satan can. Then, who can put an end to it? Only a true person can end the battle. Without being a central figure of love who can be followed by all people, the true person cannot end the fight between God and Satan. As long as we are not liberated from this fight, future peace will be an impossible dream for the world, and ideals will be nothing but abstract, sentimental concepts.

Then, who can resolve this fight? For this task God has sent a representative. This is the typical concept of the Messiah. The Savior is the person who liberates not only people but also God. In addition, he punishes evil. The one responsible for the overall task of liberating God and liquidating evil is the Savior.

The character se (세) in Savior (기세주) refers to the world. God gave His only begotten son because He loved the world, not because He loved Christianity. Many Christians memorize John 3:16 and repeat it over and over! It does not say that God so loved Christianity that He gave His only begotten son, that whoever believes in Him should not perish but have everlasting life. It says that God so loved the world that He gave His only begotten son. What is the mission of the Savior? It is to liberate God and punish Satan. Who will get rid of this bitter enemy who has sunk his teeth into human beings and is accusing them so viciously? God cannot get rid of him. Only the Messiah, the Savior, can do that! (136-219, 1985.12.29)

What will the Messiah do when he comes? He comes as the commander, who for the first time in history, will lead the battle to regain the sovereignty, territory, and citizenry of a nation and, on that basis, take back the world of God’s creation. This is the mission of the Messiah.

In subjugating Satan, it is not enough just to defeat a nation. Since Satan also has global sovereignty, we must strip him of that global sovereignty as well. Only then will the realm of liberation unfold on this earth.

God created the Garden of Eden as a garden of freedom and peace. If there is any shadow of Satan’s opposition anywhere on earth, the ideal of that garden will not be realized. The Kingdom of Heaven on earth will be completed only when the shadows of Satan’s antagonism have disappeared from the earth. We can start the liberation movement in the spirit world only when this task is completed on earth. This is the path
the members of the Unification Church should follow. (57-128, 1972.5.29)

What is the task of the Messiah? On the individual level, he has to subjugate Satan and eradicate Satan’s lineage, thereby paving the victorious road for the individual. He must then pave the road of victory on the levels of the family, nation, and world. This is the path the Messiah must walk. In other words: first, he must pave the road for individuals; second, he must pave the road for families; third, he must pave the road for nations; and fourth, he must pave the road for the world.

After the Messiah wins the individual victory, Satan will mobilize worldwide. The nations and the democratic world will join forces to attack him; he must fight against them and win. He must do this on the family and worldwide levels. In other words, he must win just as Jacob prevailed over the angel and just as Abel should have succeeded over Cain. This is a one-on-one fight. Now, all of Satan’s world must be struck, and for this a representative nation is needed at the front. This nation is Korea. (54-197, 1972.03.24)

Section 3. Jesus and the True Parents

What kind of person is Jesus? Instead of becoming true parents, Adam and Eve fell in the Garden of Eden, becoming false parents and giving birth to false descendants. Jesus, therefore, came as the True Parent to restore all things and establish what should have originally been. Adam and Eve failed to become true husband and wife. At the same time, they failed to become true parents. Since they were unable to become a true couple, they also failed to become a true son and daughter. This is why, if people completely believe in and become one with Jesus, true children can be restored and a true husband and wife and true parents established. This is why it is taught that you should love Jesus the most. (8-109, 1959.11.22)

The Book of Revelation says that in the Last Days, the Lord will come to the earth to meet his bride. Do you know what the feast of the Lamb is? This refers to the day of the feast when, for the first time in history, one bridegroom and one bride become husband and wife centering on God’s love.

Through the Fall, instead of becoming good parents, our first ancestors became evil parents. For this reason, the original focus of parents designed by God, which our ancestors should have attained without falling – the standard of the true and good parents – has not appeared or been realized.

The Bible says: “I am the Alpha and the Omega, the First and the Last, the Beginning and the End.” (Rev. 22:13) Due to the Fall, God could not fulfill His purpose at the time of creation. He will complete it as in the Book of Revelation. Then, as what kind of person did Jesus come? Adam fell, so Jesus came as a perfected Adam who could be united with God’s love without falling. This is why
Chapter 2 • The Messiah and the True Parents

First Corinthians 15:45 teaches that “The first man Adam became a living being; the last Adam, became a life-giving spirit.” The Bible designates Jesus as the second Adam. Since the family planned by God cannot be found if the God-given true positions of the son, husband and wife, and parents are not established, they must appear on earth.

There are many religions on earth, but among them, only Christianity has the concept of following God’s four basic requirements: to become God’s child, to become one body with God, to meet as bride and bridegroom in accordance with God’s will, and to form a new family. Since Jesus came with this thinking, Christianity, centering on Jesus, inevitably became a global religion. (54-108, 1972.03.20)

Section 4. The Second Coming and the True Parents

4.1. We need to prepare to receive the Messiah

The place you are meant to live in is the Kingdom of Heaven. But are you living there now? No! What is more, the Kingdom of Heaven does not come immediately. Then, what should come before the appearance of the heavenly kingdom? The Messiah should come. But the Messiah alone will not do. Although Jesus came to the Jewish nation, the nation of Israel, the Kingdom of Heaven did not emerge.

Before the appearance of the heavenly kingdom, the heavenly kingdom people must appear. What should be done in order that a heavenly kingdom people arises? A people does not come into being all of a sudden. A special clan must appear, and this clan must move that people. What should be done so that the clan appears? There has to be an extended family of close relatives. What should be done so that these close relatives appear? A family must appear as the center of these close relatives. Then, what should be done so that the family appears? There have to be children and parents. Then, what should be done so that children appear? There have to be parents. What should be done so that parents appear? There has to be one man who can represent everything concerning heaven.

Who is this? He is the Messiah. What should that man do? If he is to be a parent, he must find a partner and be one with her. This is the teaching of Christianity. When this happens, it will be the Last Days. Thus, what was upside down has now been spiritually restored over the past two thousand years centering on Jesus, on the foundation of global Christianity. Based on the spiritual aspect of Christianity, when people meet the Messiah, all these things will be completed at that time.

At the Second Coming, the Lord will come and right all things to what they were originally meant to be. In this way, the world must be one and nations must be one: everything must be one. This will happen. Within a country, the Christian denominations must be one, and among denominations the overall leaders must
be united. This has to happen. In order for the denominations to be one, their leaders must be one. These leaders must be united among themselves and be one with Jesus. So when they receive Jesus and become one with him, the world will be easily restored. God has been preparing for this for two thousand years. Since this unity did not come about at the proper time, we have had to prepare all over again. (66-277, 1973.05.16)

4.2. The Task of the Lord at the Second Coming

What is the task that the returning Lord should carry out? He must win over Satan and then win over all the people in the spirit world. There are many spiritual masters today who brag about who they are in heaven and earth. However, in expectation of the time to come, they should not merely be making spiritual efforts, no matter how sincere, without knowing how to resolve the world that came about as a result of the Fall.

We should be victorious first over the satanic world, which is a visible world rather than an invisible world, and then over the spirit world. Without fighting in the visible world and defeating Satan, no road will emerge by which we can make progress in the spirit world. Without this, we would surely face obstacles; then what would happen when we entered the spirit world? We would not be able to enter, and even if we could, we would not be able to win the battle.

So we should attain victory within the satanic world, and next enter the spirit world and attain victory there, subjugating all religions from the least to the greatest – to Christianity, if Christianity is the highest of the mainstream religions. What this means is that we must inherit everything these religions have. When we have fought this battle and received official recognition of our victory over heaven and earth, God will say to us, “You are the victors over Satan and the spirit world!” Then we will begin to take action here on earth. Such a history remains to be made.

Then what does the returning Lord have to do? He has to subdue Satan and subjugate, one by one, myriads of spirit people, religious leaders and leaders as a whole. As he guides them with God’s character and true love, they will come to understand the true reality of religion and the universe and they will surrender. This will happen because all beings in this universe desire to be absorbed into the sphere of a lord of love on earth who is higher than they. Even birds and dogs will go to a village that loves them more and takes care of them. It is the same for all beings. Therefore, we should subjugate them through true love and inherit all their authority. We should inherit that unified world. This is the responsibility that the Messiah must fulfill on earth.

Uniting Christianity will not suffice. Christianity may be unified on earth, but this is not enough to create the all-encompassing cultural sphere. That sphere includes the Buddhist cultural sphere and the Islamic cultural sphere, which together form the background
of the spirit world. As long as cultural barriers remain on earth and are not all removed, and as long as the source of unity is not created in the spirit world, the root of all these diverse cultures, we will not be able to bring them into unity.

(100-16, 1978.10.04)

The person with the responsibility to make the nations one, make the world one, and make heaven and earth one with original love is the Messiah. Can the Messiah actually fulfill this role alone? I am asking you if he can do it when even God Himself cannot. From this perspective, what kind of religion is it that will be introduced by the Messiah and established by God? The conclusion is that it has to be a religion that has great strength to unify individuals, families, tribes, peoples, nations, the world, and cosmos with love. Even Satan says, “Isn’t this the purpose that the Messiah should come for and pursue? Isn’t this God’s purpose of sending the Messiah?”

(130-174, 1984.1.15)
Chapter Three

The Need for True Parents

Section 1. We Also Need Our Natural Parents

Originally, when God as the Parent created Adam and Eve, He reaped the benefit of having children. At the same time, He enabled the children to benefit by having parents. God’s hope was to raise His children to perfection. Had this happened, it would be possible to say that God would have harvested both Adam and Eve.

Then, why do we need parents and why do we need children? God is spiritual and human beings are physical. The parent-child relationship is also like this.

The invisible God bears fruit through the visible child and then enters into the heart of the child to reveal His value as the visible God. The invisible God bears fruit within the child’s heart and the fruit of the child is then produced. It is possible to transfer the fruit of the father to the child. And thus, for God, both His fruit and the parent’s fruit are produced. They have equal value.

Then, why are parents and children needed? Even though God possesses love, He needs a partner to share His love. We as children also need a partner to share our love. This partner relationship between parents and children is like the relationship of heaven and earth. It is a vertical relationship.

This world is made up of two spheres, one is a world of spirit and the other is the physical world. Since we are born as sons and daughters of the invisible God, God and we are at relational poles. We are born at one pole and grow up. As we grow up, we long to find the invisible God. Finally we become bride and bridegroom and we become one in love that unites the upper spiritual hemisphere and the lower physical hemisphere.

The parental heart is the heart of Heaven. We need parents to take over the heavenly nation and parents want children’s love in order to occupy the earth. When do we come to know this heavenly heart? We cannot understand it as children. We have to be parents to know the parental heavenly heart.

Love conquers and unites the two worlds of parent and child. When this happens, the parent-child relationship is a glorious parent-child relationship. They are equal. No one is behind or in front of the other. They are one. This indeed is a glorious parent-child relationship.

People say that those who are without parents are pitiable. Why? They have no
Chapter 3 • The Need for True Parents

way of conquering the spirit world and physical world. We also feel sorry for those who are without children. God’s ideal of creation was for children and parents to unite and bind the cosmos together with love. However, they will fall into a miserable state because they are in a position where they can fail to emulate that highest model. They cannot go to the Kingdom of Heaven. This is why those who are without children or parents are sad people. (222-309, 1991.11.6)

Section 2. True Parents and Our Natural Parents

In what position are your fallen, biological mother and father? Have there been, in a world untainted by the Fall, unfallen sons and daughters of whom God could say, “Oh, you are our sons and daughters!”? In the Garden of Eden, was there a concept that one had to forsake his former mother and father in order to find a new mother and father? No. Then why are we born with such a fate? This fate was not created by God but by Satan. It is the result of the Fall. This is a world created by the devil.

Here, Satan separates everything. He separated mothers and fathers, sons and daughters, the families, and nations and divided the world into small pieces. The culmination of all this is the Last Days. The Last Days refers to the end of the world. In the Last Days, something new begins. In our Principle, if a new ideal is to begin in the Last Days, what does God do? He creates a movement to bring together everything that has been divided. (125-166, 1983.3.20)

Then what are True Parents? How do your physical parents and True Parents differ? In terms of love, what is the difference between your physical parents and True Parents? True Parents and your biological parents have different concepts of love. Again, they have different concepts of love. Your physical parents teach you love with a focus on the physical reality, and your spiritual parents teach you love centered on a world that is spiritual. They have different content.

It seems that physical parents should suffice, so why do you need spiritual parents? It is because of the Fall. What fallen parents have been teaching has led us continuously down a self-centered path. Through your parents’ love, a decisive line has been drawn holding you eternally within the satanic world; and there has been no way to sever it. (129-99, 1983.10.1)

When True Parents appear, they love with God’s love. Accordingly, God loves everything that True Parents love. This is a principle. So try to follow while saying, “Although we are born in the satanic world, let us follow True Parents! I like the nation of True Parents and their family even more than my mother and father, my house, and my sons and daughters. God’s love is the best!”

When you are receiving the love of True Parents, Satan will not be able to drag you away no matter how hard he tries. Since the sphere of the love of God
and True Parents is the ideal realm of the original world, Satan cannot take away these sons and daughters.

There are people of all five colors among the members of the Unification Church. Your parents are your natural parents. Next, there are the True Parents of the Unification Church. They are special parents. True Parents are different from your parents.

There is a great commotion as your natural parents try to kidnap you from Rev. Moon, as you try to go to the special parents. But the special parents are staying undisturbed with their eyes closed. They do not even tell you to come. They tell you to come if you like but not to come if you do not want to. Whereas your parents are stirring up trouble and screaming, “Rev. Moon is Satan, a heretic!” True Parents are unperturbed. Do your parents say, “We are special parents”? (128-137, 1983.6.11)

You ask who I am. I am the parent of the three ages, that is, the parent of the Old Testament Age, the New Testament Age and the Completed Testament Age. This is why I am the True Parent. You pray in the Parents’ name, but you should not pray in the True Parents’ name; the only one who can pray in the True Parents’ name is me.

Then, what is the difference between the parents who gave you birth and True Parents? They are not the same. Your parents are in the position of the parents of one age. I am in the position of the parent spanning three ages, including the spirit world, the present age and the coming future age. True Parents are the root and the physical parents are the bud. They are connected in this way.

Your parents are branch parents, and branches grow from sprouts. So these parents are branches of the age, but I am a parent of the three ages. I can be the parent of the root age as well as the parent of the trunk and branch age, and of the leaf age.

You should never forget the words True Parents. Because I pray in the True Parents’ name, everyone follows me and says “I pray in True Parents’ name,” but this is not acceptable. It is against the Principle. What will the consequence of this be? When a mother and father say parents,” their children will ask, “Then who are our parents? What’s the difference?” So there will be confusion that should not happen. Your parents are parents of one generation while I am a parent of three generations. I am a parent of a vertical generation. So grandfathers, fathers and grandsons call me Parent. This involves three generations and three stages.

This is why the Parent cannot do things as he pleases. The root cannot leave its place and do things as it pleases. It may say, “Oh, I wish I could hang around like the branches,” but it cannot do that.

Can the root do anything it wishes? Can a bud go wherever it wishes? They long for the branch. How stifling it must be to stay in one place for hundreds of millions of years! They stay in one place until they dry out and die. There is no freedom there. But branches can go
around as they please. You should know this. (141-226, 1986.2.22)

Section 3. The Reason True Parents Must Come

What is it that you desire? You want to be people of the heavenly kingdom or children of the heavenly kingdom. This must be your desire. If you become people and children of the heavenly kingdom, the heavenly kingdom will naturally appear.

Then, what kind of world is the heavenly kingdom? Is it a democratic world? Democracy is a means and a transitional ideology to make regime change easier when the Lord comes. When the Lord appears on earth, all the people of the world must follow him. The people as a whole must go before the Lord. Then, this would be convenient for organizing all the nations of the world into one nation.

But democracy cannot unify the world. The experiment is already over. Can America itself lead the world? America itself is doomed. So the question is how to save America and guide it to govern the world. If this is God’s will, it has to be handled through the philosophy of the Unification Church, “Rev. Moonism.” Until this happens, there is no way for America to survive, and the bridge to the heavenly kingdom cannot be built by the American people.

The spirit world is organized on the basis of certain principles. How long will it take for something like this to appear in the physical world? First, God is the central existence. Second, the True Parents must appear; third, true children must appear, and fourth, a true nation must appear through its true citizens. How long do you think they have been waiting for this? How eagerly, over thousands of years, do you think those in the spirit world have waited for you to appear on earth and realize God’s original will?

The one who rules this world is Satan. This world is, first, a world centered on Satan, second, a world centered on false parents, that is, fallen and evil parents, third, a world centered on evil children, and fourth, a world centered on evil nations. The spirit world and the future ideal world must reject all this.

When the Unification Church says True Parents your parents oppose that, saying, “Then who are we?” There have been incidents where parents kidnap their children who are trying to be true sons and daughters. Although all the nations of the evil world have opposed us and chased us away, they cannot oppose us now. Now, even if they fight, they cannot beat Rev. Moon.

So we must escape from Satan’s domain. But Satan is keeping us from escaping by mobilizing all individuals, families, tribes, peoples, nations and the world. This is the final battle. (166-222, 1987.2.15)

Section 4. The Conditions for the Appearance of the True Parents

What has to be done in order for True Parents to come? Without the Archangel’s restoration, True Parents cannot
come. Without Jesus being restored, True Parents cannot come. Also, without the bride being restored, True Parents cannot come. This must be resolved in the religious world.

The entity that has appeared after resolving all the difficulties in God’s providence of restoration is the True Parents. True Parents are not easy-going, good-for-nothing people.

True Parents would not appear unless the archangel was restored. They would not appear unless Adam was restored. Also, they would not appear unless the bride – that is, Eve – was restored. That is for sure. (46-214, 1971.8.15)

Section 5. The True Lineage Must Come Through the True Parents

It is the True Parents whom we need. What began with false parents must now begin with True Parents. False parents inherited false life and false lineage through false love. This must be reversed. The issue relates to inheriting true life and true lineage through the love of True Parents. The question, in other words, is this: how can we, after having wrongly received the seed of life, receive the original seed?

The Messiah has to return to earth to address this question and plant the seed of the Messiah, the True Parents’ new seed of life. We cannot receive this seed without True Parents. Through this we will return to the position of the original true olive tree. This is simple.

So God is our real parent. How close He is to us. God as the vertical parent and True Parents as the horizontal parents together realize ideal love. (218-223, 1991.7.29)

Democracy is the ideology of brothers. This is why they fight. That is why I have declared, “We need parents. Only parents can stop the fight. What we need in this miserable situation is the way of the parents, and Godism, the ideology centered on God!” What kind of parents are these parents? These parents do not exist in the satanic world. They are an exact opposite of the parents in the satanic world. These parents are called True Parents.

Why do we need True Parents? We need them in order to dismantle the foundation of satanic love, life, and lineage. How did men and women fall into such a situation? It was because of the sexual organs. In the original sense, sexual organs are a palace of love. But what happened to that palace of love? It is the palace of love, palace of life, and palace of lineage. The human sexual organs are that precious. They are holy.

Through the Fall, they became something dirty. From God’s viewpoint, they were originally not something dirty, but holy. The human sexual organs are the most precious things. Life, love and lineage are connected to them. Satan defiled something so precious. (218-176, 1991.7.28)

Section 6. The True Parents are Needed Absolutely

What do the Unification Church members call me? They call me the True
Parent. The words “True Parent” are fearsome words. It is also a great thing that these words exist.

Without a family that emerged from the womb of God’s love as a model, no tribe, people or nation can be formed. A family expands to form a tribe, a people and a nation. Therefore, to defeat the world of the devil, we must deal with things based on the model of the true family.

Fallen people have evil parents. Your mother and father are parents within the fallen domain as well. What does this mean? It means that they are ancestors within the fallen tradition. So the fact that the term True Parents has appeared is an amazing fact.

Why do we need True Parents? The unfallen Adam and Eve should have aligned completely with the original will of God. They should have accomplished the ideal of oneness with God and established the world of love, with the unified realm of heart at the core. It would have been a cozy nest where everything can become one, where everything is certain, and where everything begins from a perfect situation.

But this realm of love has not emerged. We need True Parents in order to accomplish it.

On the day this realm of love appears in the world, the Unification Church will become obsolete. The world will not be needed either. We must put the nation and world aside and find this family. This has to happen. We must seek out this family even if we have to abandon everything. This is crucial. (138-277, 1986.1.24)

It is the True Parents whom we need. Who are the True Parents? They are people more precious than your friends or teachers. So you must follow True Parents even if you may have to abandon your friends or your teachers. You must walk this path even if your friends say, “Alas, that’s it between you and me” or even if your teacher says, “I am no longer your teacher” because you go to the Unification Church. Furthermore, you must go this path even if your mother and father disown you. If you follow the path that everyone all at once can acknowledge as good, there will be a new historic beginning of heaven and earth there. (33-336, 1970.8.23)

Humankind needs True Parents. Why? For the first time in history, an event based on principles and connected to the axis of love has occurred. It is unprecedented in history, and will never be repeated in the future. This axis is one, not two. What is this axis? It is the axis of true love. The love that your mother and father share is not true love.

That is why it is written, “You shall love the Lord your God with all your heart, and with all your soul, and with all your mind.” This is the great and first commandment. And the second is like it, “You shall love your neighbor as yourself.” This is what God has been doing. (137-107, 1985.12.24)

Why do we need True Parents? By fulfilling their individual responsibility, True Parents can expel the worldwide Satan that is clinging to individuals. By
establishing the family level indemnity condition and fulfilling our responsibility, Satan can automatically be restored through indemnity.

Without accomplishing the worldwide restoration through indemnity and the individual portion of responsibility, restoration through indemnity cannot be carried out. Without getting rid of Satan through fulfilling our responsibility, restoration cannot be achieved. (137-106, 1985.12.24)

The reason we need True Parents is to bring God down to dwell on earth. This is why Parents are going through suffering on this earth. (217-354, 1991.6.12)

Why do you need True Parents? It is in order to receive the new lineage. The Old Testament Age was the age of the foundation of faith, the New Testament Age was the age of the foundation of substance, and the Completed Testament Age is the age of the new ideal. Hence, it is said that it is in the age of love where we should inherit the good lineage of the heavenly kingdom. Until now we had different blood. We inherited mixed blood.

I have inherited the original, traditional blood and so I am fighting with Satan with knowledge of all this truth. I am doing this because I know such things. True Parents are the new bud of the true olive tree. You should cut yourself off and be engrafted with the bud of the True Parents. The Parents’ bud and God’s bud must be engrafted. Then, your body may be cut down to nothing, but your thought becomes the same as that of God and True Parents. You will be able to give birth to the same fruit – sons and daughters of goodness. This cannot happen in the satanic world. It is not good to have sons and daughters before this happens. (125-208, 1983.3.20)

Section 7. The Designation of the True Parents Was Foreseen and Predicted

What will come to pass in the Last Days? Because we inherited the devil’s love, life and lineage, True Parents must appear here in order for us to inherit God’s love, life and lineage. The True Parent is not someone who just passes by. Do you know how much God had toiled and how much blood religions have shed before I declared the name “True Parents”?

The book called Gyeokam-yurok, which appeared after Jeonggam-rok long ago, prophesied about my name. Many people saw me even before I was born. How do you think they saw me even before my birth? The spirit world existed before my birth, so it taught them that such and such a person would have to appear. Only then will the people who have been through such ordeals and suffering on earth come within my realm of dominion in the spirit world. God uses this strategy. Since these people have lived in attendance to him, they are supposed to follow him even after he comes. For this reason, our loving God revealed everything tens and hundreds of years before I was born.
So I am a historic figure. Now, even if I say that I am a historic figure and say even one word to the Korean people or to the people of the world, whether at night or in early morning, they acknowledge it as something they heard in the bright light of day; and no one denies it to be true. (213-27, 1991.1.13)

Section 8. True Parents’ Position Is Not an Elected One

Until now, it has been hard for me to find a family and hard to find a church. It has been hard to set the direction for Christianity, hard to bring the free world and communist world back from their paths to ruin. Now, through me, the right of the eldest son has been restored. Again, the right of the eldest son has been restored. Had Adam not fallen at the outset, Adam himself would have possessed the right of the eldest son. Also, Adam would have become the authentic True Parent. Adam himself would have become the king among kings.

What did human beings lose through the Fall? They lost the right of the eldest son. They lost the right of the eldest son to inherit the great foundation and assets of heaven and earth. They lost it because of the devil. We have been ignorant of this. Moreover, although we were to become eternal blood relatives who can attend the Parent, the Creator of heaven and earth, focusing on God’s love, life and lineage, Adam lost the right to become the True Parent. Also, had the Fall not occurred, there would be one culture, the culture of Adam and the tribe of Adam. This would have established one right of kingship.

The democratic world is like a guiding staff. It is an ideology of brotherhood. Since there are many brothers, in order to appoint a representative to receive the inheritance, they must get together and choose the one who sacrifices more, serves more, and can better uphold the tradition. That is the democratic style. Democracy is a global ideology, but above it stands the ideology of parents. The age of the parent is coming in the future. Do you choose your parents through an election? Could you choose the returning Lord through an election? Could you choose God through an election? You could not. Democracy has the basis to create an atmosphere of distrust. Why? People do all kinds of things for their own personal gain. They do all sorts of things, such as using money and utilizing networks to slander others and plot against them. (211-343, 1991.1.1)
CHAPTER FOUR
The Mission of the True Parents

Section 1. The Position of the True Parents

The world has passed through many eras: the eras of imperialism, emperors and kingdoms. After they passed came the children’s era of democracy and the servants’ era of communism. Because these eras were not governed by the law of love, we can conclude they were products of a false world. The original world was to come into being as the extension of an original heart. Then, there must be an original person. But where is that original person? It should be understood that the term “person,” here includes both man and woman.

Since this is certainly a satanic world, history has been pursuing an original man in this world. This is why billions of people in the world today are looking for a leader who can guide not only a true world, but also heaven and earth. Then, how does an original leader come about? He comes transcending fallen individuals, families, tribes, peoples, and nations – even the world itself. What kind of person is he? He is a true person. What kind of true person? I am asking for the definition of a true person. It is simple: he is the one who has perfect love. Then what is perfect love, and who is able to love perfectly? This is also simple. It is True Parents.

Who is God? God is the representative true person. In more concrete terms, this means that He is one who can love everyone. God is the one with the capacity to love all beings. In short, He loves everything, no matter how large or how small. All things, large and small, can be drawn into His embrace. Through this, everything is to be brought together. All creatures in the world, all things both large and small, are to be drawn in. God will thus embrace everything, large or small, in His love. (124-116, 1983.2.1)

Our purpose is the world. We must continue to go forward for the sake of the world, no matter how difficult it may be. We must go forward for the sake of the world and give for the sake of the world. We should give out everywhere we go. True Parents should give. This is the fundamental principle. There are new things there; there is a new world, and new connections are being forged there. (147-142, 1986.9.7)

You call me the True Parent. This is why I try to give you all good things on behalf of God and you in turn try to receive them. This is a basic principle,
and I guide you on this path because I know this principle. (127-328, 1983.5.22)

You have something backing you up and that is the perfect power to have behind you. It is the same power behind True Parents. Satan cannot accuse True Parents and so you have received identification cards. This card must be signed by God and Satan. Moreover, it must be signed by the archangel and then by Adam. (117-160, 1982.2.28)

Section 2. The Path of the True Parents

Conflicts are spreading throughout the world today. Who is to confront this situation? We should. We should fight against communism, prevent the breakdown of ethics, and protect religions because they are collapsing. I have been seriously discussing these problems with scholars and theologians throughout the world. I have been doing something no one in America would even dream of doing. You say you are doing activities, but who do you think is having more difficulties, you or me? There is a principle that parents must suffer more than their children, and I am practicing that. If I have money, I do not use it for my own living expenses. I am opening up good paths for our future descendants. With a loving heart, I am making money for the sake of our future descendants.

If you were to ask what the True Parent must do, I would answer that he must proceed in the position of the Father by connecting with the family, tribe, people, nation, world and universe. All of these must be connected and included. The True Parent must love humankind just as a wife loves her husband, or as parents love their sons and daughters. They must love humankind just as sons and daughters love their parents. They must always have an instantaneous connection. (118-240, 1982.6.6)

What is God’s desire? It is to find the people who want to live with Him. God seeks those who wish to live with Him forever, and so, once their foreheads touch, He would not want to be separated from them even after tens of thousands of years. He wants to live in a love such that once He touches His beloved sons and daughters with His fingertips, He would not want to remove His hands even after tens of thousands of years.

The Unification Church teaches about the parent-child relationship and the husband-wife relationship based on such a principle. Furthermore, it proposes to incorporate such a principle in the relationship of siblings and the family as a whole. We are not talking about brothers and sisters who just meet once and then part, but those who do not grow tired of one another even after living together for tens of thousands of years. God’s sphere of love will be established only when this is put into practice by people of all colors. Will this be easy? There must be the kind of parents who will share their food with people, wait patiently until they finish eating, do the dishes and even take care of them until they go to sleep. This is the very path
that True Parents have been trying to walk, and the path that I believe they must follow. Each day, whenever I meet someone, I try to talk to him, even if I forget about lunch and even keep talking past dinner time. This is my philosophy. Meals are not important. I want to find those whom I would not grow tired of even after living together with them for tens of thousands of years. I am the kind of person who longs to have a son and daughter whom I can love after midnight, after two o’clock in the morning, after the cock crows and even when the dawn breaks – all throughout the night. Also, I am someone who seeks a brother or sister. (127-284, 1983.5.15)

A true person, as the representative of history, would strive to teach humankind by saying, “Humankind, this is the true standard you must follow.” Even if he had to make harsh sacrifices, a true person would nevertheless teach and pioneer in this way on behalf of humankind. If he knew the path and said he would take it only for his own sake, he would not be a true person. (63-88, 1972.10.8)

Think about how one can receive the historic title of True Parent. How many levels do you think you must go through until you reach that of the True Parent? Initially, one will have to start from the stage of true servant of servants. Next, there must be the stage of true beggar and then true laborer. All of these must be included. There will also need to be true persecutors and those who bear the cross. If this is refused, the True Parent can never appear. Even among the sinners, there have to be true sinners. All these need to be there. There has to be a representative of love who can start from the most miserable place in the world and overcome everything. He must follow this path and build the bridge. In order to do this, he has to follow the path of the cross of love. This is the bridge. Stage by stage, he must rise from being a true servant of servants to being a true adopted son, and then a true son, a true Cain, and eventually a true Abel.

Who has had to walk this path, that you know – the path of the servant of servants and of the adopted son? It was I who had to walk that path. I am building the bridge because I have walked that way, survived the fight, and triumphed. Whenever you see a pitiable person on the street, remember that I have been in that kind of situation. Don’t you think that I was indignant when I was being stepped on, tortured and kicked by the communists? But I never prayed, “O God, strike these enemies with a thunderbolt and slaughter them all.” Although my body was bleeding, I was praying for them to receive blessings. (63-88, 1972.10.8)

Section 3. The Course Prior to Becoming the True Parents

The Fall led to the appearance of false parents. Because of this, I have had to follow a suffering course in order to establish True Parents and a heavenly nation in the midst of this satanic world. This has to be restored by parents. The parents must take the responsibility for and
In order to be a True Parent, one must love the world of Cain. This Cain world is the world of the eldest son. The Cain world is just like the world of the fallen eldest son. Therefore, without the True Parents making a condition of having fully given the love of Heaven even amid the opposition of this world, the satanic world cannot be restored. The eldest son must be loved first. Since Satan is the eldest son in principle, if God wants to love Abel, He must establish the condition of having loved Satan, the eldest son, first. Without showing such love to Satan, there is no way for Him to love the second son. This is according to the Principle. So the path that the mother, Eve, should walk is to unite Cain and Abel and return to Adam. Therefore, no matter how universal a love Mother wants to receive, I cannot give such love. That is her situation. (124-73, 1983.1.23)

For there to be True Parents there must be two people. Without two people, we cannot meet the standard of True Parents. Although a victorious standard may be established in the spiritual battle, no victorious standard can be established in the physical world unless True Parents manifest in physical form. A condition for victory may be created in the spirit world, but a corresponding foundation cannot be laid on earth unless True Parents are first installed there. Therefore, the True Parents who are to come must fight for this on behalf of earth and heaven by offering their lives. This battle will last for a forty-year period. What kind of battle do the Parents who come during this forty-year period have to go through? First of all, they must go through spiritual trials in the spirit world. Then, they must go through physical tribulation on earth. The combined spiritual and physical conditions for the True Parents cannot be established until they pass through these trials and are able to stand in the center without falling down. In so doing, they fulfill the hopes of the six-thousand-year history of God’s providence.
We established Parents’ Day in 1960. What kind of day was that? It was the day when we secured the starting point of total victory, both physically and spiritually; this day also marked the starting point of True Parents’ ideology. So although that day was just one day, and the conditions for this day are not completely established, these conditions will continue on into the future of heaven and earth. Beginning from that day, God has been able to execute His plan simultaneously in both the spiritual and physical worlds. In other words, God could finally fight back now that the basis was established upon which there could be cooperation with the spirit world. Since the foundation for victory has been laid in this way, we simply need to build a corresponding foundation on the level of family, tribe, people, nation, and world.

Due to the opposition of the people of Israel, Jesus went to paradise without completing his mission. Since then, he has been able to bring Israel together spiritually in the role of spiritual parent. The course, whereby True Parents can establish the worldwide foundation of victory on earth, is a four-year course. When the spiritual and physical worlds unite and establish the starting point of victory during this four-year course, all humankind will receive the benefit of the age such that they can march into the spirit world above paradise. However, the True Parents who come as we pass through this historical course must bear the cross on behalf of humankind at the levels of individual, family, people, nation and world.

If we look at the history of the people of Israel, we see that Jacob could establish the conditions for individual restoration because he was victorious in the individual struggle with Esau. Later on, he could have a family because with God’s help he had prevailed in the family-level struggle at Laban’s house. Afterwards, Jacob’s descendants entered Egypt, the satanic world, in order to create a people. They were rescued from there with God’s help and were then able to enter Canaan and gain victory over its seven tribes. In this way, the Israelites could finally attack the satanic world while going through the forty-year course for the restoration of Canaan. Prior to the forty-year wilderness course there was a three-day course. The Israelites were finally able to begin the restoration of Canaan after going through this three-day course. Moreover, after entering Canaan, the Israelites had to restore the number forty once more.

Since the providence of restoration has passed through such courses, I have to walk a three year course and a four year course after going through a forty-year course. Adding the three year course and the four year course together gives you a seven year course. I will be able to bring the history of restoration to a conclusion and establish the heavenly sovereignty only when I pass through all of these courses.

Originally, Jesus also was to have walked a seven-year course from the era of thirty-three and then established the standard of parents desired by God. He was to establish the standard for the
restoration of all things, thereby concluding everything and fulfilling God’s will at the age of forty. Although this was the mission of Jesus, the Will remained unfulfilled because Jesus died on the cross without being able to accomplish it. Since the True Parents, the Second Coming, must inevitably take responsibility for the internal and external conflicts, they have passed through a forty year preparation period, a period of conflict. Although externally it was a forty year period of preparation, internally it was a period of strife. After having laid the spiritual foundation for victory, the groundwork for laying the substantial foundation combining the spiritual and physical was finally prepared on earth.

True Parents must be the central figures in going through the three year course and the period of the restoration of all things – that is, a four year course to embrace all four directions. In this way, they must bring restoration through indemnification to a conclusion through this seven year course. The three-year course, four year course, and forty year course prior to establishing True Parents may seem like short courses, yet they are time periods designed to reverse, through indemnity, all historical sorrows, historical resentments, and the historical cross as a whole. We cannot welcome the day of the victory of True Parents without first establishing an absolute standard of not succumbing to any historical sorrow, pain or resentment. This is why our Unification Church, which is taking responsibility for and is upholding God’s will on behalf of Heaven and True Parents, is volunteering to take on this kind of trial. In undergoing this process, you must not only separate yourself from the satanic world, but also establish the standard of a true child whereby you can adopt the model of victory of True Parents and be able to judge the satanic world.

Also, the original will of God in relation to True Parents cannot be realized on the earth until this standard is established at the level of a tribe, a people and a nation. You who are fighting on my side during this period are representatives of True Parents on the individual, family, ethnic and national levels. As such representatives of True Parents, it is your responsibility to fight on the world stage, not to mention in Korea. From this perspective, what has been the sorrow of both the spiritual and physical worlds until now? It should have been that from the day True Parents appeared on earth, heaven and earth should have sung songs of peace, the entire cosmos should have entered the realm of happiness, and the Kingdom of Heaven on Earth should have been realized with God at its center. (13-285, 1964.4.12)

How much did I suffer, how many curses did I receive, and how often did I go to prison before I proclaimed the True Parents? I have been to prison as many as six times. I declared True Parents after all these hardships. Because of this course, we are the True Parents. Therefore, I am the most pitiful king among the kings in the world. You may say whatever you want about True Mother
and True Father, but I am the most miserable person. (211-161, 1990.12.30)

You have no idea how much I have invested for the sake of the world. How much blood and how many tears do you think I have shed? How much sweat? And how much do you think I have sighed deeply? I did not do this in order to eat well or obtain worldly success, but so that I could liberate the earthly world, heavenly world, and God. There has never been someone like this in all of history – only myself. There has been no one except the True Parents. This is not just a concept, but is my personal background. Since by establishing the sphere of truth on the stage of actual battle, I have been building a foundation on a still higher level; I have reached the stage where all nations can solemnly bow their heads. (210-363, 1990.12.27)

Section 4. The Authority and Mission of the True Parents

Why do True Parents come to mankind on earth? They come to make what the people will like the most: that is, to make you into True Parents – little True Parents. (125-117, 1983.3.14)

What is it that True Parents must do? They must open the closed road between the earthly world and the heavenly world and turn it into a highway. They must make a highway leading from the earthly world through hell in the spirit world and on to the heavenly realms. (134-127, 1985.2.5)

True Parents came with the right of kingship over the spiritual and physical worlds. In order to link this right of kingship to the spirit world, the basis for unification must first be prepared there. The foundation for the right of kingship in the spirit world must be connected with the formation level of the growth stage foundation. Otherwise, the spirit world cannot participate at the place where True Parents have fulfilled the standard of perfection on earth. We must make those preparations. (140-53, 1986.2.1)

You call me the True Parent. Why am I your parent? I did not give birth to you, and yet I am still considered your parent? Yes, but there is one main difference: I am a parent who can connect you to God’s love – original love. Who then was Adam? He was a parent who was to have become your ancestor, but he could not connect you to God’s love. This is why your parents also cannot connect you to God’s love. Then what is different about True Parents? The difference is that they have the special authority to connect you with God’s love. Is it being righteous or evil to listen to me rather than to your own parents? It is righteousness, because this is the principle of the cosmos. (118-147, 1982.5.23)

What do True Parents do? They have the role of gathering false children and transforming them into true children. Because of this, Satan has been striking me and doing all kinds of things to stop it. The satanic side is evil. That is why True Parents are trying to absorb the
family level, tribal level, and world level step by step by assimilating these sons and daughters. Although words are simple, it is a serious issue. (134-127, 1985.2.5)

I am disclosing everything at this time. I am revealing the procedure for the servant of servants and for the servant. All this time, I have been working to show how people must proceed in order to become one. You can advance to God’s love only by fulfilling everything through following me. Otherwise you cannot. (134-127, 1985.2.5)

How do True Parents come into being? True Parents will emerge when a condition of responsibility is established for tearing down the wall that was erected by the Fall of our ancestors. Our Unification Church embraces all of Christianity, Catholicism, Buddhism, Confucianism and Islam. Herein, all religions can become one. Then the five races can become one. (118-270, 1982.6.13)

We must make restitution for the walls that arose between the dominion based on accomplishments through the Principle (indirect dominion) and the direct dominion. We must resolve all the barriers within individuals, families, tribes, peoples, nations and the world. The dominion based on accomplishments through the indirect dominion was occupied by Satan, leaving him to squat over the midway position. God is therefore above, humankind is below, and Satan holds the middle ground. This is how satanic walls have emerged.

Then how do we break through these walls and advance to where God is? This is the purpose of religion. Satan has always worked in the dominion based on accomplishments through the Principle. He has been doing that ever since the beginning of the universe. Nevertheless, God’s providence is to reconnect God and humankind. This is why He has been developing religions throughout history, such as Judaism. God’s will has been flowing through religions until now and has come down to Christianity; this is our current situation.

True Parents have the responsibility to connect the indirect dominion with the direct dominion. The question is how to demolish the walls within individuals, families, tribes, peoples, nations and the world, which are linked to Satan. Satan, for his part, thinks about how to block this continuing work of God. The two have been dueling this way. Satan has been persistently opposing God. For my part, I have been standing between God and Satan, constantly working to get rid of the latter. How do we move the work forward without being exposed to Satan’s accusation? This is the reason the course of indemnification has come about. This is humankind’s portion of responsibility, which, so far, it has failed to carry out. The question, then, is how we can fulfill our responsibility. Satan knows that this issue is the responsibility of the Messiah. That is why he has attacked True Parents by mobilizing all his forces. I have been doing the work of destroying Satan’s walls wherever they are found: in individuals, families,
tribes, peoples, nations, the world and even the spirit world. The Messiah must clear the way along all these paths.

This has been the history of our Unification Church. Toward Satan we have always upheld the Principle with love. God has agonized over how fallen parents, who inherited Satan’s lineage, could be restored to the point where they attain the status of the True Parents of humankind. This restoration occurred for the first time in history at True Parents’ Holy Wedding in 1960. Since Jesus was unable to reverse the fall of Adam and Eve, I must do everything on his behalf. (118-270, 1982.6.13)

Section 5. True Parents’ Love

If you have discovered your true, original self, then God is in your heart and you are within the realm of liberation. Your original self was born to continue the history of the original lineage through God and True Parents’ original love. Finding this self will resolve everything. It is there that True Parents and their love can be found. Since you began from God’s love, when you find yourself, you will discover the two original images of love already planted within you. They are implanted there as the root. You cannot pull yourself out of God nor out of True Parents. Since you are one of their branches, you cannot deny that you have become that branch. For example, if you look at cells, they are all alike, whether they are from a leaf or from the root. These days, they even multiply plants by multiplying cells. It is the same principle. Leaves contain elements of the root and of everything else.

This is why you are great. You have all of God’s love and True Parents’ love. God’s love and True Parents’ love form the core of their dominion over the universe. They are the eternal standard for the essence of a subject. Everything is governed through love. And thus you can become the representative of everything. You can represent not only God, but also your mother and father, your elder or younger brother, even your elder or younger sister. You can become such a representative. If this happens, your clan will welcome you and all fighting will cease. There will be no opposition; everyone will be embraced. This may be simple to say, but it is the core of the Principle. You must become fully mature. The reason for going through spiritual training is to perfect yourself.

In order to reach the point of self-perfection, you must eventually become engrafted to God and True Parents. This engrafting is particularly important given that you are already fully-grown and therefore cannot literally be reborn through the womb. It is for this reason that the Messiah comes. The Messiah comes as a man with fully mature, original love – that is, the True Parent’s love. He comes as a representative of the original ideal. Think about this every time you use the word “I.” This is how you can be liberated. If you are liberated from Satan, liberated from Satan’s realm of daily life, and liberated from the realm of Satan’s lineage, everything will be completed.
Then what will you do after having been liberated? Because you will serve and attend God instead of the devil, you will have to create a new cultural realm. You have to create True Parents’ realm of daily life. When you stand in the position of the perfected Adam, you realize the purpose of your birth. When this happens, the love of God and True Parents will continually reside within you. This love is the basis of the harmony that completes you. In other words, you will have love, life and lineage. This forms a trinity. (202-283, 1990.5.25)
Section 1. The Meaning of the Characters for Cheon (天) and Bu-mo (父母)

If we analyze the Chinese character for cheon (天), meaning heaven, it consists of the character for two (二) and the character for person (人). The character for in (仁), meaning virtue, also includes the characters for two (二) and for person (人). Two people. But what kind of people are they? They are people in whom heaven and earth can become completely one, both vertically and horizontally, by virtue of their perfect love. The fundamental basis for realizing the harmony of heaven and earth is love. It begins from love. (186-60, 1989.1.29)

In the term “heaven and earth” (cheon-ji), which should be mentioned first – heaven or earth? Should it be earth and heaven or heaven and earth? What about with parents (bu-mo); should it be written father and mother or mother and father? Should the term couple (bu-bu) be written wife and husband or husband and wife? It has to be husband and wife. There is no one who wants earth and heaven; everyone wants heaven and earth. So what should come first? Heaven must come first, and earth second. And with parents, why should the father come first rather than the mother? This does not mean that women are disregarded.

Bu-mo (parents) must have the character for bu (父), meaning father, first. However, it is interesting to look at the character for mo (母), meaning mother. It is written by putting together two of the characters for yeo, meaning woman (女), upside down. This is very interesting. Thus the character for mo, meaning mother, puts two women together, albeit upside down. This is a mother. This is why a mother should be someone with the heart of heaven and the heart of earth. In other words, a woman can only be a mother if she is able to bring two hearts together within herself: a heart connected to heaven and a heart that represents the women of the earth.

Now let us look at the character for bu (父), meaning father. What is it? If you separate its strokes, it has two of the characters for in (人), meaning person, but is formed by combining them. It binds them together. What does this character mean? A man becomes a man, and a person becomes a person, not only by himself: here two must be bound together. Only in this way does one become a father. What this means
is that to become a father, the person of heaven and the earthly person must be bound together and be able to act as one. It is interesting to think about this.

On the other hand, what comprises the character for cheon (天), meaning heaven? Heaven does not exist alone. There have to be two (二) for heaven to come into being. Hence, we can have cheon (天), meaning heaven, simply by putting two people together. Then what about the character for bu (夫), meaning husband? This is a funny one. It has a hat and goes up even above heaven. What does this mean? It means that when two people like each other, they go up to the top of heaven. This is how the words “husband and wife” were composed.

Is there anyone who says, “Because I am such a great and handsome man, I do not need a father or mother?” Would anyone say, “Because I am a man, I don’t need a father, who is a man. When my father dies, I will be the father and thus the master in his place; so let my father die and allow just my mother to remain?” No one would say that. Similarly, there is no daughter who would say, “I want to be the female head of the household, so let my mother die and my father remain!” Then what do we need? We need both. There must be a father and a mother. (59-182, 1972.7.16)

Section 2. The Reason We Must Attend True Parents on Earth

The spirit world is a realm controlled by our ancestors, starting with Adam. Moreover, the Kingdom of Heaven on earth is a world controlled by their descendants. This is how it works: when you die, you will surely find yourself in the realm inhabited by tens of millions of your ancestors. You will then have to face each one. If you have any faults, you will receive judgment from them. What is the basic standard for receiving a passing grade through this judgment? That is the question.

What do you have to do to be awarded a passing grade by the families of your ancestors? You must follow the basic rule. Even in the other world there are connections among the numerous ancestors, families, and peoples living there. These are all connected in that world.

From this viewpoint, the question of what will allow you to pass is answered quite simply: It is the ideal tradition of true parents. True parents bring about a true family, and thus serve as the president of the family. Then, what about the president of a country? He or she should be the true parent of that country. Let us say that nation was the United States. It would be a nation having true parents.

In that case, the people should serve and unite with the president as they would with their mother and father. The basic principle in this case is that one should go beyond one’s family, beyond one’s wife and beyond one’s parents in order to become one with the nation. An ideal is even greater than the family. The ideal is to serve the true parents of one’s country more than the true parents of one’s family because they stand in the higher position. Why do you have to live like this? Because if you do not, your
path will be blocked in the spirit world. They will not welcome you there. Even if you have a doctorate, it will not matter. This is how it will be.

The principle of the world of the original ideal is that one should serve the parents of the nation more, for they are superior to the true parents of the family. Similarly, the parents of the nation should be under the influence and governance of the parents of the world. The national parents should serve the world parents.

In the Unification Church we are preparing the way for the world-level True Parents. To pave this highest path in the human world, we must willingly sacrifice the true parents of the family and even the true parents of the nation. This degree of sacrifice characterizes the Unification Church. The Unification movement seeks to overcome all barriers in order to realize the family ideal of the world-level True Parents. In order to do this, we must sacrifice all family-level parents and national-level parents. If we become the center of the world in this way, it will be recorded that the primary source of the world’s new tradition will be the degree to which we sacrificed individuals and families and the degree of effort we made to go beyond the nation and its citizens. (118-234, 1982.6.6)

Section 3. The Kingdom of Heaven is Possible Only Through True Parents

You cannot bring about the Kingdom of Heaven on your own. It requires the coming of the True Parents. You need to become one with the Holy Spirit and harmonize with the love of Jesus. Only then will you have the possibility to engrat to the olive tree on God's side. However, since this is a spiritual engraving, it is only partial; a complete engraving cannot take place until the True Parents come in the era of the Second Coming and fully engrat you.

This is fundamental to building the Kingdom of Heaven. The formula is the same. The relationship between God and God’s son is absolute; it is a bond that no one can break. No one can sever the father and son relationship. In a similar way, when the husband and wife become one in love, no one can divide their love. Even God cannot divide it. It is eternal.

The question is whether you have become a united couple, as a brother and a sister like Adam and Eve, who can attend the True Parents. Another question is whether God’s love and the Parents’ love can dwell in your family. In other words, are you conveying the love of God and Parents through your own love such that your sons and daughters are born and nurtured in this loving environment? This is a serious question. You should know that if you do not do this, the door of the family Kingdom of Heaven will not open. (137-185, 1986.1.1)

We need to go through True Parents to enter the Kingdom of Heaven. Without going through them we cannot enter the Kingdom of Heaven. This is why True Parents have appeared. Once True Parents have appeared, they will give rise to True Families. Even in the midst of the
satanic world, we must begin from this point in order to bring about a True Family. We must fight, and deny everything.

(44-140, 1971.5.6)

Do you have a sovereign nation? We are people without a nation. Although we have a country called the Republic of Korea, the nation we are moving towards is a different nation. It is God’s nation. However, you cannot enter this heavenly nation without receiving certified citizenship in that nation. Satan cannot accuse those with certified citizenship, regardless of whether they are from the East, West, North or South; or whether in the past, the present or the future. Without such a citizenship, you cannot enter the heavenly nation. (148-288, 1986.10.25)

The people of the world must pass through True Parents’ love. Without going through this gate, there is no way they can return to their original hometown in the heavenly world. There will be no path available to them other than the one towards hell. We must reverse this and go up. We must fight and prevail over the opposing nations.

For this reason, the Unification Church has inherited the victory of world-level messiahship, having gone beyond national messiahship and come down to tribal messiahship. It is on the tribal level of the satanic world that the victory is to be won; we must transform these satanic families and thereby restore the world.

Thus, the activities I have proposed for breaking through in local neighborhood activities (tong ban gyeokpa) are for the purpose of creating True Parents’ sons and daughters on the family level. We must create the kind of husband and wife that can embody God’s love in the family. They must recover the lost clan, nation and world by embodying God’s love and thereby establishing the loving standards of grandfather and grandmother, father and mother, husband and wife, and children.

Only when we declare the emergence of a world wherein all people are embraced and loved as sons and daughters will the realm of liberation begin on earth. (210-42, 1990.11.30)

The Bible says that you cannot enter the Kingdom of Heaven unless you are like a little child. What does this mean? Children only have their mother and father. When they eat, when they sleep, and at all times, they are with their mother and father. Even when they grow up and get married, they cannot forget about their father and mother. They can never forget these words.

God is our Father. God the Father is the vertical father and the True Father is the horizontal father. Therefore, you have to learn Mother and Father’s language and customs so as to be able to go to your original hometown, or wherever you go, and fit into that nation. What do Parents wish to achieve through paying all this historical indemnity? They wish to liberate all people. Why? Because God’s liberation requires the liberation of humankind. (225-19, 1992.1.1)
Section 4. The Kingdom of Heaven and True Love

The coming of True Parents marks the beginning of a new love, a new culture, and the birth of an ideal history. Through True Parents there begins new life, a new family, a new nation and a new world. They also represent the beginning of the heavenly nation and of God’s love. The term True Parents represents far more than just the words themselves. You should know that many individuals, families, and nations have suffered and died in order to make a relationship with the coming age. The blood of hundreds of millions of sacrifices is crying out to you at this time.

The Bible says that Cain accused God when he killed Abel and shed his blood. This is the only place where such a history can be set right through the liberation of resentment. The people who have gathered to inherit this mission and undergo the amazing task of restitution are the Unification Church members. If you truly come to know this, you cannot complain about your life or situation even in your dreams, even though you may die a thousand times. (67-226, 1973.6.27)

What is God’s ideal of creation? It is to build the Kingdom of Heaven, both in heaven and on earth, through the name of the True Parents. Without the name of True Parents, there will be no Kingdom of Heaven on earth or in heaven. If you would ask today’s Christians, “Why is Jesus in paradise instead of in the Kingdom of Heaven, even though he is God’s beloved eldest son?” they would not have an answer.

The Kingdom of Heaven in heaven and on earth is established only on the basis of True Parents’ fully perfected love. Unifying the Kingdom in the spirit world is the mission of True Parents rather than of any other. Jesus is in paradise because he was unable to become the True Parent. In the fallen world, there has not yet been anything or anyone who has received True Parents’ love, nor has there been any trace of True Parents’ appearance. Even if such a foundation emerges in the spirit world, therefore, it is of no use. The vertical and horizontal standard and formula of the Principle is firmly established. You cannot just act as you please. (131-182, 1984.5.1)

The Kingdom of Heaven begins from the love of a man and a woman. Based on what? The original Kingdom of Heaven is where the horizontal line unites with the vertical line at the center, based on God’s love. In God’s presence, a man and a woman become the nucleus at one stroke, and their mind and body together form a circle. In this model, the mind is the vertical self, and the body is the horizontal self. This much is clear. The vertical mind is God, and the horizontal body is True Parents. They are one. Although the mind is invisible, it is nevertheless vertical. And although the body is visible, it is horizontal. It is this ninety-degree angle that people like.

The family is an encapsulation of the whole universe. The spiritual realm
exists within us. Each of us has a spiritual aspect, which is our mind and our heart. The visible body, however, represents the world. When these two aspects, spiritual and physical, are able to revolve in all directions based on the center, they then form an ideal person – provided that they do not leave the central point. This is simple. When the invisible mind and visible body become one based on the core of true love, this signifies the ideal man or woman, and the complete spiritual maturity of the individual.

When and through what do your mind and body become one? They become one through true love. What kind of true love? Two kinds: vertical true love and horizontal true love, which are at ninety degrees to each other. This mind and body is the fruit, comprising the love, life and lineage received from God. It should become a unified core of vertical and horizontal true love. (217-150, 1991.5.19)

Section 5. True Parents and Eternal Life

In order to meet your spouse and receive the children you can love, you must follow the Parents. When you have received your children, you should be able to say, “Oh, I am following the path through which I can command an entire heavenly nation.” How splendid this is! It is the same in the earthly world. You are walking the path in order to receive the unified tribe, unified world and unified heaven together with your family. Why then do you have to follow True Parents? You follow them in order to inherit this entire universe. How wonderful this is! God and True Parents embrace everything. This is the Way of the True Parent, and what a tremendous ideology it is. Those Unification Church members who are determined to be loyal to God’s will consider the Unification Church as their own, whether they are in Korea, in South America, in Africa or elsewhere. The amazing thing about True Parents is that, through them God will bequeath this entire universe to us. We gain this amazing inheritance through True Parents when we meet them, make a determination to be eternally one with them, and follow through with this determination. (124-39, 1983.1.16)

How would you find me if I were on a far away star? You would set the direction automatically with a loving heart. When you set the right direction and say, “Teacher, Father!” it will immediately strike the core. In fact, you would rush to where True Parents were even if I told you not to come. This is the True Parents’ ideology of love. It will click into the right direction and you will know immediately. You should therefore live your daily life with a heart that longs for your True Parents until you die. You should live a life in which you can shed tears for your True Parents before you leave this world. Only then will you enter the Kingdom of Heaven after you pass away. This is a basic principle. Because this has not happened, True Parents have come in order to remedy the situation. True Parents’ efforts to revive this movement will lead you to the heavenly kingdom. (124-41, 1983.1.16)
There should be no objection to my assertion that I am the clear owner of our Unification Church. Why? I have invested and served more than anyone else. Also, I am the teacher. No one can replace me. No matter how much someone may try, he cannot match the effort I have put forth. He would give up in less than a month. For this reason, even if I were to climb a mountain, dig a hole in the ground and hide there, you would try to take me back even by digging me out of the hole. Why? Because there is no teacher like Rev. Moon.

The term “true parents” brings with it all the blessings in heaven and earth and a certificate that guarantees eternal life. The name itself is a form of certification before God and Satan. You should know that. Once you attain this, your ancestors will all bow to you, even if you do not realize why they are doing it. On the day you receive it, your third-generation ancestors will come and bow down. This is an amazing fact. (200-73, 1990.2.23)

Section 6. True Parents and the Nation

Why have we sacrificed until now? It was to become the parents of the tribe. How splendid this is! What do we do after the nation and world are unified through such sacrifice? The place of unification does not disappear. You stand in the position of the father or mother in that place of unity.

What a holy thing it is to be parents! Parents always sacrifice and serve with love. If you think about it, you realize what a joyful thing it is to be able to become true parents. This is true even in America, where I have been working in this way up until now. When I unify the American people by way of love, they will know that I did it with the resolve of the Parent. Then, the indivisible nation and world will be established here. When that happens, the True Parents will be welcomed wherever they go. These will all be places that belong to the Parents, for they will be fully connected to God; as such, they will be where the vertical realm of heart is connected. You should know that no connection will exist without going through this center. This is a perpendicular relationship. First is the husband and wife; next come the parents of the family, the parents of the tribe, and then the parents of a people. Thus, the scope increases. What this means is that based on the center that has inherited the tradition of True Parents from the beginning, the parents are the parents of a family, parents of a tribe, parents of a people, parents of a nation, and parents of the world. Later on, the nation will become the central entity based on this realm of parents and give rise to a world centered on that nation. (118-267, 1982.6.13)

Since you have become a tribal messiah, you have inherited the right of the first son and right of the parent. You are working to find the nation which can inherit the right of the first son and the right of the parent, and which can connect with the right of kingship. When you eventually recover Korea, all
nations of the world will be recovered. This is the final stage. The logical conclusion according to the Principle brings us back to this point, after which, there is nothing more.

In the future, we can use as a bulwark the ideology of True Parents, True Teacher and True Owner. These three roles form the Three Subjects Principle. True Father and True Mother are True Teachers by virtue of their true love. They have taught something this world does not know, including heavenly secrets and earthly secrets in full detail. This is why they are the best among all teachers. This is how God is. Furthermore, God is the Lord of lords. I am also the Lord of lords. When the right of kingship is restored, the Lord of lords will appear. What, then, is the Three Subjects Principle? It is the ideology of the True Parent, the True Teacher and the True Owner. This is why the Unification Church has True Parents at its center.

Hence, True Parents always stand in the vertical position while the education ministry and administration are in a reciprocal relationship with each other. These relationships can be compared to that of Cain and Abel. When Cain and Abel become completely one, this right of kingship will become an eternal and indestructible right of kingship. Kim Il-sung has his own version of three-subject ideology, which is autonomy, creativity, and consciousness. However, this is human-centered; it cannot be considered a complete ideology, for it lacks the doctrine of the Original Being. They do not know God. With this understanding, you should march forward with strength. (208-341, 1990.11.21)

Now the time has come when you can develop a vision for the nation. It is an amazing fact that you can stand in the front line as a fighter for sake of the independence and deliverance of the nation. Those who do this become representatives of human history and the history of the universe. When God sees this, how proud and content He will feel!

It is also an amazing fact that True Parents have appeared on this earth. We have severed that which has come from the false parents. Based on this accomplishment, we want to bring everyone through the gate to the True Parents on the opposite side. Accordingly, we aim to turn the path to hell back toward heaven.

Without passing through the gate of the True Parents, you cannot enter the Heavenly Kingdom. However, Christianity does not have this gate. Only the Unification Church does. Passing through this gate will enable you to go
directly to the Kingdom of Heaven. In return, however, you must completely clear up your past. You should not even remember the names of the friends you have known. Married women should not be thinking of the man they first loved. They must reach the point of completely forgetting him. Those who think about how they lived in the past cannot enter the Heavenly Kingdom.

This is why we must put together all our devoted effort to focus our thoughts solely on True Parents and God. If something else is mixed in, you will not be able to travel in a straight line. You will not be able to walk the path of love. Just because you have received the Blessing on earth does not mean that everything is finished. You must also pass through a church-level Blessing, a national-level Blessing and ultimately a world-level Blessing. You will need to go through these three stages. Why? So that you can effectively reach the point of total self-denial. Just because you have sons and daughters does not mean that they are your possessions. You must reach the point of total self-denial. These sons and daughters belong to God and True Parents. (208-342, 1990.11.21)
Section 1. The Essence of the Teachings of the Family Federation

1.1. The philosophy of the Parents

To be a child of filial piety, you should know what kind of people your parents are. Do you really know what kind of people they are? Have you ever considered whether your knowledge of your parents comes just from the teachings you have received, or do you truly know them? You have come to the Unification Church and are walking the path of sons and daughters of filial piety. But you used to be little babies with dirty diapers. You used to be little babies biting and sucking your mother’s milk. You grew up that way, receiving your parents’ love. If there is a philosophy which is the best one in this world, it must be the parent-centered philosophy. Parent-centered philosophy is the best. You are not little children anymore. You all must learn. This is what parents want.

Although you were born from Mother’s womb, you are still adopted sons and daughters, so you must be loyal to those parents. When you become a parent yourself, a four-position foundation is created. You can never have heavenly children all by yourself; having heavenly children clearly requires that heavenly parents appear first.

For these heavenly parents to come, the eldest son must come first. Since the elder son Cain, betrayed the heavenly way, the eldest son must walk Cain’s course in reverse and rise to the position representing God. The four-position foundation must then be established. Before that point, you are all babies. No matter how great you may be in the world, you should have a heart like that of a baby. This way, you have to be born again through Mother’s womb and Father’s bone. (16-191, 1966.3.22)

Although religions differ from each other, they have been prepared to follow a path of goodness. They will surely continue. However, religions that insist that only their way is correct are losing power because the connection of heart could not take place in the direct dominion… This is because a period remained that corresponded to the seven-year course that began from the formation level of the completion stage and went through the growth level of the completion stage and the completion level of the comple-
tion stage; thus we have entered the stage at which we can retrieve those who had fallen away from the original line in the indirect dominion so they may cross back over the line into the direct dominion. This cannot happen without True Parents being at the center. Now there is no ideology you need other than the ideology of True Parents. There is nothing else. We should not accept anyone’s unrighteous ideology. I cannot endorse Kim Il-sung’s ideology or anyone else’s. There is only one ideology, that of the True Parents. (136-51, 1985.12.20)

1.2. True families determine the center of the universe

When True Parents appear, a true family will be established, and a true person’s purpose can be realized. True Parents is the name that can be praised eternally from the past, to the present and on into the future. The fact that the True Parents have appeared on this earth, that True Parents are here, is the most joyful gospel of all gospels. Humankind these days is wicked. Due to the power of evil, a realm of death is emerging, and the world cannot find any direction. The establishment of True Parents is the fruit of God’s historical work of over six thousand years. In this age, when countless people are wandering around aimlessly, True Parents are the ones who have appeared as a central model to find their destination for them and show them the direction to take. With the advent of the name True Parents, the eternal heavenly kingdom of the future begins, a world that reflects God’s ideal at the time of creation in the Garden of Eden. This was true in the past; it is true in this age, and it will be so in the future. Therefore, you should know that, judging from all of history, encompassing the past, present and future, the True Parents, who have appeared on earth are the central point that determines the center of the universe. History starts anew from here, becomes ordered from here and bears fruit from here. It is because history bears fruit here that the past resurrects here. The world becomes ordered as one world and a new Kingdom of Heaven is realized.

Through the historical ages until now, where have the hopes of humankind resided? Their hopes have resided in the future. In other words, humankind has been thinking of hope only as something belonging to the future. Where is humankind going? We are going towards the one world that is to be realized in the future. Looking to the future, we have been seeking one world. There will be rejoicing if a way is found for True Parents to be welcomed among false humankind. So what is the desire of humankind? It is to meet True Parents. True Parents are the highest hope of humankind. When True Parents appear, the historical tradition will be realized at that time, rather than in the future. Where True Parents appear is the starting point of the fulfillment of history, rather than the starting point of just seeking that fulfillment. In other words, it is not the beginning point of hope but of the fulfillment of hope. (44-132, 1971.5.6)
What kind of family is the family of True Parents? The family of True Parents is a fruit of history, the center of the age, and the origin of the future. Hence, when our world becomes the heavenly kingdom of hope in the future, True Parents' entire lives will be the origin of its traditions. This is the original source of the national ideology. Also, this is the original point from which to establish that world. You should always establish the three-generation realm with True Parents, based on the connection as children of True Parents. The three generations are God, Parents and you. Horizontally, there are also three generations: I myself, my own children and you. Heaven and earth will not be unified until these three generations have been completed. (44-169, 1971.5.6)

The family is the heavenly base. You must firmly settle in a family. You should firmly settle in a family and decide the direction in which you will go. Centering on True Parents and God, all families should put up True Parents’ picture, and your four-position foundation should bow there together. Three generations must offer a bow. The four position foundation involves three generations. Three generations – grandfather and grandmother, mother and father, and children – should offer a bow. After establishing a four position foundation, when you bow down in the name of True Parents this is not within the fallen domain. You will be in the realm of liberation because God has direct dominion over you. All the spirits in the heavenly world will come to earth and protect you just as the archangel was meant to protect Adam’s family. We have entered such an age. In the past, the Cain domain was the spirit world and the Abel domain was the earth. Abel was being used because it was the time when Abel had to sacrifice to rescue Cain. But now, since the right of the eldest son has been restored, the spirit world is the angelic world and today’s Unification Church families constitute the Adam domain; so the spirit world is meant to support the Adam domain and not use it for its own advantage. Through this, the land wherein Satan can interfere and operate is disappearing. There is no room for him. Satan is being expelled. When we march forward strongly and boldly, without sacrificing our standards of being the forefront even by one step and keep a progressive attitude and unwavering standard, the devil’s forces will fall off a cliff. Let’s light a fire under each family. (211-349, 1991.1.1)

1.3. God’s love and True Parents’ love

God’s love is the love of a vertical parent, and True Parents’ love is the love of horizontal parents. Since you are the people that have inherited these, your minds are the fruit of the tradition that has received the love of the vertical God and parents. Likewise your bodies are the fruit of the tradition that have received the love of horizontal True Parents. In order for these fruits to form the horizontal basis of a family and form a
sphere with a vertical center you need to be a husband or a wife and have children. So it is a sin not to bear children. You should not be a childless person. Is there flesh without bone? No, because it would have nowhere to attach itself. (184-309, 1989.1.1)

God’s masculine and feminine characteristics are separated into the forms of Adam and Eve. What unites them and makes them one again? Love. As they separate and reunite, God can experience how strong the love is that is contained within Himself. Otherwise, He would not know. Although God has love within Himself, He does not experience that love. He knows about it only through meeting a partner. Through people, He feels the love that is inside Himself. God is the vertical Father, and Adam and Eve are parents centered on horizontal true love. (185-187, 1989.1.8)

God is the bone of love. God’s love is like the bone and human love is like the flesh. The bone and flesh become one in order to take shape. This is the principle. Just as you have bones, God’s love is the love that is like the bone. True Parents’ love is the love that is like the flesh. (181-206, 1988.10.3)

1.4. Parents and family members

In our Unification Church, we call our church members family members. Until today, no one has helped us understand this term “family member.” Family members do not exist separately from a family. Having family members means there must be a family the existence of a family means there must be brothers and sisters, and the existence of brothers and sisters means there must be parents. In Christianity, religious people use words such as “church members” and “believers,” but they have not been able to use the term “family member.” Today, people are proclaiming the idea of one great global family, but building a great family requires the presence of parents who can be the father and mother of that great family. The one who comes as such a parent is none other than the Messiah.

Among the family members of the Unification Church today, there are members who are true members and those who are the opposite. There are also family members standing in the midway position. What kind of person is a true family member, one with the name of “family member” in the sense of the heavenly family established by God? This is the question. To be a family member, one first needs to have parents. Also, to be brothers and sisters one needs to have parents. The principle is that although there may be many brothers and sisters, there can be only one set of parents. In other words, although there are many family members, there is only one head of the family. Then, who is the center of those parents? Who is the head of the family? They cannot be people who are self-centered heads of families or self-centered parents. They are parents who focus on the brothers and sisters, on the family members. Can they connect with evil in the evil world? They
True Parents and Us

Chapter 6

Section 2. The Value of Working with True Parents while They are on Earth

In this world, there cannot be two sets of True Parents. In North Korea, they call Kim Il-sung “Father,” and in the Unification Church you also call me Father. But the father of the Unification Church and the father of North Korea are qualitatively different. They are confronting each other: both are saying they are the parent. Also, God and Satan are fighting, each claiming a parent as their own. Who should render public judgment over this matter? Human beings should. Human beings should choose their parents, saying, “Our parents should be such and such people.” They should make the decision, saying, “The fallen parents are evil parents for this reason, and good parents are good parents for this reason. Since it is God, not Satan, who has been seeking good parents, God is the father of the good parents.” So where does everything come down to? It all comes down to the point where we meet True Parents.

There cannot be two sets of parents. When parents die, do they come back after a thousand years? Since the one appearance of the Parents of humankind is the desire of history, the desire of nations, the desire of ideologies, and the desire of the providence, the time of their appearance is an unprecedented and unrepeatable time. It is the pinnacle that comes only once in history. If it is narrow, how narrow is it? From the viewpoint of the eternal world, a person's...
lifespan is like the time required to take one breath. I do not know if you are lucky or blessed, but you have managed to live in this era, encounter this one time, and join the Unification Church. How did you come to be here? Countless ancestors of yours devoted their efforts again and again until they could bring you to this place. Myriads of people perished and died when goodness was trampled upon, but the connections between these countless people turned around and around and reached heaven, rising like a high mountain where the sun rises. You are the ones who have followed the sunlight and gathered there.

When the conditions for love emerge in human history, it will be for the first time. It will establish the point from which the value of life can be bestowed. There is no other time when the sovereignty of the nation and world can be acknowledged to have a higher value. This time is the origin of history, the focus of hope, the starting point of all blessings, and the source of eternal life. It is that kind of era. The fallen world has been seeking hope for the future; this time establishes the eternal standard of hope in the future. Because you live in such a time, you should deeply learn the heart of this era and thereby save the world. It is that kind of time. For this reason, the True Parents, who come as the substance of that summit, have to live according to the norms through which they can belong to the place of True Parents’ heart. I do not think you understand this. What should those parents do? They should be different from evil parents because they are good parents.

How should they relate to evil children? They will have to treat them based on a deeper heart than any parents in history have ever had. Even when they face a child with a miserable fate, instead of stumbling over him they should run to him in tears, beg him and comfort him to resolve the sorrow of tens of thousands of ages. They should cry their hearts out while acknowledging their mutual error in order to avoid separation. I am saying people should be like this if they are to be true parents. They are different. As parents, this is how their attitude of heart should be. What attitude of heart and standard of behavior should the children have who can receive such parents have? They need to have those. They should be representatives of the children of filial piety from all nations. Just as each nation’s champion runs in a world marathon event, they should be champions chosen by their tribe. What are they champions of? They are champions of practicing filial piety and loyalty. You should be such a group of champions. In the sense that children should be this way and parents should be that way, the one known as Rev. Moon in the Unification Church has a different root.

If you miss this time, you will have deep regrets for hundreds of millions of years. Can you buy this opportunity with money? Can you buy it with knowledge? Can you match it with something you have? You absolutely cannot. Even if you bear the burden of the world, peo-
ple, tribe and family who are connected to you all at once, can you inherit this? Again, no, you cannot. This time is so precious that even if the communist world and democratic world were allowed to perish, this opportunity would not be allowed to come to nought. God would think that even if all humankind were sacrificed, this opportunity should not be destroyed. This is what we should think. There is no way you can say all you want to say and stand in such a focal position. There is no way you can say all you want to say and still be a child of filial piety. There is no way you can say all you want to say and do all you want to do and still become a patriot. (51-354, 1971.12.5)

What is the current situation? You are living in the same age as True Parents. You only get this chance once in a lifetime. Among the many currents of history, it is a period that can be compared with the tastiest part of a fish. (46-167, 1971.8.13)

From the viewpoint of God’s will, although God wants the most important church in Korea to pray and make wishes as God’s representatives, they are now reduced to kneeling down in the snow and praying to God with loud wailing instead of holding worship, so that He will save their pitiful church or temple. You should know that establishing this Unification Church has been a history of sorrows in the providence. But now nations are welcoming us. In America, we are an issue that concerns the whole nation. It is the same in Japan and in Europe. The world has finally entered the time when people can think of our Blessed Families as lighthouses of hope, saying they are model families among humankind and the path to preventing family breakdown and youth promiscuity.

You should know how much blood and flesh was cut from me and how many sorrowful, tearful situations I passed through before this came to be. Nobody can separate the blessed couples. God wants them. To bring even one couple to the Blessing, God used the efforts of many of their blood relatives to lead them to an encounter with me. This is not coincidence. It is a historic event. It is an amazing thing that you are alive at the same time as True Parents, that you are breathing the same air and living together with them in this age on earth. More than this, it is remarkable that you have inherited the foundation of the Blessing. Being a millionaire is not important. Would the Unification Church as it is today have come into being if I had been like you? Everywhere I went, I went straight to prison. I entered prison by the front gate and left by the back gate. In finding the family I can live in, the church I can stay in, and the tribe I can stay with, I have now finished securing a global foundation. In other words, I have finished setting up the external conditions.

I have finished creating more than one hundred chapters of the Professors’ World Peace Academy, a forum for global scholars. I have created media orga-
nizations and a summit council that can move the world. Furthermore, by bringing together the religious world, representing the mind, and the political world, representing the body, I have created the Inter-Religious Federation for World Peace and the Federation for World Peace. I am doing these things all alone because there was no way to pioneer a path for humankind to survive and no way to advance toward a peaceful world without creating my own mind-body unity. In other words, I am doing this alone even though I face opposition. (211-336, 1991.1.1)

Section 3. True Parents’ Effort and Us

3.1. We absolutely need True Parents

The True Parents are needed to establish conditions of indemnity. We are to inherit their foundation based on the standard of having become one in love. (137-116, 1985.12.24)

America is like my enemy, but while I was in prison I established six organizations to save America, beginning with the Washington Times newspaper. A person in the secular world would have sought revenge, but I did not. One must give love. We absolutely need True Parents for three reasons – to complete restoration through indemnity, to become one in true love, and to receive rebirth based on the change of lineage. (137-113, 1985.12.24)

3.2. We are a branch engrafted to True Parents

Originally, human beings, as horizontal parents, were supposed to make a joyful beginning of love with God as the vertical parent. But Satan invaded that moment. So now it is necessary to take it back again and reconnect it, so that you will become the sons and daughters of True Parents. Since you are wild olive trees, you need to receive a branch of the true olive tree and be engrafted with it. Religions are meant to do the work of engrafting. This is Christian thought. This is why it is said that the marriage feast of the bride and bridegroom must occur on earth. (58-218, 1972.6.11)

The hope of humankind is to meet True Parents. Meeting True Parents is the fruit of history, the center of this age, and the foundation upon which to begin the future. You who are engrafted to them are becoming branches. Until now, all the hopes of the historical ages have focused on the future, but a connection with True Parents during one’s lifetime comes only once in eternity. It is a precious chance that comes only once. Your ancestors could not have it, nor will your descendants. (46-167, 1971.8.13)

Through the Fall, Satan took away all humankind. He carried them all off to hell. From among those who were taken away God separates people out one by one. This world used to be a wild olive tree in the satanic world, but God has turned it into a heavenly olive tree. God
made Christianity in the democratic world be a wild olive tree on the heavenly side, so it could lead the world. When the satanic world weakens and the Christian cultural realm is established, the Lord will come at his Second Advent, cut them off at once, engraft them completely, make them one, and turn them around. Today, the left wing has perished, and the right wing has almost collapsed. Who brought this about? God and True Parents did. Families who have become one with True Parents inherited True Parents’ path, so they should be strong and courageous wherever they are in the world. Then, just as God and this universe protect me, it will protect them, and winning the heart of a nation will be no problem.

If someone asks you where you go to church, proudly tell them that you are a Unification Church member. “We belong to True Parents. We are True Parents’ sons and daughters.” Please do not fight. By fighting you are acknowledging Satan. So go around proclaiming these things. Say to them, “We are number one Moonies, number one children of God!” Then Satan will not be able to accuse you. Carry such thoughts firmly with you. (201-128, 1990.3.27)

The final destination of God’s will is the family. Without the family, God has nowhere to settle. Since all families prosper when they have True Parents as their center, without families nothing can be achieved. Comparing this with a tree, it is like the branches spreading out from the trunk as the center. If you cut a branch and plant it in the ground, the tree multiplies. The ones who are to accomplish such a mission of the branches are the tribal messiahs. As tree branches grow bigger in all four directions, the central root grows bigger as well. The central root grows in proportion to the growth of the branches. As it grows horizontally, it also grows vertically. When the root grows long this way by sacrificing the horizontal standard, the branches also go up all the way. When you work hard for God’s will, things follow along like this. At the same time, since the power that has extended horizontally becomes condensed, we can conclude that we can connect to the cosmos through a life lived for the sake of others. So if a husband and wife live a life of horizontally serving, using the vertical standard that has God as its center, the realm of cosmic unity is automatically achieved. If they become one this way, they will necessarily rotate. Although they rotate, they do not fall down. They do not fall down because they have the horizontal standard. They rotate on the axis. They must rotate.

Movement occurs when centrifugal and centripetal forces become one. If you reach the state of perfect self-effacement, things will automatically rotate. When you start rotating, the axis goes up. When it comes down, an automatic reaction occurs. So it moves up and down, like taking a breath. When a person in such a perfected form establishes a family in the heavenly world, such a foundation will keep them from falling off. They can eternally live together
with True Parents. Thus, when you create resonance in heart with True Parents, this standard of deep experience in life becomes a foundation for the eternal world of heart. Unification Church members live together with True Parents and God. They are born with the love of True Parents. Since love makes an eternal connection, the connection of love cannot be cut. Until the day you die, you cannot forget about love. Even when parents die, they die with a heart of love for their sons and daughters. It is the same with the husband and wife. There is no one who forgets about love before he dies. Love goes beyond death and becomes connected to eternity. This is why you, a man or woman who have received life through love, cannot forget your parents who are the fundamental root of love. If your parents are the root and you are the trunk, your sons and daughters are the buds. When they grow together, they will extend to the realm of the tribe, people and nation. (218-127, 1991.7.14)

3.3. True Parents’ investment for our sake

Do you think it was easy or difficult for True Parents to give birth to the true children? How difficult do you think it is to recover what has been lost? I have been pushing forward even when individuals, families and entire tribes, peoples, nations, the world, heaven and earth, and the spirit world were opposing me. Do you think I did this for commercial profit? Why do you think I did it? I did it because I was trying to find love. Normally, you should know that with your current qualifications you cannot stand here. Actually, I should kick you away at the front door even if you came here a hundred or a thousand times! Nevertheless, I came here to speak to you. I am taking all the tough persecution upon myself. You are blaming me for your mistakes. In America, I have done nothing that caused me to deserve to be cursed or opposed, but I am still being cursed because of your faults. If this happened in ordinary society, I would abandon you, but I have not been able to do so. As for the court case in the United States, I did not have to return there. I could have just let it be; and yet still I came back for your sake. Without me, how much will you be torn apart? So I am protecting you by being struck. (116-113, 1981.12.27)

3.4. True Parents’ expectations of us

In the Unification Church there are many different kinds of people: Western people, Eastern people, people of mixed colors and so forth. What did you come together here to do? Why did you come? Even if you meet me, all I can give you is curses. I only have insults to give you, but you still like it and come here. Why is that? You are gathering here in search of love. You are coming for true love. You know the taste. It is like bees; once they taste the nectar in a flower, they will follow the fragrance of the flowers even for hundreds of kilometers without feel-
ing that the distance is too great. It is not easy to be True Parents. I would willingly hand over the authority of the True Parents, so if there is some representative here who wants to take it, please step forward. I never thought about becoming the True Parent, but as it turned out, I could not avoid taking responsibility for the Unification Church. And so on the way, I found myself as the True Parent.

If I had known from the beginning that I would be the True Parent, it is reasonable to say that everyone would have known it. Rather, I was digging into the fundamental problem of human life without knowing it, and came all the way here as a result. As I was disentangling these complications, the liberation of True Parents took place and I came to know that God needs liberation. Since God was liberated through me, He cannot help but absolutely love me. What have you done after meeting True Parents? I am asking you, what have you accomplished? Until now, I have gone through the family, tribe, and race, organizing individuals, families, and tribes while being beaten up in the devil’s world. Our Blessed Families have organized a tribe. This is global. Now the satanic world cannot take them away and do as it pleases with them. Why? When they observe closely, our way of life is very good. Today Eastern and Western people fight, and even if they do get together, they divorce after a short time. In contrast, our Blessed Families are living together well after ten years, twenty years, or however long. (211-323, 1991.1.1)

3.5. The standard we should meet

True brothers and sisters, true husband and wife, and true parents who embody the three subjects principle should appear in your family. They are that principle’s incarnation. You have to be true brothers and sisters to become a true husband or wife, do you not? And a true husband and wife have to appear in order for true parents to appear. When you stand in the position of true parents, you, of course, become a true husband or wife, and, furthermore, true children appear. True children stand in the position of object partners, becoming one with their parents’ consciousness and subject philosophy. Through love, they become one. Only love can bring these things into harmony. All elements and tiny creatures follow the path of love; they move towards the cells that can come into direct contact with the love that creates oneness with God – that is, human beings. So love requires sacrifice. You need to invest yourself. Because of the tradition of investing all of one’s life and possessions, entities at a lower level seek to invest their entire selves in service to those at higher levels. Thus, Darwin’s theory of evolution is not true but the logic of absorption through love can explain this. When a tiny creature serves by being absorbed as an element used to create beings of a higher order, how much will their value increase? (204-129, 1990.7.1)

What kind of religion will remain in the end? It is the religion of the True Parents. This is why I declared that the
True Parents’ religion must appear. I have declared that a religion does not become the religion of the True Parents just because it has a long history. I have declared that this religion is the servant-level religion, the religion at the level of the child by a concubine. This was the content of my official speech. Even though I declare, “You should know that the person who received the mission of the religion of the True Parents is Rev. Moon, who is delivering the keynote speech for this conference at this podium,” the world is quiet. Christians are making a big fuss, discussing the rumor that I am the returning Lord. Western society has concluded that if the Lord is coming as a human being, there is no one but me. Do you think so, too? Yet instead you are saying, “People say Rev. Moon is the returning Lord, but he is just like me, speaking Korean and so forth. How does he speak so fast?” are you not? I speak fast because I am trying to cope with a very busy schedule. I have to speak rapidly to catch things that are running away. So I studied how to talk fast. In Japanese and English, too, nobody can match me. Then, is it a good thing that you have met me, or not? Those who feel it is good that they have met me must do well. (214-175, 1991.2.2)

Section 4. Grace and Self-Realization

4.1. True Parents is a term that has appeared for the first time

For God’s will to be realized, parents must come; not fallen parents, but True Parents. You cannot find True Parents from the position of not having thought about it. This is not that kind of matter. This is a term that has appeared in history for the first time. Even a revolution does not compare with this fact. This is a miraculous and great event, unprecedented in history. The fact that you have come to learn the words True Parents and say the word “true” is possible because they have appeared with the love that surpasses the love of the countless parents who have come and passed away until now. Theirs is a love that cannot exist more than once. You can say the words True Parents because they have such a standard. The love relationship with them at this time represents the highest standard. If the love of God exists, a person can finally receive God’s love for the first time. This is the place of the highest ideal that cannot be imagined even by Jesus, who already came and left. Until this point was reached, the price was paid in the course of history. Satan, knowing that he would be completely defeated once True Parents appeared, tried to prevent that from occurring and to prevent that time from coming. As the false parent, he tried to accomplish this by sacrificing countless people and making them pay a price in blood by any means. Terrible sacrifices were made up until today. These have been the works of Satan who sacrificed all those believers who tried to uphold this philosophy and follow this path as individuals, families, ethnic peoples, nations and the world. You should know what a terrible price in blood was paid by our ancestors.
who were sacrificed, and by our brothers and sisters who sought goodness and pursued the way of truth and the path to the True Parents? (67-225, 1973.6.27)

4.2. The appearance of True Parents is the greatest news

If you want to find a utopian world, where do you have to go? Without going through the realm of original family love, you have no place else to go. I connected the realm of indirect dominion and the realm of direct dominion by means of God’s and True Parents’ love. Accordingly, the way opened to go back and forth between the spiritual and physical worlds over a bridge of love. As our Principle explains, the realms of direct dominion and indirect dominion are distinct realms, as God originally created them. Then how can we make them one? This is possible only through true love. The only time they become one is when human beings, Adam and Eve – reach maturity. At that time, true horizontal love automatically appears. When they embrace each other at that point, saying, “Oh, you are my partner,” true love appears at the center of that couple. When positively charged love appears in perfection, negatively charged love is bound to appear immediately. When positively charged love comes down to negatively charged love and they engage, they determine the standard of true love. Then it is complete. When true love appears, everything follows automatically. Only true love works for everything. This way, the world is converted into a utopian sphere. Where does true love start? It starts from True Parents. This is the gospel of all gospels. Although there are good words in the world – although husband is a good word and wife is a good word – there is no news better than that of True Parents. In the fallen world a true husband and wife will not appear without True Parents appearing first. (131-187, 1984.5.1)

This True Family was found as a result of experiencing the deepest sorrow of all sorrows, enduring the greatest hardship among all hardships, and paying the highest price in blood of all such payments throughout the course of history. To resolve historical sorrow, such miserable indemnity conditions had to be made in history. The price paid through people’s deaths throughout the course of history is redeemed when the True Family is found. Accordingly, the True Family’s appearance on earth is a cause for unparalleled joy and value. For such a true family to come about, there have to be True Parents. At the same time as True Parents, a true husband and wife must emerge. Becoming a true couple, they must give birth to true children. These True Parents should have no condition permitting Satan to accuse.

A true husband and wife should not fall into the condition of providing a basis for Satan’s accusation, and then groan in travail. The children in a true family cannot be the sons and daughters of a true family if they leave behind some condition to be accused by the satanic world.
You are using the words “True Parents” and know the title True Parents. Nobody in history has been able to call out or think about the name True Parents. But today you are in the glorious position of being able to call their name, know them and attend them. So you are in a happier and nobler position than anyone in history. Until now, those seeking the True Parents have offered much hard work and a tremendous amount of sacrifice to lay the foundation for their victory. Considering this, you should know that the words True Parents portend the greatest blessing for humankind today. History is being brought under control through the True Parents. True Parents are the starting point of our advancement toward a new world. True Parents determine the internal conditions that can subjugate Satan. In them, the central couple is finally defined who can liberate God by conquering Satan, the one who is occupying the external world.

Therefore, you should be thankful for this amazing grace by which you can live together with True Parents, receiving and carrying out their instructions. If there should be a way for you to align yourselves with True Parents’ path, even at the sacrifice of your lives, there should be nothing that makes you happier. If a soldier marches toward the enemy camp in accordance with True Parents’ command, he will be a holy soldier standing on the highest summit of hope desired by humankind, in full view of heaven and earth and drawing the attention of history. If you are in the position to fight on behalf of True Parents’ heart or on behalf of the nation and people, this heart will enable the nation and people to open the gate of the garden of happiness for the first time. The nation and people of hope who can march in and join in the glory of victory will appear. Considering all this, you should realize on your own, that you who are upholding the flag of True Parents’ heart are the flag bearers who can revive history and judge the world of death again. (43-142, 1971.4.29)

4.3. The future secured through True Parents

The title True Parents used in the Unification Church is a great one. Of course, the content of the Principle is very deep. It can ensure one’s confidence in the future, and give meaning to it. Also, if there is an original point that can guarantee value on the stage of real life, it comes from these words. So, what do we have to do? We must unite. With whom should we become one? You should not become one with yourself as the center. Nor should you try to become one with your family at the center by pulling in True Parents. On the contrary, you should be pulled by True Parents. In being pulled, you should not be pulled just by yourself, but take your parents and husband or wife together with you. Moreover, you should take your children with you and even your material possessions. You should become one in this way. (35-274, 1970.10.25)
4.4. The value of True Parents

There is one focal point to the purpose of God’s providence. It is precisely the point where God’s ideal is realized, where we can meet the lost parents, the lost True Parents. This foundation is thus the center of everything. That position is known as the True Parents. There have been many positions in history, but this is the most valuable one. Think about how important it is. All the saints have fought for this foundation. God considers it important, as do all the spirits in the spirit world. So all the people on this earth should also understand its importance. You have not understood its true value. It cannot be exchanged even for thousands of pieces of land. It cannot be exchanged for a diamond as wide as a stretch of land. You would not be able to attain it even if you offered the United States to God as a sacrificial offering.

How happy would you be if you can see this place directly with your own eyes! How miserable you will be if you cannot see it! You should think deeply about this again. God’s eyes and the eyes of all spirits and all people must be focused on this. To look at history from this point of view, there has been no history. There is nothing in history that connects with this. Since this place is the place of the first human ancestors before the Fall, there can be no fallen history after it. A new beginning starts from this point. In other words, the center of everything, the substance of everything, and the result of everything will begin from here. Those who can participate in this will be the first winners on earth. From this, we can start forming a family centering on God’s love. We can defeat the sovereignty of Satan and build a new, heavenly kingdom on earth. Moreover, the fruits of history will emerge from this point. It will be the center point of the entire world, the starting point of the future. The culmination of all past history will occur, the fulfillment of present history will be preserved, and the completion of the future world will begin. If you take hold of this point, this place, you, as a human being, can be the conqueror of everything. Then, how great the value of this place must be! How splendid it will be, how much you will love it, and how much you will praise it, respect it, and come to like it! This place has to be the highest place. It is unacceptable if it is not placed in the highest position in history. All those great people, however great they were, cannot compare with this. When you see it, you will surely be deeply moved by joy.

Have you ever danced in a dream while you are asleep? Every time you come to think of this place, this position, you will have that kind of feeling and be able to dance even during your sleep. Your heart should be drawn to this place more than to any other places, your life, or anything else. You should want to see it again, want to live with it, and feel that you cannot live without it.

(52-94, 1971.12.23)

If you want to become the parent, heaven and earth must respond in har-
mony. You must go to the heavenly world and win over God. Adam turned reality into a non-reality by saying “Yes” to something that God said “No” to. For this reason, without acknowledging a non-reality as a reality, regaining the original standard will not be possible. Whoever can physically resolve all problems in the process to become True Parents in both heaven and on earth brightens heaven and earth, resolves all the complex issues of history, and removes the nail embedded in God’s heart. The liberation of love desired by God results in rejoicing, dancing, and laughing while embracing and loving these sons and daughters. Great shouts of victory will rise up from every being filled with tremendous joy, to resound throughout all of creation and all of heaven and earth.

Without suggesting something affirmative in the face of denial, the parent cannot come to the earth. How serious this is! In the heavenly world, Confucius, Buddha and Jesus get together to perform this kind of test. God pushes this aside and negotiates this Himself. In God’s ideal of creation, there is a heart that cannot be expressed in words. Adam should realize this by himself in the period of perfection and bring the devil to surrender. He should be the sovereign of liberation. Adam is the ruler of all nations, the master of salvation, and the one who can be the first son among all brothers and sisters. The opposition of the satanic world put the spirit world into chaos for forty days. Since God is the judge, he must receive fair judgement from God. It was here that I received the verdict of victory and appeared on the earth. (215-86, 1991.2.6)

4.5. We should be grateful

How can we offer gratitude to God? How can we offer gratitude to our True Parents? How can we offer gratitude to our church? How can you show gratitude for being re-created? After the process I have been through, a true family will appear. At the next stage, a true tribe will appear, and at the next stage, a true nation, then a true world, a true universe, and a true cosmos; at the next stage up, God appears. This is our final goal. After the Fall, human beings inherited Satan’s lineage. This is the problem. For countless generations, instead of receiving God’s lineage, humankind received Satan’s lineage. So how can we eliminate this satanic lineage? I am asking you how can we eliminate the dirty lineage Adam and Eve inherited from the Fall? True Parents are the ones who have come with true love, true life and true lineage in order to eliminate it. They have been raising up lives using Satan’s lineage as fertilizer.

But in the new age of resurrection, the body grows based on God’s love, life, and lineage and uses true love as fertilizer. One side disappears and the other prospers. From that point, God is present with you and Satan is separated away forever. No one knows the pain that is in God’s heart. We know this only because God appeared in history, and through me here, revealed this profound mission; otherwise, we would not know it.
It is truly amazing. Even Jesus did not know it; or even if he did know it, he could not say what was in his heart. Also, no religious leaders have been aware of this hidden secret of the universe. I have come here before the world to reveal the secrets of the universe for the first time in history. From now on, we should turn our direction from the individual foundation to the national foundation. If the leader of a nation repents of his past and turns around, God forgives him. This is part of God’s new tradition and signals a new lineage. Otherwise, we cannot separate from Satan. This also signifies the ceremony of the transfer of lineage that takes place before the Blessing Ceremony of the Unification Church.

In the very beginning, because of the Fall, true love, true life and true lineage became connected to dirty things in the satanic world… Now we are connected horizontally to God’s true love, true life and true lineage. This means a conversion of 180 degrees. We cannot put our hopes in America or this world, which are connected to the satanic side. All the people of the world have followed the most wicked parents on the satanic side since the beginning. But now, for the first time, the direction has been turned 180 degrees. This is the starting point and the zero point. In this place, there is no meaning, no existence, no concept, no tradition and no culture. This is re-creation. God first created all things in the natural environment and created human beings by combining soil, water and air. At that time, human beings had no fixed concepts. It was a zero point. Today, we are turning around 180 degrees from Satan’s tradition. We are turning 180 degrees and becoming reborn. To be reborn is to be born again. The first to accomplish this rebirth is not the nation, but the parents. Brothers and sisters are next. Husband and wife are third and the children are fourth. God wants three generations but has not had them. The first generation is God, the second generation is Adam and Eve, and yet God has not had the third generation until now. Humankind has not been multiplying under God, but has belonged only to Satan. Satan is an enemy of love. How can this lineage be eliminated? You are not born as a Japanese or as a citizen of any other nation, but as one of God’s people.

What should our lives be focused on? God’s love, God’s life and God’s lineage – these three roots are the standard. So, what should you be grateful for? Do not offer thanks for living a comfortable life. You must feel grateful for bearing a cross. If the remains of a defeated army are bleeding and rotting with a bad smell, who will make the funeral arrangements? Who will train them and turn them into a regular army? Also, if there is nothing to eat, what should be done? Should they just be killed off? No. You thought that by winning everything would become nice and smooth, but actually you will have to bear a bigger cross. Your time will come after you have resolved all that, after you have rebuilt it. You can live happily only after you have established a new family, a new nation and a new world.
No matter how difficult it may be, if there is a railway to the eternal world, the original hometown, that railway and the railway of your life on this earth must be the same gauge. It must be the same as the railway going to the spirit world. How about you? Do you think the railway of your current life is the same as the railway in the spirit world? Can you run straight to God as you are? True Parents are needed in order to make the railway the same. (215-171, 1991.2.17)

4.6. Our connection with True Parents is destiny

We human beings are one hundred percent foolish, but God, who is more than one hundred percent wise, is our friend, and our ancestors in the infinite spirit world are our companions and supporting army. I am grateful to think about this. I know very well the feeling of taking risks on the front line, like the time David stood in front of Goliath. It is the feeling of courage and confidence. If I fight a hundred wars, I can win a hundred wars because God is protecting me. I have actually become this kind of person because I thought all along, “If you hit me, it is you rather than I who will be shattered.” Just as God raised me like this, I have the responsibility to raise you this way. This is why you have to inherit the destiny to become a wise person. This is not an acquired task, but a task that is your destiny. Being True Parents and children of True Parents is a destiny that does not change for eternity. Nobody can separate from this. We must go this path for a thousand years, even ten thousand years. There are not two ways: only one way. There is no other method or some secret way. We all must walk this path. (203-192, 1990.6.24)

4.7. We must carry out our responsibilities

What do we have to do to go through the twelve pearly gates of the spirit world? The question is how many people can we rescue from Satan on earth and help to become heavenly citizens before we enter the spirit world. To do this, we must shed blood, sweat and tears based on a heart of true love for the sake of recreation. You cannot bring your own people to the heavenly kingdom without investing a higher heart than that of satanic parents, husband, wife, and children, and walking the course of shedding blood, sweat and tears. You must understand that all the conditions that enable you to come close to God and that position of glory in the other world will be determined in proportion to the number of people you have rescued. Throughout my life, I have lived not only for the nation but also for the world. Why? Even those who are in the spirit world should receive benefits from True Parents. On the first of February, while I was in Danbury prison, I conducted a ceremony to open the gates of hell and heaven. I had to prepare everything for opening those gates. This is why I also had to go to prison. In this way, I have to go through great suffering and pain and climb over the hill of bitter sorrow.
No matter how vast the ocean, I must swim across it. No matter how high the mountains, I have to cross over them, even if they are the snow-covered Himalayas and I have to walk with bare feet. In the same way, I established all the foundations for victory by reaching beyond the misery of history itself. I went through a path of suffering so great that the devil himself could not follow me, and so he had to fall away. In your homes, your sons and daughters hold a solemn position. They are a second God. The grandfather and grandmother represent the past on behalf of God, the mother and father represent the present age, and the sons and daughters represent the future. We should be able to serve these representatives of the three ages as past, present, and future manifestations of God. Those who deceive their sons and daughters, deceive their wives, deceive their husbands, and deceive their parents will go to hell. The family, nation, and heaven and earth are supposed to be linked through the core of love that lives for the sake of others, the kind of love in which one invests even his life and forgets about it. There is no other way. Re-creation is accomplished through the origin of true love that invests and invests and forgets about it. All things, children, and one’s own self that can serve God must be linked through true love and acknowledged as possessions of God. When these are connected to true love, you will receive your share again and become connected to the age of children’s possessions. These will be distributed for ownership to mother, father, and children. (211-352, 1991.01.01)

Section 5. What We Need to Do

5.1. Our responsibilities

You are each walking the path of restoration as an individual, but you are not walking it individually. You are always
walking that path on behalf of True Parents. Otherwise, you will not be able to prepare True Parents’ victorious foundation at the tribal, ethnic, or national levels. For you to proceed correctly on behalf of True Parents, if True Parents are going out to establish the worldwide spiritual standard of victory, you should go out to establish the national standard of victory. You should know this clearly. Now that True Parents’ standard of victory is established spiritually, it must be established on earth. You are going beyond the level of one people, carrying out True Parents’ responsibility on their behalf. To explain this from another viewpoint, you are going over the national level towards the worldwide level, to spiritually establish the cosmic standard of victory. The Lord, who is coming as the True Parents for us, has to spiritually pioneer the cross we must bear, achieve substantial victory and take responsibility for everything. This is the difficult aspect of restoring parents.

Looking at heaven, earth, and humankind, has Heaven ever been able to attend the victorious True Parents? Heaven could not yet do so. Has the earth been able to attend them? It has not yet been able to do so. Has humankind been able to attend them? They have not been able to, but they are now on the way to doing so.

Then, is it enough just to attend True Parents? It is not. After attending True Parents, you need to restore a true family, a tribe, a people, a nation, and the world. The people of Israel was prepared for this. To stand before True Parents as true children, the children's course of individual-level restoration, course of family-level restoration, course of tribal-level restoration, course of ethnic-level restoration and course of national-level restoration are to be accomplished. Through the completion of the parents’ course of restoration for the individual, family, tribe, people and nation and the children’s course of restoration for the individual, family, tribe, people and nation, the standard of parents and children having become one and victorious is established. Only after this can we finally conclude national-level restoration and make a fresh start toward the global level.

Then, what is the mission of the Unification Church and in what kind of position are you who have joined the church? You have been called into the Unification Church, of which I am the central figure. You are in the position of having to horizontally and physically develop what has been a sorrowful six thousand years of vertical history. What kind of resolution do we have to make? What is the goal we must aim for? We must establish the nation of True Parents on a worldwide foundation. We must establish the world-level nation of True Parents.

We must eliminate the remaining sorrow, pain and tears of the world as soon as possible. This is the responsibility and mission of our Unification Church. You are now on the path you are meant to follow. You should not turn to look back, either with your heart or with your body, as the Israelites did when
they were on their way to Canaan. What is the hope we should harbor? We should have the sincere hope to be able to truly attend the True Parents who are coming to earth on behalf of God. In attending them, we should not desire to attend them when the victorious foundation is already laid and all people have come to admire and respect them; rather, we should desire to attend True Parents as they pass through history’s sorrowful course. Our ancestors are deeply pained that they were unable to attend the True Parents who have walked through the sorrowful course of history. All human-kind harbors the hope of being able to sincerely attend True Parents. Thus, you must become true sons and daughters of filial piety who attend them from a miserable situation rather than trying to attend them from a glorious position. To be such true sons and daughters of filial piety, even in difficulty, despair and misery that makes one cry out, we should be able to say, “Dear God, dear God who is guiding me, True Parents are walking the path of the cross of suffering that is more severe than that of Jesus. As someone who attends True Parents, I therefore accept any kind of heavy cross as a matter of course. I praise that, so please, God, do not worry on account of me.”

I am saying that we, on our own, should be able to indemnify the worries, pain, and sorrow that reach us, instead of giving them to God to bear. Only then can we be grafted, on the individual level, to the parents’ individual victory. Currently, our Blessed Families are spread throughout Korea. Why have I spread the Blessed Families out everywhere in Korea? God works with the thirty million people of the Korean race and the entire Korean peninsula, and True Parents are coming to the thirty million Korean people and the Korean peninsula.

The entire Korean peninsula of three thousand ri – every village, valley, mountain and field – desires to attend the coming True Parents. Serving True Parents is the desire of all people in history. You, as children, should establish the individual and family standard of indemnity and become substantial representatives of True Parents. You should be people whom those in the village want to serve without any regret. Of course, the True Parents are in the center and make a spiritual relationship with everyone. Since there is only one set of True Parents, however, they cannot relate with everyone personally. That is why the Blessed Families are the representatives of True Parents and stand in the position to relate with all people. True Parents have the responsibility to go over this nation and bear the cross on the worldwide level. Therefore, the cross of the people should be carried by the Blessed Families who live locally as true children of True Parents. All Blessed Families must serve as the foundation of a tribe and of a people in order for the works of Heaven to gain victory based on such a people. (13-288, 1964.4.12)

We must love True Parents and separate from Satan based on the standard of original love. We must fulfill our
responsibility to go beyond the standard of perfection on the world level. (137-116, 1985.12.24)

5.2. Our mission

In the future, we must prepare a foundation to attend True Parents and assemble the brothers and sisters of the world before them. We are the ancestors with this responsibility. Therefore let us remove the path of the cross and persecution that may befall our descendants. This is our original mission. (20-135, 1968.5.1)

When God stands in the position of the Parent unifying the human world and on the foundation where the Abel world and Cain world became one, God can finally appear as the master of all creation and the Parent. All people alive today are like children living without their parents. As such, they are fighting among themselves and so God has to appear as the Parent and teach them, saying, “Those you are fighting are your elder brothers and younger brothers.” Nobody knows this but God. True, ideal parents departed because of the false parents, and the foundation for the position of ideal children was lost and sacrificed to Satan. Therefore, ideal parents must now appear, and the time has come when God can educate ideal children again; a religion to take over this mission must appear. This is the Unification Church.

So what is the Unification Church proud of? We should be proud of True Parents’ achievements. Next, true children must be brought together. True Parents should not just love their clan but should be global and universal. True children do not say, “I only know the American people.” They should not do that. They should transcend ethnic feelings. In whose name? In God’s name. In whose name did the Fall occur? In Satan’s name. In God’s name, we should jump over the line of the Fall. So God should be above our head and should command us directly, just as God was above Adam’s head. True Parents have no connection to the Fall. Thus, the path of the Unification Church is to make a new world by gathering people with the true lineage from throughout the world, who are connected to True Parents and God. Then, a family will be a tribe, a tribe will be a people, and a people will establish a nation that takes dominion over the world. The fallen world has been sinking. Now we must make a new start and go up. There has to be a time when the fallen world and the new world will meet and things will reverse. The question is when we will be connected to the central line. You should all know this. (86-229, 1976.3.31)

Our Unification Church has True Parents, but in what position are they? They are True Parents only in the Unification Church, and have not reached the national or world level. Thus, Satan still remains on the national and the world level and is firing his guns. This is why our Unification Church is battling so that our movement expands to the nation, world, and spirit world the
capacity of the True Parents that is now limited to the church. This is the movement of our Unification Church. The time is now approaching. The environment in which True Parents can be welcomed as national parents is at hand.

(124-309, 1983.3.1)

Section 6. Things We Should Cherish as Our Own Life

6.1. Insisting on your own way is not acceptable

What you have is surely gold dust, but it is gold dust in the sand, contained in ore or in the earth; hence, it needs to be placed in a furnace and melted down. It must be smelted. This is the standard procedure. As the granules of gold melt and become liquid, would they say, “This is good!” or make a big fuss, saying, “Oh no, I am dying, I am dying?” Although they may say they will die, granules of gold do not actually die. If you want to be pure, you have to deny up to 98 percent of yourself. That which is truly you is only 2 percent. So then, what do you think you need to do? How miserable this is! Think whether the life of a Unificationist is miserable or happy. Then would Rev. Moon, the center of the Unificationists, be happy or miserable? I have a hope that although I was miserable at the beginning, I will be happy later. When there is persecution, you should think, “I am going into the furnace. This is coming because I am still not perfect.” If persecution comes, let it come. If people want to persecute us, let them persecute us! You should want to be inside the furnace until you become pure gold. This is how you can become pure gold quickly. As for those who are walking the path of abandoning their 98 percent and becoming 100 percent pure gold, how much endurance do you think they have to have? How much pain do you think they will endure? But you should still have the conviction to go forward.

Even if the people of the world evaluate you as 100 percent pure gold, the question is whether you will be a 100 percent when God picks you up with a tweezers and evaluates you. This is my worry. God has His view of 100 percent pure gold and I have my suggestion for 100 percent pure gold. Between the two, I want my 100 percent to be greater. How about that? I want my claim to be greater. Then, there should be no impurity, no insisting upon your own way. Does not God insist on His own way? Yes, God insists on His own way. God also has a nature to insist on His own way. In order to be purer, we should not insist on having our own way. Then, we will be 100 percent pure gold and be at a standard higher than the pure gold evaluated by God. We can think this way. If we are totally and eternally free from a mind of self-insistence, which thinks of the self as the center, we can be something that is more than 100 percent pure.

What is pure gold? It refers to its original form, without any impurity whatsoever. To meet the standard of pure gold, a nation must be a place where the people live enraptured in love, without any self-centeredness for hundreds and
thousands of years. Those who possess such love are like a great queen or king. I am telling you to be such a wife or husband. When you become pure gold this way, do you need God? God is already contained within you. You will not need Him. So you should be such people. (128-206, 1983.6.26)

Are you genuine pure gold or fake “pure” gold? When I look at you, I see you are not genuine. Perhaps if we put together four or five of you, beat you up, and remold you, you will be the real thing. This is how I see it. I cannot place you as if you were in a real market or store and sell you as genuine items. I cannot display you there. This is how I see it. So, there is a lot of training through adversity and the smelting process; a great deal of this process still remains to be completed. If you are asked if you are pure gold, I do not see you that way. Since a lot of the metal smelting process still remains for you to go through, you all have to be put in the metal smelting furnace whether you like it or not. Until you are put in there and all the bad things get burnt up, resulting in pure material in a form that is the same both inside and out, you cannot be called a Unification Church member. (127-202, 1983.5.8)

6.2. We must become one

To what extent do you know True Parents’ heart? And how united are you with True Parents in matters of lineage, character, God’s Word and daily life? How about your view of the nation, world and cosmos? This determines whether you can become true sons and daughters of God in a true sense. You are insecure if you are on your own, so the question is how to link you to True Parents. It will not work if you do not have the original source. You absolutely need the original source. In other words, you cannot manage without the core. (28-247, 1970.1.22)
True Parents are the ones who stand in place of your own father and mother. The original parents are True Parents. You and your parents should be one. Then, who is the grandfather? God. With regard to God’s commands, even True Parents cannot do as they please. Parents should lead their sons and daughters along the path the grandfather wants. This is the way of the parents. If True Parents have gone the way of restoration, you cannot help going the way of restoration as well. You have to fulfill the minimum 5 percent portion of responsibility. You should know this. You should love God more than you love your wife and more than you love your parents. You should love God more than you love your children. If this foundation expands worldwide, it will become the ideal world that the Unification Church speaks of – the original world. (128-30, 1983.5.29)

I already have both the root of the first Adam and the root of the second Adam. Therefore, you just have to engraft yourself into the first Adam, second Adam, and third Adam, and everything will be over with. The root is all one and the same. So, it is love, life, and then lineage. Lineage comes into being as the vertical and horizontal love of God exchanges life. Hence, you should love me more than anyone else. You should be more united with True Parents than with anyone else. Since this is a lineage centered on true love, you have the right of inheritance, right of equal position, and right of equal participation. This is why Satan cannot come near. (189-223, 1989.4.6)

6.3. We should love True Parents

How much love do True Parents receive? Have you ever thought about that? If there is someone who condemns the declaration that God is dead, he would love True Parents more than God does. If you pray to God to enable you to meet such a person, and you do meet such a person and they come to love True Parents, God will be joyful. If that person is the smartest person, and you agree, you absolutely cannot be defeated by the spirits in the spirit world. If you love True Parents, you can absolutely not be defeated. If you can accuse the spirits, “I love True Parents this much, but what have you spirits done?” then you will be the people living in the greatest abundance. If a fight breaks out among our family members as each of them tries to love True Parents more, what would God say about that fight? If one of them were to die during this fight, how would God judge him? Would God drag him to the guillotine? Without a doubt, God would call both of them, establish them as a model of loving True Parents, and tell other people to love True Parents as they have loved them. This is the standard. In other words, God, spirits, and all people need to pay close attention to True Parents. We should think about this in our daily life. If my words are true, this is an important issue. How far away are you from this standard? You should pray for this from this point on. Those without tears cannot follow True Parents. In such a case, your face cannot be bright. You should live for the sake of others.
And even though you may do your best, you should always have an apologetic heart towards heaven. You should be able to imagine how we should act. (52-97, 1971.12.23)

6.4. We must attend True Parents

Even if you went through the wilderness course, crossed the Jordan River, and fell in a fight with the seven tribes of Canaan, this would not be a victorious death. You can be an original person, worthy of a heavenly appointment from God, only after you have conquered the seven tribes of Canaan and established a new nation of Israel there. Otherwise, it is the same as staying in paradise; you will not be able to enter the Kingdom of Heaven. (13-296, 1964.4.12)

Who are the True Parents? They are the ancestors of humankind. You should therefore attend True Parents as your own parents. (118-147, 1982.5.23)

You should serve your parents for three years or more. In serving them for three years or more the family should serve them, then the nation should serve them and the world should serve them. This is really how it should be. Only then can we advance to the realm of global restoration. Based on the number three, you have to serve them for three years or more. Thus the principle is that for three years you live with your parents, eating with them and discussing with them. This is how your household should be. As a family living with the parents, you should have a three-year period in which you live in peace and happiness, use only good words, and share joy with one another. (44-169, 1971.5.6)

6.5. We should be obedient

The children must show absolute obedience before the Parents who have come in the original name of God. There is no objection to that. This is not something done by force. We are creating an environment where this can be done centering on love. The wife loves her husband and the husband loves his wife. You should become parents centered on love and create an environment where your beloved children can naturally and absolutely submit to you. Only then can the foundation of the Kingdom of Heaven not be destroyed. (101-282, 1978.11.7)

6.6. We must inherit the tradition

Until now, we have not known what would become of humankind. We have not known what would become of ourselves. In other words, people have not understood history. They have not understood where history is headed. They have not known what would happen in the future or their purpose. Why is this so? It is because they have not had true parents and ancestors. But as for us, because we are attending True Parents, we can say, “Ah, I know history; I know the circumstances of the history between God and each of us.” Also, we have come to know the present and future. We can both know such tradition and inherit
it. Now we can have the tradition with which we can win over history and the future. From whom? Why? It is because you have met True Parents. You follow what True Parents teach, and what they do, and you desire what True Parents desire and inherit from them. You are inheriting these things from them. (71-21, 1974.3.24)

Until now, there have been no parents in this universe. Those who acted like parents were evil parents, using and ruining their children. What got broken through this? Brothers and sisters, brides and bridegrooms, and fathers and mothers, who are meant to become perfect, have split apart. They have not had children of goodness, meaning they ultimately lost the family. The family is a representative of universal history; it represents the world, the heavenly kingdom, the nation, and all families. God is trying to find its center. History also has been looking for it.

People living today should be connected to this center. In other words, the common purpose pursued by God and human beings is this alone, and there is nowhere else that the past, present, and future can be bound together. Then who should do it? True Parents must accomplish the tasks that Adam and Eve were meant to do. Hence, what you have now is something Satan does not own – you should have the best brothers and sisters; the kind that are not found in the evil world. You must have brothers and sisters who are not from the satanic world. This is how it should be for you. This is until your twenties, before you marry. You need to establish such a tradition. You should leave your sons and daughters a tradition that teaches them how to live.

The reason you are fighting such a hard battle in the countries you have gone to is so that you can leave behind a tradition for your descendants. This is a great opportunity that comes only once, an opportunity to educate your children saying, “We worked amidst this kind of hardship.” You have the chance to establish a tradition you can leave behind as your testament. That is why tradition is the issue. This cannot be changed. It is an eternal tradition.

Since we have transcended the world, white people and black people should be brothers and sisters. This is to realize the brotherhood realm of humankind, the realm of Adam and Eve, which has nothing to do with the Fall. Then, what is the basic philosophy to establish that tradition? Everything will work out if we live for the sake of others. From here, your sons and daughters will grow up without suffering in this kind of environment. They will become descendants who can go straight to the heavenly nation with actual accomplishments that surpass the satanic world and can directly connect with heaven. Next, these brothers and sisters will marry one another. For us, marriage transcends nations. We have the mind-set that we can marry a black person if told to do so, marry a white person if recommended to do so, and marry a yellow person if recommended to do so. Such a tradition should be
established from now. This has not yet been established. We should create one-ness from now on. So you must guide your descendants and the world with this. The two must become one. When you become one you should not bear evil children. To bear children of goodness, the husband and wife should be completely one. Without becoming one, no children of goodness will come out. Thus, they should become completely one centering on God’s will. (71-19, 1974.3.24)

You can roughly see how I look and what shape I have by looking at me two-dimensionally. But you do not know what kind of path I have walked before coming here. If you do not have a firm conviction from the beginning and just follow this path, God’s will cannot be accomplished. You should have firm conviction. I brought this victorious result because I knew this as an absolute and sure path and started with the resolve to bring victory without fail. Countless individuals, families, tribes, peoples and nations opposed me and tried to shake my conviction and block my path. The world, too, has opposed me. Such things have intervened. You should inherit such a tradition, but can you inherit it without understanding it? When you inherit such an amazing thing, you have to do so with a new resolve. In other words, you should inherit it with a conviction that enables you to say, “I will do more than run to the end of the world and to the top of the sky” while being strong, bold and so grateful as to amaze God. The hearts of Heavenly Father and True Father are such that when they see your attitude, they will want to bequeath everything to you. The stark reality is that God is gathering and teaching those who know nothing and have no idea what is happening to the world. This is sorrowful indeed. (67-228, 1973.6.27)

6.7. We should be proud of True Parents

What should make you proud? You should be proud of God’s love and True Parents’ love. You should praise them more than what you own, more than what belongs to the nation, and more than what belongs to the world. Such love is the combination of God’s love and True Parents’ love. On earth, the Unification Church is putting into practice initiatives for unity on the basis of the ideal love of the direct dominion and on the foundation of the family. These are the footsetps of the Parents. This is the domain of the Parents. This is the realm of the direct dominion. (131-48, 1984.4.1)

6.8. You should pay your debt to True Parents

You must have a clear concept of True Parents. Are you indebted to True Parents or not? There is no way you can pay the debt. If you calculate your debt, it is impossible to pay. But you can pay off everything with just a small sign of your love. This is what we need. (116-121, 1981.12.27)
CHAPTER SEVEN

A Life with True Parents

Section 1. True Parents’ Day and True Parents

You are all interested in me, aren’t you? When I go somewhere and say something, you should all carry cell phones so that you can listen to me anywhere. On this True Parents’ Day, you should know how great your Parents’ suffering has been and how much pain your Parents have carried in their hearts. Now the time has come when you need to learn about your Parents. Otherwise, you will not know the tradition; you will not have a tradition. (131-62, 1984.4.1)

Originally, the idea of True Parents’ Day was the central idea in God’s concept of the creation. After creating all things, God created human beings to rule over them. The purpose for which God blessed human beings to take dominion over all things was none other than to establish True Parents.

Originally, Adam and Eve would have become True Parents by uniting with each other centered on God; then, Parents’ Day would have been established and the entire universe would have sung praises in the name of the Universal Parents. Thus, True Parents’ Day should have been a day of joy with the entire universe singing praises together in the name of the Parents. It was God’s deepest desire that this day be celebrated. Due to the Fall of the first human ancestors, however, heaven and earth never saw this True Parents’ Day. Thus, God has never ceased working to realize His original plan for True Parents’ Day. Before we can celebrate True Parents’ Day, however, we must first receive True Parents. The True Parents are the central beings. They must judge history, rule over the present and pioneer the future. The desire of people throughout history has also been to receive such True Parents.

Why are we trying to restore a people? We are creating a people to attend the victorious True Parents and to attend them truly by realizing a free heaven and earth as sons and daughters of filial piety. The True Parents will appear before the entire cosmos on a national foundation that can stand on behalf of heaven, earth and all humankind without accusation from the satanic world. Until now we have attended True Parents only in sorrow and pain, but from now on we should attend them in joy and in freedom. When God can dwell within our hearts, only then, when we are joyful, will God be able to say, “Yes, your joy is
my joy!” We should also establish a standard by which all people can say, “What you are grateful for, we are grateful for!” Today is True Parents’ Day. Only when you truly establish True Parents’ Day as your own True Parents’ Day, your own family’s True Parents’ Day, society’s True Parents’ Day, and the nation’s True Parents’ Day will it be established as the global True Parents’ Day. Only when you establish it as the global True Parents’ Day and then the cosmic True Parents’ Day will God’s original ideal of creation to establish True Parents be completed; only then will there be relief from the sorrow that came from being unable to establish True Parents’ Day due to the Fall.

Furthermore, only when we establish True Parents’ Day throughout all of heaven and earth will the sorrow of restoration be completely removed. Even though we have established True Parents’ Day and True Children’s Day, we have not established True Parents’ Day on the levels of an individual, a family, a people, a nation, the world and the cosmos. The same is true for True Children’s Day, and for the Day of All True Things. Only when we have developed to the point where we can be governed by the standard in which True Parents’ Day, True Children’s Day, and the Day of All True Things have globally triumphed will God’s original purpose of creation be completed. Only then will True Parents’ Day finally become True Parents’ Day for all humankind and at the same time True Parents’ Day for Heaven itself. In the same way, True Children’s Day and the Day of All True Things will be True Children’s Day and the Day of All True Things both for all humankind and for Heaven. When we have reached such a position, then the time will have finally come when God can say that everything has finally been accomplished. We must establish True Parents’ Day, True Children’s Day and the Day of All True Things on all levels from the individual, through the family, peoples and nations. Only when we have established these days on the level of one nation can they become the central days of the nation and of the entire world. This is the issue. (13-294, 1964.4.12)

Section 2. We Should Fully Understand the Words “True Parents”

There is a term cherished in our Unification Church. Some of you might be hearing it for the first time; it is the term “True Parents.” We say, Our True Parents! Did Jesus have True Parents? We have something that Jesus did not. Did Jesus have True Parents? Are not parents responsible when they do not protect their children? Parents ought to protect their children. They must be a protective barrier against Satan and say to their children, “Be happy in our embrace.” Did Jesus have that experience? For his entire life Jesus grew up and was treated as a stepson. This is why the Bible does not contain the words true parents. It does not contain the words true parents or true brothers and sisters. These words are a part of our Unification Church
terminology. They are not something I invented. They are words discovered to be part of the heavenly Principle. We use the words true parents and true children. We should understand how true children should act. True children should be able to offer their lives and everything they have for the sake of God’s Son and should be grateful even if they themselves end up in hell. Without going through such a process, nothing can be accomplished. In this way, you can return to the Father through having the heart of true children. (76-73, 1975.1.26)

We use the words True Parents. We say that we should go forward together with True Parents and together with God. Next, we say that we should be true brothers and sisters. Centering on what? Centering on Jesus. Jesus’ parents were unable to serve him, but we should reverse that failure through indemnity and stand in the position of parents who can serve him and who are better than his earthly parents were.

Which do you think is easier to accept: my referring to God as the Parent, or your referring to me as the Parent? You do not know how much I have suffered. You do not know how many walls there have been and how complicated it has been. Until now, myriads of people have struggled on that path and all have fallen into the pit. When you joined the Unification Church and began to understand me from the perspective of theory, it must have been easy for you to say, “Ah, he is the True Parent.” Then, which do you think is greater, the joy I felt when I realized that God is the True Parent or the joy you felt when you realized it? I could utter the word “Father” only after having gone through life-threatening suffering, but you were taught everything without suffering. This is why you can say, “Okay, I have come to know the True Parents; so what?” Who would rejoice more? Which do you think should be greater, the joy I felt when I met God in the parent-child relationship or the joy you feel when you meet me? Although my encounter came only after suffering, your encounter took place without suffering, so you should be more joyful. If I had paid hundreds of billions of dollars, wouldn’t you be you happy that you paid nothing? What have you paid? When you come and listen to the Principle you can understand everything. So, when you hear “True Parents,” you merely say “So that’s how it is!” and understand everything. (116-121, 1981.12.27)

Section 3. Learning True Parents’ Language

Language is one of the most challenging problems. When Koreans are here, those who do not know Korean have a difficult time. They look pitiful. How great it would be if language were unified! When I first came to America, I only knew “Yes” and “No,” although I had studied English through books. Can you imagine how stifled I felt! You need to know how necessary the unification of language is. Do you wish to listen to my speeches through an interpreter or directly from me? Of course, you want to listen to them in Korean. Why? Because
Korean is the original language. Therefore, in studying the Principle, if you do not know the original language, you will not understand the meaning of the words. Furthermore, when you go to the spirit world in the future, will you be proud if you can say, “I understood Father’s speeches directly, without translation” or if you have to say, “I listened to his words through an interpreter?” Which? Moreover, they are words that express the ideal world of love. Does it mean anything to whisper words of love through an interpreter? The fifth paragraph of our former pledge says, “We are proud of the one culture.” The question is how that one culture can come about. You should know that in the world of heart you have no choice but to become one. The one who truly desires one world of heart cannot go without knowing this. Now, when you reach out to someone because you love them so much, your feet move first before any thoughts about love. Your feet move first, and not the loving thought. How foolish this is! If you think about eating in the same way, it is as though you enjoyed eating leftovers. Without the tradition and spirit of the ideal family the ideal world cannot appear.

Even in the spirit world everyone uses the language that true parents and true grandfathers use. Would it work to say, “Oh dear, I don’t know that language!” You will realize, then, how difficult it is for Orientals to learn English. I myself learned English after the age of sixty. Do you think it was easy? You cannot make excuses. As you young people are coming into the Unification Church, you have to do it. You have to learn, even repeating words again and again while walking on the street. Learn Korean by repeating words and phrases while going back and forth to the bathroom. You have no escape. The reason I am telling you to learn Korean is because I have become the True Parent; there is no way out. No matter what nationality you are or what situations you are in, you have no alternative. When everything is unified, people will say, “This is the glory of True Parents! They have swiftly unified the world’s languages!” If they give me an award, what kind of award should they give me?

You should respect Korean more than the language of any other nation in the world. It is because of their language that Koreans are smart. There is no sound that cannot be pronounced in the Korean language. Japanese does not come anywhere close. Japanese cannot pronounce “McDonalds” properly and end up saying “Makudonarudo.” Can you understand what I mean? This is why things must work through the new culture. I am not saying this because I am a Korean, but because it is the Principle. If I told you to learn Korean without that being rooted in the Principle, I would be chased away. It is because I am talking about basic principles that you listen quietly and say, “As it fits the theory, what choice do I have but to accept?” In the future, the original language for scholars will be Korean. The Korean language will be the original language. (130-272, 1984.2.5)
Section 4. Revelation in Folk Songs

How great it would be if you could, while attending God, say “I want to live for thousands of years!” A verse in a Korean folk song that goes, “Moon, Oh moon, you bright moon, moon loved by the poet Lee Tae-baek! Oh moon, on you grows a laurel tree. I want to chop it down with a jade axe and trim the branches with a gold axe to build a thatched cottage to bring my parents to...” These are nice words, but where are the Parents? If they are parents based on their own desires, they will completely disappear. Where are the Parents who can reveal the great way of Heaven and earth and plant the tradition? My life’s purpose, until I die, is creating the way for the world that is like that folk song. (127-281, 1983.5.15)

Religious leaders prostrate themselves and pray in an effort to receive blessings, but I have never prayed to receive any blessing. The Old Testament Age was the age of finding God’s people by establishing all things; the New Testament Age was the age of finding the Parents by sacrificing the sons and daughters; and the Completed Testament Age is the age of liberating God by sacrificing the Parents’ family. This means bringing the Original Parents to this earth and living with them for thousands of years. The Korean folk song about the moon and the laurel tree sings of bringing parents and living with them for tens of thousands of years. This Korean tale contains a revelation: “…wanting to bring the heavenly parents to earth and live with them for tens of thousands of years....” Whenever I think about this song, I cannot escape the intense longing in my heart.

Don’t ever feel bad about having been born as a Korean. In the past, you might have felt pity for yourself for having been born Korean, saying “How is it that I was born in a thatched-roof hut among these poor Korean people, although Korea boasts of its five-thousand-year history?” The Korean song that goes “Moon, Oh moon, you bright moon” sings of building a thatched cottage and living there for thousands of years. I do not feel happy when I hear this song. Only a thatched-roof cottage? How can we fulfill the wishes of the people there? However, its reference to “build a thatched cottage, bring my parents there and live with them there for thousands of years” must refer to the ideal parents of humanity. The song connects with the Christian belief in the Second Coming and with the belief in a savior to come that is present among all peoples and nations. (85-80, 1976.3.2)

The song “Moon, Oh moon, you bright moon” tells of attending the parents, but which parents? Attend the parents and the grandparents on both the father’s and the mother’s side.... The song sings praises to the long-cherished desire of our people. This is why we have the concept of True Parents. The love that can bring us to live together for thousands of years comes from True Parents.
We want to live with both sets of parents. (126-190, 1983.4.19)

If True Parents symbolize masculinity and femininity with the highest authority of God, the authority of their sons and daughters should be at least as high as their shadow. You should not seek to come into the Unification Church maintaining the old habits and greed acquired in the satanic world.

Our church is different from the established churches. It is a place where we wage a battle of life and death, building an altar of love and preparing the arrows of love. We do not go to the Heavenly Kingdom to be judged by God above. No, He is here and judges our lives every day. Attending God together with me, we share in God’s pain and in His joy in our daily lives. Because of this we have not come to ruin or perished in the turbulent ups and downs of this age of tribulation.

Can God die? No, He lives! Today, having achieved global victory, I have returned to this nation. Our nation is divided and I must reunite it. While we build a unified nation you must also establish your own nation, people, tribe and family. It is simple now for Unification Church members, because your Parents have completed the entire indemnity mission.

Everything will be finished once you know the real God, the real True Parents, the real, true husband and wife, and real, true sons and daughters. You have to go out, fight and win because you want to know these sons and daughters, these husbands and wives. You must love them. When you love them and liberate your brothers and sisters, the twelve apostles, and 120 disciples on the satanic side, then you can love your own sons and daughters, and bring them to live with you forever.

“Moon, Oh Moon, you bright Moon, Moon loved by the poet Lee Tae-baek! Oh Moon, on you grows a laurel tree. I want to chop it down with a jade axe and trim the branches with a gold axe to build a thatched cottage. I want to bring my parents and live with them there for thousands of years” are the words of a song through which the Korean people can receive the mantle of the chosen people. It is a song the chosen people can sing.

This song is a prayer that sings praise for eternity. Its meaning is living with and attending one’s parents for thousands of years. Where? In a thatched cottage. Do you know what a thatched cottage is? You have to start at the bottom. Without serving your parents in a thatched cottage you cannot find the royal parents. You have to begin serving them in a thatched cottage. Organize a tribe and then a people from the tribe. Only when we have organized a people can right of kingship be established.

We have to find a nation. Already, in the world and among the nations, I am carrying a victory sign and standing in the vertical position. Since I am in the vertical position I cannot go to the side. The vertical position on the level of the individual, family, tribe, people, nation, world and cosmos centered on me are
aligned in oneness with God as the center. (212-51, 1991.1.1)

Where is the foundation upon which human love and God’s love can harmonize together? God created human beings because of love. Why did God create human beings for love? God is lonely by Himself. God created people because He wanted to live in love for thousands of years. Even if we have only a thatched cottage, we still want to live with our parents there forever. It is the same with the ideal God. It is amazing that God can go into a place even smaller than a thatched cottage and still embrace Heaven and earth, and breathe and live. Is that a small house? When God is there, even a thatched cottage is a palace in the Heavenly Kingdom, a universal palace. (204-106, 1990.7.1)

Section 5. Prayer in the Name of True Parents

God is the greatest teacher for fallen people. Among teachers, He is the great King of teachers, because there is nothing God does not know. Among parents, God is the First, in other words, the True Parent. As a king, He is the King of all kings. God is the best teacher and the first parent. If He is the First Parent, would He be a false parent or a true parent? He is the True Parent. This True Parent was unable to be a True Parent because of the Fall. In the Unification Church we close our prayers by saying “I pray in the name of the True Parents.” God is the first True Parent.

When you desire something in prayer, whom do you ask? We are supposed to call upon the Father whatever we do. When you are drowning who would you like to rescue you? When a savior is supposed to come and rescue you, would like some grandfather from a neighboring village to be the one who saves you? Or would you rather have your younger brother save you? Would you like your savior to be your elder brother or your younger brother? Who would you like to come to save you? You want your parents to come to save you. You would like your parents, the highest ranking saviors of all, to come to rescue you. Since parents know their children’s pain as pain penetrating their own bones, children are looking to their father and mother to be their saviors. (41-307, 1971.2.17)

When you pray, you pray in the name of True Parents, but who are the True Parents? Do not think of this term only with regard to Mother and me. No, think of True Parents from a higher point of view. Think of them in terms of the mother and father who can embrace the world at a higher level and truly love all people as one, transcending the emotions of any people or nation. This is why I also pray in the name of True Parents. (33-141, 1970.8.11)

Section 6. The Power of True Parents’ Name

The Bible says that humankind fell. So God must be liberated. Through the Fall, the sons and daughters, husband
and wife, the nation, and even the world that was to be ours were forfeited at one stroke. True Parents must come, recover all things, children, families, nations, and the world, and return them all to God. Those who once belonged to God fell under the sway of false love after deviating from the true path of love. Although they were created on the principle of ownership based in love, they were destroyed by fallen love. Now they must be salvaged through the love of True Parents, and all things, children, husband and wife, nation and world must be offered again to God. Then, God will sing praises of that triumph, the return of His universe through true love, and then He will give those offerings to True Parents. They will become God’s possessions and thereby True Parents’ possessions. In becoming True Parents’ possessions, they will become the possessions of the sons and daughters, and then again be distributed in the four directions. Without the world becoming such a place, the Kingdom of Heaven cannot appear on earth.

What is the local-level breakthrough (tong ban gyeokpa) we are pursuing? We must unite South and North and offer the Republic of Korea to God as the homeland of all humankind. This must be done in God’s name and in True Parents’ name, centered on the achievement of victory in all nations. This is why we have been investing everything. It is for this reason that we are now like a group of beggars. Why beggars? Because we already offered everything decades ago.

Now we must unite South and North, and in God’s name and in True Parents’ name we must take back all ownership historically claimed by Satan. We must restore the ownership to the throne of God, the Original Parent, so that Korea will emerge from this as the first ancestor nation among all nations throughout history. Working to bring this about is my final purpose of love. (211-126, 1990.12.29)

Section 7. Enjoy Eternal Glory in True Parents’ Name

Once we offer something, we have to offer in the name of God, and from God’s name it must return to True Parents. Just having True Parents will not be enough. Our offering must return to True Parents from the name of God, the Creator. It must become a possession of Adam and Eve. In other words, we need to receive it back. The inheritance must take place in True Parents’ family. After this occurs, then first will come an age of redistribution. We will have an eternal heavenly nation, where there is no Satan to have to separate from. Second, life according to the ideal of creation will be possible, and there will be no accusation from Satan. There will be no struggle or breakdown there. Since life under the ideal of creation starts within a completely unified system centering on true love, we will have the perfect Kingdom of Heaven on earth. After having lived here we will go straight to the Kingdom of Heaven in heaven. There will be no need for religion. Thus third, the Kingdom of Heaven in heaven and
the Kingdom of Heaven on earth together existing for the sake of true love will be realized. Next, the conclusion. May you receive eternal glory in God’s name, in ‘True Parents’ name, and in all of our names! May you receive eternal glory in God’s name, in ‘True Parents’ name, and in all of our names! May you receive glory without end! There will not even be any religion. That is it. (212-143, 1991.1.2)

Section 8. Bequeathing and Inheriting True Parents’ Heart

8.1. Bequeathing of heart

How will you deeply experience True Parents’ heart and God’s love and heart? This is the issue. The question is how to enter that state. For this you have to become the Adam and Eve who have not fallen, free from Satan’s accusation. How, then, will you become liberated from the satanic world? You have to win in the battle with Satan. To achieve this, how hard will you have to work and how much will you have to suffer? Jacob and Moses were each deceived ten times. Jesus Christ was also deceived in the same manner. It was the same with me. We must overcome this. We will come to know God’s heart through this. We will come to know the Parents’ heart. Otherwise, we will never know. Without this experience, Satan will never leave you alone. As long as you do not triumph over Satan, you will never be able to know True Parents’ heart or God’s heart.

Thus we must go to the front line. Everyone must go to the front line. As long as we do not do this but, instead, live a comfortable life, we will not be able to find God’s love, the Parent’s love, the Parent’s realm of heart, or God’s realm of heart. I must send everyone to the front line. You need to be persecuted, despised and beaten, and receive all sorts of harsh treatment. Only then can there be an inheritance of heart. A ceremony of inheritance will take place there. You must therefore always stand at the forefront and march forward like me. How harsh the persecution is on the front line! But this is natural. When you digest it, God will protect you. You will be able to deeply experience the same heart as you stand in the same place. The question is how to experience this heart deeply. The question is how you can come to know that True Parents are the real True Parents and that God is your Father. How will your bones and flesh know? The question is whether those cells, that body of flesh, know it even when you are not thinking. You must overcome the situation of being exposed to Satan’s accusation. This is the biggest problem.

The question is how to experience True Parents’ love deeply, but it is simple. You must be able to stand in a position like that of the original Adam and Eve, who have defeated Satan on the global stage. To achieve this, how much blood and sweat you will have to shed, and how much accusation you will receive from Satan! How hard it will be, because it can happen only after you have triumphed over the course of indemnity! If you do not appreciate being in that situation, then it will not matter how hard you
pray or what you do, you will not be able to go beyond it. You have to experience it deeply yourself. You will experience it deeply immediately upon entering into such a situation. You will receive direct guidance. In understanding the Parents’ heart, the great problem is how to feel what is called oneness. It will never happen until you have defeated Satan. It will not come. Power transmission towers have been established. They have been erected in individuals, families, tribes, peoples, nations, the world, the cosmos, and even in God. Now the power lines of heart must be hung there. Who will hang them? It is not I or God, but you who must do it. (125-206, 1983.3.20)

8.2. Sons and daughters inherit from their parents

If there is a gift God can give to the human world, what would the best gift be? It must be for all of you to become the ancestors of humankind and true mothers and fathers. There is nothing higher. Even being a cabinet minister or the president cannot match it. This is the greatest gift God can give to people. When there are True Parents, there will automatically be true children, true families, true tribes, true nations, and a true world. Then, what is the most important title? It is the name and title of True Parents.

What was the Fall? The Fall was that people did as they pleased. Therefore, we must tear down that which was not done centering on God and True Parents. Men should become incarnations of Father and women incarnations of Mother. Wherever God enters you, whether through your eyes or anywhere else, you should welcome Him. You cannot say, “Oh no, you cannot come in.” Do you want walls to remain in place? God’s love comes through you. You need to study all this. You must not be negligent. You should all do this. When you inherit the tradition, True Parents will come to you. True Parents will come to you as God’s messenger and give you the inheritance. (118-271, 1982.6.13)

Since True Parents had not appeared until now, neither could true children. So far, since no true person had existed on earth, True Parents had not appeared. So the Unification Church is saying, “Let us acknowledge True Parents, discover and serve them.” We are saying we should be sons and daughters of True Parents.

What do we do when we become their sons and daughters? We inherit what they have. The True Parents’ rights of inheritance include heaven and earth, and even God. We too should inherit even God. If there were no owner of heaven and earth, heaven and earth would have no value. We have to be people who can fully acknowledge the value of heaven and earth, and claim their value for eternity. We also need to meet the one who can officially recognize that. That being is God. Thus, we should gain True Parents’ rights of inheritance. Then, what are True Parents’ rights of inheritance? They include inheriting not only heaven and earth, but also God. (24-322, 1969.9.14)

The path we are walking has not end-
You will receive the Blessing through the gratitude you show before Heaven. You should be grateful individually and you should also never forget the value of having received the Blessing representing your tribe, your clan, such as the Kim or the Pak clan, and, moreover representing the thirty million people of Korea and all the people of the world.

Furthermore, you should know that you have inherited the responsibility that True Parents are to carry out on earth. Why do the Blessed Families have to inherit this? If the Blessed Families are going through the course to restore a people, True Parents should be going through a course to restore the world. In other words, they should be going one step ahead. Yet without establishing the victorious standard of having restored a people, True Parents cannot walk the course of worldwide restoration. That is why you must inherit the responsibility to restore a people to ensure that True Parents can walk the worldwide course. Until your death and until the sorrow of this people is removed, you must shoulder the responsibility to restore a people.

Section 9. What You Need to Take Heed of

Without entering the realm of heart, we will not be restored. Therefore, the person who is responsible for restoration must proceed while holding onto True Parents. Even Jesus has no way without going through True Parents. With True Parents as the central axis you should form a perfectly horizontal line centering on True Parents’ love. You cannot have any complaints. You cannot complain. If you complain, you will become warped and deformed. (136-67, 1985.12.20)

You say this and that about True Parents, but if you think of True Parents as if they were just some rich or famous parents in your village, you are gravely mistaken. For the world to be unified, it must receive True Parents. Humankind cannot find the way to unite the world. True Parents are the visible fruit of our hope throughout history and the visible fruit of our heart’s desire. They are the visible fruit of the victory that has indemnified everything. You should know this. True Parents cannot be exchanged for anything. (55-155, 1972.5.7)
CHAPTER EIGHT

The Three Great Subjects Principle and The Proclamation of True Parents

Section 1. The Three Great Subjects Principle and the Parent-Centered Ideology

1.1. The Three Subjects Principle is our desire

What do people want? What do fallen people really desire? It is to become true parents who give birth to and raise sons and daughters who are able to go straight to the heavenly kingdom without being persecuted by the satanic world. But, this has not happened. People’s desire is to be representatives of True Parents who can give birth to true sons and daughters and send them straight to the heavenly kingdom. Surely you all want to give birth to good sons and daughters! You want to give birth to the best children in the world, but you have been unable to do so. Then the question is how to do so. Then what is next? The archangel failed to raise Adam and Eve who were God’s children. The most important thing is to raise our children as God’s sons and daughters by whatever means possible, and educate them as people that God will need. I am sure you all want to be teachers and good examples. You want to work hard and be the president’s right-hand man who can represent the nation, or the owner of a company or the head of a branch of the country’s administration. You want to be successful. It means that you want to become a true owner.

We have three great ambitions: to be a true parent, to be a true teacher, and to be a true owner. You want to succeed and become a leader of your region, even the nation’s president, right? Before achieving this, you have to become the master of your own household. You have to stand in the position of the master who can inherit the family tradition, representing your ancestors and God. Through this you will be respected by all families and by the nation itself. These three ambitions contain everything in the world: true parent, true teacher and true owner. You should each become a true parent, a true teacher and a true owner. This is the Three Subjects Principle. What is the root of this three-subjects philosophy? It is true love. True love means being willing to invest more than a hundred percent, invest again, and then invest still more. You should be a parent, a teacher and an owner who has this kind of philosophy. The root is one. This is why, when we say true parent, a true teacher should come to the right side and a true owner to the left. They all go around together. You do not
become true parents just by having sons and daughters. You must give birth to them and raise them. Sons and daughters should depend on their mother and father. You must teach them. (205-19, 1990.7.15)

1.2. The Three Subjects Principle is the philosophy of True Parents

The core of Three Subjects Principle is the philosophy of True Parents. Why are true parents the core here? On the perpendicular there is only one vertical line. Since there is only one vertical standard based on true love, it is the representative standard rooted in the family where True Parents and the vertical God meet. Thus, a teacher or sovereign who follows the pattern of parental love will pursue the environment of a heavenly nation which Satan cannot invade. Since the evil one’s sphere of false love cannot invade, a realm of liberation will unfold and create the heavenly kingdom on earth. (213-124, 1991.1.16)

1.3. The essence of the Three Subjects Principle

The false parents’ betrayal of the heavenly principle of love has brought ruin. Since the True Parents have reversed that, we have been able to return to our original hometown. The age has dawned in which all accounts will be settled and we may once again travel together on the proper course. Everything will see its end. Everything, including Christianity, Buddhism and Confucianism will come to an end, as will politics. So, by bringing all these together, I have established the Inter-Religious Federation for World Peace (IRFWP) for the sphere of religion and the Federation for World Peace (FWP) for the political sphere. The divided mind is being made one and its worldwide fruits are being harvested. Upon what base are they being harvested? Based on the love of True Parents. True parent, true teacher and true owner are the essence of the Three Subjects Principle. With this three-subjects philosophy, even prominent people in the world are certain to kneel down before me, saying, “Please teach us!” The politicians of the world who used to claim to be owners – false owners – all have some connection with me. The Three Subjects Principle refers to me.

Then, where is it that I live? I do not stand only in the teacher’s position or only in the owner’s position. Even the president of a university returns home as a parent in the evening and even the president of Korea returns to the Blue House. Even the one who commands the royal courtiers must go home to sleep and there he becomes a father, a parent.

When we see these things, we realize that parents are the center. The school is based on parents and the position of owner is based on parents. Everyone may go out, but they will eventually return to their parents. The place where you can live without having to return is the place where your parents are. That is how it works with all things involving true love. The saying that the king, the teacher and the parents are equal has its
basis there. I am now conveying a true teaching to you. This is why I am the best of all teachers.

Among rulers there has been none who ruled with love. This is why your mind and body desire to live forever resonating with me and the way I am going. Those who really love the Unification Church and those in the Unification Church who have the heart to love God, love humankind and love the fundamental essence of human beings, are unable to leave me. This is because I have the heart of a parent, the heart of a teacher and the heart of an owner. Through me, you can become parents, you can become owners and you can become teachers. (215-78, 1991.2.6)

1.4. A parent-centered ideology

Is Jesus a man or a woman? He is a man. If such a man, who has received God’s love, God’s life and God’s lineage, had met a woman who could create a relationship with him and they bore children, then new children of God’s direct lineage would have been born on this earth. Then, neither Christianity nor the Vatican would be needed today. With the appearance of sons and daughters of Jesus’ direct lineage, a kingship and a true royal family would have finally begun on this earth and created one world.

This right of kingship would not initially have been a right of kingship for the whole world but one starting in a single family. From the family, it would have advanced beyond being a family kingship, to have become a tribal, a national, a worldwide and a cosmic kingship. Then there would be no need for any Christian denominations or ministers. The Vatican would not be needed. Democracy would not be needed. Democracy is an ideology based only on brotherhood. This is why people are fighting. Brothers are fighting among themselves. Hence, the ideology upholding brotherhood should return to a parent-centered ideology and from there to the God-centered ideology of Godism.

What is the parent-centered ideology? It is the character of true parents that Adam and Eve were to have fulfilled on earth. Next, what is the God-centered ideology? Since True Parents are the horizontal parents, we also need the vertical parent. Therefore, the vertical parent-centered ideology is the God-centered ideology. What we term as head-wing thought is the true parent-centered ideology and the vertical God-centered ideology. That is how it works.

Human beings are born when heavenly life and earthly life are connected, heavenly love and earthly love are connected, and heavenly lineage and earthly lineage are connected through the unity between the horizontal true parent-centered ideology and the vertical God-centered ideology. That is why we are beings with a dual structure. We consist of an internal person and an external person.

The internal person is the vertical self and the bodily person is the horizontal self. These are the fruit. (224-277, 1991.12.15)
Democracy is an ideology of brotherhood. When there are many brothers, the one among them who receives the most love from their parents always creates an issue in the family. When some of the children take after the father and some after the mother, a mother’s group and a father’s group will emerge based on which child takes after which parent. Such a scenario takes place based on love.

This is why after the Second World War we saw that the victorious nations allowed the defeated nations to keep their independence. This signified that the world had entered the realm of the brotherhood ideology. When we reach the point closest to the appearance of the ideology on God’s side, the two brothers will fight in front of the one God.

In the final period of history, America has played a leading role based on its Christian culture, which has laid a unified foundation. Instead of judging the other nations of the world, America allowed the defeated nations to maintain their independence.

These things suggest that we have entered the age of God’s providence when the abandoned sons and daughters, the prodigal children, can be brought back into the fold. This explains why the age of democracy, as a brotherhood ideology, came about. As the time of the brotherhood ideology comes to an end, the parent-centered ideology will arrive. Unification can occur only under such a parent-centered ideology. This is providential history. (213-10, 1991.1.13)

Section 2. The Proclamation of True Parents

2.1. Background to the proclamation of True Parents

How can I declare the coming of True Parents? The democratic world and the communist world are brothers, Abel and Cain. The two worlds are like two sons and yet they are fighting. But since I have reconciled the two fighting sons and stood in the position where I could be welcomed, I was finally able to return to Korea with the special authority of the Parents and I declared the coming of the True Parents throughout the nation.

This news is spreading throughout the whole world. The CIA in America is supposed to make a daily report on my whereabouts. It is the same in the Soviet Union. So, they surely know about me!

The fact that True Parents have been declared in this way places me in a global position. Everything that has been prepared in the world is waiting to be engrafted onto Korea.

What is the problem? We must quickly achieve “the unification of my nation.” The people of Korea are waiting to be engrafted onto the unified foundation. This is precisely how it is. (204-187, 1990.7.8)

2.2. The standard for the proclamation of True Parents

Strictly speaking, my hometown is not your hometown. The branches, buds and leaves are all the same, but the loca-
tions of the branches are each of your individual hometowns. Hence, if you cannot determine to restore your tribe, you do not have a hometown. Those who have no hometown cannot be born.

That is why we are engaged in the restoration of parents. You need to complete tribal messiahship through three generations.

Someone must prepare the circumstances in which all the fulfilled responsibilities – both those under the direct dominion and those in the sphere of the indirect dominion – can become one. Centering on God’s love, that person should conduct a ceremony declaring that all of us, together with all of the creation, belong to love. No one, however, has been able to do such a thing, so the sphere of God’s ownership is not yet determined. Whereas the declaration ceremony should have been conducted in oneness with God’s love, it was conducted in oneness with satanic love, which exists as a corruption of the Principle. Thus, Satan usurped ownership.

(213-123, 1991.1.16)

Democracy, too, has its conflicts. These are like fights between brothers. Fights between brothers are more terrible than those between neighbors, because if one brother is the east, the other is the west, and when east and west do not harmonize, the east becomes closer to north or south, and the west becomes closer to south or north.

That is, when brothers fight, they separate. But neighbors do not separate even after they fight. They do not pack up and run away. The most vicious of all disputes are those between brothers. Two nations at war in this age of brotherhood are bound to perish.

Korea has also fought, not knowing who the elder is or who the younger. The question is, “why do they not know?” They are badly raised children who do not know who their parents are. Brought into this world and raised as orphans, they will only stop fighting when their parents appear. That is why parents, the Saviors, must come. The fighting and conflict cannot end in an era of democracy – of brothers – but will only come to an end in the era of parent-centered thought.

The Unification Church has proclaimed the coming of the True Parents. If Adam and Eve had not fallen in the Garden of Eden, God would have become the True Parent. Adam and Eve would have become true parents also with God as the vertical True Parent, and Adam and Eve as the horizontal true parents – true parents within whom the vertical and horizontal are united. Viewed from this perspective, all four directions are the same. Even if things were turned upside down and east traded places with west, no matter how things were rearranged, all would remain in harmony.

If America continues to serve its own interests, it will not be able to turn the world around. Even communism should not serve its own interests, but should serve the world. Communism should become a system that is praised even by the democratic world as well as by itself. It should become an ideology which
everyone can cheer.

In this world gone bad, where vicious fighting has taken place and still continues, what kind of ideology is needed? In order for groups to stop fighting, brother against brother, the mother and father must appear. In that light, I have declared True Parents today.

For True Parents to be proclaimed worldwide, they must accomplish their mission as True Parents at all the stages of the individual, family, tribe, people, nation, world, and cosmos. They must reach the point where God Himself can acknowledge True Parents, where True Parents themselves can acknowledge True Parents. This announcement is truly historic. (202-165, 1990.5.20)

The proclamation of the True Parents should go out to and be received by at least one third of all humankind, but what is the reality? For this purpose I have set up conditions for the remaining two thirds. Japan is within my sphere of influence as is America and China. Everyone is within my sphere of influence.

When the age of parents comes, the fighting will be over. Even if brothers are still fighting at eighty, ninety, or a hundred years old, when their parents come, should the brothers stop and run to greet, their parents, or should they continue fighting? How should they run to greet the parents for whom they have waited thousands of years?

I have conquered through love – a love that serves others rather than myself. (202-170, 1990.5.20)

2.3. The place where the proclamation of True Parents is made

You should understand why I have suffered. If it were for my own country, why should I suffer? I am a smart man. I am very well acquainted with Korean customs. I am going this way because I want to serve the world and the heavenly kingdom. Korea has done all kinds of things for the past forty years. The nation has committed many sins against me. I have set up everything, carrying the burdens of my brothers and sisters and those of all the Korean people, all of whom are related to me in varying degrees. After all this, I have come this time and given the Blessing. This is why I proclaimed True Parents. Where did I make this declaration? It was not in Moscow. I did it in Korea. The Korean people should be grateful for this. (204-187, 1990.7.8)

2.4. Phenomena occurring after the proclamation of True Parents

2.4.1. The world today is rapidly changing due to the announcement of the Ceremony of the Settlement of the Eight Stages.

You must have heard the words “Ceremony of the Settlement of the Eight Stages.” Do you know what they mean? On August 31, 1989, I declared the Ceremony of the Settlement of the Eight Stages, in Kodiak, Alaska. At that time, even you would not have believed
what I said. When I said that the world would transform rapidly from that time on, you must have thought, “Oh, can it really happen?” The next day, the first of September, I proclaimed “the ideology upholding the Heavenly Father.” I declared the parent-centered ideology there at the very end, on top of the world. If the true parent-centered ideology had appeared on this earth before now, there would be no Satan or the sinful world that exists today. Now that such an ideology has been established, we can conclude that the satanic world must inevitably retreat.

On November 9, 1989, two months following this ceremony and declaration, the Berlin Wall crumbled. Then, after I held the Moscow conference, in April 1990, the top ranking communists and the brightest, most outstanding members of their second generation turned around completely 180 degrees in my favor. As the top echelon of the Soviet Union and the brightest members of their second generation turned around, they reached the point of no return.

We selected three thousand people from the Soviet Union who could understand English fully and educated them completely. Gorbachev even declared that they would give up communism. That was the end. Amid the turmoil today, what is the one single hope? What is the ideology that can take the lead? Now we have reached the stage where everyone can conclude that there is no ideology other than that with God at the center. Up to now, history has been led by people, but once they realize that God exists, they will arrive at the conclusion that they cannot help but follow that ideology. (218-157, 1991.7.28)

2.4.2. The forces of the devil enter the realm of death

Until now, the first son has been in the devil’s position. All the good spirits in the spirit world have used those on earth standing in the position of the second son. All spiritualists, therefore, have made use of other people on earth. However, now that we have restored the true rights and obligations of the first son, of the parents, and true kingship, the situation has been turned upside down. From now on, those who oppose the Unification Church will be struck down. Just wait and see.

Since true primogeniture has been restored, and Adam has been perfected on earth, we have entered the age when he can command the archangel in the spirit world. This is global. I have proclaimed True Parents throughout the world because I have restored the true rights and obligations of the first son and of parents, centered on myself.

Whereas the emergence of the false parents turned the world into a satanic place, the proclamation of True Parents under God will expel the forces of the devil, whether communist or any other. In terms of evil, the Republic of Korea is the worst. They are trafficking in men and women, not to mention children, for profit. It has plummeted to the depths to the most evil position. Who will clean it up? Not the present regime. It will be
done by my hand. The hand of the True Parent will cleanse it all; not by force but through education. Thus will the world be put in order. (210-246, 1990.12.23)

2.4.3. The coming of the heavenly fortune for unification

With what do we settle down? We settle down with the love of Adam and Eve, and with True Parents. We should settle down with God’s vertical love and True Parents’ horizontal love. From here true children’s blood connection with the original True Parents will finally emerge, horizontally expanding from the individual, family and tribe and leading to the formation of a tribe and people.

Until now, I have been fighting to find and establish these things, and I have triumphed. I have been proceeding under the persecution of the satanic world. When I started out as an individual, all the individuals in the satanic world opposed me. When I went based on my family, all the families in the satanic world opposed me. When the Unification Church was pursuing the formation of a tribe and people, the tribes and peoples all opposed us. They all opposed us based on whatever conditions had been established. But as I triumphed in this process, America submitted and the Soviet Union came to the brink of collapse; so there is nothing left to attack us.

After being victorious on the battlefield, I have returned. The summit cannot be surpassed. In returning, where do we go? Having mastered the satanic world, we return to our hometown.

Thus, we should enter North Korea through the land of South Korea. When the Right and Left all collapse, who gains supremacy? The heavenly side will gain supremacy. Through our declaration of True Parents, the communist world stands in the position to collapse completely, and Satan will decline rapidly from now on. He will not fall at the angle with which he ascended; he will plunge straight down because this is not Satan’s path; it is True Parents’ path. True Parents won the victory in the satanic world, and now can go beyond it, and come down to the plain.

This is not a place Satan can occupy; it is where True Parents are going, leading all the people. This is why everything is declining now. It is said that the present world is an age when material things have almighty power; but in terms of the spirit, it is an age of nothing.

Thus, the mission of the Unification Church is to deemphasize material interests, and make the spirit the central focus. Today’s schools teach skills but not character. They teach that God and humankind are not important. But we must preserve the value of both and go down the right path. We should start on the downward path and match this as one cyclic law. We must return to our hometown and achieve the reunification of North and South Korea.

Korea is a sacrificial offering representing the division between the left and right, that is, between the democratic and communist worlds. Our minds and
bodies are also divided, and our families are divided. Everything is in two camps and these camps are in conflict with each other. They have become factions that are divided front and back, and are fighting instead of being vertically aligned as upper and lower. The upper and the lower houses ought to be vertically aligned, yet they are fighting. So we need to establish this vertical relationship. (202-270, 1990.5.25)

The Unification Church can unify democracy and communism, and unite all religions. It can also unite religions with the world. We came with the responsibility to unify heaven and earth in front of the great way of heaven, and we were attacked. So as we rise higher and higher from the individual, through the family, tribe and people, those who have opposed and attacked us must go down. They have reached their peak and now must lose all their power. Hence, there is no country, no matter how large, that has confidence in the second and third generations; there is no country that can have hope in the second and third generations. All nations have become like that. Such a time has arrived.

My visit to the Soviet Union and other activities put an end to the communist world. The world has been laughing at us. They thought that we would shrink away and disappear, but this will not happen. It may seem that they have supremacy and can control everything as they wish, but that is an illusion. The Republic of Korea is on the verge of chaos. This problem cannot be solved by anyone. Everything declines after reaching its maximum height. We are rising by piercing through these barriers.

What is the original standard that enables us to pierce through and continue going up? It is True Parents’ teaching. Adam and Eve become family and tribal level true parents. Viewed historically, everyone is a part of one family, but Adam and Eve are the ancestors of True Parents. When a nation is formed, who are the ancestors of the nation? They are True Parents. Who are the ancestors of the family? They are True Parents. Who are the ancestors of the world? True Parents.

This is why the appearance of True Parents on this earth leads to the formation of the families in the heavenly nation and the organization of entire tribes, peoples, nations, and the world under the dominion of True Parents.

What does it mean to be victorious here? It means that all go into the domain of True Parents. This is why Satan attacks this domain from every side, and strikes it to keep it from growing. But we achieved victory in all these battles over the last forty-three years and have triumphed in America.

With respect to the Cain and Abel issue, America is a nation in the Cain position before me. I have fought against and won over this Cain, just as I won over the Soviet Union. Cain and Abel, communism and democracy, and the Left and Right-wings have reached their peak. Head-wing thought is standing at this point. Head wing thought is the perfected-Adam philosophy. Due to the Fall
and since Adam failed to become perfect, a son on Satan’s side, Cain, and a son on Heaven’s side, Abel, were raised up in order to restore Adam. Thus Left and Right have been fighting to claim ownership. This is what has been going on.

What is head-wing thought? It is the perfected Adam’s philosophy. What are Adam’s philosophy and head-wing thought based on? In terms of the Principle, the indirect dominion and the direct dominion are not yet unified. By Adam’s fulfillment of his responsibility the indirect and direct dominions will be unified. They become one after having gone beyond ten stages of growth. What does the number ten signify? It is the horizontal line. Ten finally constitutes the horizontal line.

Even nine cannot constitute a horizontal line. A horizontal line forms when the number ten is reached. Centered on love, heaven and earth, and mind and body will settle completely on the horizontal line. This settlement is for eternity. (202-270, 1990.5.25)

From this standpoint, we must proclaim True Parents. The proclamation of True Parents will trigger unification. We have three organizations dedicated to this. They are the Unification Church, the Federation for Victory Over Communism, and the Citizen’s Federation. The Citizen’s Federation was founded in order to unify North and South Korea. The Federation for Victory Over Communism was established to offer protection against the communist world. We can unify the North and South only when we are protected from the communist world.

I founded the Unification Church for the purpose of providing spiritual guidance in order to build a firm foundation for educating the conscience. This had not existed. Satan has been attacking the Unification Church to prevent us from building that foundation. However, I have now made all the indemnity conditions, returned to my homeland and proclaimed the True Parents.

I have proclaimed the True Parents throughout the Unification movement and then to the people who have some relationship with us and to our relatives. The True Parents have already been proclaimed in the Unification Church. Have they not been proclaimed throughout the entire Unification movement?

Because the Cains and Abels need to be one, the proclamation will be made to the nation. At that point, those in the position of Cain who have opposed us, will become one with us. Now the proclamation is finished. That is why spiritual mediums all receive the revelation that the day when True Parents are proclaimed is the day the world ends.

Since the world began with evil parents, a new world will begin when everything that is connected to those evil parents is brought to submission and the True Parents can make their beginning.

When a Korean wrestling champion and his challenger battle on the mat, the champion is still the champion until he falls down. But once he falls down, he goes into the pit. It will happen exactly like that. (202-273, 1990.5.25)
I have proclaimed the True Parents. The Republic of Korea will not perish because I have done so. If Adam and Eve, in the Garden of Eden, had become true parents, there would have been no devil. Since your deceased ancestors are in the position of archangels, they are standing behind you members of the Unification Church. The spirit world is helping us because I performed the proclamation ceremony. From now on, if you have confidence and just trust my words and act, all kinds of things will happen.

A while ago, when we were holding rallies to welcome True Parents in cities, counties, and districts, I said that you district leaders would bring results in accordance with the breadth of your mindset. When I suggested to the regional directors the idea of holding rallies for three thousand people, they all opposed me, but I said, “Trust me, believe in me, and just do it,” and when they followed what I had said, it worked. (203-242, 1990.6.26)

2.4.4. There will be no conflict in the future

Until now Koreans have never even once invaded a foreign land. The Korean people are a race who have deep affection and love for humanity. From this point of view, I can say that the Korean people are close to the realm of God’s heart because they have sacrificed more than any other people.

The highest things in the world, the highest and most precious things in the world of fallen humanity are the True Parents and the right of the first son. Next come the rights and responsibilities of parents, and then comes right of kingship. This is an exclusive authority. God has been active in Korean history in order to secure the authority of the first son who inherits the heavenly kingship. It is the same with Japan. It is the right of the first son to carry on for the emperor in the final days. The first son has to become a true parent. Adam was the original first son of humankind. Thus, the right of the first son must necessarily connect with the position of a true parent, and the realm of the first son must be restored. Otherwise, he will be unable to stand in the position of a true parent.

I returned from Russia and proclaimed the True Parents. The proclamation of True Parents! After restoring the right of the first son, True Parents must stand on the world level. Having gone beyond the nation to the world, based on how circumstances expand, that leads to tribal kingship and national kingship for True Parents. Thus, when True Parents succeed on the national level, true kingship will begin. When North and South Korea are united, the true kingship will begin.

The kingship that proceeds from God will be established. That is why the nation where such a kingship is formed will have the three main components of a nation: sovereignty, territory, and citizenry. Without sovereignty, territory, and citizenry, kingship cannot be established. I am now calling for global citizens. We now have sovereignty, but lack people and territory. Consequently, a
citizen that brings unification to North and South Korea, as a citizen of heaven and earth, should go on to establish kingship in alignment with the Unification Church.

In the future there will be no conflict. The struggles until this time have been self-centered and pointless. They were struggles to take something from someone else. A unified world, on the other hand, is a world where God’s kingship is established and where people live for the sake of others. Then there is no need for war. There is no need for brothers to deprive each other of their possessions. Instead they may run away because the other is trying to give too much to them! That is why, if you live unselfishly in your town, everything will be offered to you. You can receive a room in that town. With the utmost devotion people will prepare breakfast, lunch and dinner for you. You will be able to sleep there on your way. Such an age is coming.

In the future, the separation of the three powers will not be needed. Laws and everything else will disappear. When the autonomous realm of love is fully established, the law will automatically be fulfilled. In the place where living for others is realized, no problems arise: upper and lower, front and back, and left and right are one. (224-171, 1991.11.24)

2.5. The remarkable proclamation of True Parents

I have brought together the right-wing and the left-wing. Nobody knows how much I have suffered while walking this path. We need to build a domain where Godism, the God-centered ideology centered on head-wing vertical thought, can be publicly recognized in schools and at all levels of leadership. So the Soviet and American governments should say that when they live centered on Rev. Moon, America will live and the Communist party will live.

When I visited Moscow, the CIA kept an eye on me, but Rev. Moon will digest the Communist party, rather than ever being digested by it. I am the one who showed the direction that US policy should take over the next six months. When the Americans were hesitating over the Soviet proposal to reduce arms, I educated them and helped them go over all the hurdles.

When we turn around, where do we have to go? We should return home through the world; we should go over the nation and return to our hometown.

Because the fallen ancestors started with the family of Adam and Eve, we need to get rid of this mask. We need to clear the names of the three great ancestors of the three great ages. Adam fell. Satan killed the true ancestor of humankind. The first generation, Adam, became God’s enemy through his fall. The one who came next as the second true parent was Jesus, the Messiah. This Messiah, who had come as the Savior, was killed by humankind, by his sons and daughters, by the people. How great is the sin of the country that imprisoned and killed the true parent? They could not escape from this. This is why the people of Isra-
el have wandered around in other lands for two thousand years. When we look back through history, we see that many among their number were stabbed to death, or kicked by horses, or have disappeared like the dew through resentment or curses. After barely making it through two thousand years of history, they managed to create an independent nation with the support of America.

The devil killed our parents, the devil’s sons and daughters killed the second true parent, and devils throughout the entire world have attempted to mobilize all the ideologies and systems to kill the third true parent. Yet it is amazing that True Parents survived all kinds of perils and hardships and have been able to proclaim the way of the Parents, the True Parents on earth! How much God has longed for this! (219-333, 1991.10.13)

2.6. How we should conduct ourselves after the proclamation of True Parents

I told Gorbachev to get rid of the statues of Lenin and Marx. In the history of the Communist party, nobody except Rev. Moon ever said such a thing. The Communist party leaders were all in commotion, saying, “Is he really speaking about Godism in front of us? How can he talk so arrogantly?” No matter how much they may have hated me, today’s communist world has become like that. The one whom they had feared most in the world has turned into their only hope. They have no other hope. So I taught them clearly saying, “Listen to my words and follow me; otherwise, there is no way to go forward!” How proud God must have been of me, saying, “I have always wanted to declare this to the Soviet Union. You are a great son!” Since He said, “I want to set you above all humankind,” I have become quite famous.

American leaders said, “Wow, how can he do that?” European leaders also said, “How can he do that?” and the communist world said, “How can he do that kind of thing in the Kremlin itself?” When God came down to take a look, He must have said, “This is really interesting!” I know that is why I made such a clear declaration.

Everything is connected to the True Parents. Your ears want to seek out the True Parents; so do your nose, mouth and eyes. Everything is like that because True Parents have a strong power to attract everything. I know this. Even all of nature desires the True Parents. The creation says, “True Parents, please stay here with us always.” Nature cries out. Everything likes True Parents. They like the sound “True Parents.” When someone says, “I have met True Parents,” another says, “Where?” “Follow me.” Everyone will want to follow that person. That is what True Parents are like. True mother, true husband, true wife, true children, true grandchildren and true patriots all emerge from them. Everything starts from there.

This is the gospel with the greatest hope. We do not need the Bible. The purpose of the Bible is solely to find the True Parents. So the name “True Parents” is most precious. How do you want to be
related to True Parents? That is the question. If you think of True Parents as a tree, you are its branches that can thrive wherever they are planted. These branches live well wherever they go as long as there is love, regardless of whether they are planted at night, in the day, in winter, in spring, or in the rainy season. This is so because they accept everything. (202-351, 1990.5.27)

Our purpose is to liberate and save God, humankind and everything under the satanic dominion. This is our goal. This is True Parents’ purpose. We are declaring the heart of such parents as we march on. Satan cannot survive in such a place. This is the Principle view. It is the same with all things. They will shout Mansei! as they see you being saved. You have to be able to hear this kind of sound.

Wherever you go, all the things of creation will welcome you and all people will welcome you. The original world, centered on true love, is filled with the true-love sound of everything in creation. In the world of true love, you can understand everything as God does. It is there that you will inherit everything and have the right of participation, enabling you to join in wherever you are. True love provides these three privileges. This means that we can grab hold of true love automatically. We inherit God. God becomes mine. We can be with God wherever He is. How great this is! How happy we are! Nobody can deny this. We have such an amazing thing. How can we worry in our hearts? There can be no shadow. It is bright like broad daylight. This is the pride of Unification Church members. (202-354, 1990.5.27)

Therefore, from now on there will be no opposition from Satan on the path that Unification Church members are taking. From now on, whatever we shout will be absorbed and resurrected; whatever we shout out will appear.

There has been opposition until now because we have been on the rise. But we have reached the top and since there is no right-wing or left-wing at the top, the vertical thought has appeared. Headwing is higher. Everyone likes it because it is higher. Communism is an ideology of master and servant. There is no freedom. Democracy is an ideology of brotherhood. As such, it is about freedom. People have freedom among themselves. This is why fights continuously arise. They fight among themselves, each claiming to be the best.

Headwing thought is based on the parental heart and viewpoint. In America, senators and congressmen fight, and Republicans and Democrats fight. Why are they fighting? Because there have been no parents. When the parents come and ask them, “Hey you kids! Why are you fighting? You are not servants, but our sons!” Then all the fighting will stop. Parents should be happy to see black people and white people intermarrying. Parents want their sons and daughters to love one another rather than merely showing filial piety toward their parents. This is how children can love their parents.
If you make God’s true love your central focus, you will be eternally one. You will be connected with me from that point and once that connection is made no one can sever it. (202-356, 1990.5.27)

You will decide, “We also will walk the path of True Parents.” It is the same. You will also in the future take roots, rise as a trunk, spread branches, have blossoms and bear fruit. Everything is the same. This means that you will be true parents in the future. Things will happen this way in the future. How proud we should be! Open the door and try shouting, “Look here. What an amazing master is this person who is appearing here!” You will feel great. All the animals will feel the same. The spirit world will also say, “You are a savior with true love like your center, like Jesus the Messiah. Wherever you go, everyone there will be saved.”

With the proclamation of True Parents, Satan’s authority will disappear and, centering on religion, all the struggle due to the laws of indemnity will disappear. Since the good spirits will attain a position equal to the angelic world, an unfallen world will come about and the time will come when good spirits can help the earth as much as they want. Those angels are your ancestors. So from now on, all kinds of things will happen to those who oppose the Unification Church. They may get sick and die and all kinds of other things will happen.

You should become bold. This means that you should exercise the rights of ownership. Then, no matter how difficult an environment you may find yourself in, no problems can arise. If you say, “God does not want these things. Get lost!” they will be gone. They will rapidly decline. It is the same with the spirit world. If you say, “I do not want such things!” they will immediately disappear. You will be able to exercise such power all around you. When the center of love appears, everything will turn around towards it. When the morning sun rises in the east, all of nature turns towards it. This is the essence of life, the essence of love. True Parents are the central foundation for universal true love.

Thus, when True Parents appear, the entire world of creation will turn towards them, just as all of nature turns towards the rising sun in the morning. All creation is like the leaves or branches. In the spirit world everything faces God. Likewise, in the Unification Church, when I go somewhere, the attention of all the members is automatically upon me. It is the same.

Your entire purpose is true love and the center of the world is true love. God is the parent of true love. All liberation takes place there. When you stand in such a place the doors of the four directions will open automatically. The spirit world is the same as this. In the spirit world, wherever a master of true love may go, there are no closed doors. Doors will open automatically everywhere. Such a person is welcome everywhere. People in high positions will come and say, “Welcome. It has been so boring for too long. I welcome everything that is fun.” How splendid this will be! So you
should understand this clearly from now on. You have inherited everything of True Parents’. No one can tell you to do this or that. You will automatically be the owner. You will be a teacher and true parent. No one else can teach you. You need no other teachers, owners, or parents. You will stand in such a position in the near future. (202-358, 1990.5.27)

Until now, because of the Fall, it has been difficult for the hearts of people on earth to be vertically connected to the heart of God. The appearance of True Parents will connect them. Your relatives who do not oppose True Parents at that point are not the Cain sphere. They have entered the Abel sphere on God’s side.

Thus, from now on the realm of religion will break down. Until now, through the realm of religion centering on the chosen people, the spiritual and physical worlds have been connected in a mainstream type of relationship. Now, the Cain and Abel environment has disappeared because the Old Testament, New Testament and Completed Testament Ages have reached the same degree of completion. This has taken away the authority of religions. Thus, those families who are centered on you and who do not oppose you stand in the position of heavenly Abel. So things will turn around as you set them in motion and push. Today is such a period in history. That is why it will become our world.

You should understand this era. The proclamation of True Parents will put an end to the parents with satanic lineage. True Parents have fought against the satanic world, won back everything, risen up, and reached the stage where the democratic and communist worlds will collapse. Thus, since they have created these victorious conditions, on the basis of that proclamation the satanic world will come to an end. What does it mean for the satanic world to come to an end? It means being liberated from Satan.

Until now we have lived within the culture and environment of the satanic world. But now we are being liberated from the satanic world, satanic lifestyle, and satanic lineage. Where do we go after being liberated from Satan? We must return to God. The world today does not know God. Satan made it that way. Humanism does not recognize God, either. American humanism today has expelled God. What is the basis for humanism? It is the body.

The body focuses on itself. It seeks pleasure. If you chase after it you will be ruined. That is reality. So we need to be liberated from Satan and liberated from a satanic lifestyle: lifestyle means culture. We need to be liberated from such a lifestyle. Next, we need to be liberated from that lineage. Then, where do we return to once we are liberated from Satan? We must return to God. Although we need to return to God, neither communism nor secular humanism knows how to return to God. More than that, where and how should we live? We are not meant to live according to our whims, like animals. Ideally our lives would begin centering on True Parents from the outset. We should live in
the domain of the global ideal centered on True Parents. Thus, you cannot go to the Kingdom of Heaven without believing in True Parents. Right now it is as if there were many branches that have not been engrafted. (202-275, 1990.5.25)

You have to go out to the countryside and lay the foundation for True Parents. True Parents have to prepare the foundation for heaven. God goes ahead to prepare the path that True Parents will travel and True Parents prepare your path. Thus, you just have to follow True Parents. God goes one step ahead of the coming True Parents. For this reason the providence of restoration has consisted of the age of the providence to lay the foundation for restoration, the age of the providence of restoration, and the age of the completion of the providence of restoration.

God laid this foundation without True Parents’ knowing about it and True Parents laid this foundation without your knowing about it. You also should lay the foundation without your descendants knowing about it. In this way, we must go beyond the national level and beyond the global level. Then, God will go beyond the level of the history of the cosmos. If our members go beyond the national level, True Parents will go beyond the global level and God will go beyond the level of the history of the cosmos. In this way, humankind centered on God must itself go beyond the level of the history of the cosmos.

In light of this, you are two stages behind God. Since you are two stages behind God, you cannot allow yourself to be disappointed or tired. True Parents are going ahead of you on the path, for your sake; and God is going ahead of True Parents, for your sake. The efforts of God and True Parents are something you cannot repay with anything, even through your own death. You are going ahead with such a debt. True Parents inherit God’s will and you inherit True Parents’ will – you should never lose that philosophical tradition. What is that philosophical tradition? Since people are born into the lineage of the enemy Satan, they must first cut off the lineage of this enemy, Satan, and then restore the lineage of God and True Parents. In order to do this, everyone must become one in heart with God. Based on that oneness of heart, people should connect with the heavenly lineage, become a branch and leaf of the tree whose root is God, and become an incarnation of God, thereby establishing an absolute standard on earth to subjugate Satan. Only then will the history of restoration move forward. (13-296, 1964.4.12)

2.7. What we need to do after the proclamation of True Parents

2.7.1. Be grateful for the proclamation

What will happen through the proclamation of True Parents? All the good spirits in the spirit world that have served God and all the evil spirits centered on Satan will be sharply divided. When you are centered on True Parents, you stand
in the position of perfected Adam and Eve. Perfected Adam should always be protected, nurtured and helped by the archangel. When you stand in the realm of perfected Adam, the archangel must not only help you, but must also serve you as the real master in keeping with the ideal of love. This is the stage where you can give the orders. You will rise to such a position. This is why this is the end of the world.

Everything in the spirit world that started with the love of false parents will come to an end and there will be a new world centered on the new love of True Parents. With this as the soil, a new world will spring up. With this proclamation, those who unconditionally oppose our Unification Church in the future will all fall sick, little by little, and collapse. They will wither away like trees that have lost their sap and immediately become food for beetles. Thus you should follow a new lifestyle. The origin of new life is new love. What is new love? It is the love of True Parents. It is the new love of the ideal of creation. This is why you should be grateful to me. Be grateful because you have been liberated from Satan. You have been liberated from the satanic world through True Parents. What is the next thing you have been liberated from? You have been liberated from the satanic lifestyle. Lifestyle is grounded in culture and accompanied by habits. You are liberated from Satan and from the satanic lifestyle. Lifestyles differ according to cultural background. The British live according to British culture and Americans live according to American culture. They are all different. Their living environments differ. You should be liberated from this kind of lifestyle. What follows? It is lineage. Three great liberations will occur. This is why the Unificationist culture will automatically emerge. What do you do after you are liberated? Since you are liberated from Satan, you will go to God.

If you are liberated from Satan that which has been shackled through its connection to the false parents also becomes liberated. Therefore, you will return to the free heart of the Parents. When returning, you cannot carry on with the habits of the satanic world’s lifestyle. You must thoroughly burn them away. (202-273, 1990.5.25)

When you say True Parents there is God, who is the vertical True Parent, and there are the earthly True Parents, who are the horizontal True Parents. You should be created through the love arising from the union of the two. Because at the zero point – that place where there is no love – you will finally develop the character of a true subject; if you desire love, you must start from nothing. You must ignore your own fundamental existence. This is why in the Bible we find the paradoxical expression that those who seek to die will live and those who seek to live will die. Thus, you should be grateful for your having been liberated from the satanic world. Next is lifestyle. A history and tradition are established on the basis of culture,
so when I say lifestyle I mean culture. Next is lineage. Lineage revolves centered on love. You need to be liberated. This is why you should say to yourself, “I am part of God’s lineage. God dwells within me.” Your mind and body should not fight with each other.

From now on, ask your mind and heart. God has already entered your mind and your heart; you are God’s bud and leaf because you attend True Parents and have the root. Everything experiences the ambient atmospheric pressure, but, because that pressure is completely balanced you do not feel it. Everything is protecting you to prevent you from deviating but because it is all perfectly in balance, you do not feel it. However if you act against your conscience – against God’s will – even a little bit, the power of the universe will strike you, saying, “You numbskull!” This power is so strong that even if you try to go one way, your body will be spun around.

So if you pray for God to be in your mind and for True Parents to come into your body, they will come; God will dwell where mind and body intersect and correct the angle between your mind and body. You need to be liberated from the three great satanic realms. First, you must be liberated from the vertical representative, Satan, and next from the cultural realm, or lifestyle tradition you have received from your natural parents, such as the Korean culture or the American culture – and all other cultures. All of them are heading towards one center, but the farther away they are, the more trivial they are. (202-278, 1990.5.25)

2.7.2. Accumulate results

NBC, CBS and ABC have reputations as the best broadcasting companies in America. They are recognized around the world but they have done all kinds of wicked things to destroy me. The newspapers have also attacked me, but since I already knew everything before their propaganda came out, it did not work. They put their stories in the newspapers and beat their drums, but since there was no one dancing to that rhythm, the drummers became exhausted and gave up. Now we will mount our counterattack. Since we have a media company, we will challenge them through our newspaper. I called the responsible person in the editorial department at one of these papers and asked him to come see me. I gave him a hard time. I am waging this kind of battle.

That is why the issue is the actual results. It is not ability but actual results that will unify the world. Although you may not have ability, you must nevertheless have results. To achieve results is to gain power from the universe. Presidents of nations are no match for me. They will come to their knees because they cannot match me in terms of great results and business. You should also have results that you can pass down to ensuring generations. You should bring this as a gift when you go to the spirit world.

When a woman gets married, she should bring at least a small gift to her grandfather-in-law and to her other relatives. Then they will speak proudly of their new daughter-in-law. When you go
to the spirit world, your ancestors will call you in front of them and chastise you, saying, “You joined the Unification Church through the merits of your ancestors, so what did you accomplish before coming here? Have you fulfilled your role as a tribal Messiah?” Would they not chastise you, when through your actions you could have liberated seventy-two generations of your ancestors but did not? So your mind must be properly educated.

You should recover all of God’s people lost to the satanic world by engrafting them into the heavenly world. How many will you bring back to God’s side through your efforts? How will you create the eternal tradition of the ideal of creation? How will you create the eternal tradition of true love among your relatives and among all restored people? How will you connect your own sons and daughters with this eternal tradition? That is the issue. In the other world, this will be the key to having authority in your eternal life and your having a position in the hierarchy of life. You should take care of your relatives and bring 120 families or more with you. So prepare yourself in order to avoid being ashamed. Not only ashamed; you may even be chased away naked.

Now I have already proclaimed the True Parents to the world. As the age of the world’s chosen people passes by and we enter the period of welcoming the True Parents, the age has arrived when all people from the entire world will enter the realm of Israel. That realm will be organized according to the level of people’s accomplishments. (213-139, 1991.1.6)

2.7.3. Rallies to welcome True Parents

Since we are holding welcoming rallies for True Parents these days, all around the country Korean people are talking and wondering, asking themselves, “Hey, who are these ‘True Parents’ we hear so much about?” They should turn around and seek out the True Parents. Since they descended from false parents, they cannot find the direction God is telling them to go without first transcending the limits of the false parents and then connecting with the True Parents. This is the Principle. It is logical and undeniable. The Fall created false parents. Because they were driven out, they were the false parents. People should seek parents who have never been chased away, through whom they can live together with God forever.

This is how we Korean people are. We have songs like the one that goes, “I want to bring my parents here and live with them forever.” This is because we are a people of revelations. We also have a song that goes, “The blue sky and the milky way...” This shows that we are a people to whom things have been revealed. That song showed everyone that satellites would appear, and that the world would be that kind of advanced world. What a great feeling for the arts this race has! It is a great thing that we have such a cultural background, a refined background with a deep philosophy. (206-80, 1990.10.3)
Rev. Moon has proclaimed the True Parents before all the people of the Republic of Korea through the rallies to welcome True Parents. True Parents must be proclaimed. Only then will Heaven be able to set up camp and repel the evil Satan. Now wait and see what happens. Look at the future path. We have held welcoming rallies for True Parents all over the country, but no one knows what they were about. I did not hold these rallies because I am crazy. Through the welcoming rallies for True Parents, we are solidifying the heavenly foundation to replace those on the side of evil. (204-144, 1990.7.6)

I proclaimed True Parents nationwide through the welcoming rallies for the Parents. Now what do you have to do? Since I held welcoming rallies for True Parents on the foundation where the nation and the world are connected, you Blessed Families should now hold welcoming rallies for parents on the tribal level. Then, everything will be concluded.

You need to complete your tribal messiah work. After completing messiahship on the world level based on a nation, we need to manage the tribal realm. Tribes spread throughout the world. A nation will then naturally emerge. Such a time has come. What is making this happen? The democratic world has finished its experiment. The communist world has finished its experiment, so have Christianity and all the religions in the world. Why am I saying that they have finished their experiments? There has been no group that has not opposed the Unification Church. All of them have attacked us. (202-270, 1990.5.25)

After we have finished the welcoming rallies for the Parents throughout the entire nation, we will enter a new age. Spiritualists are receiving revelations that this world is ending and that we are entering a new world. Because of the rallies the spirit world is coming down. There is an Old Testament Age, a New Testament Age and a Completed Testament Age. In the past, those spirits who had believed in one of the major religions, who left a good legacy and who are in the good spirit world, helped the providence on earth in accordance with God’s will. Until now, without going that way, there has been no way for spirits to relate with the earth.

Since True Parents have now appeared on this earth, establishing individual, family, tribal, national, and global traditions and have been victorious, then now is the time when we will leave the sphere of religion behind us. Religions will disappear in the age of True Parents, because they have achieved global victory. Had Adam and Eve not fallen but become True Parents, religion would never have been needed. In that case, they would have been able to join with heaven as one, and ancestors would always be connected with their descendants on earth in that ideal of oneness. Because the Fall blocked this route, however, we need to create the proper realm for the chosen people in order to open the way.
The age of our release from the religious realm is coming, because everything has been indemnified through the people of Israel as the chosen people, Christianity as the global chosen people, and the Unification Church as the cosmic-level chosen people. So now the time is coming when the spirit world can contact the earthly world on that foundation. Thus, even non-believers will be connected to the spirit world through the realm of the chosen people and through religion, and the past ages will fade away.

Through the triumph of True Parents, there will come a time – the era when the Old Testament, the New Testament and the Completed Testament have all been fulfilled – when even non-believers can enter the mainstream of religion. Then, all of the ancestors in the spirit world will be able to visit their earthly descendants and work with them. This is what the spirit world is like. For this reason, from now on, if someone refuses to believe in the Unification Church, his ancestors will come to him and give him nightmares, sickness, and bitter medicine.

Until now, the earthly world has been divided, and occupied by Satan. However, as the good spirits in the realm of the good archangel and those in the religious realm as a whole enter the realm of evil on earth and fully expel it, everyone who has served in the shadow cast by the devil so far, whether Kim Il-sung or any other, will be washed away. Thus, as one, two, three, and four nations become connected to the Unification Church, the whole world will see the age of complete liberation. From 1988 to 2000, that is, until I turn eighty is the era of the mission to accomplish this task. This is why the role of tribal messiah has been set up.

Having proclaimed the worldwide Messiah, I have proclaimed the role of tribal messiah with the mission to head towards the realm of the national Messiah. Then the realm of national Messiah will unfold in which the tribal messiah is connected to the realm of the global Messiah. In the same way, as the establishment of heavenly states and provinces takes place, we will enter the age of the unified kingdom. (202-255, 1990.5.24)

2.8. The parent in the North and the parent in the South

As we learn in the Principle, during the Old Testament Age material things were sacrificed to pave the way for the sons and daughters to come and in the New Testament Age sons and daughters were offered as sacrifices to pave the way for the coming of the parent, the returning Lord. Why did the Parents suffer in the Completed Testament Age? They walked the suffering path in order to bring God down to this earth. My lifelong dream is to bring God down to this earth.

I was not able to attend God in my hometown. So I must go back to my hometown holding high the flag of global victory. There is an evil lord of the second coming in North Korea; an evil parent. Thus Kim Il-sung is called the “beloved parent.” What does the
word parent mean? Because Satan knew
that True Parents would appear in South
Korea, and that True Parents’ home-
towns are in North Korea, he wanted to
attack and kill the True Parents through
North Korea. This is why Gorbachev and
Kim Il-sung conspired together to assas-
sinate me. In February of 1987, they dis-
patched twenty-five Red Army soldiers
to America, and the spirit world caught
them carrying my home address. The
CIA caught them, and while they were
being investigated I entered Moscow.

It is a risky path. My path is risky
because in accomplishing God’s will I
have the responsibility to shorten this
history even if only by one day. I have
been paving this road, investing my
whole self as if pouring all my capital
into the Pacific Ocean and around the
countryside. I cannot leave any histor-
cal blemishes in such a place. This is
something holy. Something holy! This
is why God can come and dwell in our
country.

The South and North are like the body
and mind. When they become one, God
will come to them. God enters where
they become one in love. This is why we
need to unify the South and North. First,
the Parents should be attended in South
Korea. They should be attended better
than the North Koreans attend Kim Il-
sung. North Koreans carry Kim Il-sung
badges. Unificationists should not be
ashamed and stand even more proudly
before the world than they do. North
Koreans are all armed with Juche (self-
reliance) thought. So we should arm
ourselves with the Three Subjects Prin-
ciple centered on God’s unshakable and
absolute love and widen the gap with
the North Koreans so that they cannot
interfere with us. Walking such a path is
our mission. (212-56, 1991.1.1)

Kim Il-sung is the false father. North
Koreans call him their parent, do they
not? Why has he appeared at this time in
history? The person who is the most vil-
lainous in all the communist countries,
the greatest of all devils, will appear.
However, I am called the True Parent.
The True Parent should be able to sub-
jugate the false parent through natu-
sral surrender. He should not be struck
down by force. God’s providence of sal-
vation and God’s victory or defeat is not
determined by force. If force were to be
used, everything would be over imme-
diately. If the communists had had their
way, everything would be over. The
fallen world, which used to show off its
mighty armies that created such a his-
tory of strife in this earthly world, and
which passed down Satan’s tradition,
will have a miserable end.

God, who knows such things, is try-
ing to bring Satan to surrender natu-
really. He tells him to do everything he
wants. After letting him do everything
he wants, Heaven will be hit first and
then it will take it all away, saying that
the one who struck the side of justice
must pay for all the damages. When
Satan arrives at the end of the world, he
will be left with nowhere to go. He will
surrender at the end of the world. God
cannot bring this to pass by Himself.
Rather, He has to prepare a person on
earth who can inherit this task. This is why He sends the Messiah in the Last Days. (210-231, 1990.12.23)

2.9. The religious founders and True Parents

Essentially, what have we been trying to do during the Old Testament, New Testament, and Completed Testament Ages? We have been trying to bring God inside us. Who is the root? God is. God is the root of humankind. Originally, True Parents were not the root. True Parents also came from God, who is the root. Before Adam and Eve fell, they were in the position of God’s son and daughter. But after their Fall, all things of creation came to be in a higher position than Adam and Eve. This happened because Adam and Eve fell. Through the Fall, they sunk lower than all things. Since all things became higher than people, they have given their lives for humankind. They have shed blood in our place and through this, have worked to reverse the positions. This is why, in the Old Testament Age, offerings were sacrificed to pave the pathway for the sons and daughters to travel on.

In the New Testament Age, Jesus came and sacrificed himself as a child to pave the way for Parents. Through martyrs shedding a great quantity of blood, Christians paved the road for the coming of the Parents in the age of the Second Coming.

What is the relationship between Jesus and True Parents? Jesus is in the position of the Son, while True Parents are in the position of the Parents. I have said that Buddha is my disciple, Jesus is my disciple and Confucius is my disciple. Spiritual people can know everything if they pray. Wait and see. The Unification Church will be the center of religious unification in the end, correcting the standard for presidents, prime ministers, and all the proud politicians of the nations. This is my work, to accomplish this not by force, but by natural submission. (211-312, 1991.1.1)

You don’t know how rigid religious dogmatists can be. Syria belongs to the Islamic cultural sphere. I brought an elite group of leaders from Syria to East Garden and we shared the Divine Principle with them. Our Unification Church is not a branch of Christianity but its main trunk. Because Jesus brought salvation by being sacrificed in the role of the son, Jesus himself must have parents, and because Jesus did not have a son of his own, his authority as a parent must be restored. For this reason the term “True Parents” is so wonderful.

Established Christian churches are making a big fuss because I said that Jesus is my disciple, but they will see everything when they go to the spirit world. Why do I say such things, when I know clearly that doing so will cause me to be inundated with curses?

How about the established Christian churches? Through Unification Church members, I will clean up anything that is unclean in their back rooms and hold worship services transcending all denominations. After this, I will go to
the spirit world. I will go there after completing that trans-denominational worship. You may not know this, but there are already a large number of ministers using our Principle. Some of them read the Divine Principle on a blanket and when a deacon or elder comes in, they quickly hide it underneath the blanket, and then take it out again when they leave, and read it all night. They memorize it and diligently use it.

Autumn leaves do not fall all at once. Do they fall all at once? They do not. They fall one by one, rather than as a whole bunch. Although they fall one by one, before long the tree, once clothed with green, is left with no leaves. Whether they know it or not, I am dealing with things in that way. (213-34, 1991.1.13)

Section 3. The Proclamation of True Parents and Kingship

3.1. Adam’s family, the original starting point of the royal palace

God’s will was for Adam to reach perfection. Adam was the eldest son, the first son. He was the son who received the first love. This is the right of the first son. Since Adam was able to receive that first love he could have become a parent centering on that first love. After inheriting this vertical love from God, Adam was to form a couple with his spouse and they were to be connected through horizontal love. This is where the words “restoration of the right of parents” comes from. Until now, throughout all of history there never existed any foundation upon which parents could appear.

Human history has been knit together by war. It has been a battle, this history of fighting between Cain and Abel. To put an end to this, brothers and sisters must become one. When will we come to realize that those enemies are our brothers and sisters? They used to be our elder brothers and younger brothers. Who will teach them this? The parents will teach them. They did not know about the divisions among their ancestors. Who will teach them? The parents will. Since the parents teach them, the children will come into harmony. They are to be children centered on the parents. Only when the children harmonize can the true authority of parents appear. This, therefore, is the restoration of the right of parents.

When the lost children are found, parents can regain authority over their children. Next, the right of kingship which has been lost must be restored. The ideal starting point of parents is the royal palace. Adam, must exercise his right as the first son, restore the right of parents, and true kingship and establish himself centering on God’s love. This settling is the origin of the royal palace and parents. Next is the point where the first son’s rights originate. By following this tradition, the universe fully adapts itself. When this is achieved, even the fallen archangel will have to bow his head.

The relationship between the communist world and the democratic world is a Cain-Abel relationship. Cain and Abel fought, did they not? In a vertical
sense, the political and religious spheres represent Cain and Abel. The vertical aspect was struck by the horizontal, so the foundation to restore the right of the first son was lost. The foundation to restore it automatically includes the right of parents. Parents come into being on the foundation of the eldest son. When the right of parents is established, right of kingship will grow. Adam’s family is the starting point of the royal palace. As the royal family grows in numbers, there will be more citizens. When the tribe inherits this kingship centering on the right of the eldest son and centering on that tribe, the tribes from other blood lines will become citizens. This is part of the principle. Because of this, they are all part of the royal family.

You can return to the original standard of Adam’s family only when you have the consciousness of being a royal family in the heavenly nation. You are tribal messiahs. Tribal messiahs are parents, and also kings. They are to represent the rights of the eldest son, and to inherit the tribal kingship, the rights of tribal parents, and even the rights of a tribal eldest son. The formation-stage and growth-stage Adams come to life through the completion-stage Adam. What does this mean? The rights of the eldest son and tribal messiahship take the form of a family that has been resurrected by Jesus. Moreover, before this is achieved, Jesus cannot resurrect the formation-stage Adam. Jesus himself cannot resurrect him.

Because the perfected returning Lord has come, exercising the victorious authority to complete the mission of Jesus in the global sphere, and because he has come having victorious supremacy over Satan, only the returning Lord can exercise the authority of Jesus and the authority of Adam in parallel. So the returning Lord is the representative of the perfected Adam and the perfected Jesus, who have triumphed on that foundation. To combine the formation and growth levels and perfect them is to become the third Adam. When we say “the foundation for the completion of the third Adam,” it includes Jesus and Adam. So centering on the foundation for the perfection of the third Adam, and on the basis of this victorious supremacy, he should firmly establish global messiahship. (218-69, 1991.7.2)

3.2. The establishment of kingship

On True Parents’ Day, what we can think about first is the restoration of brotherhood, and second, how the restoration of the right of parents is complete. Next, as the third step, the restoration of the right of kingship remains. Now that I have restored the right of parents, I am sending out tribal messiahs to put everything in order, just as God sent the returning Lord and just as He sent Jesus. This is possible because the vertical standard has been established. Vertically, the three standards of Adam’s age, Jesus age, and the age of the Second Advent have been established. Since they have been established through my having fought and gained victory, they must all be extended from this point on into
the age of the Second Advent.

What must you achieve through this? You must build your own family. A circle will arise. Through me, three parents were established in this way; they are the Adam parents, the Jesus parents, and the Second Advent parents. Therefore, I am sending you in the same way that God is sending the returning Lord, as if He were sending Adam again. The third Adam came to save the second Adam and first Adam. Just as the third Adam came and restored the second Adam, you have to save your parents who are the first Adam.

Your mothers and fathers will rise to the position of Adam. Through this, the traditions in the sphere of religion will disappear. There will be no further need for religion. The entire world will enter the realm of the chosen people. What will this do? Horizontally, your birth parents will be tribal messiahs and those born into your lineage will be national messiahs. This has become possible. This is horizontal. Through this, everyone will stand in the position of being connected through one set of parents. The third Adam is also one set of parents. Thus, the land of your birth, your hometown, will become the heavenly nation – the Kingdom of Heaven. And your father and mother in your hometown will become your ancestors – true ancestors.

What comes first? Standing on God’s side comes first. Next is the family standing on God’s side. Once that is achieved, the global foundation will all be connected to the Parents. Where is the original hometown? Although the original hometown is where I was born, not every tribe can have my birthplace, Jeongju in North Korea, as their hometown.

Your hometown must be where you were born. Your hometowns are different; Satan has been occupying them. But as heaven-centered parents are born in your hometown, that place will become the Garden of Eden. In this way, your descendants of goodness, who are born in the unreflected, original garden, will expand throughout the world. It is along this vertical line that you will all be connected and tied to my clan. You should love what is vertical more than you love your own clan. Then, Satan will be unable to occupy it. The establishment of such things will make possible the restoration of the right of kingship.

Originally, when Adam reached perfection, the Heavenly Father would be perfected, and when Eve reached perfection, the Heavenly Mother would be perfected. Hence, if they become the lord and lady of the family, the kingship of the family-level heavenly kingdom would have arisen. Thus, Adam and Eve were to become king and queen on the level of the individual, family, tribe, people, nation, and world. Since we have reached the time when we can go beyond the national level, we can go beyond the kingship of the satanic world and establish the kingship of the heavenly world. This day is March 27, 1990. Through this, the world will turn around with the wind I have whipped up. (201-130, 1990.3.27)
3.3. The restoration of kingship

Why do we need the right of parents? We need it in order to restore the right of kingship. To restore the right of kingship, we should not be stuck on any one of the four directions of east, west, south, and north. When the king comes into your home, you should always be able to serve him twenty-four hours a day, 365 days a year. You should be able to swing a stick whose length is three times the span of your outstretched arms, through 360 degrees without it hitting anything. You should always be able to welcome him. Then, the clan will follow. This is a blessed tribe of love. What kind of love? True love.

What is true love? It is the love that causes you to invest yourself eternally and forget about it, and then invest again. Why should we do this? It is a principle that we wish our love partner to be better than ourselves, and our children to be better than we are. In order to achieve this, even God has to invest more than Himself. Since there is no other way of investing more than oneself than by investing and forgetting, we can go the way of true love, where we give and forget.

The unification of the heaven and earth begins from there. After investing your life, you should not think, “I died because of God and because of the Unification Church.” We must sacrifice ourselves. You cannot say, “I did this much but the church does not recognize me” or “I have followed the Unification Church for dozens of years, but Father does not recognize me.”

As for me, although I have suffered my whole life, God has not recognized me. But I do not think of it as God not recognizing me. Just like God, I allow myself to be hit and then invest and invest again. Since I continue investing up until the end, nothing is lost; it just accumulates more and more, and I naturally rise to the mountain top. This is strange, isn’t it? While investing myself again and again, I find myself on top of the mountain and on top of the world; then, the right of the first son, the right of parents, and true kingship will be automatically restored. This is the line of reasoning that explains the logic of re-creation. (206-268, 1990.10.14)

Now we have fully laid the foundation to proclaim the True Parents. There is no one who can say, “Rev. Moon is not the True Parent.” Let Christian ministers try coming before me. Among our country’s president and party leaders, let those who can say, “He is not!” step forward. Let the president of the United States, or anyone who rules a nation on this earth and speaks big words, step forward and argue that I am not the True Parent. Not even those people will be able to move an inch when they listen to my words. (204-84, 1990.7.1)

I am not a fool. I am smarter than you. I am someone who lived his life embracing under his wing and guiding the distinguished and famous people of the world. Our Professors World Peace Academy alone has chapters in
120 countries. Its membership includes many Nobel laureates. It is because we have such a foundation that we could establish within less than four years. The World and I is a world renowned magazine, a champion among magazines in the world. I am a person with such a foundation.

I have the title of True Parent. Then, what do I do? I am a person who likes God more than anyone else, and who knows God better than anyone else. I am also someone who clearly teaches you the path of eternal life. What is it that the True Parent is supposed to do? The True Parent, Rev. Moon, is the global and historical representative of human-kind carrying out the responsibility to liberate you from the realm of death, and transport you onto the path of eternal life. Since True Parents have true love, they are the ones with the place of completion and the place you must return to where God’s love and essence converge in unity. This is why false love is removed through true love. False love does not know how to invest even one time. It just seeks to receive. But with true love, if you invest, you can resolve everything; and then redemption is possible. This is possible only in true love. This is why you can come to know God through me. Next, the True Parent must teach true love. That is my responsibility.

Now, there is no one in the world, who can get rid of me. No one can match me in strength. Do you know what would happen if I put out negative propaganda? This Republic of Korea would be in trouble. Do you know who handled the leftist students? At a time that was supposed to be the most chaotic since the founding of the Republic of Korea, I swept through the nation, bringing the contents of my meeting with Gorbachev. This led the people to say, “Oh, I cannot trust the government. I will have to trust Rev. Moon.” In this way, I pointed them in the right direction.

What did I do on that foundation? I proclaimed True Parents. If we came as the True Parents, I had to declare the True Parents; otherwise, how could I raise my face before God in the spirit world? If we have really come with the mission of the True Parents, I must declare that we are the True Parents before all people and the world. Otherwise, how could I lift up my face and go on? Jesus could not proclaim himself as the True Parent. That was the problem. If he had, Christianity would not have had to shed blood. Jesus himself would have been able to indemnify ten times as much as what Christians were able to restore through their shedding of their own blood. But since he was unable to proclaim himself as the True Parent, Satan has been in control until a global standard could be revealed.

The false parent, Kim Il-sung, has appeared in North Korea, occupying the throne of the satanic true parents. This is usurpation and plundering. It is plundering. The communists in North ruined Christianity there, but now that I have proclaimed True Parents, Kim Il-
sung will go down. Through this proclamation, I am taking hold of him. It is because such a time is approaching that I am planning to go to Pyongyang and hold a rally there. This is not something I will do myself. Does Adam fight with the archangel? Adam does not fight with the archangel. Since the archangel fell, I must give him directions.

Thus I have been giving directions to the Soviet Union, the worldwide archangel, and to China, the Asian-level archangel. Then, by creating oneness between the archangel and Eve, with Japan in the position of Eve, I will bring Kim Il-sung to submission. I am bringing these people into oneness and then using that as a vehicle to move forward. If I can declare the Federation for World Peace in Pyongyang in this way, how good that would be! I will call Gorbachev, Jiang Zemin, the Japanese prime minister, President Bush, and so forth, to come. There is no one in Korea but me who says such things. Can the president do this? What will it take to do this? I have already laid that kind of foundation. (204-178, 1990.7.8)

I am not a man who is fading away. I am not someone who is ignorant of what is behind all the politicians in history. Although the leaders of the Christian churches do not know these things, I certainly do. Has either the Unification Church or Rev. Moon perished, although both of them have been branded as historic representatives of extreme foolishness? Can God perish? What kind of relationship do I, Rev. Moon, and God have? What do we mean by True Parent?

I have proclaimed that I am the True Parent. If I were not the True Parent yet declared myself to be so, I would be stabbed by spirits from hell and by good spirits when I went to the spirit world. So why would I proclaim myself to be the True Parent in the face of such a dreadful outcome, if it were not true? What is the True Parent? I have heard that at a doctrinal discussion between Won-Buddhism and the Unification Church, one leader asked, “While Won-Buddhism talks about the Savior, the Unification Church talks about True Parents. The Savior can be forsaken after one is saved, but parents are a matter of absolute destiny, so how can they be forsaken?” That’s how it is. Try forsaking them, and the entire universe, heaven and earth, and everything else will say, “You wretch, you deserve to go to hell!”

The place of True Parents is a place of pride. Since the devil knows this, he has attacked me from all four directions, mobilizing the whole world. Even the Communist party joined in this effort, and all the denominations and religions have opposed me. Furthermore, even the mafia and terrorists joined forces to expel me. They have shot at me with all kinds of tricky weapons. (203-144, 1990.6.24)

You call me the True Parent, but I do not like the words True Parents. Think about how fearsome these words are. Once we became True Parents, we had to bear and raise true sons and daugh-
ters. This is the issue. After becoming True Parents, we had to head up a true family. When a tribe arises from this, we must lead it as a true tribe; when this expands to a people, we must lead that people; if this expands into a nation, we must lead that nation; if this expands to the world, we must lead the world; and if this expands to all humankind filling heaven and earth, and the spiritual and physical worlds, we must have the ability to lead them. This is a huge undertaking. I am aware of all this.

Then, why did I proclaim “True Parents”? I did not want to do so myself. But if it had not been done, the doctrine of the Unification Church would go off course. If such a proclamation had not been made, Unification Church doctrine would be a lie. Because I cannot turn the truth into a lie, it was inevitable that I do this; in order to have the truth reveal its true light, I had to act, even under tribulation and persecution, even if my body had to be torn apart, be stepped on, and receive all kinds of abuse. This is why I have become such a man. This is how the Rev. Moon of the Unification Church differs from the founders and leaders of the other religions. (203-324, 1990.6.28)

Section 4. Keeping True Parents’ Photograph

4.1. The reason for keeping True Parents’ photograph

Now, you should go back to your hometowns and restore your families and relatives. You must hold revivals in your hometown. As you hold revivals, you should also all work on the district level. If you want to be a tribal messiah, you should display my photo. Pictures of me should not be just given away for nothing. Frame a few hundred photos and distribute them, saying they are good pictures. Get people’s permission to go into their homes and find the best places in the best rooms to hang them up.

Then, spiritually you will be an elder brother to those homeowners. Vertically, you take the father’s position, and horizontally, the elder brother’s position. So in the position of the vertical father and the horizontal elder brother, you should instruct the householder, saying, “This should be hung here!” In this way, those who give out the pictures will be tribal messiahs.

You should quickly work to hang up pictures in the homes of at least 120 families. Try to put up 120 or more. Placing pictures in those homes can be counted as a local level breakthrough. That is laying a foundation. Through this their ancestors in the spirit world will come every morning early and offer a bow to the picture. Turn on the light after one o’clock, two o’clock, or three o’clock to welcome them.

When your ancestors come, and after they have offered their bows, then after another two hours, at five o’clock, you should offer a bow. The spirits in the spirit world have not been able to attend True Parents. The ones who have gone to the spirit world are in the elder brother’s position and the ones here on
earth are in the younger brother’s position. Since the younger brother has the eldest son’s birthright, that is, since the positions are now reversed, the one in the spirit world comes down and offers a bow. Their bows mean that they will help their descendants to prosper. This is what God does.

From God’s position, these ancestors will support the process of bringing blessings to their descendants. That effort must be made. When the spirit world comes to help, would you like your beloved relatives to come and help or would you rather some old man from a neighboring village came? When an old man comes down and helps, you must offer him a portion of what you receive. Thus, now is the time when we should run all night lest someone should come and usurp the results of your effort. When you explain this, everyone will want to have a picture of True Parents.

I have survived through the treacherous chaos of history is that God has protected me! In this world I could have been destroyed without any trace, yet I survived because God protected me! Because God loves me more dearly than any other person in human history, I have achieved the greatest things under the most trying hardships! This makes logical sense.

They will have no doubt that if they honor the photograph as if they were honoring True Parents, their family will be protected. If you explain it, they will have no doubts. I have heard that there have been people who bought pictures even without such an explanation. When asked why they wanted to buy the pictures, they said, “My heart keeps telling me to do it. I feel this picture will expel all my bad fortune and bring good things.” So they bought large pictures. Such a time has come. Young people are now carrying my pictures.

Awhile ago I heard that a photographer from the Soviet Union said that he was carrying a secret treasure in his pocket. When asked what it was, he took out a picture of me from a paper pouch. When asked why he was carrying it, he said that it made him feel peaceful. That is the way it is.

Wearing a cross means being a Christian. Carrying True Parents’ picture signifies being a son and daughter of True Parents; first the symbol, then the image and then the substance.

These people will be protected because they enter the formation-stage realm of formation, growth, and completion. For this reason, the tribal messiah should prepare pictures for them. To break through on the local level means to have people put up True Parents’ picture.

If they will only put up True Parents’ picture, then they will surely attend workshops. When they attend a workshop and become inspired, you can tell them, “You cannot buy this content even with a huge sum of money, so please make an offering according to how much you think it is worth!” You can use the money to cover the cost of your local activities. Give the photos out to all those who have been to America for education. (212-108, 1991.1.2)
4.2. The power of the picture of True Parents

Until now has been the time when Abel had to sacrifice for Cain for the sake of the restoration of the right of the eldest son. Because of this, the spirit world has been using the earthly world. But on the thirty-first Children’s Day, the positions of the spirit world and the physical world are being completely reversed. Now that the right of the eldest son has been restored, Adam becomes the center and the eldest son. So the archangel has to listen to Adam and attend him.

In the past, people opposed me and thought of me as someone who ought to die, but now they are maintaining the standard of respecting me. Thus, even if the devil comes and tells them to cooperate with him, they cannot do so. The devil cannot drag them to his side. They should introduce me to others and guide people.

This is why we must seek to establish a family. The turnaround occurs in the family. The Fall occurred in the family. This is why I began the global indemnity effort as an individual, and, based on my family and tribe, won the Cain-Abel victory on the global level, returning with the right of the eldest son. Where can the entire value of this victory be established? Adam is the center of all value. The loss of Adam led to the loss of God’s family, God’s society, God’s nation, God’s world, God’s cosmos, and even God’s love. After indemnifying all this, we now return to the family. All families are to stand on the family standard rooted in the equality of all people before God. When we return centering on this family, who is it that we are centered on? Everyone is following me as the center. Here, the devil cannot follow.

While the devil defiled the blood, our side purified the blood of the fallen world. This is why the Blessed Families enter here. Once the right of the eldest son of a family in the heavenly nation is established, the realm of the second son of the family in the heavenly nation becomes infinite. This is something you can control at will, according to the providence. We are now seeking out and entering such families. This is why those of us who are Blessed Families should be the foundation. For this, we have to use up all our living expenses and everything in our savings account.

We must offer everything for the sake of the nation. By doing this we replace it with the universe. This is the raw material of heaven. Seizing the day requires an expensive piece of raw material. You should become such raw material. So you should go to each family and shore them up. By killing the lambs and smearing the blood on their doorposts, the Israelites could avoid being struck. In the same way, just having my picture will prevent Satan from invading. The ancestors will come in the early morning to greet you, and the spirits will take care of the house. They will govern your mind and heart completely. The time has come when such things will be possible.

(213-121, 1991.1.16)

We have to do three kinds of cam-
campaigns from now on. First, collecting membership forms; next, displaying pictures of True Parents and finally raising of the church flag. We have to do all three. When we do these three things, we can do anything. The flag represents the Unification Church, and the photographs represent True Parents. Next, the membership form means registration. A nation in which we can register will appear. From there on, a new beginning can be made. To attend True Parents means that your home has become one with True Parents. Then, what does the flag mean? It represents something in one’s surroundings that signifies the worldwide members of the Unification Church. It signifies relationships. The flag represents you as an individual, but it also represents the husband and wife. It represents our families, but it also represents our tribes and our nations. It represents the entire Unification Church and all humankind.

You really must raise the flag. When you put up the flag, the same situation will occur as when the Israelites were leaving Egypt, when the first born of all the Egyptians were killed. The Israelites avoided death for their first born and survived by putting lamb’s blood on their doors. It is just like that. When the Israelites were bitten by snakes and dying, while wandering in the wilderness under Moses, those who looked at the bronze serpent lived, didn’t they? Likewise, when the satanic world was going to ruin, those who believed in Jesus lived.

On this earth, in order to take back all the authority Satan has had, you just have to raise the flag, hang up a picture of True Parents and register. This will change your affiliation. Thus, what I am especially emphasizing in our movement is to display True Parents’ pictures and raise the flag. It has already been three years. I started this campaign because I knew that such a time would come. This is why I am asking you to have people fill out membership application forms. When you receive the membership forms, greet those who sign them, saying, “Please do well.” Satan will not receive salvation unless he submits to Adam. The next step is to attend the Parents.

Until now you have not been able to attend True Parents, but you should attend them. You should put True Parents’ pictures in the best place, a better place than for the pictures of your mother, father, or ancestors. It is good to value the pictures of your grandfather and mother, but you should not put up your parents’ pictures first and then put True Parents’ pictures next to them. True Parents are the ancestors. You establish the ancestors through this and you will be able to turn from the two-dimensional family foundation to the foundation of God’s tradition. There, you will have no relationship with Satan. This is how the Principle is.

The tribal messiah is not a mission for some people that others do not have to do. If you do not do it, your whole family and all your relatives will be in trouble. If the descendants do not do it on this earth, the ancestors in the other world will curse them several hundred
times more than they did Adam and Eve who fell. I cannot take responsibility for this. I cannot stop them from accusing you. You will be accused if you do not do it. You have to fulfill the five percent responsibility given to human beings. If you cannot do it, there will be no perfection. (220-90, 1991.10.15)

Even people in the satanic world put up pictures of their parents. Because the Last Days have come, people want to attend the heavenly Parents and use their photograph as educational material. I am famous. Even Christian ministers acknowledge that I am a patriot. The entire world bows its head in front of my accomplishments. Thus people should think, “Since we have hung up these pictures, as husband and wife we cannot quarrel in front of other people. What is it that Rev. Moon has taught…?” They will also teach their sons and daughters, saying, “You kids, you cannot do that in front of Rev. Moon.”

If they honor the pictures more than they do the pictures of their own parents, their ancestors will come and honor True Parents as their ancestors. It will be an altar upon which their ancestors come and honor that house. Because there is a way they can receive the blessings of the heavenly world through this, at three o’clock in the morning, although you may be asleep, they will expel all the satanic devils around your family and relatives. You must also put up the flag. When you display the picture and raise the flag, everything will be done. When you hang my picture in your room and raise the Unification Church flag, you will be a family member in the heavenly nation.

I will make such people family members in the heavenly nation. There have been many people who met with misfortune because they cursed someone who was raising the flag. This is very mysterious. There was even an incident in which someone who wagged a finger at me got a disease in that finger and was cured only after praying and repenting with his hand elevated for several nights. Why do such things happen? When heavenly fortune comes, it cannot be blocked by some individual fortune. This is the path of absolute destiny. Although, on the path of fortune, the four directions of east, west, north, and south can change places, on the path of absolute destiny above is above and below is below left is left and right is right. They cannot be changed around. It is because the time has come in the Republic of Korea that I am telling you to have people put up those pictures.

The fallen world has been connected to false parents up until now. When you attend True Parents, it is easy to be engrafted horizontally. It will happen in the family. Otherwise, you have to go through the nation and the world and then come back to this side for engrafting. My having a loving heart and the heart to save all people creates an environment which enables engrafting on the family level, and what a blessing this is!

If people do not listen, you should even scold them until they become engrafted. Through this they can become
a member of the heavenly family. Those who looked at Moses’ staff all lived. If you look at the Unification Church flag, bowing down to it whenever you go out and whenever you come in, and if you offer a bow to the picture whenever you go out and whenever you come in, you will live. (219-91, 1991.8.25)
