This is our weekly update for the final week of March in the second year of Cheon Il Guk. Weekly update is being developed and will convey True Parent's activities and major news from Korea, Japan and the rest of the world, not only in Korean and Japanese as before, but now in English and Spanish too.

We will now hear some news from Peace TV, which is launching its service globally.

True Mother is presently guiding the Providence while based in Hawaii, the Center of Providence for the ongoing Ocean Providence.

During Hoon Dok Hae, Mother spoke to Japanese leaders visiting King Garden as part of a pilgrimage to Hawaii.

*Mother's Words: True Parents' achievements must be revealed. True Parents are the completion of history, the purpose for which Heaven conducted the Providence throughout human history.*

*True Parents are the completion of history, the purpose for which Heaven conducted the Providence throughout human history.*

*True Parents had to be born for the seven billion people in the fallen world to receive salvation. They (humanity) may not be aware of it, but we have been waiting for Them throughout our long history. Only by doing so, can the way for fallen humanity to return to God's bosom, appear.*

*You, who have seen True Parents in the flesh, must lead your daily lives while truly feeling how blessed and glorious a position you are in as a result.*

Together with True Mother, the Japanese leaders followed in Father's Footsteps visiting our Hawaiian Queen Coffee Farm and other locations in Hawaii.

True Mother has been guiding the American Providence from Las Vegas. On March 7th, True Mother arrived in that city and visited the Peace Center construction site. (Mother inspecting the Peace Palace construction site 2.7 on the heavenly

calendar)

Bishop Ki Hoon Kim and others involved in the project guided True Mother around the site and reported on the state of construction.

Following this, True Mother went to Cheon Hwa Gung, (Las Vegas) 2.7-218 on the heavenly calendar in the second year of Cheon Il Guk) and encouraged the church members gathered there.

...

True Mother's Words: *I felt I had to come to make a decision and finalize everything. This is how very tired (I am). My mouth is full of blisters. I have not been able to rest. I am saying this because I want to tell you that you must not live as you did yesterday and that you need to change.*

...

Even though True Mother was quite exhausted due to Her heavy schedule, She still spoke lovingly to our

brothers and sisters.

On March 12, True Mother conducted the opening ceremony for the Ocean Peace, the Headquarters of the Ocean Providence (The Ocean Peace Opening Ceremony 2.12 on the heavenly calendar).

True Mother gave Her Blessing on the Day, expressing Her hope that Blessing Peace would achieve True Parents' Vision centered on the ocean leaders that were participating from Japan.

True Mother's Words: *I congratulate you on obtaining this base in Las Vegas, where True Father conducted his final Providence. I sincerely hope our company can develop into one that can save the United States, take responsibility for humanity's health problems and produce healthy food. I give it my blessings.*

...

Love Mother's Words: *If you set your antennas to face where the True*

*Parents are, you can connect within a second. A second through Kakao Talk and the internet, you will know everything True Parents are doing.*
