On the 30th of October, 2014, the closing ceremony for the Japanese TOP-GUN workshop took place in Cheon Jeong Gung centering on True Mother. 82 Japanese youth leaders completed the 21-day workshop and came to Korea to greet True Mother. To celebrate the end of the workshop, True Mother spent the entire day with the graduates and enjoyed the beautiful fall weather together. The TOP-GUN graduates were deeply impressed and renewed their determination to witness the youth before True Parents before returning to Japan.
