

True Mother at the “General Assembly of Korean Ministers for the Victory of Vision 2020”

Hak Ja Han
April 24, 2015

On April 24, True Mother spoke to the Korean ministers during their “General Assembly for Victory of Vision 2020” encouraged everyone to save this nation and the world by informing and educating the people about True Parents. Knowing that the solution for all the problems in the world are “True Parents”, we should not keep True Parents and what they have thought us only for ourselves. We should not wait but go on and let everyone know about True Parents.
