On the second day of the 'Purification Azalea Festival' (4.1 by the heavenly calendar in the fourth year of Cheon Il Guk, solar May 7, 2016), The Prayer-Wish Offering Ceremony for Restoration took place at the Tree of Love Plaza. A lot of members from around the world attended this ceremony.

It had been 13 years since 2004, the inception of the "Prayer-Wish Purification Ceremony for Restoration" celebrating the 45th anniversary of the Chung Pyung Providence so that this year the Purification Azalea Festival was very special and meaningful.

True Parents changed the ceremony to Prayer-Wish Offering Ceremony for Restoration from Prayer-Wish Purification Ceremony for Restoration on the victorious foundation of the 3rd anniversary of the proclamation of Foundation Day and True Father's Universal Seonghwa Ceremony on this day (May 7).

Change in the Chung Pyung Providence and the background of the Prayer-Wish Offering Ceremony for Restoration

Chung Pyung Providence has been continuously developing through True Parents' sincere devotion and victory. After going through the 1st level, the formation stage (1971-1995), and the 2nd level, the growth stage (1995-2014), Chung Pyung Providence now has entered the completion stage, the era in which True Parents directly preside over the spirit world and physical world. Following this change in the province, True Parents changed the 'Prayer-Wish Purification Ceremony for Restoration' to the 'Prayer-Wish Offering Ceremony for Restoration' on May 7, 2016. The background of the Prayer-Wish Offering Ceremony for Restoration, which will be conducted according to the words of True Parents, is as below:

The Prayer-Wish Purification Ceremony for Restoration was a ceremony where the wish papers were placed and burnt in a burning chamber. This was conducted during the growth stage of the Chung Pyung Providence from January 19, 1995 to October 27, 2014.

However, on the victorious foundation of True Father's 3rd Anniversary of Universal Seonghwa, and in alignment with the age of the Chung Pyung Providence in which True Parents directly preside over the spirit world and physical world, we can still receive the benefit through the ceremony of lighting the holy candles which sets the condition of having burnt the wish papers without lighting the fire in the burning chamber anymore. True Parents said, even though this external ceremony has changed, the practical value of the Prayer-Wish Offering Ceremony for Restoration is linked to the previous Holy Burning Ceremony and still carries the same grace.

According to True Parents' words, the "Prayer-Wish Purification Ceremony for Restoration" has been changed to its new name, the "Prayer-Wish Offering Ceremony for Restoration". The "Prayer-Wish

Officering Ceremony for Restoration" will be continued every year in May, together with the Purification Azalea Festival.
