

## WFWPI Educational Course Schedule for 2022

Hoon Sook "Julia" Moon  
May 11, 2022

Welcome to the Women's Federation for World Peace International Educational Online Courses.

As an international NGO, we provide accessible education to people in need. We believe education is a very important factor in engaging and beneficial for people everywhere, and we currently offer five versatile programs across a wide range of fields.

Designed courses are to enhance your capabilities within any organization. On completion of the courses, you are expected to have achieved the following four objectives:

- Understand and be able to apply fundamental concepts of Finance, Digital Art, NFT Production, SNS Marketing, and Healing Therapy.
- Be able to integrate knowledge and concepts across functional areas to diagnose and solve personal and organizational problems.
- Understand the unique challenges of operating in an NGO business environment.
- Understand and be able to apply appropriate leadership behaviors and skills for enhancing personal and organizational effectiveness.

Admission is normally made on a first-come, first-served basis.

Entry requirements are specified in the course descriptions.

Successful applicants will be notified of the result as soon as possible after the closing date for application.

Applicants are normally required to have reached the age of 18.

We invite you to REGISTER HERE early as places will be limited. The application will be closed on 3 June 2022.

We will send you the confirmation email once your application is successful.

[Click here to Meet the Course Instructors](#)

- WFWPI reserves the right to cancel a course or a program in cases of insufficient enrolment or unforeseen difficulties arising from running the course. In such circumstances, the notification email will be sent.

### **Making Emoji Stickers for Dummie**

REGISTRATION IS NOW OPEN

Date: Every Saturday - June 11, 18, 25

Time: 7:30 PM KST

Want to learn how to make emoji stickers but not sure where to begin?

Join WFWPI FREE creativity class for complete beginners!

Enjoy this 90-minute session "Making Emoji Stickers for Dummies" with a professional digital expat Ms. Yuhee Lee

Access a new career in Creativity

[Reserve your spot now](#)

The application will be closed on 3 June 2022 KST.

Emoji stickers are a way of expressing emotions in online written language. This course is designed for people who intend to learn how to create Emoji stickers and sell them on different online platforms. Through this lecture, you will be able to select the equipment and programs that suit you best to produce your own emoji stickers.

Mrs. Yuhee Lee, Korea

Mrs. Yuhee Lee is a young professional from Korea. She graduated from the Department of Nursing Sciences at Sun Moon University in South Korea. She is currently working as an operating room nurse at the Saem Hospital.

Besides her major work, Mrs. Lee is also a digital expat. What started out as a hobby has turned into a professional emoticon/emoji sticker production and is now sold on LINE's online platform.

She also creates original products for online retailers such as Ideas and Etsy, and is an active blogger for Naver and Tistory.

Her speaking engagements at OZIK at the audio content will be coming soon.

### **Financial Planning and Budgeting**

REGISTRATION IS NOW OPEN

Date: Course 1 - June 4, 8, 11 - Course 2 - Oct. 22, 26, 29

Time: 5 PM KST

Want to learn how to do personal and organizational financial planning but not sure where to begin?

Join WFWPI FREE finance class for complete beginners!

Free, 90-minute session "Financial Planning and Budgeting" with professional expert Dr. Jennifer Huang

Access a new knowledge in Finance

[Reserve your spot now](#)

The application will be closed on 3 June 2022 KST.

Enjoy the two courses on financial planning and budgeting.

The first course aims to provide a basic framework for individuals to better understand their current financial situation, identify key areas to improve their financial health, clarify short-term and long-term life goals and develop basic financial strategies to achieve those goals.

The second course provides a step-by-step guide for leaders to prepare an organizational budget to spin the wheels and achieve their aspiration goals. It also introduces project budgeting for managers to run a successful fundraising campaign.

Dr. Jennifer Huang, Australia

Australia.

Dr. Jennifer Huang is a finance lecturer and regularly speaks on financial literacy for Generation Z, hosting seminars and workshops from schools to non-profit organizations. Jennifer has made it her mission to empower others financially through education. A former corporate executive in Kaplan Financial and the Walt Disney Company China, Jennifer has managed and delivered financial training programs including treasury management, financial planning, and credit analysis to thousands of financial professionals and advisors. She realized that many people were seeking financial help but lacked the minimum knowledge to have a meaningful start. Since 2017, she dedicated herself to helping young students and women to build a financial foundation by offering practical financial courses focused on topics like investment management and personal wealth management.

Dr. Huang holds a doctorate degree in banking and finance from RMIT University Australia. She is an Associate Financial Planner and Certified Treasury Professional. Dr. Huang has served as a board member of the Financial Planning Standards Board Ltd. and is a member of the Financial Planning Association Australia. Dr. Huang is a member of the Victoria Advisory Committee of WFWP

Time: 8 PM KST (TBC)

Want to learn how to live happier and healthier but not sure where to begin?

Join WFWPI FREE NFT and Coding class for complete beginners!

Free, 90-minute session "NFTs and Generative Art for Social Good" with a professional programmer and educator Mrs. Elina Razena

[Reserve your spot now](#)

The application will be closed on 3 June 2022 KST.

NFTs are digital tokens based on a blockchain platform that are revolutionizing the art market. They enable that various digital assets like digital art, videos, music, 3D models or other virtual collectibles cannot be replaced or copied.

This course is designed for complete beginners who want to learn the concept and purpose of NFTs, learn from examples of using NFTs for social good, and gain practical hands-on experience in creating various digital artworks with the help of code.

Mrs. Elina Razena, Latvia

Mrs. Elina Razena is a social entrepreneur and modern education enthusiast. She is the founder and CEO of Learn IT, the first nationwide programming school in Latvia, that encourages students and teachers to become creators of their digital world and use technology as a tool of modern creativity. Since its foundation, more than 1500 children and 500 Computer Science teachers have attended Learn IT's courses, created digital solutions for their daily issues, and participated in various events, hackathons and competitions.

Besides that, Mrs. Razena advocates the importance of creativity, coding, and digital literacy for the wider public by volunteering as a European Union Code Week Ambassador of Latvia, sharing her experience as a TEDxRiga 2018 speaker, and speaking at various events.

Mrs. Razena has been acknowledged as one of the most influential, creative, and outstanding women in Latvia in the field of technology in Pastaiga Magazine's top "Woman of The Year 2021", as

well as one of the brightest and most promising game-changers under the age of 30, in the field of education and science by Forbes Latvia 30 Under 30. Her ideas and social impact have been recognized by Reach for Change, the Embassy of Sweden, One Young World, and other organizations.

## about me

My name is Isabel Costa, I'm a Happiness Consultant and passionate about life, passionate about teaching and helping everyone to find their essence, putting them on the path to their peace, well-being and inner happiness.

As a happiness consultant, my work is carried out at two levels: individual - through hypnotherapy consultations and training - and at a corporate level - creating programs for well-being and organizational happiness.

I traveled the world for 14 years, starting at the age of 19 in voluntary work as part of an ecumenical movement, which opened my horizons and made me feel that we are a great human family and that regardless of country, culture or religion, what all beings humans want is to be happy.

VIDEO

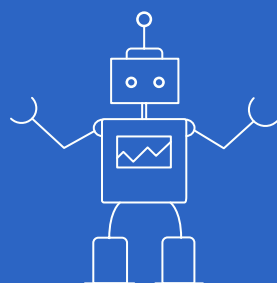

IT professionals are in high demand both in the Latvian and global job markets facilitating growth and competitiveness of a country

Although by 2020 Latvia will have a shortage of more than 4,200 IT professionals, coding is often neglected in our school curriculum. We are challenging the status quo by breaking the stereotypes about programming and sparking students' interest in it. Therefore, we organize coding classes, career education events and creative workshops in the schools of Latvia, as well as support companies with their family day events. We believe that the sooner the kids learn the basics of coding, the more successful and competent specialists of different areas they will become in the future.

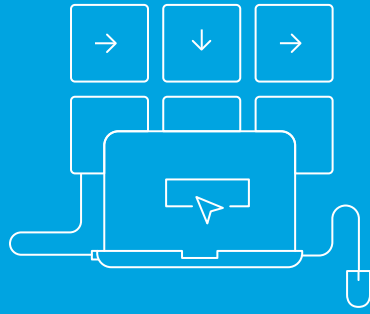

## Educational

After a few months, our students can create their own animations, games and apps

# Creative

Motion, building and drawing is an integral part of our classes

## Simple

Our teachers use everyday examples to make coding understandable to everyone
