**May 2021 Be Full of Many Blessings
for You and Your Family**

New Year Message from the FPA Co-Presidents

Dear Family Peace Association families,

What a year it has been! It has felt as if one day were a thousand years and a thousand years in one day. Though there were many challenges, there were

also many blessings. Due to the pandemic, God could give us a fresh way of looking at what matters most: God, life, and family.

Together we have accomplished so much to bring in more heart and spirit to the Family Peace Association here in the USA. Family is the most important and valuable institution created by God and that is coming more and more to the forefront of society's focus. Thank you so much to each and every family who has contributed to the growth and development of FPA this year, large or small, your sincere efforts do not go unnoticed!

Looking ahead to the new year, we want to wish you and your family a hopeful and joy-filled 2021. There is no doubt that God has so much in store for us with all the exciting ways to reach out and touch more families' lives in a powerful way. We hope you and your family can start the new year with reflection of this very special year as the dawn of a new era.

May God bless you and your families.
