Jesus spoke to them again in parables, saying: "The kingdom of heaven is like a king who prepared a wedding banquet for his son. He sent his servants to those who had been invited to the banquet to tell them to come, but they refused to come. "Then he sent some more servants and said, 'Tell those who have been invited that I have prepared my dinner: My oxen and fattened cattle have been butchered, and everything is ready. Come to the wedding banquet.' "But they paid no attention and went off-one to his field, another to his business. The rest seized his servants, mistreated them and killed them. The king was enraged. He sent his army and destroyed those murderers and burned their city.

"Then he said to his servants, 'The wedding banquet is ready, but those I invited did not deserve to come. So go to the street corners and invite to the banquet anyone you find.' So the servants went out into the streets and gathered all the people they could find, the bad as well as the good, and the wedding hall was filled with guests.

"But when the king came in to see the guests, he noticed a man there who was not wearing wedding clothes. He asked, 'How did you get in here without wedding clothes, friend?' The man was speechless.

"Then the king told the attendants, 'Tie him hand and foot, and throw him outside, into the darkness, where there will be weeping and gnashing of teeth.' "For many are invited, but few are chosen."

Matthew 22: 1-14

Now, as we enter the age of the Kingdom of Heaven on earth, our families become royal households. This is what you must exemplify. Can the king live as he pleases? Can a queen live as she pleases? Can their sons and daughters live as they please? The king, queen, prince, and princess should all follow the laws of this nation.

Greetings!

Before I discuss Hyung Jin Nim's insightful sermon on "Kingdom Acculturation," I'd like to draw your attention to a series of OSDP lectures given by Rev. Sudo in 2012. In the 10th lecture, he spoke about True Father's historic breakthrough in understanding the heart of God.

Rev. Sudo describes how Father prayed to God for even one person to appear who loves God as much as he did. Then he explains that one person DID appear who understood the heart of True Father and "shed the same tears as Father did." Then Rev. Sudo asks, "do you understand who (this person) is?"

To hear who Rev. Sudo explained is the "one person to appear who loves God as much as [Father] did" and about the Age of Father-Son Cooperation, go to Rev Sudo OSDP English Intl members in JP-10.

This discussion begins at 48:30.

In his sermon on "Kingdom Acculturation," Hyung Jin Nim explained that the citizens of CIG have the right and responsibility to defend their lives, their families and their property. Marriage is central in the Kingdom, as explained in the Bible and in the Principle and affirmed as well by Social Science research.
A principled worldview is based on freedom, including pursuit of competition that must include acceptance of inequality or there is no real freedom, a free market, and strong families that invest in their children's development and success.

Freedom includes the ability to make wrong choices, but the choice of evil will be minimized by a language and culture that supports God's ideal.

In fallen totalitarian kingdoms, you give up all your rights but you can choose your own 'special' identities to distract you from your real condition. Plato, the foundational figure of the Western philosophy believed that the State should raise children, not the parents who gave birth to them. Even though Aristotle disagreed with him, the totalitarian belief in a "benevolent state" has dominated much of human history.

In the Liberal Progressive Theory & Cycle a desire for equality of outcome --> socialism --> weakened families --> increased childhood failure --> competition avoidance --> but ends up with an elite class and the rest of the population being dominated while being distracted with "entertainments" and living lives enamored with celebrities and other illusions.

Last week the Obama Education Department and Department of Justice threatened all public school districts with the loss of all federal funding unless they instituted a new policy that would allow "transgender" boys to use girls' bathrooms and locker rooms. Sadly, many girls think that's 'cool,' saying "I have nothing to hide." This will normalize the breakdown of modesty and sexual inhibitions, leading to more uncommitted sex, unmarried births subsidized by the State, and loss of personal freedom. For more information, dig up an old copy of the prophetic novel, *Brave New World*.

Obama has taken countless actions leading to the persecution of those with biblical values. Kindergarten sex education has been implemented in Chicago. Progressive totalitarians focus on indoctrinating the young, in order to destroy their ability to see the distinction between good and evil. Similarly, the FFWPU blocks the way for its members to enter the kingdom that Father established with his successor. Being spiritually bankrupt, it uses the legal tools of the totalitarian state to enforce its will, just as the corrupt Jewish religious hierarchy colluded with the Roman state to prevent Jesus from spreading God's truth.

In the new Constitution of Cheon Il Guk, each congressional representation is accountable to 2100 people. Citizens will not agree with the loss of freedoms to use their land in a responsible way or with special deals with crony capitalists. In CIG justice is administered at the most local level possible. Each must "put on the wedding garment" of the Kingdom and acclimatize to the heavenly culture.

"They prayed for me, stayed for hours, comforting me..."

Last Sunday after the Service I saw Hyung Jin Nim and Yeonah Nim meet for quite a while with a couple whose teenage son has been diagnosed with bone cancer. I joined others for lunch, but noticed that Hyung Jin Nim and Yeonah Nim had not come for lunch, so I went back and looked in church sanctuary, finding them still giving guidance and praying with this couple and their son. They met with this family for at least 40 minutes.

I've seen them do the same thing with a mother and her daughter who'd driven down from the Boston area...
the week before. This is why when I see brothers and sisters accusing Hyung Jin Nim for not practicing “true love” I know ignorant those people are. How can they judge him from “long distance”? If they would come to Newfoundland they would see the truth.

Lesa Ellanson, who is being treated for cancer at the Orange Regional Medical Center, adds, “Hyung Jin Nim and Yeonah Nim came to visit me here in the hospital. They prayed for me, stayed for hours, comforting me, and helping me to know that cancer isn’t the end of the world.”

The South Rises Again!

In Winston-Salem, North Carolina, the Triad Unification Sanctuary held its Grand Opening Service on Sunday with 30 brothers and sisters attending including Rev. Catryn Teewr, a 172 Clergy who lives in the area.

Hyung Jin Nim also anointed Rev. David Kwanil Hwang as the new Georgia Unification Sanctuary coordinator. Rev. Hwang first met Father in 1957. After coming to America to attend a Presbyterian seminary, he met Father again in Detroit and joined the Unification Church. He’s served as a senior member of KEA and holding a Unification Thought study group in Atlanta for many years.

Online Survey: Your life with Sanctuary

The years since Father's passing have been eye-opening, to say the least. Unscrambling the truth took a certain amount of courage, didn't it?

In the end, it won't be theological arguments but true inner transformation that remains. That is what the following survey seeks to reveal, the real experiences of brothers and sisters who have encountered the Second King of Cheon Il Guk. We are living in an historic, providential time, and each one of us is writing part of that history!

The linked online interview is designed for associates of the Unification Sanctuary Ministry for the purpose of gathering information about how the Sanctuary experience is changing lives. Please follow the link to participate in the survey/interview.

Approximate time: ~ 15 mins. The survey period is from May 1 - June 9, 2016.

This online interview is designed for associates of the Sanctuary Ministry headed by Pastor Hyung Jin Moon. The objective of this survey is to gather information about how the Sanctuary experience is changing lives.

The survey contains around 45 questions. About half of these are open-ended questions, and the remainder are multiple choice or simple answer questions. Ideally, doing this survey will be a reflective experience that helps you to appreciate your experience with Sanctuary. We estimate the survey will take between 15 to 20 minutes.

The results of this survey, namely the experiences and testimonies that respondents share, are intended to be made public and may be shared with other Sanctuary associates and with non-Sanctuary people around the world. You can, however, take the survey either anonymously or identified. In the end, the goal of this project is for this content to be a testimony to others about the power of the Holy Spirit, about the power of True Father's presence, and about how God is working through Sanctuary to change lives.

Thank you for taking the time to do this survey. May God and the spirit of True Father continue to grace your life.
