*Do not be anxious, saying, 'What shall we eat?' or 'What shall we drink?' or 'What shall we wear?' For the Gentiles seek all these things; and your heavenly Father knows that you need them all. But seek first his kingdom and his righteousness, and all these things shall be yours as well.*

*Matthew 6.31-34*

*This amazing truth of the fundamentals of the universe is like this! If you then went on to ask God, "If You had sons and daughters, wouldn't You want them to be greater than You?" He will give you the same answer. People have lost the privileged value they ought to have.*

Greetings!

On Sunday we celebrated the 54th Day of True All Things and the 4th anniversary of Father's declaration of victorious Cain and Abel Unity being fulfilled by Kook Jin Nim and his youngest brother. Hyung Jin Nim spoke about the "Kingdom of Life." Jesus said that he was sent to preach the Kingdom of God, not the crucifixion. He taught us to pray every day for God's kingdom to come. What would God's kingdom actually look like?

[June 5, 2016 Sermon](#)

Satanic kingdoms always lead to oligarchy and tyranny, justified in recent centuries by the ideology of Marxism/socialism which promises to "take care" of the "people," but always establishing a two tier system, with an elite, "enlightened" ruling class and the rest of the people who are not trusted to make key decisions regarding the education of their children, health care of their families, ownership and use of property, self-defense, etc.

In secular systems children belong ultimately to the state, which subsidizes unwed births with assistance that undermines marriage and replaces the ideal of 3 generations living together with one in which increasing number of single mothers are "married" to the government.

To give an example, before the Great Society program developed by U.S. President Lyndon Johnson in the 1960s, African-Americans were doing increasing well, despite the injustice of segregation, with [high marriage rates and low unemployment](#). Now with the "help" of federal assistance, more than 70% of Black children are born into fatherless homes, and 54% of Black children aborted before they are allowed to be born. These are not trends for only one racial group. More than [40% of all births in the U.S.](#) are to women who are not married.

In God's Kingdom, the citizens are kings in the sense that they have sovereign rights to own and use property, make decisions about the health and education of their families, with politicians in the role of servants with clearly limited powers. The powers and the scope of the national government would be clearly limited.

*Shena Hutcherson's Praise  
Painting based on Jeremiah 10:1*

Increasingly the U.S. is abandoning Judeo-Christian culture and the ideal of limited government. K-12 sex education mandated by federal government normalizes the hypersexualization of children even starting before puberty in elementary school. The recent "transgender" mandate by the U.S. Department of Education [normalizes what the American College of Pediatricians considers to be a form of mental illness.](#)

There are now advocates of classifying pedophilia, or adult/child sex as "minor attraction syndrome," which would lead to a [new victim class to be protected.](#) A culture which destroys and perverts the innocence of children will be judged by God. We are living in an age when good is seen as evil and evil is seen as good.

Each one of us must be a "peace police officer" to protect our families and communities. A true leader must be on the front line. True Father was not one to shrink back from speaking the truth. Evil succeeds because good people do nothing and do not hold people to account.
