"Stay Healthy to 100!"

Leader: Elke Noll

On location Only  Newfoundland, PA

SPR-STH Sunday 2:30 pm EST

In our class we will study and discuss the book "Healthy to 100" by Darrell Wolfe.

HOLY SPIRIT UNIVERSITY

Spring 2017 Catalog

Each class will begin with a biblical passage showing a connection between scripture and healthy eating. Wolfe provides the general public with life changing foundational tools and strategies, so anyone can master their life and live healthily to 100 years of age!

He provides a good understanding how big pharma and big food have hijacked our health and well-being. He has made great effort to explain how our body works and breaks down in terms that a layperson can understand without sacrificing accuracy.

It is my hope that we can support and encourage each other, discussing strategies for maintaining healthy habits. There will be a few samples and food demos.

Contributions to offset cost of materials are appreciated.
