In order to receive the substantial Blessing on the Cosmic Level the sovereignty of a nation (Cheon Il Guk) must be restored. True Father gave the Blessing on the national level in 2003 for all blessed couples, even though no nation had been restored. However, True Father did not want to go to spirit world without having founded the nation.

Now, in 2018, we are still far away from the sovereignty of a Heavenly Nation – and God still wants to give the third stage Registration Book of Life Blessing on the Cosmic Level, not only to True Father [as in True Father's blessing recently with True Mother Kang], but to all blessed couples and all humankind. As Second King (of a not yet established Cheon Il Guk), and as substantial object of God and True Father here on earth, Hyung Jin Nim is facing the difficult task of making it possible that we receive the Cosmic Blessing, without Satan being able to accuse.

It is not about demanding something from us. The question is whether we can overcome the necessary obstacles, so that we can receive the grace of such a Blessing without Satan's accusation. To fulfill the ideal of kingship and the nation, we need people, land (property) and sovereignty. Sovereignty means that we are able to defend ourselves against an aggressive satanic world, when we are threatened. We should be able to defend ourselves, not only in an abstract but in a substantial way, as we would do in a sovereign nation. A minimum expression of such sovereignty is a crown and a real gun for defense (the biblical "rod of iron") like a legal AR15 - a simple hunting or toy gun would not fulfill this substantial purpose - for all princes and princesses of a nation.

Anything less than this would mean that we are describing the nation and the blessing only in a spiritual way. All blessed couples, who are not living in a state possessing such substantial freedom and sovereignty, can only really receive the Blessing as a spiritual level blessing. This refers practically to all couples who are living in states where people do not have the absolute right to possess a gun. This applies also to many states of USA where there are severe restrictions on guns. All those, however, who are fortunate enough to live in states where people have managed to keep their rights under the constitution to possess guns, have been asked by the King to participate in the ceremony on 28th February with a crown and a "rod of iron" (AR 15 or AK style weapon). Attending the blessing, either with an AR15 or alike or without, is valid, but to attend with an AR15 would be a substantial "perfection stage" blessing, and without an AR15 would be a spiritual "growth stage" level blessing]. (see detailed explanation below)

Therefore, all couples around the world should participate in the event on 28th February, whether they are allowed to carry a rod of iron or not. Also, all children, single persons, divorced people, and people who have not been previously blessed, are invited to participate. For couples, who have already been blessed, this will be the third stage blessing, the Cosmic Level Book of Life Registration Blessing, which True Father announced (for the future) even in the 1960s. From very early on, he said that we must all receive three levels of blessing. The first one was our family level blessing (when we received the blessing with our spouse, in 1970, 1982, etc.). The second level took place in 2003 (with TF and us in CP or locally), on the national level.

For single persons, this ceremony on 28th February will signify the pre-stage, or condition, to receive the Blessing in its fullness later on, and will provide a great protection and blessing for their lives. We should invite all people, who are ready to do so, to participate in this ceremony. In order to be a citizen of Cheon Il Guk, it is sufficient just to accept the Constitution and Hyung Jin Nim in his role as King. It is not necessary to change one's religion as a precondition. It will be for any participant a great Blessing.

A high price was paid for this blessing to be brought to us – by True Father, new True Mother and the Second King, as well as providential figures and even our brothers and sisters. We should not expect that this precious grace can be given for free. To be free from any spiritual accusation we should be ready to offer our life to God, our condition of sacrifice and heart, and also a minimum of donation. The value can surely not be measured in money. \$210 is the minimum contribution announced by the King. For people from poor nations or in very difficult financial situation, there is a reduced amount of contribution.
