

Pastor HJ Sean Moon

Salvation, Power, Glory unto The Lord, our God

July 24, 2022 - Korea

Good morning, folks! Welcome to Sunday service! We're hitting you from the mission field here in South Korea and we will be heading back to the States in a couple of days. Thank you for all your prayers. I'm sitting down here because you know what happens when I get up and start getting riled up with the Holy Ghost folks; I start running around and the speech gets too fast as it did last week. We have so many things to cover, so I'm sitting down today and I'll make sure I stay chill and calm during the whole thing. But I can't guarantee anything folks; it's all in the hands of God. Amen!

Let's get to the Scripture today. Last week, we covered little bits of Revelation 18, and 19. Let's jump to 17 and back to 18 today.

Revelation 17

The woman and the scarlet beast

1 And there came one of the seven angels which had the seven vials, and talked with me, saying unto me, Come hither; I will shew unto thee the judgment of the great whore that sitteth upon many waters:

2 With whom the kings of the earth have committed fornication, and the inhabitants of the earth have been made drunk with the wine of her fornication.

3 So he carried me away in the spirit into the wilderness: and I saw a woman sit upon a scarlet coloured beast, full of names of blasphemy, having seven heads and ten horns.

4 And the woman was arrayed in purple and scarlet colour, and decked with gold and precious stones and pearls, having a golden cup in her hand full of abominations and filthiness of her fornication:

5 And upon her forehead was a name written, MYSTERY, BABYLON THE GREAT, THE MOTHER OF HARLOTS AND ABOMINATIONS OF THE EARTH.

6 And I saw the woman drunken with the blood of the saints, and with the blood of the martyrs of Jesus: and when I saw her, I wondered with great admiration.

7 And the angel said unto me, Wherefore didst thou marvel? I will tell thee the mystery of the woman, and of the beast that carrieth her, which hath the seven heads and ten horns.

9 And here is the mind which hath wisdom. The seven heads are seven mountains, on which the woman sitteth.

10 And there are seven kings: five are fallen, and one is, and the other is not yet come; and when he cometh, he must continue a short space.

11 And the beast that was, and is not, even he is the eighth, and is of the seven, and goeth into perdition.

12 And the ten horns which thou sawest are ten kings, which have received no kingdom as yet; but receive power as kings one hour with the beast.

14 These shall make war with the Lamb, and the Lamb shall overcome them: for he is Lord of lords, and King of kings: and they that are with him are called, and chosen, and faithful.

15 And he saith unto me, The waters which thou sawest, where the whore sitteth, are peoples, and multitudes, and nations, and tongues.

16 And the ten horns which thou sawest upon the beast, these shall hate the whore, and shall make her desolate and naked, and shall eat her flesh, and burn her with fire.

Revelation 18

2 ----- Babylon the great is fallen, is fallen, and is become the habitation of devils, and the hold of every foul spirit, and a cage of every unclean and hateful bird.

3 For all nations have drunk of the wine of the wrath of her fornication, and the kings of the earth have committed fornication with her, and the merchants of the earth are waxed rich through the abundance of her delicacies.

4 And I heard another voice from heaven, saying, Come out of her, my people, that ye be not partakers of her sins, and that ye receive not of her plagues.

5 For her sins have reached unto heaven, and God hath remembered her iniquities.

7 How much she hath glorified herself, and lived deliciously, so much torment and sorrow give her: for she saith in her heart, I sit a queen, and am no widow, and shall see no sorrow.

9 And the kings of the earth, who have committed fornication and lived deliciously with her, shall bewail her, and lament for her, when they shall see the smoke of her burning,

10 Standing afar off for the fear of her torment, saying, Alas, alas that great city Babylon, that mighty city! for in one hour is thy judgment come

Folks, it has been such a crazy tour! This time in Korea has been a healing time. I have now basically fully recovered from the stomach ailment that I had from the horse meat in Japan, and I'm back to normal in that sense, so praise God. Thank you so much for your prayers and of course thank God. I also thank the doctor down here; one of our brothers who is pharmacist gave me some really effective stomach medication and it really cleared it up in about the week that I've been here.

It's been such an incredible crazy time! Last week here in South Korea the Family Frauders mobilized and they tried to come to disrupt the SUNDAY SERVICE! This is how desperate and how childish, puerile, infantile these people are behaving! They're acting like total children and complete petrified terrified criminals. It's very sad to see that but again they disrupted a Sunday service, a religious worship service; the police were called and they were of course removed from the premises. They're probably going to try to do it again today. As you're seeing this video our Sunday service will already have passed, so by the time you're watching this video we will know, but we expect they will probably try to do something again.

The betrayal

The point is: it is all falling apart, all the lies, all the heresy of the Han mother's terrible destructive and heretical beliefs. Her erecting marble statues to herself and literally bowing to them! I mean what we had to see is just so crazy folks!

I just look back at the last 10 years because we prophesied this 10 years ago. I told her and we're the only ones who did because we actually love our mom and we don't want her to go to hell. We don't want her to divide herself from Christ, divide herself from God and do the worst sin of idol worship and try to make herself into God. That never turns out good; it always leads to a path of destruction.

So, because we're her sons and we actually love her, we're truthful. Not only would we not go along with that kind of craziness, but of course we told her, "Mom, you can't do this; you're going to get judged. Judgment is going to come upon you if you do this. Please don't do it!" Justin and I begged her for six months; I was there six months in the palace and I was begging her, "Please don't go down this route because it's going to lead to destruction."

But she was completely drunk and intoxicated with power and she removed me from all organizations, and now she was having full reign over everything even though Father didn't give it to her; kind of doing a coup d'état and stealing it all. She was so drunk and intoxicated with power when I was there! I shared this story many times: we were there with Justin in her TV room begging her and pleading with her not to go down this route. Before saying this stuff publicly, she was telling it to us, kind of beta testing it on us to see how people would react. When we pleaded with her, she screamed at the top of her lungs in that crazy marble palace, *"I HAVE ABSOLUTE POWER!"* I mean her head might as well have been spinning like in the Poltergeist and the Exorcist; it was ridiculous! I never thought that in my entire life I would ever have to actually witness that kind of thing in person. She was like literally demon-possessed.

It's so sad to see that because people have free will, they can give their soul over to Satan. They can stay still and quiet for fifty years but at the final hour they can betray the Lord just as Judas Iscariot did. That is the reality, and God takes that risk; He takes that risk because without that risk you can't have love. You can't have somebody forcefully love you; that would be called rape. You can only have it out of free will; they have to freely choose to love you. They have to freely choose to serve God, to be moral and to do the right thing.

But most people will fall into the trap of the billions of dollars, the marble palaces; all the wealth and the assets and as the Bible talks about, *her delicacies* the abundance of *her delicacies*; people *"waxed rich through the abundance of her delicacies,"* and things like that. So, most people will fall for those riches.

But think about it: in order to get those riches, you have to sell your soul; you have to do what you know is evil and what you know is immoral and what you know is betraying Christ. Of course, we warned her, and not only did we warn her but we prophesied that there would be a worldwide judgment, because her falling at the True Parents' level, at the cosmic level, at the Adam and Eve level, right before she had the final test to become the perfected Eve; her falling at that level would have worldwide repercussions. Just like Eve when she fell with Satan in the Garden of Eden, it had worldwide ramifications. Her husband Adam went along with it and he fell and became her object when he should have led her away from sin and led her unto God and to repentance, and then he would have played that Christ figure and would have been the proper king. But he didn't do that.

Han Hak-ja has fallen, but of course, True Father as the Returning Christ stands victorious. He did not bend down to that, and neither did his Three Kingships established on earth as his representative body here. He selected me; he put the crown on my head and on the next generation Shinjun, and we stood strong. We did not go under her and become her victim; we did not go under her and become her object partner. We stayed in the subject position because we represent the Father. We said, *"No! We can't do that; even though we love you as a person we cannot go along with this incredible betrayal against God, against His Kingdom, against His TEACHINGS, against the WORD of God. We cannot do that."*

What she had revealed to us, all the things that we shared with people was of course unbelievable at the time; nobody believed us. Everybody called us liars and cursed us and damned us to hell, and they claimed that we were purposely trying to slander our mother, etc. but this simply was just not

true. We were telling the truth. In the last Korean service, the Family Frauders came and shouted, “*Stop cursing Mother.*” But there's a big difference between cursing somebody or saying curses about them and cursing them out. They're saying, “*Stop cursing her out!*” But we're not cursing her out. We're telling the truth of what she revealed to us, and of course that's ALL been confirmed by her own mouth; now she's said those things publicly. While I was not in Korea over the last 10 years, she has said all those things.

She's confirmed everything and it's actually been much worse than what we reported. We never anticipated she would make statues of herself in marble, be bowing to them and not have Father anywhere in the picture. We never expected that she would go to that level. And not only that; what she did was much worse, like proclaiming that Father has failed, that he was born with original sin and she wasn't born with original sin. Therefore, she's basically the Messiah and she's the one who saved Father! It was way worse than what we had heard; she had told us that she was God, and that was definitely bad. And of course, I couldn't follow her after she kept on trying to drive that in and force us to say those things publicly. We couldn't do it.

But the point is: it's been 10 years that we gave those prophecies about the destruction of the Han mother and the judgment that would fall upon her. Remember, we told her this because we're her sons and we love her. Justin and I, we actually love her; we don't want any money from her, we don't want to use her for money. We left everything! I came out with nothing. Father had put me as the head of every single providential organization; every single one. That was unprecedented in the history of the church!

The Family Fraud & the Kwak Group

It's interesting because now things are exploding in terms of the judgment upon the Family Fraud. It's here; the hammer has fallen and it's unbelievable. We shared this with you last week. What was the probability that while we were touring Japan, something like that would happen? Never! Nobody in the whole world could ever have predicted how God would move! He made a situation that was so big nationally that the Family Fraud now is in the spotlight every single DAY. Every day, this is NHK this is TBS; in America it would be like ABC Today's Show, or it would be like CNN. Every single day they are SLAMMING the Han mother; every single day! It's like day in and day out headline news. I mean the level of the crime of this lunatic is so ginormous that the Family Fraud cannot run away from this level of scrutiny.

What's happening? Their entire money stream is collapsing! They have probably over 3,000 staff across the world all getting about \$50,000 a year on average with hundreds that are getting over \$100,000. There are all these older “members” who are in their 80s that are all on church funds in terms of their retirements, etc. Plus, all the businesses that they've been trying to run are failing. All the ones that Kook Jin-hyung turned around, they lived off the residue of that success, but now most of them are going to be unprofitable because they're led by totally incompetent corrupt thieves; a band of robbers that padded their pockets with the money. All their organizations are collapsing; they're all

not fundable, and now God has dropped the hammer on that money stream and has completely shattered it. There's no way they're able to now raise 300 million dollars.

So, what's going to happen? It's funny how in the midst of all this the Kwak group has reared its ugly head. They're drunken with robbery; they're robbers, they're just thieves. Preston stole two billion dollars from his own father! Total thieves! They come out doing a press conference saying how sorry they are that this happened and that they tried to stop the donation providence in Japan. This is a complete lie, because when they were running CARP which is a collegiate organization, they were literally operating fundraising teams; making these young kids fundraise for them day in and day out for two years straight, raising millions of dollars off the back of these young kids.

Hello! When Father fired him and put me, his heir and successor, as the international president of CARP I stopped that fundraising program immediately. So, it's funny how they say THEY wanted to stop fundraising campaigns. They literally had teams from the Philippines in America doing fundraising for them! Give me a break! These people are SO ridiculous! They're such liars from beginning to end; that's how robbers are in a den of thieves. That's why there's no honor in a den of thieves; they end up in the end backstabbing each other, and they end up picking each other out.

Think about it: since they robbed True Father their children will rob them; that's the morality that they showed. They showed that it's okay; you can do that if it's for your "children." But you're just using them as a trope. You're not really doing it for your children; you're just doing it because you know you're incompetent and you cannot be successful anywhere else other than stealing. They try to do a press conference but of course NOBODY believes that crap; nobody believes that kind of lies. But it's interesting, you can see that psychopathy; you see people who are psychopaths and sociopaths, they will lie to the END. I mean literally they will try to lie their way out of anything.

This is of course why it's so incredible and such a blessing that we were able to separate from their heresies, from their destructive actions and behaviors; from that whole environment and say, "*No! The Han mother is going to take it that way, we're not going to be part of that.*" And even though we lost everything financially, we did not lose our SOULS; we still maintained and held on to Christ. That's why we're wealthy and that's why we're rich. We're spiritually rich because we did not sell our souls for money and billions of dollars, we did not steal from our Father; we did not steal an inheritance. He put the crown ON me! I did not even choose to be in this position as his representative body and heir! So, we have the moral high ground; they do not.

The Kwak group robbed True Father of two billion dollars and it's interesting how they proclaim, "*Father's words! Father's words! We absolutely need to follow Father's words!*"

-Oh! Until he put his youngest son in the position of his heir!

"But we didn't believe until then!"

It's very convenient: Father immediately turned senile right at that moment!! It's just so pathetic!

But of course, that's a collapsing and petrified organization, and that's why they cannot grow and they have to pay people to attend their services.

The Family Fraud, they also are totally collapsing. You don't imagine now what they have to do in order to run their dying organization that's overbloated. It's so corrupt; it's filled with people that are robbing, stealing and padding their pockets. It's SO giant and corrupt! The Han mother said she's going to make the Korean Cheongpyeong like the Vatican; she wants to make it like that, and it's interesting because she literally created it into this terrible corrupt Vatican-like organization. How unbelievably ironic, because in front of the giant palace that she made, now at the bottom of the hill she literally is building a copy of St Peter's Basilica; hundreds of millions of dollars marble building. She's literally copying St Peter's Basilica with the square and the big building with the dome on top. Literally she's demanding that all her members pay about \$30,000 in this year as their tax for that.

It's so amazing how this is all happening while this whole incredible international crisis with Japan is taking place. Now the Family Fraud is literally in the spotlight; all the things that she's been doing, the giant palaces etc. She lives in palaces, the Kwak group, they live in mansions.

The real assets of the Kingdom of God

I live in a tiny home! Folks, I literally live in a tiny home and I am happy. Why?

Because we don't live for those things. We live to fulfill God's WILL. That's what's precious to us; what's precious to us is that we are in right terms with GOD. Why? Because the real assets of the Kingdom of God are not just the material wealth that He's built across the earth; these are not the real assets.

The real assets are what?

The PRINCIPLES of the Kingdom of God,

The PRINCIPLES of being FAITHFUL to God,

The PRINCIPLES of what? Being LOYAL to God,

The PRINCIPLES of what? RESISTING the Devil and he will flee;

The PRINCIPLES of what? Not worshipping mammon which is the money god but worshipping God; you cannot serve two masters.

THOSE key principles are the keys to *“love God, love your neighbor”*: those are the key principles of the Kingdom of God. Being willing to sacrifice like Jesus on the cross who was willing to give his life for the sins of others; these kinds of things are what builds a kingdom and what builds a civilization. That kind of morality, that kind of self-sacrificing morality for the benefit of others, to *“love God, love your neighbor,”* that has to start from honor. That has to start from being an honorable person, pursuing virtue, pursuing honor, understanding ethics.

Money cut off

And NOT doing evil things; not pursuing evil for short-term gain because it never turns out good for them! Within 10 years the Family Fraud has now utterly collapsed and of course within a year they're going to feel it, because every new year in the Korean calendar, around February, that's when they get their subsidies from the “headquarters.” All of these organizations still got their money from this past

year, but when February will roll around those subsidies will not be coming in because Japan is now cut off. Plus, the Family Frauders are now being completely judged by the media there in Japan; every single day just being hammered.

But not only that! Even the giant Saint Peter's Basilica replica that they're trying to build in Cheongpyeong has to stop construction. How can they keep going? They need 180 million more dollars for that by next May, and of course that's now on the news. In their press conference they said, "No, no, we don't have goals," but that was totally debunked within a couple days after they lied publicly. Their goal is 180 million dollars by May of next year. That money is not rolling in! They're going to try of course to have members bring cash of under \$10,000 to Korea, etc., but that's going to be very limited, and it's going to be terrible if the Japanese media realizes that they're going to try to do that and catches them doing that; it's going to be BIG trouble for them. That whole organization is totally collapsing and the Korean Family Fraud only runs on subsidies.

Kook Jin Nim's success with our Korean businesses

Look folks, this is so funny! Father chose me as his heir and successor, and we are the only ones under Father's administration that worked on stopping the fundraising donation providence; we are the ones that got Father's approval because we could raise funds another way. Which was what? Justin turned around all of the 27 businesses; we had 40 businesses and he sold off some of them down to 27. Now, the big ones like resorts, apartments, etc., all around Korea, he turned them around and made them all profitable. Then the church did not have to keep subsidizing all those 40 businesses, which had been happening until then. The church also had to subsidize the DOZENS of media organizations that we had across the world; to do what? Fight against communism? Yes! For the Washington Times for example there was a 40-million-dollar per year subsidy that we had to send them. So, Japan was fundraising and making that money for the rest of the organization worldwide.

Of course, we knew that it was a giant strain on the Japanese families, and Justin and I were the FIRST ones that took steps to start relieving that burden, and for the first time in our history the Korean church sent over 200,000 dollars to the Japanese church! Unprecedented; it had NEVER happened! Why? The Korean church was just milking, milking the Japanese church. It just lived off subsidies, never paid anything, and it had basically become a totally corrupt church that was not participating in the providence. It was just milking the Japanese church and saying, "Oh, they're the Eve nation; they conquered Korea so they have to pay reparations." This kind of TERRIBLE arrogance!

So, under our leadership and with Father's approval we were able to raise money by making the businesses successful. That was 100% Justin turning around the Foundation (재단 *jaedahn*), creating different organizations that would be successful and for the first time the Korean church started donating, started participating in the providential activities, started turning around all the media organizations. That's what Justin did; he made them profitable. Like the Segye Ilbo: that's a big newspaper here in Korea that had never been profitable in the last 25 years of its existence. It was then the first time it had ever been profitable. Under Justin!

<https://www.forbes.com/global/2010/0412/enterprise-moon-sun-myung-spiritual-unification-world-revival.html?sh=2e22f01a6a6f> *Sons rise in the Moon shadow,*

So, give me a break! We're the ones who started alleviating that burden that the Japanese church was carrying. Every single year we were reducing the level of donation from Japan and we were achieving that through successful businesses on the Foundation (재단 *jaedahn*) side, and of course with the growing church that we were creating in Korea.

Now more people were able to contribute to the different providential activities that the Returning Christ, True Father, had to do. Such as having a giant worldwide network of media and educational groups across every college campus in the world; literally thousands of anti-communist groups that we were forming across the world. Why? Because we know communism, socialism, political satanism IS Satan's weapon on the earth, and that's why we would pour 40 million dollars into the Washington Times to fight the Washington Post, to fight the New York Times, to fight all the leftist propaganda and papers; CNN and all of them. Why? Because they were pushing for socialism, communism and political satanism to come to the US. So, it was a giant operation and we needed those war funds at that time, especially when Father was here.

While Father was here that was done, but we knew that when Father was not here anymore, that would have to stop. We would have to build up the successful businesses; we would have to build successful anti-communist organizations and secure grassroots funding. Not just have them all be subsidized by the church which was a giant burden on the church, and of course finally ending up being the burden the Japanese church had to carry. We wanted for the Japanese church to focus on church and community and we were actually building the organization towards that.

But of course, after Father passed and we said to the Han mother, *"We've got to stop this now. We can use other ways to build the funds we need to continue with the providence forward,"* she was against everything! She literally told us to our face multiple times, *"I can do better than Father. You boys don't know crap; you are stupid and young and dumb."* This was saying this to Kook Jin-hyung who was in his 40s and ran dozens of successful businesses, made millions of dollars on his own! I mean, just give me a break! It's unbelievable the level of delusion!

We had to speak the truth

Of course, since it was coming from my own mom it was painful, and it was not politically correct to talk about it. But anyway, as Father's heir and successor I had no choice; I had to tell the truth. That's why I had to start Sanctuary Church and we created a separate organization. We don't have a donation providence; people donate according to how the Holy Spirit moves them. Even with ancestors' liberation or with marriage blessings there's no set donation; people donate according to how their heart moves them, and that's the way it should be. We don't even pass a plate and some

guys are saying, *"Hey, you should pass an ammo can; that would be fun!"* (Laughing) But you all know what I mean.

The point is: that whole organizational structure is collapsing; just like we told her, just like we prophesied. It's bittersweet because it's painful to be correct on these things but it's not because we are clairvoyant or something like that.

No! It's because it is biblically sound and biblically true, and it's just common sense. If you betray God, you're going to get judged for it; at some point you're going to get judged. It's not going to turn out good for you. If you rob your own dad, you're not going to get away with it, **especially if he is Christ!** You're not going to get away with it; you stole God's foundation. Whether it is the Kwak group or the Han group, they both stole the inheritance which was not theirs. They both are robbers, they both are a den of thieves, they both have no moral high ground whatsoever; they BOTH are operating on the criminal level.

That's why those organizations are completely dying and failing, and everything they touch disintegrates, falls apart and dies, because it's BUILT on immorality. It's built on trying to justify immorality, and that never works well for anybody; that always fails. 100%! Their children in fact end up doing the same evil to them as they did to their parents.

When I was touring here in Korea I said, *"Look, I was in charge of all these organizations. I had billions of dollars at my fingertips. I could have taken those organizations, and I could have billions; no problem."* I mean Father made me the head of EVERY organization: the Family Fed, UPF, CARP, Youth Federation; you name it. I was head of EVERY organization; not by my choice but by Father's anointing. I didn't choose; I couldn't just tell him to put me at the head of all these organizations. Nobody can tell him to do anything; he is one with the Father, he's totally one with God and he does what God wills him to do.

So, I could have taken those things and I could have justified it saying, *"Well, I need to take care of my kids; you know I got to do it for my kids. I got to do it for them. I got to do it for their safety and their financial security."* I could have made those immoral arguments which are actually lies. What would I tell my children then?

That's what I said to the members and my kids; two of my sons were here, and I said, *"What would I tell you boys? That I did it for you? That I stole money from my own father for you?"* Well, then now it's their fault if I committed an immoral act! You see what I'm saying? This never works out well. You're selling out your own children; you're using them as an excuse for YOUR immoral behavior. So, in the end they feel USED that you try to justify your robbery of your own father, for the Kwak group, and your robbery of your own husband, for the Han group; that you try to justify that by using their names. They'll get pissed about that in the future and they'll end up saying, *"F-you!"* and taking from them. You see what I'm saying? It never works out well.

Loyalty to God & Christ

On the other hand, we said, *"No! We're not going to sell out; we're not going to do that. If they want to take the organizations, fine; if the Han mother wants it that bad, we're not going to fight for it."* And we went down quietly, lost everything, were literally homeless; we literally had nothing other than what Father had blessed us with when we got married, and we bought some little land in Pennsylvania, and that was it. I had to start with nothing. I had no house; we stayed in the basement of Kook Jinh-yung's house in PA, started the ministry out of that living room and just went from there. But I had nothing.

And as soon as we started speaking truth everybody cursed us, damned us to hell, saying, *"Die, you piece of trash! You're so dishonorable!"* Whatever, whatever... No, no! We were not! And they were accusing, *"You're dishonoring your mom!"* But she's not God, she's not Christ; that's not what the Principle says. That's not why everybody believes in True Father. The question is: you have loyalty to whom? **You have to have loyalty to God.** If your mom chooses Satan, should you go follow her and should you just stay quiet about it and just kind of tacitly and indirectly support her, when your loyalty has to be to God? No, of course not!

This is not a pagan organization; this is a Christ-centered organization. Christ is the ultimate. HE is the one. You cannot serve God and mammon. You can't serve both; you have to serve one.

That's why there was one center when True Parents were here; when Father was here there was one center. Han Hak-ja knew that 100%; that's why she never spewed out these heresies when he was here. But she has now admitted publicly on camera that all those last 50 years she didn't believe in these things. She held them silently; she lived a lie. And that said, God could still use that; even though she lived a lie God still used it. Father was able to establish his Kingship; he could establish his lineage. Now Christ's lineage lives on earth; Christ's lineage and his Kingship are here on earth, which of course is the root and the beginning of the Kingdom of God. From that comes the CIG Constitution and freedom and responsibility protected for the rest of the world as nations come under the CIG Constitution.

The point is: we begged her, *"Please, don't do this because it's not going to turn out good for you!"*

The Kwak group, they were stealing; they stole two billion dollars while our Father was here, so he made us sue them to get it back; he was so angry, *"Hurry up and get it back!"* That's why we had to even sue the Kwak group to try to get it back. So, you got the three groups: you got the Kwak group, you got the Han group and you got Sanctuary, and out of the three groups we're the only ones that didn't steal from Father; we're the only ones that did not choose immorality.

We're the only ones that said, *"No, we're not going to chase money, we're not going to chase positions; even though Father gave me all those things I'm not going to chase them. That's not going to be my God. I'm going to be loyal to my God, I'm going to be loyal to God and Christ, even though I have to take the beatings and hatred of the world and of all these people that claimed they loved Father but then betrayed him for money and power."*

As the Bible said, they, *"waxed rich through the abundance of her delicacies,"* supported her, aided and abetted her so they could get millions along the way. It's been a 10-year period and some of them

became millionaires by aiding and abetting her. In the end they don't give a crap about her. That's not their mom; they don't give a crap about her!

The Babylon Bonfire

As you saw in Revelation chapter 19 the harlot of Babylon is now starting to explode. It's like the Death Star. The explosion has happened from within and now it's just BOOM! Then they wait a couple of weeks and another BOOM! and another BOOM! You understand? In another month it will be BOOM! BOOM! By next year the entire Family Fraud is going to be in utter, utter destruction; it's going to be collapsing worldwide. Why? Because they cannot milk those poor people in Japan anymore. PRAISE GOD for that!

We have to do what Revelation 19 says and just like we shared with you last week, what do we have to do? We have to say,"

1----- Alleluia; Salvation, and glory, and honour, and power, unto the Lord our God:

2 For true and righteous are his judgments: for he hath judged the great whore, which did corrupt the earth with her fornication, and hath avenged the blood of his servants at her hand.

3 ----- Alleluia! And her smoke rose up for ever and ever

That's why we do the "Babylon Bonfire" at the Rod of Iron Freedom Festival because that is a symbol of the defeat of evil; of the betrayal of the fallen Eve uniting with her husband Satan. But then in the end that Babylon, that destructive fornication, that adulterous relationship is usurped. Why? Because of Christ's victory! His lineage is established on earth, his KINGSHIP is established on earth, and from that Kingship come kings and priests and queens and evangelists, and the spreading out horizontally of blessed families who become the inheritors of the Kingdom of God. They inherit such a beautiful freedom-based Constitution, responsibility-based Constitution, the Peace Police-Peace Militia; the Rod of Iron Kingdom where everybody is participants in the Peace Police-Peace Militia and everybody loves God and loves their neighbor as they love themselves.

The Indiana Hero

Just like we saw the great hero in Indiana who stopped that probably CIA-groomed kid who had the same Daniel Defense 4,000-dollar gun with the Eotech one-thousand-dollar sight on top of it; the same one as the Uvalde shooter had, the same dang government-issued guns. They're expensive guns those DDM4s, folks! Those Daniel Defense AR 15s, they're like \$4000 guns with all the Eotech accessories on that! Boy! It's funny because King David found that meme where they show the guns of those two mass shooters; they're exactly the same guns, EXACTLY the same expensive guns! How can these kids with no money, unemployed and living in their mom's basement be getting the MOST expensive guns worth THOUSANDS of dollars?

Interestingly, both of these companies, Daniel Defense and Eotech have government contracts AND the CIA has been doing international PSYOPS, international assassinations, international false flag

attacks on different nations across the world, and including America. And isn't it interesting how these killers all have some type of psychological illness? Then of course they're kind of groomed, and they get guns somehow and it happens that the guns look the same; they're AR-15s and very expensive, and all those companies have government contracts! Oh my Gosh! Give me a break! It's so ridiculous folks!

But look, the Indiana DEMON who was in there had been brainwashed by Satan, demon-possessed and of course probably groomed by the CIA and rogue Deep State, aided and abetted, weaponized and armed, so that they can push gun control which exactly is what they're doing. And those traitorous despicable two-faced politicians Republicans from New York and I believe from Illinois are going to sign on for the gun control bill HR 1808 which is a giant assault-weapons ban. It literally bans EVERY semi-automatic RIFLE; I mean it's a giant ban, folks! They're going to start a civil war with this! We have to stop it in the House, stop it in the Senate; it's going to hopefully have a hard time passing. But the point is: they're pushing this gun narrative and they're reproducing mass shooters every month.

That's why it's so important that the Rod of Iron Kingdom culture be real; that all Christians be practicing, all Christians be trained and all Christians be ready to defend their neighbor.

<https://www.planet-today.com/2022/07/everyday-heroes-good-guy-with-gun.html>

That 22-year-old young man in that shopping mall didn't obey the rules of that stupid shopping mall because that's not a law; he didn't obey that and he saved many lives. Probably a HUNDRED people could have been killed in that place! That lunatic little beta male freaking mask-wearing Antifa-like loser, demon-possessed Luciferian or whatever the heck he was, came out of the bathroom with a freaking mask on as if that was going to save him; he had three AR mags and 120 rounds on him, so he could have put down 100 people that were in that food court. He came out and started shooting people randomly, but that young man, shot him from 40 yards away with his pistol CCW, as the Constitutional Carry law was just passed in Indiana TWO weeks before!

You can't make this stuff up, folks! God used that young man as the Peace Police-Peace Militia to LOVE his NEIGHBOR. He steadied himself on a pole, he popped that trigger and he knocked that demon down and potentially SAVED dozens of lives!

Oh! Yeah! Let's give it up for that hero, folks! (*Applause*)

That's what I'm talking about! That's the Peace Police-Peace Militia! It's armed citizens who are moral and who are being the good guy, who are putting on the burden of packing on heavy metal on you, weapons of self-defense and also others' defense. So that when evil rears its evil head, when the Beast tries to raise its ugly head and strike TERROR into the hearts and minds of men, and then USES that as political control to then DISARM the civilization which of course then is followed by genocide, it can be stopped. It can be stopped by good people like you and me; it can be stopped by good people like that young man 22-year-old HERO, hero, hero, hero, hero, HERO who didn't listen to the rules of this stupid shopping mall, and he saved the day. He SAVED the DAY!

A higher moral standard from God

In the end, when the Nazi murderers were being tried in the Nuremberg trials, what were they saying? *"Well, we did everything according to German law; we did everything within the rules and contracts of the organizational laws that we passed in our country."*

But see there has to be something greater. See, the laws of men are one thing; they can make the laws of men like tyrants do to fit any agenda, genociding people, raping children, having sex trafficking rings, doing anything they want. You know they can justify anything with the laws of men.

But there has to be a higher objective moral law-giver; there has to be some other place from which we judge morality in its final course, because men are sinful and when men or women have power, they can create corrupt laws, as we're now witnessing more and more in the US. There comes a point when even those laws have to be judged, and that's what the international community did with the Nuremberg Code. They declared, *"No! You may have made your Nazi racist Aryan laws in Germany because you are racists, but that doesn't count. We're going to judge you from a higher objective moral standard because genociding a whole group of people based on their ethnicity is bad."*

You see what I'm saying? It doesn't matter what your German law said; it doesn't matter what your Aryan law said. You committed an international crime against humanity and you will be tried and you will be judged and you will be executed. See?

But how did they do that? How can you claim that? You can only claim that if you have a moral standard higher than the differences in culture. This is not cultural relativism where everybody can make their own rule; where some people say, *"Love your neighbor,"* and other people say, *"Eat your neighbor."* No! That's not the same. There has to be a higher moral standard which we get from God; an objective moral Christ-like criteria from which we realize that *"love your neighbor"* is good, and *"eat your neighbor"* is bad. You see what I'm saying folks? It's not like cultural relativism where everybody can create their own truth, and everybody can create their own culture. No, they can't! There are truly evil people and there are true evil cultures, and we judge them not by the judgment of men, but we judge them by the standard of God which comes from His nature. All the commandments that He's given comes from His nature. They show what He desires, what He wishes for us to follow, and what He hates and abhors.

World-wide judgment

So, the point is: in all this craziness that was happening the last 10 years, all the prophecies that we had given eventually came true. Within 7 years we had a worldwide judgment, a worldwide lockdown which has been devastating the entire world. There's a curse upon the world LITERALLY by a plague that was sent out by China. Of course, China made giant money on it and now it's flipping the tide of the entire world; China's now becoming a superpower and America's waxing and waning extremely fast.

We told her that this judgment would come worldwide. Of course, they laughed at us, they scoffed at us, but 7 years in, BAM! Worldwide lockdowns, worldwide travel bans; people could not leave their

countries, could not travel over to the next city. I mean in China people were getting locked in; people locked in their buildings and literally welded inside, shut in. I mean, things you never even imagined you would see; but you saw it all folks, you saw it.

And we saw all the lies, "*Mask on, mask off! Mask on, mask off! Mask on, mask off! Churches can't gather, can't spread the Word of God!*" NO! NO! We never shut down our church and we never will! Freedom of assembly is critical and it's backed up BY the constitution of the United States; it's backed up by the Second Amendment. Freedom of assembly and freedom of religion that is our fundamental right as human beings! So, during the covid thing Sanctuary Church never shut down; we never closed our doors, we never forced the mask mandate and we just kept telling the truth.

They proclaim, "*The scientific consensus; the scientific consensus!*" Well, you're censoring all the scientists that disagree with you, so of course you have a scientific consensus, because anybody like Dr Robert Malone who created the mRNA vaccine with six patents on it, you censor them! Anybody like the top-level VP from Pfizer that has come out warning, "*Don't take the vaxx,*" you censor them! All these top-level scientists, you censor them! So, of course you have scientific consensus if you censor ALL THE SCIENTISTS that have contrary views!

We just saw this unbelievable, UNBELIEVABLE, draconian totalitarianism on the rise in the last three years, and that is what? Political satanism! Political satanism has risen greatly in power because now we're on the edge of World War III. RUSSIA should have allied with Trump and AMERICA and then taken out China! Now Russia is aligned with CHINA and they're going to take out the US!!! Meanwhile they're trying to start a civil war in the US before the midterms, especially before the next presidential election. We don't know if America's going to even last that long. We got three more long years to go folks under this usurpatious administration!

That's why we told President Trump - and pray for him- "*Do not step down! Enact martial law! They're burning down cities; they're literally stealing elections. Enact martial law! Do it!*" But he didn't have the gall to do it! There's a dereliction of duty on his part. God can use him again, but we got to get through three more years of this craziness worldwide and I don't know frankly if we have that type of time. So, the point is: we have to be steadfast and vigilant folks, at this time. We got to cling on to God; we have to cling on to His prompting and to the guidance of the Holy Spirit that He's giving us. We have to be prepared.

They're now going to sign executive orders on climate change. What does that mean? That means banning fertilizers, that means farmers not being able to grow organic food; that means regulations out the wazoo on agricultural things, as in the Netherlands and in Denmark where their economies are collapsing, and now they're not going to be able to get any gas. In Italy they're not able to get any food in some places, because now they can't even use fertilizers. Farmers are up in arms and doing protests all along the highways.

This is only going to escalate and increase in America as they try to start off the next civil war, so that China can take Taiwan, North Korea can take South Korea and you have all these totalitarian empires: Russia can take Ukraine, Poland, Moldova and all these different countries in Eastern Europe. And of course, China can then say, *"Look, look, look, America, you're the first ones that used technical nukes against North Koreans trying to stop the South Koreans. We can send a million troops down to South Korea trying to kill everybody and there's no way forty thousand American troops could stop that."* So, if they set off small tactical nukes to stop the North Koreans from invading South Korea, boom! You could have World War III, a nuclear war. China says, *"America, you started it,"* and hits us with their arsenal. Then Russia hits us with their arsenal.

Fighting the New World Order

Dr Peter Pry former CIA head of the nuclear arms committee and experts on the nuclear field explained that literally when you decide to have nuclear war, the opponent will shoot you with everything. They're going to shoot you with almost all of their nuclear arsenal; they're not going to hit you one time and then you're able to hit them one time. No! They're not going to want to go back and forth. They're going to take out all your nuclear arsenals, all your major army bases that they know of, and basically decapitate you so that they can hold your cities hostage and threaten them with nuclear attacks, so that you have to give up and join the New World Order. THAT's what they're aiming for, folks; that's their plan!

We only have 400 ICBMs or nukes in our entire Triad. Russia has over 3,000, China probably has anywhere from 2,000 to 5,000 so they have a massive advantage. Now, Russia is showing very great weakness in the war in Ukraine; they're not able to coordinate well, they're dropping bombs on their own squads. There's not a lot of good coordination; not the one we see in the U.S. Armed Forces, Air Force and different branches of military. They have been in war for the last 60 years so they are trained a lot better and all those people are veterans. China has a lot of people; Russia doesn't have a lot of people to send and to take over actual land, so if they're going to take over America, they're going to do it with China and Chinese troops through the U.N. But can you imagine if that happened in the U.S?

Literally every Green Beret, every Special Ops guy living across the US are in rural areas; they don't live near army bases. They know that if there is a war those are targets; they don't live near nuclear power plants or nuclear bases or cities because they know those are targets too. They're in the rural areas and they're going to immediately create those militias. They're going to immediately start creating forces everywhere because that's what they've done in Afghanistan, Iraq, the Philippines and everywhere else, and they've trained armies up. The American people are already armed; they're already familiar with guns and with proper training and they can be quickly raised into a very dangerous fighting force. AND it's their home field, AND they have the moral high ground because we are defending our own grandchildren. If the military Chinese Communist Party is salivating through the UN trying to come and kill us, NO, they don't have the moral high ground! All they'll do is try to wipe us out so that they can literally reign over the entire Pacific Rim, and with Russia over

the entire world, and become the next totalitarian Genghis Khans! That's not a moral high ground, folks!

When the Chinese start pouring in, the patriots in America will be organized. The Green Berets and Special Ops guys, they're going to organize; they're going to start coming out of their quiet lifestyles, they're going to start training people and they're going to start building up forces. It's going to be a formidable force because these people have fought and taken down governments across the world and of course they've been constantly in battle.

The Chinese military is not experienced in military conquest or battle. They haven't been in any of the wars in the last 60 years, whereas our combat vets they have been in war and they're coming out of it like fresh. So, you think you're going to beat up people on their own home terrain, in all their nooks and crannies and all their little caves and all their little systems that they know of, when they're fresh back from war? You think you're going to roll in here with the UN and the blue hats, and you think you're going to roll over everybody because you come in with a million Chinese CCP "greenies" that have never gone to war, but are evil, dangerous and have been brainwashed by the CCP? You think you're going to be able to defeat us when we have the moral high ground; when we are defending our Constitution, defending liberty for the world and we are defending our children and grandchildren, and it's our home turf?

It's not going to be an easy FIGHT! Even the US tried to go into Afghanistan and defeat them, but they lost after 20 years! It's not easy to do it. Think how difficult it will be. But of course, China is now creating new bases in Venezuela and Mexico. They are starting to try to take over South America so they can use that as a platform to attack the West. Russia has now announced that they want to take Alaska and move in through Canada et cetera to do a pincer attack on the US.

Things are progressing in a bad and negative way. However, we have to always remember that the totalitarians of history ALWAYS overestimate their power because they believe that centralization brings the most dynamic power. Of course, it doesn't, because when they have to fight actual people who are trained and have been in war for the last 60 years and have trained to fight hundreds of millions of people, and these people will create groups of resistance across the whole world and these people have the moral high ground AND they believe in God AND they DON'T WANT to oppress people, it's not as easy as those totalitarians think.

The Joy of the Lord is My Strength

Again, as the Bible says, *"All the fire darts of the enemies will be turned against them; all their encampments will be wrought in by confusion; other lies and all their machinations will be turned against them."*

God wins in the end, folks; in the end God is tearing down all the satanic systems. That's why we knew that the world-level judgment had to come. After the betrayal of Christ on the cosmic level by the Han mother, we knew it was going to come. The beginning of it did come within 7 years and now

it is going to the war stage; now the beginnings of a worldwide war are starting to rumble and break out. So, as we progress through this it's going to be a heck of a ride.

But in the end, we don't have FEAR! Why? Because we do not live in *"the spirit of fear; but of power, and of love, and of a sound mind."* (2 Timothy 1:7) Why? Because we know where our life and our salvation come from; we have CERTITUDE in Christ Jesus. We have CERTITUDE in Christ who saved us from our sin and brought us to the throne of the Father. Not because we are good, not because we did good works! No! But because we submitted; we said, "YES!" to God and God through His GRACE brought us to the throne room of the Kingdom of God and His love.

Folks, we are so blessed to have one another; we are so blessed. Please encourage one another! Keep training because yes, the Judgment is here and the world is collapsing, but we still have to be full of joy; we still have to have that contagious joy. Why? *"The joy of the Lord is my strength!"* We have to have the strength that comes from bringing joy to God. That's why taking care of our spousal relationship, dating our spouse, having great times, thanking one another, blessing each other, thanking God all the time and doing those wonderful dates and spousal training is building the Kingdom and is bringing joy to God.

Also doing their days with your kids, one-on-one time with your children! Give them that special date, one child per week; bless them, raise them up. We were telling the folks in Korea: people many times think -using the plant metaphor- that their children are like different plants. You got to water them, you have to nurture them, you have to care for them, remove pests from them and stuff like that; you have to do those kinds of things just as a farmer has to do for his plants, that he loves and is going to sustain. But the only problem is that a lot of parents think they're all apple trees and you just spray the water in the same amount. NO! One's an apple tree, one's a pear tree, one's an apricot tree, one's a cherry tree. You see what I'm saying? They're all different so they have different needs, they all have different watering levels. They all have different ways of encouragement; there are five different love languages, so all those things are different.

That's why that one-on-one time is so critical to invest in our children; especially as the world's collapsing we have to invest in these relationships. Our family unit and then our community of believers, this is going to be our unit; these are the people that we can fundamentally trust, that we love and we have to invest in those relationships at this critical time.

Folks, please pray for us! We'll be back soon. We thank you for all your prayers and all the things that you guys are doing across the world. We know that God's Kingdom IS coming; Satan's kingdom is all falling. Hey! God's Kingdom is coming and it's coming quickly to this world.

God bless! Godspeed and may His Kingdom come! Shout out to all the folks and patriots all across the world! PA, Tennessee we'll come to see you in a short while and we thank you. Give all the glory to God in all times, and of course *"Love God, love your neighbor."*

Please join me in prayer!

Pastor Sean's Prayer

Father, we thank You so much for this beautiful day.
We thank You for all the updates that You are giving us every day and of course, we thank You for giving us this moment to share with all the folks across the earth.

We pray:

That in this critical time in history all the patriots, all the Christians, all the Abel-minded, good-hearted people can work with the spirit world.

That the spirit world and the physical world can be completely one.

That the angelic realm and the Holy Host can stand with us.

That all the warrior spirits may come down, and all the angels may come down and help the patriots here in America, so that we can fight off this wickedness, and we can destroy the trajectory that they're trying to lure and tempt us into.

May the New World Order, Satan's kingdom and political satanism collapse and be destroyed!

May there be CHAOS in their encampments, CHAOS in all of their machinations and plans!

May they all come to naught, and

May all their firing darts that were aimed at us turn around and destroy that which they are building, just like the Georgia Guidestones that have now collapsed.

So, Father, we thank You for all the things You're doing. The Holy Spirit is moving so powerfully.

Pour out that fire of the Holy Spirit in the hearts and minds of men right now, and of all those people listening right now, so that we may be filled with the fire of Your love, the fire of Your grace and the fire of KNOWING that we can love You with GREAT passion and excitement, and love our neighbor with great passion and excitement! So that we may INVEST into our closest neighbor, our wife and our children and our church family, and STRENGTHEN those relationships at this critical time so that we can move FORWARD knowing that EVEN through the chaos and through the storms, the bright and shining noontime sun is waiting for us past these clouds.

We thank You so much. We give you all the praise, honor and glory with the kingship lines gathered here with the Three Generation Kingships.

We give You the praise, glory and honor, and in Your precious name we pray. Amen! Aju!

Thank you, folks. We'll see you very soon. God bless!

Let's all rise and give praise to God!
