

## Pastor HJ Sean Moon

### Crucified, The Lord of Glory

August 28, 2022 – TN

Alright King Kyle, God bless you all down in PA! God bless everybody! Praise God! Hey welcome! We got Queen Anastasia; we got King Theo in the house. Whoa! You guys had a beautiful rally there in Milford. *(Applause)* Amazing! You know, in the *Pike County Courier*, they reported that I showed up at the end of the meeting. Did you see that? *(Laughing)* I must have sent my spirit there! Well, praise God! Thank you so much for the work you're doing, folks.

Anastasia, she's amazing; she is always fighting to save and help the kids. Of course, she has an unbelievable story; she has given an incredible testimony and she was a natural world champion power lifter and professional arm wrestler. She probably could smash all the men in here with arm wrestling. No joke! So great to have these folks here and of course thank you everybody joining us online today. There's so much craziness going on, but let's get to Scripture. Open your Bibles. We want to get to Luke chapter 1 and let's jump to verse 39.

#### **Luke 1:39-56**

#### **Elisabeth's Joy**

*<sup>39</sup> And Mary arose in those days, and went into the hill country with haste, into a city of Juda;*

*<sup>40</sup> And entered into the house of Zacharias, and saluted Elisabeth.*

*<sup>41</sup> And it came to pass, that, when Elisabeth heard the salutation of Mary, the babe leaped in her womb; and Elisabeth was filled with the Holy Ghost:*

*42 And she spake out with a loud voice, and said, Blessed art thou among women, and blessed is the fruit of thy womb.*

*43 And whence is this to me, that the mother of my Lord should come to me?*

*44 For, lo, as soon as the voice of thy salutation sounded in mine ears, the babe leaped in my womb for joy.*

*45 And blessed is she that believed: for there shall be a performance of those things which were told her from the Lord.*

*46 And Mary said, My soul doth magnify the Lord,*

*47 And my spirit hath rejoiced in God my Saviour.*

*48 For he hath regarded the low estate of his handmaiden: for, behold, from henceforth all generations shall call me blessed.*

*49 For he that is mighty hath done to me great things; and holy is his name.*

*50 And his mercy is on them that fear him from generation to generation.*

*51 He hath shewed strength with his arm; he hath scattered the proud in the imagination of their hearts.*

*52 He hath put down the mighty from their seats, and exalted them of low degree.*

*53 He hath filled the hungry with good things; and the rich he hath sent empty away.*

*54 He hath helped his servant Israel, in remembrance of his mercy;*

*55 As he spake to our fathers, to Abraham, and to his seed forever.*

*56 And Mary abode with her about three months, and returned to her own house.*

That's Luke chapter 1 and verse 39 through 56. Okay folks, such an incredible scripture! But look, let's jump really quick to verse 50:

*50 And his mercy is on them that fear him from generation to generation.*

Now, of course when the Bible talks about fearing God, it's like reverence; it's like the respect and reverence we have for our Father. That fear and reverence is absolutely critical because "*the fear of God is the beginning of all wisdom.*" (Psalm 111:10) It gives us wisdom. When we're accountable to God who's our Father then our behavior will be shaped in a certain way. We will behave better.

Annastasia's always doing an incredible work protecting the kids and stopping to forced vax mandates and all this craziness.

## Trump & the vax

Hey, somebody's got to talk to President Trump! Now, Tucker Carlson is releasing the actual data on the vaccines. It's starting to get out how dangerous those were, how fast Trump pushed them through and now the Left is going to be blaming him for killing MILLIONS and for having all these adverse effects and sudden death syndrome. They're going to start blaming Trump for it. He's falling right in the trap. Not everybody likes the media but look at what evidence comes out more and more.

Now, far-left Politico is saying, *"Look, Trump pushed the vaccine through the FDA."*

<https://www.politico.com/news/2022/08/24/trump-white-house-exerted-pressure-on-fda-for-covid-19-emergency-use-authorizations-house-report-finds-00053428> Even Politico was

saying, *"Take the vax, take the vax, take the vax!"* Remember that folks, a couple of years ago? But now they're saying, *"Trump forced it through without proper testing, etc...."* And now they're coming after him.

Remember the whole issue with the vax mandate? This is coming to bite Trump hard on the tail; he has to come out quickly and denounce this. He has to keep on coming out because he's a very successful business man and if he thinks his decision is right, he'll just push it through to the end. He's just been bragging about how great the vaccine is, and how he got it twice et cetera et cetera.

But of course, we have had all the evidence from top mRNA doctors like Dr. Robert Malone who has the patents on mRNA vaccines. People like that have come out warning us, *"This is dangerous; it's not tested enough. This has spike proteins that can be replicating in your body, especially after the fourth vaccine. It's absolutely devastating and you can't clear it from your body. This is very dangerous, untested, first of its kind, never been approved before, but now it's been forced through."* Of course, Trump was taking credit for that. But now what's happening? He is being targeted. They say that Trump is the one who has killed all these people; that he forced it.

All the Left is now angry because unfortunately there have been terrible side effects. They have this and that syndrome; they know loved ones that have died because of the vax or whatever the case may be. So, they are now channeling that anger, not towards the Left that was telling everybody, *"Take the vax or you're a bad person, take the vax or you're immoral; take the vax or you should be put in prison; take the vax or you're a white supremacist or an extremist; take the vax or you'll lose your job, you'll get thrown out."* We've seen all this incredible tyranny.

But now that people are having side effects, and that even people on the Left are getting angry, what do they do? They turn it right around. They forgot about yesterday; they turn it right around and say, *"TRUMP did it!"* Oh, boy! Are you with me, folks? So, I hope Trump comes to Wilkes-Barrre and denounces the whole vax mandates and things like that. He should. We have to pray for him. Look, folks, if he doesn't do that it's going to be a MASSIVE downfall for him in 2024; huge downfall.

Patriots are not stupid. They tried to pressure and bully us to obey all the crazy mandates, all the stuff they didn't want us to do, "*Don't go to church! You can't; you're going to be fired from your job, etc.*" They forced us to do that stuff, and because we have brains that are functioning and we have social media, we looked for our own data et cetera. We said, "*No, there's not enough evidence.*" It's not that we're against vax, but there's not enough evidence.

And there are key doctors that hold patents on the mRNA vaccines that have come out and have been shadow banned; they went on the Joe Rogan podcast and were cancelled. Those podcasts were actually shut down. Why have they been striving so hard to shut these people down, giving opposite and non-factual data to people whose children have not been at risk? Why have you been forcing KIDS to get this or they can't go to school, when kids have the highest rate of success against coronavirus?

It's just an incredible unscientific, totally irrational illogical TYRANNY that they have been pushing on us! Everybody remembers that in PA they tried to shut all the churches down. In California they said, "*You can't sing praise songs because you may be spreading the virus.*" You remember this, folk? This was the United States of America; this wasn't Venezuela or China or North Korea. No, this was the United States, folks; in the United States this was happening. Unreal!

But the point is: all these ancient cultures that we see, they're after what? They're after destroying the kids, controlling the kids. That's the next generation; they control the kids, they get the next generation indoctrinated, they get the next generation controlled, then they have the country.

### **Project Veritas**

That's the whole program with the Project Veritas's new video coming out about the Department of Education and the new program "*the Secret Curriculum.*" Please sign up for *Project Veritas* and James O'Keefe <https://www.projectveritas.com/>

Part 1- [https://www.youtube.com/watch?v=AD2kM39S4d4&ab\\_channel=ProjectVeritas](https://www.youtube.com/watch?v=AD2kM39S4d4&ab_channel=ProjectVeritas)

Part 2- [https://www.youtube.com/watch?v=N3\\_5KEfc3Zc&ab\\_channel=ProjectVeritas](https://www.youtube.com/watch?v=N3_5KEfc3Zc&ab_channel=ProjectVeritas)

We met those folks while they were in PA. Amazing journalists, amazing patriots! Real freedom fighters, real Americans that are trying to actually show the evidence. This whole week everybody got to sign up for Project Veritas emails because they're banned on almost every platform, and they actually have the real undercover video of these people out of the horses' mouths themselves speaking. They catch them on undercover video exposing what they're about to do. This is the nature of *Project Veritas*; incredible patriots in that organization and huge, huge, huge fighters for freedom. They're real journalists fighting for freedom and have

journalistic integrity of which mainstream media does not have an ounce of, and everybody here I think understands that. Unreal, folks!

### **YHWH**

Look in this chapter, here in Luke chapter 1 you have two babies that are being born; two babies. One we all know, the star of the show, is Jesus, Yeshua, salvation and hosanna. Hosanna and the word Yahweh put together; Yeshua becomes Jesus. Oh my gosh! Did you know folks Yahweh is usually the way we say God or we translate in the Bible as God or Father God, but in Hebrew they didn't add the vowels, so we usually write it like YHWH, for Yahweh. Isn't that interesting? We add the vowels but in the original Hebrew, the Jewish people when they called the name of God, they did not add the vowels, so it was hard to pronounce,

But guess what? It was matching the BREATH of the person. So, when you inhaled you would do "YH" and as you exhaled you would do "WH", or Yahweh. So, the FIRST breath a baby took was praising the name of God! (*Applause*) The first breath any baby took, even one that turned out to be an atheist. My goodness, even the atheists who are cursing God and doing terrible things, without them knowing with each breath they're going, "YH, WH!" They are calling on the name of God; they don't even know that! Now Yeshua or Jesus is the combination of Yahweh and hosanna. That put together it means Yeshua; that's how it is romanized into Jesus. Amen!

Isn't that incredible? So, the very last thing you do before you pass is what? You call on the name of God. The last thing you do! The first thing you do, you praise God and the last thing you do when you leave this place, you call on the name of God. Isn't that interesting folks? And without you realizing, with every breath that's given to us by grace, we're doing, "YH, WH" We're doing "Yahweh!" Isn't it amazing? (*Applause*) Yes, let's praise Him today! Every breath we take, whether we recognize it or not, we're actually praising the name of God! This is incredible!

### **Two babies who changed the world**

It's important. Why? Because now God in the flesh comes down; Jesus, the substantial body of God. God is now present. He's Emanuel; He's with us. At the same time, we have Elizabeth, and there's another baby being born here in Luke chapter 1; another one. They want to name him Zacharias after his father but the Holy Ghost gave them the word in that same chapter and they named him what? John. And who would he become? John the Baptist. And now these two babies are going to change the world. Amen! They are going to change the entire world. Oh, my goodness! This baby Yeshua, born in the manger in Bethlehem is going to change the world. He's going to change time; TIME is going to change. You know the Roman calendar we got 2022 years ago, that came because Jesus literally changed time.

They're babies. They're weak, they need to be protected, they need to be cared for, but as they grow, they become more and more fulfilled in their walk with God, with the way God wants to use them, etc., and eventually they end up changing the world. Now, this is almost like a Cain and Abel type. Think about it: John and Jesus grew up as cousins, and in the same chapter the Bible narrates that when John was born his first breath was praising God. He started praising God and that rumor went all around his homeland. He was praising God, so they knew from an early age that he was going to be some kind of ascetic, some kind of hermit, some kind of a holy man.

So, he CAPTIVATED the attention, CAPTIVATED the imagination of the people of God. He's doing all this ascetical work; he's surviving on honey and locust. This man's a wild man, okay folks! He is out there in the wild. He's like a crazy ascetic; he probably got big dreads and everything, and he's baptizing people in the river etc.

So, imagine; John has captured the imagination of the Jewish people! This is approaching the end of the Roman period so the Roman Empire is now starting to collapse; it's getting weak through a lot of corruption. It's almost like the deep state that is corrupt and now collapsing. So, this holy man in the wild who's talking about repentance, who's talking about *"we have to return to God"*, who's talking about *"we've got to get back to our purity as the Jewish people, the chosen people of God,"* this man is captivating people. He's calling them back to their roots.

Here in America, we got to get back to our roots! We got to start loving God again; we got to start reading both the Bible and the Constitution again; when we hear this stuff it calls us back to our roots. Amen!

The same way with John: he's CALLING them back. He says, *"REPENT! We've gone too far. We started adopting the Roman deities; we started worshiping the state of the Romans; we started worshiping the Caesars. This is not how it's supposed to be. Remember every breath you take is "YHWH, YHWH!"* Amen! He's trying to remind them what they are supposed to be doing. So, he has captured their attention, he has EARNED their love and accolades; he is now the famous holy man. He's like the BIG megachurch preacher, but he doesn't have a megachurch and he's in the wilderness.

The point is: he's out there and now he has the platform. They didn't have social media at the time but he had fame, he had reputation. Reputation is very powerful; almost everything you got in a free market is reputation. It's a humongous asset that we must protect. Reputation is absolutely key in making contracts and people are trusting you and doing business with you et cetera.

So, he had a big reputation for being a holy man, for being pure, for calling people back to repentance and really leading them back to the faith, because they had gone too far. He has a massive platform, massive social media presence etc.

### **Imagine if John the Baptist ...**

Now, imagine! Imagine if John the Baptist used that platform; if he used that platform and just hammered it away. I'm not just talking about one time when he literally saw the dove alight on Jesus when he's baptizing him, and he said, *"I'm not worthy to untie this man's sandals,"* and *"he will baptize with fire and the Holy Ghost."* (John 1: 27 & 23)

*John 1: 27 even he who comes after me, the thong of whose sandal I am not worthy to untie.*

*33 He on whom you see the Spirit descend and remain, this is he who baptizes with the Holy Spirit.*

But then John disappears, and later on what happens? He gets his head chopped off; he gets a huge consequence. Why? Imagine in that period when he saw the Holy Ghost descend on Jesus ... He saw it descend. He actually saw the sign from God; he saw the miraculous power of the Holy Spirit on Jesus and then he was told, *"You're not even worthy enough to untie his sandals. He's going to baptize people with fire and the Holy Ghost"*.

IMAGINE if John heard that and he ran around everywhere like a crazy man and told everybody. Imagine if he used his social media platform to tell EVERYBODY, *"Go follow Jesus! Go follow Jesus! The King of Kings, he is here! The King is here! Follow Jesus! Follow Jesus!"* Imagine this! He had the platform.

He was the most famous preacher of the time and the most famous kind of political figure too, because remember, in the ancient world politics and religion were not separate at all. Many times, in the Bible we see the king and he has a prophet right behind him. Even in the Greek period they're going to the Oracle of Delphi and stuff like that. In the ancient world politics was tied with religion; it was not separate. And this was not only amongst the Christians or the Jews; it was amongst the pagans too. So, imagine if John the Baptist who is already a well-known political figure and a well-known religious figure used that platform to say, *"Jesus is the king!"* Oh, my goodness! Oh, my gosh! You understand? Things could have been very, very, different.

That's why in 1 Corinthians 2:8 Paul regrets, *"None of the rulers of this age understood this; for if they had, they would not have crucified the Lord of glory."* Because if they knew who JESUS was, they would have brought him up as king of Israel and of course as king of the world. Amen! We would have had the Kingdom of God. We would have skipped over ALL these two thousand years of pain and suffering and now in the modern period, the world wars and all that kind of stuff; the Kingdom of Heaven on earth could have been established at that time. Imagine that! Imagine that!

Imagine if you lived in the Kingdom, with Christ Jesus establishing the Kingdom through Israel and then throughout the whole world! You're talking about the kingdom of freedom and responsibility. You're talking about a kingdom where all the people are free from being Greco-Roman slaves to now being the kings and priests of the earth to rule and have dominion and power and reign with Christ, Oh, my gosh! Unbelievable!

Then the Bible reveals that there were two courses of action depending upon how people BEHAVED; it was based on how they ACTED.

I told you they had this warning sign with a picture of me around this area claiming that we say Jesus failed. NO! We say, "*The PEOPLE failed!*" We don't say that Jesus failed, because God still used Jesus and the cross, and all the pain and suffering that he had to endure to bring spiritual salvation. And he said that he would establish the physical KINGDOM with physical salvation when he comes back. That's why he said he's coming back. Amen! So, we don't say, "*Jesus failed*"; we say, "*The PEOPLE failed!*" And John the Baptist had that huge platform as a giant religious-political STAR. Imagine if he had proclaimed Jesus EVERYWHERE he went!

If he went up on CPAC like Mark Robinson, our buddy lieutenant governor of North Carolina... Amazing man, but he's busy now so I haven't seen him in a while, ever since he became lieutenant governor. We used to often have lunch with him; a great guy, and of course he was an NRA spokesperson. He's a big black guy; he's amazing and now he's lieutenant governor in North Carolina and he gave an INCREDIBLE CPAC speech

<https://m.twitch.tv/videos/1575116235>

*(Lt. Gov Mark Robinson (R-NC) Full Speech at CPAC 2022 in Orlando)*

If you all haven't seen that you got to see that incredible speech. He almost sounds like a preacher up there, like Martin Luther King Jr up there; he sounds so incredible.

But look at how he used his platform not only for the Second Amendment, not only to defend people's rights but also to defend Trump and what Trump did well. Of course, he attacks what Trump hasn't been doing well like the vax stuff, and things like that. Trump should distance himself from the vax, instead of pushing it so hard, because he's losing a lot of his base, and the more he does that, the more people are floating to DeSantis. Because DeSantis showed tremendous leadership during this corona scare; the corona Chicom virus forced mandate communism or the beta test communism that they had in the United States, which is still going on under the Biden administration.

### **Understand your rights**

By the way folks, if you haven't seen it, the ATF (Bureau of Alcohol, Tobacco and Firearms) is now coming door-to-door for solvent traps; those are things that some people can use as a silencer. So, the ATF is now coming door-to-door. People got them on film and that's circling around, and we posted it on our Instagram page. ATF is now coming around without warrants-without warrants! Telling people to give them this or that otherwise they would be in trouble; telling people that they would confiscate and destroy them.

So, you have to know your rights folks; you have to know your rights. Just because people show up with government badges... Remember: The American people; it's *We the People!* We are the kings of this place; they are the public servants. You have rights.

There's a great lawyer on YouTube **Andrew Flusche** Attorney at Law,  
<https://www.youtube.com/c/Andrewflusche/videos>

He gives a whole breakdown on how people should respond, or not respond at all and call a lawyer, if federal law enforcement comes to harass people. That you don't have to answer any questions; you are not a slave and you don't need to answer questions from public servants. Just because they're knocking doesn't mean you have to answer. And if there's no warrant, they have no right to demand entrance into your house; that is your CASTLE. Amen! These are your rights folks! We don't live in Sweden or in South America; we live in AMERICA. Amen! America! You have to know your rights, folks. So, please follow GOA and also Andrew Flusche.

You have to understand folks, just because they're from Big Brother doesn't mean they're rulers over you. They can't act illegally; they can't force you to do things that are unconstitutional. So, if they come up and demand and they have no warrant, first of all you don't have to speak to them; second of all if you want to be nice and cordial, you could say, *"Do you have a warrant?"* and, *"I don't want to speak without a lawyer present."* Those are your RIGHTS, folks; you have to understand your rights. Any conversations you have with any big government body will be used against you in a court of law. That's just how it works! That's why the Left is always trying to take away the citizens' ability to defend themselves.

### **We stand against evil because we love**

We were on a beautiful podcast with Craig Sawyer and Forrest Sealy who are the executive directors of Veterans for Child Rescue. <https://vets4childrescue.org/>  
 They're the ones that go after the pedos and go after those who are targeting children, and they invited me on the show asking about our ministry etc., because we do a martial arts' ministry; we want young people to be able to defend themselves. Amen! Like Annastasia, she started powerlifting after that terrible incident. God bless you sister! She was at a young age and she realized, *"Wow, I have to defend myself."* There are bad people; there are evil, wicked people that try, like the wolves, to hunt the innocent sheep. Amen!

So, people have to know how to defend themselves and self-defense is a natural right. It's not something that is endowed to us by bureaucrats or institutions; it's a natural thing. Lions have teeth, bugs have little pincers; every animal that God has created has a defense mechanism to defend themselves. And human beings, we have the ability of what? Our biggest weapon is, yes of course our brain, but we have the ability to love; we are able to love. Amen! We love people, that's why we stand in front of what we love, and stand AGAINST that which is trying to destroy that. Amen! It's the impulse of LOVE which COMPELS us to be like Christ the Shepherd, and to stand, be attacked, shot with the fire darts of the enemy, and be lambasted. Why? Because our KIDS are behind us, our families are behind us! Amen!

If we don't love them, we're like the Left, like Bill Maher who said, "Well, it's equal opportunity. If I'm getting robbed, 'Honey, go get the bad guy.' Equality! I'm a feminist: 'honey go get the bad guy!'" The man's hiding, "Honey, go get him! I'll be waiting right here; I'll show you emotional support." (Laughing) That man has got NO LOVE for his wife, got no love for their CHILDREN! What is he doing? That's the state of the liberal man. This total beta male has no sense of honor, no sense of pride, no sense of confidence, no sense of standing up and resisting evil as the book of James tells us to do; no sense of RIGHTEOUSNESS, no sense of JUSTICE. The lie of feminism has stripped that away from the next generation of males, telling us that we're evil; that we're inherently patriarchal, we're inherently wicked, we're inherently oppressive, we're inherently Satan's children.

But the Bible teaches differently. It shows us that both men and women have sin; we both need God; we BOTH need repentance. We're not perfect; we need one another and we need God. Amen!

That's why it's so critical that we have that love. Love is what gives us the fortitude to go out, like that mom. Her kid was run over by a truck and she had so much love for that kid that she literally pushed the truck over. She had super power; adrenaline came out and she pushed the truck over to get the child out. Amen!

So, as defender in Christ you don't stand against evil because you just like fighting; you stand against evil because you love people. Number one: you love God. Amen! You love what He intended. You love what He created with marriage and the nuclear family. Those things are all critical for society; the foundation, the bedrock of society. They're the foundational unit of our civilization and culture. All manner of the Devil's attacks is against that structure because the Devil wants to put in chaos; he wants to put in a new structure where man is woman and woman is man and there are now the 72 genders. Oh, my gosh! Blue-hair crazies running around telling us we got to do this and we have to hand our children over to them. Give me a break! Are you kidding me folks? There's a line that must be drawn. Amen!

That's what all the folks here are doing; we're not just sitting in the pews. We got to start those rallies down here in Tennessee too; as the community gets rooted in more, we got to start them. We did start with a movie night; we've only been here a few months but now we started with a movie night. I think King James was leading that. Pennsylvania is getting those systems in and getting that work done because "*Faith without works is dead*" (James 2:26) It doesn't mean we're saved by our works but God likes it when we do good things. Amen!

That's what it's about. It does not get us saved; it's not like God is saying, "*You EARNED your salvation.*" No, no, no, it's given by grace but it brings Him joy when we do good; it brings Him joy. Jesus said, "*If you love me, you do what? Follow my commandments.*" Why? Because it brings

Him joy. The fact that we take Him seriously; we take Him seriously He who saved us. Amen!  
We take Him seriously and say, *"Hey, we got to stand up for that next generation of kids!"*

### **Vets4childrescue**

You got to check out the Vets4childrescue interview.

<https://www.youtube.com/c/VeteransForChildRescue/videos>

If you don't know about Vets4childrescue and Craig Sawyer: he's a former Navy Seal. He came to the Freedom Festival several times, trained our community, and is around different communities. He's such a lover of SOULS! He is a true man of God. His father was a preacher. It was God that got him through the Seal teams Development Group, tier one unit as a sniper, etc. By the way he's coming with a new gun to SHOT Show; it's kind of a bullpup and it does both close quarters and also 1800-yard sniping. We all got to check that out at the SHOT Show January 2023 (17-20<sup>th</sup> in Las Vegas).

But the point is: These people are tremendous and what are they doing? They're going after those who are targeting the kids. Why? Because now you even see Project Veritas releasing new evidence; a video of child traffickers that are coming through the Mexican border, and what are they saying? *"Why do the rich people want to get access to children?"* Just like the Chicoms, what are they doing? They're doing organ harvesting. That's what they're doing, and of course we know spiritually they're doing way worse, way worse. Spiritually they're doing even more demonic activities. There are real demonic entities. God has hands and feet and we are to be God's hands and feet in the world. Satan also has hands and feet, folks. There are predators who are inoculating our kids, telling them that there are only good people. But it's not real and in fact it would be dangerous if we taught our kids that, because then they would be totally unaware that they could be snuffed out by the wolves that are hiding in the shadows. Amen!

They invited us on the show because they're very impressed with how we do the martial arts' ministry and how we have the kids involved in self-defense. Understanding principles of self-defense early; understanding why our body is the temple of God, so we have to defend it and we have to protect it, and that it is the gift that we give to our spouse in marriage. Amen!  
Beautiful things like that.

### **Satan's goal**

Think about that! I'm talking about Cain and Abel unity. If John the Baptist had used that platform to push Jesus forward, do you understand how he could have installed him and taken over the Roman Empire. It could have been the Kingdom of God right there. The same with American Christianity! We have so many folks that hear the Divine Principle and they hear Chapter Two and they exclaim, *"My God! if we heard this in Sunday school!"* If we heard that it was not just an apple or it was not just a peach tree or a fig tree and if we understood the ROOT

of Satan's powers; that he's going to try to defile us, destroy us so we can't hold together our marriage, so we can't hold together our family. If we understood that this the root and this is how all the evil blackmailing networks work, the Epstein Islands and the Ghislaine Maxwell, all this stuff that's how it works! In Genesis chapter 3, bam! It's right there in the Fall of Man. That's when people are going to be saying, *"My God! If we had this in every church, if we had this in every synagogue; if everybody who read the Bible understood the nature of the fall, understood the primary weapons of the enemy, where would America be today?"* Amen!

We'd be in a TOTALLY different spot. We would understand the hyper-sexualization of kids in the schools with the LGBTQ and all that kind of stuff; why they're planning it so you can't homeschool, like in Germany, and you are forced to send your kids to these government schools. That's what the UN agenda wants for America, folks. They want it so that the kids get brainwashed with the leftist indoctrination and especially the LGBTQ AIA +++ PBB and all this craziness. They want that in there. Why?

Because in the end the Devil is what? Just like 1 Peter: 5 talks about, *"the Devil as a roaring lion that seeks to"* what? *"Kill and devour and maim."* Lord! You understand, folks? He's not just out there trying to play patty cake with the kids; he's trying to DESTROY their lives! This is what the body of Christ didn't stand up against. We didn't stand up against this because, *"Oh, we trust the teachers there. I met them; they're very nice."*

But there's an agenda and now Project Veritas this week is releasing the new undercover videos that they got from teachers' unions and different teachers across the country talking about *"The Secret Curriculum."*

Part 1 <https://www.youtube.com/watch?v=AD2kM39S4d4>

Part 2 [https://www.youtube.com/watch?v=N3\\_5KEfc3Zc](https://www.youtube.com/watch?v=N3_5KEfc3Zc)

Which is what? This LGBTQAAI+ PE whatever. The last final piece of that is not transgenderism folks; it's not only to confuse the children that they can be boy or girl. Craig Sawyer said that when he was five years old, he was Batman, but it doesn't mean it's true. Just because you FEEL some way doesn't mean it's TRUE! Amen!

And you certainly can't FORCE other people who don't believe in your preferred pronouns, or that you may have a beard and call yourself a woman, and then I'm expected to conform to your view of reality when I clearly see you are a man! You're violating MY rights! I don't believe in it; I don't believe you're a woman. You're violating MY rights; you're trying to transform MY reality. You understand what I'm saying folks?

Transgenderism and the gender confusion -all this kind of ridiculousness- in the end it's for what? We talked about this YEARS ago, when everybody was saying we're a cult, we're crazy lunatics. Transgenderism is for what? To bring down the legal age for kids so they can make

adult decisions. That's what transgender is about in the end; it's trying to get kids to make legal adult decisions. Why?

Then they're going to go to the next phase. Four college professors have come out in America talking about what? Minor-Attracted persons, which is what? Pedophilia!

<https://www.conservativereview.com/transgender-professor-at-old-dominion-university-rebrands-pedophiles-as-min-or-attracted-persons-2655551532.html>

That is what they're pushing next but they don't say it. They say pedophilia is a very stigmatizing word so they want to call it MAPS. It's the same thing but it's worse because it's hidden; they're trying to HIDE what they're doing, folks. But four different college professors and countless therapists have come out protecting this type of status.

Meanwhile at the justice system they are protecting people like Hunter Biden, like the Clintons and Epstein Island and Ghislaine Maxwell who have huge lists of totally illegal trafficking and they're being totally protected. You see how this becomes very dangerous very quickly. That's what the whole transgenderism is about folks. It's to get your kids to believe that at five years old they have legal rights to make adult decisions such as doing these double hysterectomies etc. This is CRAZINESS, but that's what they do.

Oh, my gosh! There are new phone call recordings of people calling the different hospitals, asking if you do double hysterectomies for 12-year-olds. These calls were recorded. These are from young KIDS who don't know; they still think they're Batman, they still think they're *Catwoman*. As a young person at that age, you don't know. You're young and that's why you're still supposed to be protected since you're still in a development process. You can't make lifelong decisions because your prefrontal cortex is not developed until you're about 22 to 25.

They know this! The point is: they're after what? They're after the kids. They know it's the next generation of the culture, they know it's the next generation of the civilization, they know it's the next generation of what? Families, the next generation of potential patriots, the next generation of freedom fighters, the next generation of godly men and women. They know that, so the Devil is always after the kids. That's why Jesus said, "*It would be better for him that a millstone was hanged about his neck, and he be cast into the sea, than that he should offend one of these little ones.*" (Luke 17: 2)

That's why this type of crimes against children are the greatest crimes against humanity. That's why *Roe v. Wade* being overturned is a massive spiritual victory because it's going to do what? Bring the power back to the people, realizing that every single one of us has to be on the ground fighting for these kids. Amen! It's a big victory because now the state can't fund and can't federalize the killing of 70 million plus babies with 55% of African-American children killed in the womb! Wow! Unbelievable! Unbelievable, folks!

### **One-on-one relationship time**

That's why God desires to do what? Protect children and make them strong, because they're called to be pure of heart but also to be what? To resemble Christ. But Christ is not a baby, right? You have some places where they only want pictures of Jesus as a baby. He's easy to control; he still has to listen to everything that his mom or dad says, etc. He's still controllable; he's a baby. They don't like the "toxic-masculinity" Jesus who starts overturning the tables in the temple, who starts fighting with the rabbis in the synagogue. Whoa! They don't like that! *"He's a bad rebellious young boy; he's now going to become an uncontrollable Jesus. Make him a baby again quickly! Draw him as a baby again so we can wrap him up in blankets so that we can control him!"*

No, no, no! That's not the God of the Bible. Christ overturns the world! He throws Satan's system on top of its head. He didn't come just to look cute in a wool blanket. Amen! He grows out of that phase and he gets ready to whoop the Devil and to change the kingdom of Satan to now the Kingdom of God. Amen! *(Applause)* Praise God Almighty! Amen!

That's why it's so critical that the young people understand and they have that sense of responsibility and they have that sense of justice. Why? They got to protect their mom and dad! It's not only for their mom and dad to protect them. They got to have a sense of responsibility too like, *"Mom and dad are our mom and dad; we're going to protect them too."* Amen!

That's why building that one-on-one relationship time with your kids, taking them for one-on-one time is so critical. I have five kids so we usually think, *"Okay, they're like five apple trees,"* and we all water the five apple trees the same. Well, it's better than thinking that you don't have to do anything and that they're just going to grow up perfect; which is kind of crazy. They need guidance! Amen? They need leadership! Amen? They need to be shepherded! Amen?

Yes. But people don't realize that God doesn't give you five apple trees. He gives one apple tree, He gives you a fig tree, He gives you a mango tree and maybe He gives you some cilantro. They're different trees, so they all got to be watered but the nutritional facts are different. Some like bamboo, they require more nitrogen. Apple trees require this and that nutrient more; peach trees require this and that nutrient more. They're different so we can't just water them the same. If you water them all the same, one of the plants may not like a lot of water and that may actually KILL it.

That's why that one-on-one time is so critical because that's when you can water that tree, as the owner of the vineyard so-to-speak in biblical terms. You can water that tree and you can directly deal with that child and the special needs that they have, the different nutritional needs that they have spiritually; you can address that. Amen! And understanding it that way, *"Ah! That's how we got to do the one-on-one time."* Because in the group time you may be spraying the water up in the air but each of the trees may need different water levels; some of them may

need a little boost of this or that nutrient. It's the same kind of thing, and that's why that one-on-one time is so critical.

### **Beware of online predators**

Now the online predators, folks, they're after our kids, and I got five grandchildren. I got three granddaughters this year folks! Three granddaughters! (*Applause*) And I don't want any pedo wolves trying to get them, so they're going to be hearing about this quite a bit from grandpappy, because they're after our kids on the hand phones. They're pretending to be this or that person and then they're luring them in. They're fishing; that's literally what they're doing. They're fishing to try to ensnare and trap kids, and if kids are too naive and the parents have not warned them about this ... It's like warning them about these internal martial arts.

Satan can use people to try to get you and harm God and hurt God's heart by hurting you. Satan likes doing that; he likes hurting God by hurting His children. Amen!

We don't like that. We were talking about that with Craig Sawyer, and saying how important that is. There are now handphones folks for your kids: they can still text message you, they can still call you on the phone, they can still take high quality pictures -they have a whole camera and all that kind of stuff on there. But they can't access the web, because that's where all these dangerous things are, all these predators coming after them on their phones when the parents are not there. If they're in the room with their phone there's an open window; it's like they're having an open door into your child's room. That little black box, it's an open door. So as parents and as grandparents, we have to be aware of this; this is the reality of the world we live in. With freedom comes responsibility and with freedom comes that duty to be aware of that environment.

There are things we can do. We can get those phones that can have great quality cameras so the kids can take pictures of themselves with their friends or mom and dad, having barbecue and all that kind of stuff. They also can text message mom, they can call mom, call dad anytime, text and everything, but they just can't access the worldwide web with no restrictions. That's danger; big danger. You understand folks, the average age of boys now accessing porn is seven to eight years old! Seven to eight years old! It's not like before with magazines! No, folks; no, no! You understand? It's the worst of the worst!

That's why all these mental diseases are developing earlier and earlier especially in men, and boys have more and more problems. Why? Because that infection and all this stuff is pouring through that little black box. That open window where the burglar comes in, where the evil demon comes in, that's that little black box. We got to watch out about that; we got to talk to our kids. Because arming your people with a sense of responsibility, is the first thing you do as a martial arts' teacher. You arm them with at least the mindset that you have to defend yourself,

that you are precious to defend so you must defend yourself; it's your duty, it's your right. If you're a God-fearing man it's your DUTY to GOD! He has given you this temple of God; you've got to DEFEND that thing. Amen! Because that's the greatest gift you're going to give to your spouse in marriage. You're going to give yourself to her and she's going to give herself to you, and it's going to be an amazing, amazing, blessed marriage. Of course, we're training in marriage too, okay.

The first thing you teach to young martial artists is that you have to DEFEND yourself against bad people. There are bad people in this world and it's critical to have what? Awareness; be aware. As your parents taught you: don't talk to strangers! You got to trust your GUT! If you feel, *"Oh, this is a bad street to walk down,"* DON'T walk down it; just take the detour. It's going to take two minutes and you may avoid a calamity. Things like that! Situational awareness; being aware. Having the awareness and then what? Putting in the training time to get EQUIPPED to be able to deal with various contingency. Critical, critical, critical!

This is not only the case in martial arts training, but also for the spirit realm where the Devil is trying to get into that black box, trying to hurt our children and our grandchildren through that black box and hurt their future marriages, hurt their future relationships, hurt their future relationship with their kids. That's what he's trying to do. So, we need to be vigilant; we have to be vigilant and be courageous against these things and have a sense of responsibility. We must instill that into our kids; it's absolutely critical because you're not going to be there every time the predator is trying to get them online or trying to get them in person; you may not be there all the time.

That's why developing that mindset in the kid that, *"Okay, I got to stand up; even if somebody is bigger, I got to stand up and fight back. I got to make a lot of noise,"* you know that alarm that you can wear as a bracelet.

Why do we train our kids to do that? Because not only do we love them but who else loves them? Who else loves them? GOD loves them! Amen! GOD loves them and GOD doesn't want our kids to walk around completely oblivious to the fact that people with free will can choose bad and be evil and do evil things.

### **These children will destroy Satan's kingdom**

So, as we study Luke chapter 1, we can see how Satan FEARS the children, in this case Jesus and John. He FEARS what they can do, and of course the evil networks of this world also FEAR what the kids can do. The next generation of freedom fighters, the next generation of Queen Anastasia, etc. They fear that. They don't want these girls to grow up like their mama; they want them to think that their mama's crazy, right? That's what they WANT!

They don't want them to realize, *"Mama is a patriot, she's a HERO!"* She's brave and strong, because she's been through the FIRE, and God has built her up so that she can be an educator and a general to raise up the next generation of women who will STAND against evil, who will STAND against unrighteousness, who will STAND against injustice, who will STAND for the next generation of kids and protect them as the mama bear!

They don't WANT that! They see Anastasia and they say, *"Oh, well you know she's getting older; we're going to get rid of her soon. But the kids ...."* You see, they don't like that she's training their kids up; they don't like that. The Devil sees fear *"Oh, these two kids are going to wreck my kingdom!"* But God sees great hope in Luke chapter 1; great hope, great hope. Amen!

So, for the Devil, not only the kids are scary because if they grow up right, they're going to be a MASSIVE force that he's going to have to deal with and they're going to wreck his kingdom.

And on God's side it is freedom; it is what? Faith. It is HOPE knowing that those kids have free will, knowing that they're going to walk through this world and that their conscience is leading them towards righteousness; their conscience is leading them toward justice, their conscience is leading them toward what? Love and protecting the innocent. Amen! God can find so much hope in this and that's why Jesus says, *"blessed are the children."* We want to be like the children in our faith and our love for Christ and our purity in how we love God and how we love and defend our neighbor. Amen!

Folks, it's an incredible thing but we have to realize that in the end these evil forces of socialism, communism, political Satanism, they're after our next generation. To them we're old and decrepit; if you're over 40 now you're old, you're over the hill. It's the next generation that they want to capture; it's the next generation that is either going to be the downfall of America or I'm not going to say the saviors- but they're the ones that are going to stand with Christ to help save this country. Amen! To take it back, to stand on the hill victorious, even with all the scars and all the blood that they have to spill in defending that country like our Founding Fathers. With GOD they will be on the hill arms raised in victory (*Applause*) saying, *"YES! We reclaimed America! YES! With GOD's help we SAVED this country and YES, we will build it so that it becomes more aligned with God."*

### **Punish the wicked deeds**

Make America Godly Again! Godly again, and in order to do that, guess what? This is what people don't want to hear: in order to make America godly again you have to love justice enough to do what? PUNISH the wicked deeds! You HAVE to punish the wicked deeds especially if they're against kids. You've got to punish that HARD! Are you with me folks? Why? Because you love the kids. You don't love the criminal and the wolf that did the terrible

deed to the kids. You may love them in terms of having hope for their salvation if they repent, but you don't love their deed. You don't love that deed.

No, you have to love the kids to defend the culture, because if the culture like in New York and L.A. and San Francisco don't PUNISH sodomy and punish the pedos, guess what? They just run RAMPANT. They gather there and they harm more kids. So, in order to make America godly again you actually have to be what? Be MORE loving to protect the kids, MORE loving to protect the innocent. And if those wolves harm them, if they do TERRIBLE things then the punishment will be great; it will be great.

That's the culture of Yahweh, God the Father. He is a righteous God folks. He is righteous, He is just; there is justice. As we talked about last week, if there's a good judge, he punishes the evil; if he doesn't punish the evil and lets it run amok like in San Francisco he's not a good judge. He's destroying that city, destroying that country. Our God is a good judge and thus we must pray that He gives US the strength and the courage to stand up and to FIGHT for what? More justice; that is what? Harsher reality, consequence for people who do very bad things, especially when it's targeted at our next generation of kids and grandchildren. Amen!

### **May the fire of the Holy Ghost be activated in each nation**

Folks, please pray, please pray! We have so many things that are going on in America, but also please pray for the world because in the world we see World War III spreading through Europe, and China is on the move to get Taiwan. But the good news is: there's a lot of chaos in China; there are a lot of internal conflicts in China and it's on a tinderbox.

So please pray:

That God may move with the Holy Spirit, that chaos may ensue in the enemy's encampments and that God's Will may be done.

That in ALL the countries, in Europe, in Africa, in Asia and China, Korea, Japan, everywhere across the entire South America, everywhere, the patriots may start realizing that it is their country and they have to defend it. That God has given them the strength to do it, and that there are always more patriots than there are tyrants. Amen! Always!

The people just have to realize that GOD is WITH them and that HUMANITY is with them and that in all the nations, in the end we're all people who want to protect our human rights that were given to us by God. We don't like the tyrants; the small group of tyrants don't get to control the world. It's the people that come under GOD's dominion that are protecting human rights.

That's what the Constitution of the Kingdom of God is all about folks, protecting human rights for EVERYBODY across the globe, that is, the right of speech, the right of religion, the right of self-defense for everybody across the world; white, black, Asian, it doesn't matter. Everybody

made in the image of God has the RIGHT to that self-determination and collectively as a nation to pursue the good life, to pursue the good work that God desires for them to do, and to in the end seek God, seek His face and pursue HIS principles in effecting their society and their kingdom for His glory. Amen!

Please pray for the world as well because there's a lot of craziness going on. It's worse if thermonuclear war happens. It's better if there is confusion in all the nations and if the people rise up and they bring JUSTICE to the evil Communists and evil socialists that have centralized more power to themselves, and they face them directly. That way that whole banking cartel, the whole social media cartel, the big corporate cartels that are trying to rule the world will become weaker. They have traumatized us with Covid and the lockdowns and have given the world a worldwide trauma with the test of communism, but their power will become weaker. Why? Because the people in every nation will be standing up against them instead of having them centralizing more power and having the three superpowers fight and them getting richer off that battle. We don't want that.

We want it to go the opposite way where through the mingling of the Holy Spirit, the power of the Holy Spirit, the fire of the Holy Ghost in the hearts and mind of men, the conscientious people, can be activated and they stand up in every country to fight evil, resist the Devil and stand with God.

Let's pray!

### **Pastor Sean's Prayer**

Father God, we thank You for this beautiful day. We thank You for all the things that You have blessed us with today. We thank You for Luke chapter 1. We studied the incredible new birth of Jesus and John. Amazing, those two changed the entire world. Jesus, Your only begotten son, changed time itself. Unbelievable! He brought salvation and reconciliation, brought GRACE to the world. We are no longer under the Law but under Your grace. Unbelievable gift of spiritual salvation!

But dear God, at the same time SATAN saw them, had tremendous fear and it is a symbol of how You and Satan view the next generation. It is a symbol of how Satan FEARS the next generation and thus seeks to control them at a young age. But You see HOPE in Your children and thus You want to RAISE them up to be LIKE Christ and to be good protectors and good SHEPHERDS for the future and for Your Kingdom.

Dear God, we pray that ALL the families that are here will be encouraged by this Word and be strengthened to train in their marriage; to train and have that Christ-like energy and power and justice and righteousness in their parenting skills to do their one-on-one days with their

children, to water each tree of the vineyard in its different needs, and to strengthen and build those INDIVISIBLE bonds between father, mother and children, son and daughter and future grandchildren.

Those indivisible bonds which the Devil is always trying to separate and destroy and smash and dismantle,

Let them be strengthened here today.

Let the fires in our hearts be set again and realize the centrality of this battle.

Let us stand STRONG as families, STRONG as marriages, STRONG in morality and ethics but also having a GREAT time doing your Will on earth and enjoying these incredible relationships that You have BLESSED us with.

Let us always give You the glory.

Let us always give You thanks for all these precious relationships that You have blessed us with, dear God.

And at the same time as we breathe in each breath, we're shouting Yahweh in our own breath. The baby that's born with the first breath is praising You; the grandfather or the grandmama who's leaving this world is praising You with their last breath. Let us remember that every human on this earth that is breathing today is praising Your name whether they know You yet or not.

We pray that the Gospel will reach across the whole world and that people will be brought into the realm of salvation and at the same time that they will also be empowered to become kings and priests in THEIR nations, to bring righteousness and justice and Your Constitution that protects human rights for EVERYBODY across the world. May it be established and instilled and set up on this earth for Your Kingdom to come.

We give You the praise and glory today dear God, and we thank You because we know that at this moment You are planting brush fires in the hearts and minds of good patriots across the world but at the same time You are sowing confusion in the enemy encampments. You are making them confounded in their plans and machinations so that everything they plan to do will fail ten times; every control system and grid that they try to set up anywhere will only be unraveled faster as time unfolds.

We pray that ALL the plans of the wicked will be confounded and will be confused and that in the end all things will work for Your glory and for the good.

Dear God, we thank You. We have great confidence. Even though the world may be in a difficult situation, we always have confidence and hope because WE face the storm not looking at the clouds but looking THROUGH the clouds and seeing the horizon BEYOND with the sun that is rising and the KINGDOM of God that is coming.

We want to give You the praise, glory and honor, with all the kinship lines gathered here today with your Three Generation Kingships and we pray in Your precious name.

Amen! Amen! And Aju!

All right folks, let's all rise and give glory to God! Amen!
