Tragedy that calls for blood-vomiting lamentation!

As they passed by in the morning, they saw the fig tree withered away to its roots. And Peter remembered and said to him, "Rabbi, look! The fig tree that you cursed has withered." And Jesus answered them, "Have faith in God. Truly, I say to you, whoever says to this mountain, 'Be taken up and thrown into the sea,' and does not doubt in his heart, but believes that what he says will come to pass, it will be done for him. Therefore I tell you, whatever you ask in prayer, believe that you have received it, and it will be yours. And whenever you stand praying, forgive, if you have anything against anyone, so that your Father also who is in heaven may forgive you your trespasses." Mark 11:20-25

If you cannot fulfill the realm of love completely while on earth, you can only dwell in the realm of love which you completed. If you live selfishly on earth, you have no way to move about in spirit world because the spirit world cannot harmonize with you; you will be a foreign element. All you have to do is to practice love for others on the earth, and all the doors of spirit world will open for you. SMM, Noble Dream, December 1, 1981

Hello,

Hyung Jin Nim started by discussing the passage in Mark 11:22-25 where Jesus taught us how to pray. Start with "our Father who art in heaven, hallowed be thy name," not the prosperity gospel where we ask for things for ourselves. Prayer is not the law of attraction. Focusing on what you want is self-worship. Remember- God is not our genie.

Instead when we pray, we should:

1. Uplift God as the Creator of the universe.

Start with the historical affirmation of **who God is**, recognition of His power to create or destroy. The more you remember God's authority, the more powerful your prayer, like putting gas in your tank.

2. Keep a list of your answered prayers. The more you remember God's goodness, the more you can trust God. The more you can have confidence in Him. He is love. He is merciful. He is faithful.

It is not our words that have power. Even our faith alone does not have power. God wants us to pick up our cross to do what is needed.

We are making professions of trust in Him, in His words, not our own. In His benevolence, His sacrificial love. We must ask in the context of God's will, YOUR Will be done.

True Father taught us to remember how many times God's heart was broken. God is love, but also perfectly just. A bad judge doesn't judge evil. A person dressed up in ANTIFA black attire was throwing molotov cocktails at police in Atlanta, but not arrested or prosecuted.

Many J6 prisoners have been imprisoned for nearly 700 days. Many at the most are guilty of misdemeanors, but put in solitary confinement.

We are throwing away all our fear and negative emotions. We grow in glory through suffering. All the hate and mockery make you stronger. Grow up, but not to please man. Have God's will as your will. YOUR Kingdom come, YOUR Will be done!

Reflect on God's nature, having faith in Him. If you have any personal animosity you have to forgive. Don't forget the evil, but don't hold anger and hate inside. Hyung Jin Nim does not hold anger and hate towards his mother and the FFWPU. He feels sadness to see their downfall.

Actualization of the Word comes through training, which builds up the nature of the person. In combat arts, you don't hate your opponent, but you still fight him. Use the shepherd's rod. Ask God for forgiveness. This is a form of training. In training your body learns to do things that are unnatural. It increases your tolerance for pain. Better to know how to deal with pain in advance.

When you encounter an obstacle go straight into the mountain to fight for God's will. David was training how to speak to wild animals in the wilderness, and how to dominate or even kill them if needed. We increase our muscles through stress, stronger for the future, and learn that pressure and opposition are fun.

Act scripturally, not just with emotion. God may make A Bigger Mountain For You To Climb. At a time when America is dominated by evil, remember that God is still bigger than all of that. Let us be grateful for God's love and goodness. Love God and your neighbor.

"Tragedy that calls for blood-vomiting lamentation!"

No matter how heavy my burdens became, I always felt blessed to be living during the same era as the Messiah, the Returning Lord, the True Parent of humanity. And to receive this blessing even though I could offer so little in return. This sums up the past 53 years of my life. However, I was deeply shaken and dumbfounded by news of the blasphemy and vandalism committed against True Father's messianic identity and status after his Cosmic Seonghwa. I spent the ten years since 2012 in shame and remorse with the heart of an unfilial son.

At the 10th anniversary of Father's Seonghwa, Jinchun Kim traveled around the country, lecturing in each district. From April 19 to 20, he educated 500 leaders from around the world in Cheongpyeong with blasphemous and anti-Providential rhetoric about Father. Hearing what he was teaching, I could no longer hold back or stay silent.

On top of that, the presentation by Myeongdae Kim, vice president of the Retired Pastors Association, at Hwasung church on November 27 truly made us doubt what we were hearing. His words were anti-Principle and anti-Providential gibberish against Father. Kim disgraced Father using absurd logic he referred to as Heavenly secrets.

Who in the Unification family ever thought such things could happen? This tragedy calls for *blood-vomiting lamentation*.

Declaration of Faith

I was still in school when I came to believe that Divine Principle was the only path to resolving the fundamental problems of life and the universe. I felt engulfed in infinite joy and blessing that I could meet the Returning Lord who came to the Korean Peninsula. I abandoned all earthly pursuits and embarked on the journey of faith. No matter how heavy my burdens became, I always felt blessed to be living during the same era as the Messiah, the Returning Lord, the True Parent of humanity. And to receive this blessing even though I could offer so little in return. This sums up the past 53 years of my life. However, I was deeply shaken and dumbfounded by news of the blasphemy and vandalism committed against True Father's messianic identity and status after his Cosmic Seonghwa. I spent the ten years since 2012 in shame and remorse with the heart of an unfilial son.

Who in the Unification family ever thought such things could happen? This tragedy calls for blood-vomiting lamentation. The real problem lies with the many leaders and senior pastors of the Family Federation. What's even more heinous is that well-meaning members are kept in darkness away from the Family Federation's anti-Principle and anti-Providential claims. Oh, True Parents of Heaven, Earth, and Humanity! You were anointed by Heaven and came to the Korean Peninsula as the savior and messiah of humanity, the Returning Lord, the Third Adam and the Tree of Life. The Christian foundation and the people in it whom God prepared for two thousand years failed to follow you due to ignorance and unfaithfulness. Because of this, you had to bear the cross alone, walk the wilderness course, and be imprisoned six times. Despite all the hardships, you kept rising again like a phoenix and ultimately laid the victorious foundation!

How could they denounce everything you accomplished? I am so sorry. I am very sorry. No words exist on earth to describe the kind of forgiveness that I must beg of you. There is not one person who could find their way back to your forgiveness if they ever tried to taint your messianic identity even once.

What would happen to the six thousand years of Restoration Providence for which God endured so many difficulties if someone could shake the identity and the status of the True Parent of Heaven, Earth, and Humanity who is the center and the core of the cosmos, the substantial God who is God's body and the horizontal God? What would happen to Heaven and Earth? What would happen to the future of the world, the country, people, family, and individuals? There can only be darkness.

The Family Federation has been on the wrong course for too long, and they have passed the point of no return. All their attempts to justify and excuse their anti-Principle and anti-Providential actions will be in vain. Fellow family members! Wake up from your sleep and discover the path to eternal life and salvation!

This is our heart as we officially announce that we are leaving the Family Federation, the dear organization that was a part of us during our entire lives.

My wife and I place our complete faith in the "Coronation for the Realm of Liberation for God, the King of Kings" held on January 15 and 31, 2009, and in the signed proclamation declaring Hyung Jin Moon as True Parent's heir and inheritor and all others as heretics and destroyers. A vivid image of this document and the declaration itself (YouTube) still exists. As husband and wife, we place our complete faith in the Eight Great Texts and the autobiography. We hereby proclaim we will serve the True Parent's representative, the inheritor, the successor, the three-generation kingship, and the realm of the royal family walking the difficult wilderness course for the past ten years. We will shake off the past depressing ten years that plagued our hearts and start a new beginning filled with hope. Aju!
