Opposing the Marxist Green Agenda

*"Give attention to me, my people, and give ear to me, my nation; for a law will go out from me, and I will set my justice for a light to the peoples. My righteousness draws near, my salvation has gone out, and my arms will judge the peoples; the coastlands hope for me, and for my arm they wait. Lift up your eyes to the heavens, and look at the earth beneath; for the heavens vanish like smoke, the earth will wear out like a garment, and they who dwell in it will die in like manner; but my salvation will be forever, and my righteousness will never be dismayed. **Isaiah 51:4-6***

*I found out a long time ago that nothing can be gained by complaining so I have never complained, even when God was very cruel to me. I have always been thankful because if God was cruel it was actually a manifestation of His love. God tested me in an extraordinary way, wanting me to pass the test so He could give a special, extraordinary love. Therefore, you must even live as though today were your final day. **SMM, "Core of Unification, October 9, 1977***

Hello,

Hyung Jin Nim started the service by talking about how True Father knew that Shin Joon nim would be right person to lead in the next generation. In Japan and Korea, so many brothers and sisters are coming back. They realized that Hyung Jin Nim and Kook Jin Nim did not pursue money or power, but just sought to honor True Father. Metanoia means turning of the heart and mind.

The UN and the global elites are seeking to undermine and overthrow America. The White House is seeking to imprison the leader of the opposition party, Donald Trump. They are accusing him of running a criminal conspiracy, which is actually what they are guilty of.

We now know that classified documents that were in DC were sent to Trump's home in Florida and then charged him with illegally holding those! James O'Keefe exposed corrupt officials in the [CIA talking about withholding information from Trump](#) while he was president.

True Father opposed the wars in the Middle East. [Rolling Stone recently wrote about his role in Climate Change denial](#) aka opposing the Marxist Green agenda. Hyung Jin Nim commented "CO2 is food for plants. The more CO2 the faster plants will grow."

Fauci's Covid policies revealed the real face of totalitarianism and led to responsible for 80 million Covid deaths. The lockdowns led to starvation in many nations. Cruel policies including stopping people from seeing their dying parents.

True Father called Communism "political satanism." They feared him because he had the power and authority of God. The American people need to realize that just because you voted for the government does not mean it is your friend.

Islam will come in and conquer weak secular societies. [Feminist women are more depressed.](#) They have lost their tribes and communities. Europe is being overrun and dying.

[Free Palestine in European cities such as London conducts protests with tens of thousands attending.](#) You could say they are taking over cities.

[Tucker Carlson interviewed a Russian philosopher Aleksandr Dugan,](#) whose books are banned in the U.S. Dugan describes liberalism as a rebellion, first against the Roman Catholic Church, leading to the Protestant Reformation. Now liberalism is overthrowing Protestantism. We now want to have the rule of the majority, and then the cult of the minority, which is funded to support leftist parties and sexual minorities and perversion, Drag Queen Story Hour, and porn in the school libraries. It has come to normalize Minor Attracted Persons Syndrome (MAPS) pedophiles. Epstein island. P Diddy. Gender minorities. Now we must endorse subjective identities instead of honoring God and the body God gave to you. In reality the norm is the binary of male and female. Intersex is something that went wrong. .03% an exception does not change. You will never be able to change this fundamental reality.

The Unification Church is the only one in the world that since 1940 has said the Fall was sexual. His professor at Harvard said UC fast growing religion in the world. It developed a systematic theology

within 20 years. It took Christianity 800 years to do that.

in Hebrews 10 St. Paul asks why does God have to punish sin? If you love marriage you must hate adultery. If you love children you must have pedophilia. God loves goodness, so He hates sin.

Citizens should have the right to self-defense through having the rod of iron in every nation. The rod and staff are to beat Satan. We love everyone and pray for them, but should not allow them to commit evil. God has to punish and judge sins because He is good and just. It is not in His nature to lie or steal. Messiah was to establish Kingdom on Earth. Jesus taught us to pray for the Kingdom to come on earth every day.

We will rule with him. Greek word Poimano means to "shepherd." God's sovereignty must be restored in the physical realm, what Adam and Eve were to enjoy, free from oppression, but still responsible. An armed Christian society is based on loving and protecting your neighbor, even if you don't like them.

Revealing: Jesus and Adam's Shared Mission

Communism means centralized government bureaucrats who can do whatever they want. The police did not protect Jewish students from professional agitators. Legislation passed in Congress bans antisemitic language too broadly. Parts of the Bible could be labeled as antisemitic.

Don't be afraid of going to prison. Pray to free the 1.4 billion people in China from the Communist Party! Believe it or not, Christianity is booming in China. The CCP banned Hyung Jin Nim, but he looks forward to returning there to witness. Imagine Asia embracing freedom and responsibility!

All the young people should do hard Peace Police Peace Militia training to learn discipline and self-control. Train with your spouse and each of your children. Each is unique. Patiently evangelize when they are older and asking questions.

True Father was patient when Hyung Jin Nim was studying Buddhism. He had confidence that Hyung Jin Nim would explore theology and apologetics and eventually come back to Divine Principle.

Hyung Jin Nim gave his children "breathing room" to take a break from rituals when needed. We care about the heart and relationship with Jesus and True Father. Prepare to talk with your children by knowing apologetics.

May God bless you and your families!
