

A great new video lecture contest

Got an undiscovered talent for teaching?
Spend 20-30 minutes in front of the camera — change the world!
Enter Lovin' Life's contest online by March 25.

Looking for a new generation of presenters • 1st Prize-\$500, 2nd - \$300, 3rd \$200

Find a section of the Divine Principle that you resonate with and make it come alive • Read the section in the Divine Principle and make your own outline first (you can use slides or other resources) • Practice with a coach • Practice some more! • Have a small audience in front of you if that helps, even though the camera will focus only on you, so that you have someone who is responding to you • You don't need to be looking into the camera all the time. • Dress with style - we're Lovin' Life! • Smile - show your inspiration! • Good Luck! Can't wait to get your entry.
