## True Parents' Activities

### ✧ Hoondokhwe at Cheon Jeong Gung on 7.26 by the heavenly calendar (August 25, 2011)

The hoondokhwe session, which the True Parents of Heaven, Earth and Humankind presided over at Cheon Jeong Gung and which members from Incheon and North Gyeonggi Province attended began with reading by Mrs. Won Ju Jeong, True Parents' aide. After the reading, Mr. Hyo Yul Kim read aloud a report from Dr. Bo Hi Pak. In accord with True Parents' instructions, Dr. Pak had hosted a Rally of the Global Membership to Resolve that True Parents' Declaration Be Implemented on 6.4 by the heavenly calendar (July 4) at Cheon Bok Gung, the World Headquarters Church. He also hosted a similar rally in Tokyo, Japan, on 7.25 by the heavenly calendar (August 24).

More than 1,200 members attended the Tokyo Rally of the Global Membership to Resolve that True Parents' Declaration Be Implemented, while thousands of members watched the online broadcast. The resolution rally, initiated at Cheon Bok Gung, will also be held in the United States and other parts of the world, in accordance with True Parents' instruction. After reading Dr. Bo Hi Pak's report, Mr. Hyo Yul Kim offered a report prayer, in which he wished that all members would be resurrected spiritually by the Day of the Origin in 2013 and live in oneness with True Parents, with new resolution in their hearts.

✧ Hoondokhwe at Cheon Jeong Gung, 8.1 by the heavenly calendar (August 29)

On the first day of eighth month of the heavenly calendar, the hoondokhwe session in Cheon Jeong Gung, was held under True Parents' guidance and attended by leaders including Rev. Hyung Jin Moon and his wife, Chairman Kook Jin Moon, Dr. Joon Ho Seuk, Rev. Sun Jo Hwang, Mr. Jong Kwan Yu, Dr. Dae Oh Son and other members. On this day, Rev. Hyung Jin Moon offered a report prayer, in which he said that upon True Parents' foundation of victory through a course of seven deaths and resurrections and their triumph in setting all the indemnity conditions, we were blessed with the amazing grace and the blessing of being allowed to enter God's presence. He went on to add that we should endeavor to better ourselves, day after day, with an even greater heart of filial piety and repentance, so that we can become true, devoted sons and daughters who can love True Parents and return joy and glory to them, no matter what challenges or hardships come our way.

After the report prayer, True Parents spoke about the importance of Father's 93<sup>rd</sup> and Mother's 70<sup>th</sup> birthday. He emphasized the providential importance of the day, because it is the day on which True Parents' Holy Wedding can be held, through which True Parents can finally become perfected, completed and united as one centered on all family members. True Father repeatedly stated that Father and Mother's birthday is the day on which True Parents' final Holy Wedding can be held. He underlined the fact that after the Fall, no parents had ever become perfect, but as of Father 93<sup>rd</sup> birthday and Mother's 70<sup>th</sup> birthday, the world will become one in True Parents' realm of absolute dominion.

✧ Visit to Changwon TIC and Yeosu, 8.1 by the heavenly calendar (Monday, August 29)

True Parents visited the Tongil Industries Company (TIC) in Changwon, where they were pleased to see that the Tongil Foundation was prosperous as usual, and spoke words of appreciation to the workers. The Tongil Heavy Industries Co., Ltd, the forerunner of TIC, marked the beginning point of a great leap in the history of Korea's industrial development. At the time of its founding, True Parents employed technicians from industrially developed nations like Japan and Germany to plant technical knowledge in Korea. It has since grown into a company with international technical expertise and is even exporting to Japan.

After having visited Changwon TIC, True Parents arrived in Yeosu, which ended their schedule for that day. We felt once again that True Parents are working with self-sacrificial devotion to establish the God's fatherland through the Tongil Foundation companies.

Together with the elders of our church, he is the pride of the Unification Church and a devoted son to True Parents."

As a representative of the Thirty-Six Blessed Couples, Dr. Bo Hi Pak said in reply, "We are grateful to Rev. We thank Chairman Kook Jin Moon for giving guidance in leading their life of faith to the Japanese church members, which was experiencing difficulties. We respect Rev. Hyung Jin Moon for following such a difficult schedule as he attends True Parents. Serving True Parents is more important than staying in Cheon Bok Gung, for it relieves the hearts of our members. We need to strengthen our resolution to implement True Parents' Declaration.
