### Report of KWON JIN NIM and Hwa Yun Nim second day in Nigeria

Today is day two of Kwon Jin Nim's arrival in Nigeria. As is the custom of the Unification members,

the day begins with the early morning Hoon Dok Hea at 5am. Kwon Jin Nim explained the significance of Hoon Dok Hea in the life of family members. In his words "It helps us to prepare for the day with the word of God, instead of some ritual. This word's of God carries us through the whole day and we are better prepared to face the challenges of that day".

The reading was taken from the Cheong Sungyoung by Rev. George Ogurie. He explained True Love in the Family Pledge, it explained that True Love begins with investing and forgetting. It can unite our mind and body so investing everything again and again and forgetting that we have invested paves the way to True Love. True Love is our

original garden, the original homeland where we will always want to return to.

At the end of the reading Kwon Jin Nim commented that the world needs heroes of True Love, he observed that the world vegetation is mostly green and has been so for a very long time ago, history shows that flowers are a recent appearance. Green guarantees survival but flowers create beauty and ensure that there will be seed for posterity. True Love is like professional singing which thrives on mind and body unity.

We really felt close to Kwon Jin Nim as he shared that knowledge with us. Through his message we concluded that the son of the Leone is a Leone. Finally Kwon Jin Nim gave Nigeria a gift from True Mother. The gift is a beautiful complimentary card, on the face are True Parents Picture and at the back is
