Strengthening Foundations of Faith and Love: EUME Hosts Level 2 Matching and Blessing Workshop in Albania

TIRANA, Albania - From October 16 to 18, the EUME Blessed Family Department hosted a Level 2 Matching and Blessing Preparation Workshop in Albania, bringing together 15 participants from across Europe, including Albania, Italy, Romania, Hungary, and England. The three-day gathering offered an intimate, supportive space for young adults to cultivate personal growth, deepen their understanding of intentional relationships, and prepare for the sacred commitment of marriage.

Throughout the weekend, attendees engaged in reflective lectures, guided discussions, and shared fellowship designed to provide practical clarity on the matching process. A notable highlight of the curriculum was an empowering educational session presented by High Noon and led by Andranik, which guided participants through honest conversations on personal integrity, relational maturity, and healthy emotional boundaries.

The workshop's atmosphere of reflection culminated in a deeply moving celebration on the evening of October 17: the Holy Engagement Ceremony of Roberto from Italy and Lavi from Albania.

Commemorating six months since their matching, Roberto and Lavi formalized their commitment before Heavenly Parent and their peers, pledging to continue walking together toward the Holy Blessing. Surrounded by the warmth and prayers of the workshop community, the ceremony served as a profound moment of thanksgiving, offering the participants a firsthand witness to the joy, dedication, and beauty of following the providential path.

The weekend concluded with renewed determination and camaraderie among the attendees. As participants return to their home nations across Europe, they carry forward shared memories, valuable guidance, and a deeper conviction to build families centered on enduring faith and true love.
