On November 5, 2002, the 43th True Children Day, True Parents gave the instruction to call ourselves owner of Cheon Il Guk in the Family Federation and proclaimed the age of equalization in the peace and unity of Cheon Il Guk.

The equalization mean that both  
the spiritual and physical world  
can be mentioned  
as the peaceful world and...

The age of Equalization is the time to prepare the completion the Cheon Il Guk. For this, the spiritual and physical world should become into one.

Following this, the spiritual world freely visit the physical world and on the other hand, the physical world easily reach out the ancestors and god whenever people want.

During the age of equalization, when people take actions, the kingdom of heaven also works for the physical world. This means, the physical and spiritual world are linked, so people in the physical world should be responsible for their actions. That's why True Parents gave the authority to become the owner of Cheon Il Guk.

The term Cheon Il Guk came into existence thanks to True Parents. After we successfully completed God's kingship, we passed through the Settlement in the Realm of Life of the Parents of Heaven and Earth, and then the gatherings for the Harmony and Unity of Heaven and Earth, and finally the Ascension (Seunghwa) Ceremonies for Peace, Unification and the Liberation of Heaven and Earth. With these completed, a new nation was necessary. True Parents declared Cheon Il Guk. The goal of the Family Pledge is to complete Cheon Il Guk. We must fulfill the Family Pledge for the sake of our mothers, our fathers, our siblings, our nation, our world, and the saints and sages and the entire heavenly world.

The conclusion is simple. Why did we hold the Enthronement Ceremony for God's Kingship? We did it for Cheon Il Guk. Why did we hold the rallies for the Settlement in the Realm of Life of the Parents of Heaven and Earth? We did it so that the citizens of Cheon Il Guk can settle and live. Right now, all citizens of heaven and earth are making a resolution. Together they are setting conditions for a united world from the level of the individual resolution through all eight stages. On the worldwide level they are making resolutions to gain success, focusing on a common purpose.
