Las Vegas, United States

If you enjoyed, the book, Autobiography of Rev. Dr. Sun Myung Moon, "As a peace Loving Global Citizen", you must be craving to hear more about this incredible man of peace. On Thursday, August the 18th, at 10:00 AM, you will have an opportunity to meet the author, as he presents his new patent holding innovation, the unsinkable, "negative NC resin mold" (*stronger & lighter than fiber glass*), 60 feet fishing and traveling Boat. **The "Peace Yacht" will facilitate greatly the effectiveness of Non-Governmental Agencies throughout the world to bring peace.**

Also, this ceremony is to celebrate the future marine leisure industry here, in the middle of the desert. Las Vegas, the global leisure capital, is situated next to the largest fresh water reservoir in the United States, Lake Mead, on the mighty Colorado River and is a fitting place to unveil this remarkable new vessel.

Please join the Master Marine Yacht Building Co., Ltd., to welcome the result of the innovative "negative NC resin mold" construction method devised by the Reverend Dr. Sun Myung Moon.

Dear friend,

You are cordially invited to a special dedication ceremony of the *CheonJeongHo* boat, the result of a revolutionary new marine construction method in South Korea. Doors open at 9:00 AM for a reception, music and boat dedication. The program begins at 10:00 AM, August 18, 2011 at the Peace Palace, 6590 Bermuda Road, Las Vegas, NV 89119.

Please join the Master Marine Yacht Building Co. as they unveil the innovative “negative NC resin mold” construction method devised by the Reverend Dr. Sun Myung Moon. The method has patents pending. Reverend Moon will deliver the keynote address at the dedication ceremony.

This ceremony is to celebrate the future marine leisure industry here in the middle of the desert. Las Vegas, the global leisure capital, is situated next to the largest fresh water reservoir in the United States, Lake Mead, on the mighty Colorado River and is a fitting place to dedicate this remarkable new vessel.

Reverend Moon has been engaged in boatbuilding since his development of the Korean *CheonSeongHo* fishing boat in the 1960's. He continued through the 1970's with manufacturing facilities in Alabama, New Jersey and North Carolina. Since 2008, he has been focusing on Lake Mead marine activities. The *CheonJeongHo* boat is now taking the industry to a whole new level and will greatly enhance marine possibilities for all who travel on water.

Rev. Moon's vision for the maritime industry encompasses feeding the world through the oceans and enjoying the tranquility of the lakes, rivers and seas to rejuvenate the human spirit.

For more information, please contact Mr. Staffan Berg at 480-600-1764.

We look forward to seeing you at 10:00 AM, August 18, at the Peace Palace in Las Vegas.

Sincerely,

Dr. Chang Shik Yang
