- 1] Before you die, leave behind the tradition of having good children for the future.
- 2] If we don't establish the strong Heavenly tradition, our church will become like other churches.
- 3] If the tradition is not clear, there will be confusion.
- 4] True love should be the central tradition for everything.
- 5] There are ups and down (harmony of yang-yin) in every affair. The deeper you go down, the higher you can go up.
- 6] Hebraism has the consistent historical foundation centering on one tradition, but Hellenism has changed with the ages.
- 7] The internal Heavenly tradition is to;
 - 1) Serve others with tears, sweat and blood;
 - 2) Serve others as a servant but with parental heart;
 - 3) Serve others with true love, which means to give.
 - 4) Have the family in which there is a clear vertical Heavenly hierarchy.
