Beloved Father! Today is the ninth anniversary of Children's Day. Please let Your love dwell with the children who are sincerely praying for this day throughout the nation, facing this place. As You look at the Unification Church members, please be patient with this nation and its people who have caused You to feel sad. Please command the members to carry out a new historic mission; may they become a people who are not inadequate to serve as the laborers for a new age.

We know that with us lies the responsibility to realize, without fail, a day of victory, a day on which You can gain direct dominion over all nations spread throughout the world, centering on Korea. Father! Please bless all the people by reaching out to them with Your holy, loving hands through this special opportunity today. And please bless not only humankind here on earth, but also the numerous people who followed Your Will and the countless people in the spirit world who have died for the Will in the course of history up until now.

I know that they are destined to go the unavoidable path that still remains ahead of them, the course of indemnity that must be walked through returning resurrection on earth, and please let them make connections with us from behind the scenes, based on the activities of the Unification Church and our own actions today. By so doing, we earnestly hope and desire that You will allow the many people in the spirit world to unite with us, and even their descendants to unite with us substantially, so that we may establish the unified nation that You desire.

All Your children scattered around the world are also commemorating this day. So, I earnestly hope and pray that, through them, You will carry out Your direct initiative and work in the nations where they reside, and thus establish the authority of resurrection and set the condition of victory through which to embrace all peoples in Your bosom.

As of today, please allow Your desired Will to spread out across the world in earnest, through the horizontal route based on Korea. We sincerely hope and pray that You will establish this day as the one day of glory, one day of pride, and one day of joy, and allow it to be a day on which Your children can receive Your Blessing and be embraced in the midst of Your grace.

There are some of Your children who cannot be present today, so we sincerely hope and pray that You will bless them as well. We earnestly hope and desire that You will personally lead the work of liberation for our numerous ancestors, who have lived and died while taking responsibility during the course of restoration, through which they sacrificed themselves for Your Will, Father, and thereby allow what is realized on earth to be realized in heaven as well.

I hope and pray that You will allow all Your children to become true children based on their relationship to True Parents, to build true families based on being true children, and based on those true families, to expand into true tribes, true peoples, true nations, a true world and a true cosmos. Please guide us, so that we can race forward more energetically on the course of indemnity that remains for the rest of this year.

In the 1970s, permit each and every one of us to fulfill the important mission we have been entrusted with, that is, our mission toward our people and our responsibility as Your children. I sincerely hope and pray that You will guide everything to go well according to Your Will.

I earnestly hope, Father, that on this day, You will place us at the center of Your Will and protect us. As we begin this first hour, please guide us in glory until the last. I have sincerely prayed in the holy name of True Parents. Aju!
