“

I am giving you the Blessing so that your offspring will be more outstanding than you. If those who received the 36 and 72 Couples Second Generation Blessing do not follow the Will, a big problem will arise. Because of God's Will, I abandoned my country, my parents, my wife and my children. What does it mean that I abandoned my nation? It was not my doing; it was Satan's world that pushed me out. In relation to the work I am doing now, I feel as if I have been swimming across the ocean and just came upon the island to which I am exiled. In order to inherit this tradition, you have to create your own foundation. Just as I have done this work in order to establish a worldwide foundation, so too the members of the second generation have to build their own foundation. Do not be indebted to your relatives, your colleagues and those associated with you.
