Father speaks at the Unification Theological Seminary in Barrytown, for eight hours

Translator: Peter Kim - Unofficial notes: Michael Kiely, Robert S. Kittel, and Jin Man Kwak

Photo date and location unknown

Good morning. How long has it been since Father was here?

(Eleven months ago on April 24, 1992.)

During the last eight months, the providence has been progressing a lot. According to God's providence, this is the time when one chapter is complete. Now we have to enter a new chapter of restoration.

God originally created the entire universe, but now it is being restored or indemnified. This is a new chapter of recreation. As you know the providence of restoration must go according to the indemnity course, this is the providence of salvation or recreation. This is done by the principle of restoration. When it comes to recreation, the base and principle of recreation is the most important factor. There is a certain formula for restoration, it is the same from the individual level to the level of God. There is a certain formula which we must learn. When we learn this formula and see it working throughout the course of history, then no one can deny the existence of Satan and also they cannot deny the existence of God.

1. Providence of restoration,
2. Providence of Salvation (restoration must go through indemnity course).
3. This is equal to the providence of recreation.

In order for God to work recreation he needs:

- 1) creation of the environment,
- 2) subject and object, and
- 3) reciprocal subject and object.

1. God > Adam > Eve >: Cain > Abel (original order)

2. Satan > Adam > Eve > Cain > Abel (the order in the fallen world).

How different are these categories (or orders)? They are 180 degrees different. We must return to the original state where creation took place. This process is called recreation. Particularly, the blessed couples must know this. We must know what the world would have been like without the fall. This diagram

represents the four great realms of heart and three realms of kingship. Then on this basis the realm of the royal family would have been established. The top lines [of the Four Position Foundation] are dotted lines because they are dealing with the spiritual world. This consists of two selves, mind and body.

When you look at the environment there is always a subject and object relationship. Atom, plants, animals, all the way up to man and women everything exists in a paired system. With everything that God created, there must be a subject and object relationship with it.

As we learn in the Principle of Creation, starting from level of atoms the pluses and minuses develop into particles, then into plants and animals. The plus and minus starts at the lowest level, they unite and make a greater plus and minus. Sometimes the positions may be switched but they gradually grow from simple to more complex. Eventually they will all return to God. Pairs are in a reciprocal relationship so, they will have to return to God. Our conclusion is that this created world consists of pair systems at every level. Why do things exist in pairs? In order for things to exist in reciprocal relationships and become naturally centered on love. Each being must have a love relationship in order to exist. They have a bridge, that is the love relationship, and this allows them to exist. Man is at the top of the pinnacle and it gets smaller or less complex as you go down. When plus and minus meet, this is the point where the love relationship takes place. Even when it comes to individuals, our mind represents plus and our body represents minus. As they become one, then this forms our character (our virtue). Mind and body are harmonized and become one, allowing you to become a being, i.e. to exist. Then you become the representative of the entire universe.

In order to do this, as a person, you must have a reciprocal relationship with God, receiving love from God's Sung-Sang. Only then can you become the complete representation having both Sung-Sang and Hyung-Sang aspects. Only after that, you become unified with another person, a woman, and you form a family. This is the subject object reciprocal relationship at the family level, then you form a tribe, and the unity of tribes forms races and nations and finally the world. This is the very reason in the Divine Principle, that the smaller level must sacrifice for the higher level. The individual sacrifices for the family, the family for the tribe, the tribe for the nation, and nation for the world. This operates through all eight levels.

Why eight levels? Everything started from God and must return to God. Starting from God the order of creation forms a big circle developing into the entire universe. Let's focus on God, the point where the beginning and the culmination of creation meet. That is the beginning point. Here the circle exists as a double line, representing physical and spiritual, Sung-Sang and Hyung-Sang. Here the smaller circle represents the family, then tribal, then nation and world. But the family is the basic unit for all this. When we cut this circle horizontally, we can see a mirror reflection of the same thing on each half. Where is the focal point of the family? God. Then the family is the representative of the tribe; there are many exemplary families making up a tribe. When we look at the family, individuals form the family, but only if they are living for others, not for themselves. In order to do the work of recreation, you have to invest yourself over and over again, 100% investment every time. That is the beginning of recreation. Do you understand?

You must remember the family is the basic unit to create the entire universe. Therefore, even when we join the spiritual world there will be the family system centering on Adam's family, then Adam's society, Adam's nation and Adam's world. Each family must start here, at the beginning, the original plus and minus this is the origin of billions and billions of pluses and minuses. This is why one single man can claim that he is the representative of the entire plus side of the universe. If we cut this universe in half, a man can represent this half, the right side. It is the same for women, she can represent the left side.

Because of this, every person has the desire to be the best kind of human being. But no one knew why they had the desire. Father is giving you the answer. Man and woman represent the right half of the sphere and left half of the sphere respectively. Together they represent the entire universe. They too have the desire to return to God, to become one with God. Therefore, when it comes to God and the individual person, God is the King of creation and we the children of the creator have the desire to be kings and queens too. We all have this kind of ambition, we want to become a King or Queen. But why? Everyone has this representation of the creation and the creator in them that means kingship. This kind of desire is the original characteristic of unfallen human beings. You were to inherit this kind of property. But just look at the American society, individualism is rampant. We have to destroy this kind of concept. In the ideal of creation there is no room for this concept. There is a reason for the horizontal and vertical lines intersecting and this represents an individual. But it is not individualism.

The individual must be willing to sacrifice for the sake of the family. Why? When you look at your own family, there can be many family members. True Father has 28 children and grandchildren living in East Garden. If you think of only one individual, the family has 28 times greater value than that individual. Therefore, the individual has to invest for the whole, because it is more valuable. Investing means, sacrificing. In other words, as you give to 28 people every day, then you become smaller and smaller. Eventually you come down to the zero point. Only then will all 28 people turn around and become yours.

These 28 members will lift you up. The person who Sacrifices the most will become the center of that organization.

Even when it comes to your community here at UTS, this principle applies. Let's say 122 people are living here. Whoever sacrifices more, living for others more, then the entire seminary will lift up this person. They will feel pity on him. Because of this circulation process, as you keep giving and giving, eventually you don't even exist but from this process the family, tribe and national level progressions takes place. To secure this progress, you have to sacrifice and give beginning at the smallest level. This circulation process is up and down. The upper part comes down and goes through the zero point at the bottom. At the bottom the entire creation will push you up again. But this supporting power, on all different levels, is not strong enough to reach the original starting point. You would stop before reaching the top. Therefore, to avoid this inability to reach the top, you have to quickly go down to the bottom and then you will quickly go up. This is the same principle operating in the atmosphere.

When there exists a low pressure area, then a high pressure area will come in. The force is so great it could create a hurricane or a typhoon. This is how air circulates. The resulting pressure is greater than your original investment. Why? The entire universe is being pushed by and supported by God's creational power. Creation is following heavenly fate, heavenly destiny. We must learn, like God, that to go rapidly down to the bottom is not destruction of yourself; rather, this is the way to get God's support. It comes in this circular movement. Wouldn't you like to just have one movement down and up, completing everything quickly? Once you reach this level and go through the entire circle, you will catch everything inside the circle as well.

That is why religions must have the concept of living for God and giving everything for the sake of the world. That's why religions teach that you have to deny and sacrifice yourself, your family and country, and absolutely invest everything for God's will. Invest everything. When you go through the UTS zero point, it means there are no obstacles, there are no problems you cannot overcome. In order to make the circle motion in one shot, religion have to believe in God. We were to live like this, if there were no fall. But now each level family, tribe, nation, and world exists separately. UTS graduates where do you belong? Where did you come from? What is your nationality, Japanese, American or British? As long as you have this concept, no matter how hard you try to become perfect you cannot reach perfection. Without the fall, Adam's family would have God at the center and revolve around Him. Then naturally the eight different levels would have become one. Do you understand?

Are there any professors here? Even professors have to learn this. This is the first time Father is giving such detail. Whatever speech True Father gives, you hear that Father tells you to sacrifice yourself for your family, your family for your nation. He doesn't say, "Take it easy." The reason True Father is pushing you down so hard, is because he wants you to bounce up quickly. Because of the fall, we must pierce through hell. If Christianity had this kind of concept, then within a few centuries the world could have been restored. No problem. So the individual lives for the family, the family for the society and ultimately everything lives for God. The family includes not only myself, but many other individuals who are just as important or even more important than myself. Therefore, for that greater whole, I must invest everything. Likewise, the tribe includes not only my family but other families which are just as important or even more important than my family.

Therefore, for that greater whole your family has to invest into the tribe. Unification can take place when the family sacrifices for the tribe, the tribe for the society, society for the nation and nation for the world. restoration, only investment and sacrifice exists. Don't expect to receive anything! Blessed couples raise your hand. Almost everyone blessed. What do you as blessed couples have to do? Without the fall, your family would naturally grow and become a tribe and nation. Even though you are blessed, your tribe already exists. So, you have to first restore this plus position, you tribe. There is only one thing you can do to do this, just give and give with no expectation of receiving. Think how difficult it would be to reverse these positions. The tribe is the plus and you are the minus (the blessed couple). But you have to reverse this; this is indemnity. Just invest and give 100% of yourself. Your tribe will do everything possible to destroy and oppose you. You have to expect this, but you must not fight then You must go through greater indemnity. You must invest everything. Then God will inject greater power of recreation.

In the history of restoration, there is always fighting between good and evil, and these positions have to be reverse. Always God's strategy is to get hit first and then to take back! Evil hits the good side first, but eventually loses to the God's side. But when the good side wins it is not a victory of equal proportion, but an even greater compensation will be given. Why? In the world of God, there was no evil and therefore no concept of fighting and war. Therefore, there is no concept of enemy in God's original heart, otherwise this means there is dual origin to the universe. There is no concept of enemy and no concept of taking revenge in God's heart. These are Satanic ideas.

In order to get rid of this concept of desiring to take revenge, you get beaten by Satan. If you go through this three times, Satan will have to surrender. Why three times? You must go through this on the formation, growth and completion levels, even during the third attack it is still Satan's dominion, but after

this it will be an area of God's domain. Even Moses had to perform three miracles before the Egyptians could begin their exodus. That this occurs three times is not a random event.

Professors, you are teaching and getting a salary here at UTS, but you should be giving a salary to Father. He is the teacher of all teachers. The secret of the indemnity course is that God's side always gets hit first, but ultimately wins. Satan's side attacks but then loses. You should know this is the strategy in the conflict between good and evil. How wonderful God's strategy is. Suppose there is a single exemplary tribe, and the rest of the world is evil, one million times stronger than that tribe. As soon as the world hits that tribe, the world will have to pay indemnity.

Through this, that small tribe will be able to grow up and eventually will overcome the world. For example, when Jesus Christ was on the cross at the time of his crucifixion, he proclaimed and showed he was the messiah by loving his enemies. As long as his disciples were loving their enemies, the world had to provide the road for them to go. This is why the history of Christianity has always been a history of persecution. Therefore in World War I, World War II, and World War III Satan's side attacked first. And even won up to 75% of the battle, but eventually God's side overcame and got the victory. So, as you learn this lesson from history. You should know that persecution is a secret to transform the Satanic realm into God's realm. By persevering with a loving heart, you will come to possess the property and all the possessions of your enemy. This is not a concept, it is reality. During the World War II, Germany and Japan attacked first, also in World War III the Soviet Union attacked first, but they all eventually lost.

Rev. Moon claims, "I'm the messiah," so the whole world decided to try to get rid of him. But they couldn't kill him. That was a promise between Satan and God, that Satan could not kill Rev. Moon. Eventually the entire world attacked Rev. Moon, even his own brothers and sisters. Even though they have been persecuting and attacking him, it didn't matter how big the opponent was, eventually they had to bow down to him because he would win through being attacked. Look at how rapidly Christianity is falling today! In the first four hundred years of Christianity they were severely persecuted, but they prospered. However, since the last 40 years after World War II Christianity had a golden opportunity to prosper throughout the entire world, but it has decline instead. This is because Christians persecuted Rev. Moon. He is going up and up; they are going down. Because of this American is now following Father. How does this sound? American is the representative of the Christian world. Father's conclusion is that receiving persecution is the second most important secret to winning over the entire Satanic world. You will inherit their property and all their possessions through this principle. As you know, the entire world, its religions, its culture, its politics and everything has been mobilized to attack Father. But now they are behind Father. This is reality. Can you agree with this concept?

God is now dominating history. Before you were proud of your nationality, but now you have turned around. The biggest individual problem is pride. This is Satan. Father will take a quantum leap going back to today's topic. The entire world exists in a pair system. God created this world because of love, not because of money, power, and not because of knowledge. God needs only love. God is an individual. So, even though he is an absolute being, if he is alone without a partner then he is a lonely being. Rev. Moon is a famous person, but he too is a lonely person without his love partner. That's why the universe was created in a pair system That's true.

God only needs a love partner, not money, power, not knowledge only love. A subject needs object, absolutely You cannot deny this. God is trying to make a place of unification. This is the ideal. No matter how much dancing talking or whatever... if you are alone it has no meaning. This is the same as God's situation. God needs a partner, a true love partner. This is our absolute conclusion.

When you look at the entire world, it exists of pairs and human beings are at the top of this pinnacle. Let's say human beings are the love partner of God, do you think God wanted them to be less valuable than God himself? When it comes your Own marriage, is there anyone who expects or desire their spouse to be less than they are? Even if you would ask the entire humanity from the beginning of history, no one who say, "Yes, I want my spouse to be less than I am." Neither in the animal world, nor the plant world, nor in the mineral world would you hear this kind of response. We must have a clear understanding of this desire and where it came from. Everyone wishes that their spouse would be better than them. Right? Even after you have formed you family, do you want your children to be greater or lesser than you? Where did this idea, this concept, come from? I'm not the first one to say this or to think this way. By the same token let's ask God, "God, do you want your love partner to be better than you?" He would say, "Yes, my love partner should be better than I am."

I can talk in English, but you have to learn Korean. Even if you catch only one Korean word and learn it for next time it is valuable for me to speak in Korean. Therefore, because of this original concept that we desire our love partners to be greater than we are God invests more than 100% of Himself. Therefore, he is qualified to expect more than 100% return. Let's bring it down to our level. Do you wish your wife to be greater than you by only a small percentage or a 1,000 times better? Do you understand In other words, if you want your love partner to be better than you, you must invest constantly, forever giving! That is the kind of desire that God has. If there is a concept of investing 1000% or even more than this would be

God's desire. Therefore, God gives, gives and gives, then forgets; and gives again even after the fall of man. Still God is giving. If you remember what you have given, it means that you stop there. You stop giving. Therefore, don't keep a memory of what you have given, just give, give and give and forget it.

How wonderful God is! Because of this very principle, for thousands and thousands of years God has been constant! investing Himself to restore this world, then He forgets. Where does the origin of true love come from? It comes from the kind of investment from God. God invests everything, more than 100%, even investing His whole life, then forgetting what He has given; that is where true love started! Absolute total giving is the starting point of true love. When we read the Bible, it says that if you seek to gain your life you will lose it, but if you are willing to lose your life, you will gain it. This is a paradox. There are many theologians studying the Bible, but they can't understand this paradox. Once you understand where the original starting point of true love is, then you will understand why Jesus said this. It makes perfectly natural truth. Who is the true husband? He is willing to give even more than his own life to his spouse and family, this is the true husband. And who is the true wife. She too must be willing to give everything, even more than her own life, to her husband and family. This same principle applies even to the concept of True Parents. They must be willing to give, even more than their own lives, for their children. Is there any American president willing to give his life, even for the nation? They only want to keep their office and run the nation smoothly for 4 or 8 years, then go. Don't be proud of your democracy, it's rotten to the core. We have to teach this love partner principle to the leaders of this nation.

That is why, Jesus taught his disciples that they should love him more than their own lives, more than their own parents and family; and on top of that he said they had to carry their own cross and follow him. That cross represents the course of indemnity. No matter how great a person may be, without the indemnity course, restoration is impossible. Is there any Ph.D. here who feels they have passed through this course?

This is not a random teaching. This is Rev. Moon's teaching. Do you understand? As long as you wish for your children to be greater than yourself, you have to be willing to give everything to your children. This is the starting point of restoration. And this principle applies even to the insect world, the plant world and the mineral world. Even if True Father attacks the family and governmental systems of the fallen world, you don't have any excuse. Rev. Moon is right. Teaching about true love is the way we can revolutionize the country and the world. Also because of this reason, we can now understand how much God is suffering, we can start to understand about His tormenting heart. He looks at his children, at his love partners, He sees them struggling and sees them wasting their lives. How miserable a situation this is for God. They were originally supposed to be His love partners, whom He wanted to be better than Himself. God's situation is a most tearful position. The Christian world must think about this. God cannot do everything He wants.

Let's think about the concept of pairs and the theory of evolution. Which comes first? It is like asking if a God centered viewpoint was first, or if a God denying viewpoint was first. The theory of evolution destroyed Christianity – it destroyed the belief in God. How miserable is the situation of humanity. They took this concept unnecessarily. Because of this the mind and body are divided, families and nations are divided and Kingdom of Heaven is also divided. Who made this concept? This is Satan's work! How can we erase or change this? This is the work of religions. It is the mission of religious leaders.

Without denying all Satanic concepts, from the individual to the world level, you cannot enter the Kingdom of Heaven. Is this clear? You cannot deny the necessity to destroy these evil concepts. Reflect on what kind of life you have been living till today. Is the kind of life Father has been living a strict life? You know yourself very well. You know yourself more than God and more than Father knows you. The original world doesn't have this concept of America Korean, Japanese or German, no Israelites either. A new creation means recreation. That is true. Let's talk of evolution, which says creation goes from the amoeba to the key. There are thousands of species, but order to create a new species there must first be a love relationship, otherwise it is impossible. But the theory evolution skips units all together and says only that natural monkey evolved from lower animal forms. Let's say, there is a monkey which evolved from a lower-level monkey, without a love relationship this new species of monkey can never emerge. This must have occurred thousands and thousands of times at each different level creations. Evolution based on love relationships. Without the bridge of love, progress does not exist. Suppose you and your spouse are living together happily but then your husband's old girlfriend suddenly appears and tries to build a relationship with him. Would you be happy about it? No. Suppose you got married and during your honeymoon, your best friend followed you and tried to step between you and your spouse; will you kick him away? (Yes)

It is very important to build this kind of love partnership. Why would you kick out this person who tries to disrupt the relationship between you and your spouse? Because your love partner is the basis for creating love and if the person threatening to break up that relationship is not kicked out eventually that relationship will be destroyed. This same principle applies to all levels of the world, for example, to the insect world. Charles Darwin does not explain about love relationships because he didn't know this principle. But with this bridge of love relationships, evolution could not take place So Charles Darwin is a

liar. When the KGB came to study Divine Principle, they were shocked. They thought, "they didn't know this?"

They said that if they had known this then, they could have taken over the world. The Four Position Foundation is God's original ideal of creation. God expects the love levels to grow. Even love has to grow; first children love, then conjugal love, to parental love. But there is a goal -- this is the brother sister love. There are four realms of love, these represent the four great realms of heart. If we contact smallest level of this physical world it is represented by number four. This is the safest form, the most secure formation and the most ideal for the horizontal level, that shapes the square, the Four Position Foundation. Within the square you can have a circle. Then all natural angles occur and the energy exchange is at the meet point in the center. The 45-degree angles are the best supporting angles.

Therefore, the Four Position Foundation is most secure structure, and God started the creation with the Four Position Foundation. When you construct a building, first you build the four pillars at the corners. The upper portion of the Four Position Foundation represents the spiritual world, lower half the physical world. Then you have the left and right spheres. In this Four Position Foundation square, you can put any different kind of circle, but you cannot have the Four Position Foundation on a circle. As long as we have this Four Position Foundation square, we can have hundreds of type of circles. But no matter how big a circle or sphere is, it is stable because even with a small push it will move. The square is the most stable position. It has the north, south, east and west Stations which represent spring summer, autumn and winter. Even in one single day, morning represents the spring, midday the summer, evening the autumn and night represent the winter. Through the Four Position Foundation, God can make His love partner visible. Even when it comes to the existence of God, do you think that God suddenly existed? He started existing gradually, even God evolved. Why do we know this? Because this is the way the entire universe was created, and God must operate according to the same pattern.

When it comes to Sung-Sang and Hyung-Sang, there are infant stages of Sung-Sang and Hyung-Sang. There are brother sister levels of Hyung-Sang and Sung-Sang. Then this gradually evolves; it is like educational development, first kindergarten, then elementary school and middle school. Gradually God's Sung-Sang and Hyung-Sang developed. Therefore, who are Adam and Eve? They represent, the second self of God. Adam and Eve appeared as God. This is why the Bible says that God dwells within yourself. You are the temples of God.

Ask theologians where the fundamental concept of true love came from. They will say God is the "holy one" and man is "the thing." But where is love? If God is all alone love cannot exist. Absolutely, love requires a partner and this love partner is mankind. Is this true? God is looking around for a partner better than Himself and He will try to catch that type of person. No one in the world is an original perfect object to God's heart. That's why, for us to be the absolute perfect object of God, we have to grow up; we have to go from the period of indirect dominion to the level of direct dominion. Only then, can God deal directly with his children. As we grow from the children's level of love to a brother's and sister's level, we grow up learning about the world, step by step. We learn about people and things around us, but ultimately, we have to learn about God.

As Adam and Eve were growing, they observed that the creation, all the animals were created in pairs and were making love is based on that pair system. Suppose that God created only Adam, not Eve. Then while Adam was growing up, he would have complained to God saying, "All the things of creation are in pairs, but why did you create me alone?" You professors may ask, "Why am I alone?" Where are God and man supposed to meet? This concern is something which God had in his mind even before the creation of the world began. However, Christian theology was formed and developed only after the fall of man. But this concept, that man is the love object of God, existed even before the creation of the world.

The Four Position Foundation is the model, it contains all the four great realms of heart: children's heart, brother sister heart, conjugal heart and parental heart. When this is extended horizontally, it becomes the visible world. Multiplication is not possible in the vertical realm, it becomes possible only on the horizontal realm. After creating Adam's family, this family should have been duplicated with a hundred million families. Through the model of an ideal family, God wanted to create the citizens of the heavenly kingdom. Centering only on one individual He cannot do this. We must know that families are the factory where we produce citizens of the Kingdom of Heaven. When you go to the spiritual world, you will live together with your children. Man is the love partner of God, but where are God and man to meet? This is question of mutual concern for both God and man. This is the most serious question we can ask. Where is the perfect true love settlement? What is the most valuable and important organ of the human being? As a man, what is his the most important organ? It is the organ representing a man. his sexual organ. It is the same for woman. The difference of sexual organs is the only main different between a man and a woman. One organ is convex and the other concave.

Man's organ is convex, a woman's is concave. Why were they created like this? To put them together. But why should these two organs be put together? To become one, centering on true love. Through the union of these organs, complete unification of man and woman is possible; it is only possible with these parts of

the body. In order to put these organs together, the angle doesn't matter; either up, down, front or back just as long as they fit together. This is reality. What about your parents, do they practice this? What about true parents? What about God? It is all same way. No one in the world knew this. Only after going through incredible torture, even going into the spiritual world, finally after many, many years Father came to this awakening. It was right there, the answer is so simple! But he had to travel thousands of miles to discover this simple fact. Father feels this very seriously.

The organ you make love with is your most precious body part. The Israelites had the ark of the covenant and there was a place where if people touched it, there they would die. This part of the ark represented Adam and Eve's holy parts. What is marriage? Simply put, it is when these two organs combine into one. When we put these organs together, is I with tears or crying or with excitement? Do you push or do you pull with all your strength when you make love? Both! It is like embracing your spouse to make that person part of your own bone. When you make love between a husband and wife if you hurt your spouse and dislocate your spouse's backbone, it is okay. It should not be the cause of divorce. If this happened, then each time you look at each other many years after, you will smile and remember making such passionate love. Husband and wife enter into love with the desire to make each other the bone of their bones, the very core of their bone marrow!

The Korean character for womb means "son" and "palace," this is the name for a woman's womb, her reproductivity organ. If this is the children's palace, then before this it had to be the love palace, then the life connecting palace, then the child making palace, and then finally it is the lineage palace. This is why even in a drop of blood, there is always your parent's life, their love and their lineage. Even your concept belongs to your parents. You can think, "I am representing the true love, true life and true lineage of my parents." These three love, life and lineage -- always go together. If you lose your life, then your love and lineage are also affected. Also, if you lose your love, then your life and lineage are also affected. When we look at this society, they go after free sex destroying the value and joy of such a relationship. But supposed a virgin boy and girl have this first relationship, the power they experience will be more than thunder and lightning! Do you like it? How much excitement and stimulating this would be! You can make big sounds when making love, it okay.

The most beautiful sound is the love sound. Partners can talk about this later. The most beautiful smell is love smell, and love touching is the most beautiful touching. Do you understand? Through centering of true love, all five senses unite into one focus. All the fallen people are seeking true love. That is why when you love, you go crazy. But fallen love has falling down power while true love has going up power. Every creature needs true love, but from where can they catch true love? After getting the correct subject object pair, invest everything including your life, all your energy and reach the zero point. This is where true love starts. What is the ideal of the creation of the world?

As God perfected himself on different levels, this was to be duplicated on these various levels of heart: children, brother and sister, husband and wife and parents four levels of heart. When God was at the stage of brotherhood; he was centering of true love. Only centering on true love could brother and brothers become one. This is the same for all four levels of love. Plus and minus unite, become a minus to another plus, and then unite to become bigger and bigger. But which is first love, or the plus and minus? Love is first. The true love concept was first, with the purpose of unifying the whole creation into one. Then there was the concept of plus and minus, in order to achieve the concept of true love. Love is the concept which engulfs the entire universe making it one. Love unifies the entire universe, it unifies through making oneness. Therefore, all the concepts of freedom, peace and happiness, all of these can stand only on the base where unification is achieved.

Upon the base of a united plus and minus, then peace, happiness and freedom can be created on the horizontal balance. If you don't make unification, then you cannot have a horizontal line, i.e. no balance. Then there is no foundation for true peace and happiness. Parents should be balanced, making a stable horizontal line between them. American youth absolutely need this concept. Americans, even the most famous persons, do they have a united mind and body? No, there is fighting within each person. Who can stop this fighting? Only true love. You have to clean up everything in the fallen world. Do you understand? First make harmonious partners, connect them together forming families, societies and nations; this is the same as the original creation. Centered on true love, the principle always works the same way. But first the mind, which is plus, becomes completely one with the body, which is minus.

This is the original principle and you know this theory, so you can understand this yourself. Based on this, you can immediately make an evaluation of something knowing if it is bad or good. Where do you find perfect children, infant stage children or grown up stage children? How much should they be perfected? Should they be as perfect as God? This is the question. Where can we find perfected brothers and sisters? Where can we find perfected husbands and wives? Where will perfected parents come from? Are these found in different places? They can all be found in the same place. Centering on one point, concentric circles represent children's love, brother sister love, conjugal love and parental love (the largest outside circle). They can all be found here (Four Position Foundation). Once you find the focal point and grab it, then you can occupy God. Through this you can occupy everything about God, his ideal of creation,

everything. How wonderful this is, how beautiful it is!

At this point everything erupts; it explodes with endless joy. First it becomes a zero point and then comes rushing back with so much force. When did you even think about this concept? In the history of humankind, this the first time these ideas have been explained so clearly. Today I'm making this conclusion and detailed explanation for the first time. Why? UTS students have to inherit True Father's thought. That true? Centering on parental true love, children's love, brothers love, and conjugal love must be perfected. Brotherly love doesn't exist in the outside world. To fulfill this kind of love Adam and Eve should have had a relationship as if they were twins. Of course, they were created separately. But if they have a relationship like that of twins, then naturally they would have been connected together. Where does love start first? Love starts flowing from parents to children, this is a vertical axis.

This vertical line is first. How do you love your brothers and sisters? When God looks down, He looks at people as if He was looking Himself, thinking of them as part of his own flesh and blood. But still this is only a vertical relationship. So as children grow up they expand, taking the position of man and woman (right and left in the Four Position Foundation). They grow up and expand at the same time, it is part of the same process. Man represents the east and women the west. Men are like the shining sun on women. Is this true. Is it eternally true? In length, width and size the midline positions of the Four Position Foundation are all the same distance, so when you put them together they will fit very well. The Bible describes God as a male, but the corner of this model must fit together. Therefore, the Four Position Foundation the four realms of hearts start at the time marriage. Father wants to repeat himself. The family is the starting point of true love.

Adam was to reach position of true man, and Eve position of true woman. Then they were to start to move toward each other. At this point, children's love, brother and sister love and conjugal love line up horizontally (the horizontal line in the Four Position Foundation). As these loves are lined up and move towards each other horizontally, God too is moving down vertically. This center is on true parents, on true love. Of course, parents have all these levels of love. Finally, we say the central meeting point is in the center where all the types of loves are perfected: children's love, brother sister love, conjugal love and parental love. This is where all types of love collide, this is the center of the Four Position Foundation. This is the only point where true love can travel in degrees to all the four positions. This is the very concept that God had even before creation. Throughout creation, God been creating this concept step by step, and only when this is established can He shout "Mansei." The first creator is of course God, but when we reach this stage then we become visible second creators.

At this point, the expression of God's ideal of creation is then expanded horizontally -- this is family. This central point is where your children should be conceived and where they should grow up. This is where parents bear children. By having children, you yourself experience what experienced at creation. By raising your children, you grow with them until they get them married, and through this can experience God's parental heart. The center of the Four Position Foundation is the place where the true love seed is formed and reaches perfection. This is where all perfection and fulfillment begins, true love starts from here. Once you become totally united and one with this center point of true love, then even God cannot separate you. Why? Because God is the center of true love.

This is more than theology, it is not found in any textbook. In this confused fallen world, where can we find the children's settlement, the brother sister settlement, the conjugal love settlement and the parental love settlement? Now you know! True Parents are the starting point and starting from this original point of true love you can make everything. This is a very serious matter. Until now fallen man could not find this starting point. No matter how terrible Satan's influence is on this earth, this is God's greatest victory. Do you know, or believe, or understand this? Now you understand. All completion and fulfillment takes place at the center of true love. Now the True Parents can emerge. Do you think God is smart? No matter how smart God may be, he cannot think about this more than Rev. Moon. God will smile and honor him for this victory. Once everyone understands and practices this, is it big enough to unify America as well as even heaven and earth? Everything can be unified by this concept. How much will you pay for today's lecture? Even if you pay with the entire country of America you cannot pay the price of this knowledge. There may be several professors here, but still you have not reached this place yet. This formula, this model, will outlast philosophy and even religion.

No one understood this before. However, because of this teaching a new history will emerge. This is the first time Father has spoken about this concept with such details. Just think, if you find a real brother, a real sister, a real child and a real partner you can enter the Kingdom of Heaven. It is therefore not difficult to enter the Kingdom of Heaven. Think about it. Centering on God this is the Kingdom of Heaven. Therefore, this center is the connecting point to both on the Kingdom of Heaven on earth and in spiritual world. From this point true families, tribes, nations and a true world will emerge. Once the worldwide level is accomplished God will move into the center and remain there forever. We inherited love, life and blood lineage from two different kinds of parents. God is the vertical true parent and your true parents are the horizontal true parents. The vertical self is the mind which comes from the vertical true parents with its God, and horizontal self is the body comes from the horizontal true parents.

When it comes to Buddhism no matter how many months and years they pray, they never figured out what the mind is. When man has all the relationships of true love, he can come to the center of the universe. Women can say this too. Just stick with this principle in your daily life and then naturally you will enter to the spiritual world without difficulty. As a blessed couple, you are in the process of being restored. Think about this principle and practice it every day of your life. Even in the spiritual world you have to come up to this kind of standard. When we think about this formula, then you can know how much repentance this world will have to do. They keep trying to protect their privacy. The problem is that this individualism is at the forefront of Satan's dominion.

Do you think America is like hell or the Kingdom of Heaven? When your parents want to visit you, do they have to make an appointment first. If you are making love with your spouse and Father comes in, you should say, "Thank you Father. Welcome.?" Why should you say this? You have to know from where the origin of your love and your right of ownership appeared from True Parents. Unification Church members are the ones who can truly share this depth of heart. If we complete this formula, then won't this make the Kingdom of Heaven automatically? Father has been fighting during this entire life in order to set out this formula.

In electricity, plus and plus charges always repel each other. Plus and minus attract one another. In a husband and wife relationship, when another plus (man) approaches, he is repelled in order to protect the relationship of that couple. When you look at the universe, this repelling power is not bad because it protects the attraction, the uniting power of love. When it is raining, suddenly we may see lightening and hear thunder coming from the dark clouds. Is it true that out of nowhere, suddenly billions of volts of electricity appeared. Or do small pluses and small minuses appeared gradually, until there is a sudden explosion? Gradually these electrical charges are increasing. In the springtime, all things of creation are making noise this is love noise. The thunder and lightning are the noise of atoms making love; lots of noise and tons of water. Once the plus, and minus are united, the universe will protect this unity. Because of this universal law, once you are a couple, if another plus or minus appears and threatens your relationship, that person will be repelled to protect the original unity itself. When this person is repelled, he or she is not to be doomed eternally, but the repelling force helps that person to find his/her own partner. In this way, love can continue

forever. Try visiting a hospital and asking the doctor why you feel pain when you are sick. Normally doctors says the opposite, "Because you are sick, you feel pain." The reason you feel pain, is because the body cells are not in balance. If any part of the body is damaged, it is unbalanced and therefore you feel pain. The universal law is always protecting a balanced, harmonious situation and tries to push out the unbalanced element. When your loving husband or wife dies, you cry and feel pain. This is because you are unbalanced as a single person and the universal law is operating. One reason we feel pain and suffer is because we don't know what is happening in the spiritual world. But if you know what is happening, then you won't have to feel pain. If your spouse is in the spiritual world, then still you can feel united. Unification Church members are living in this situation and having such relationships with one spouse in the spiritual world and one on earth. When you are young, boys and boys are very close to each other. But when you are married then you feel closer to your spouse, even closer to your spouse than to your parents.

The same principle applies to God. Because of this principle and belief, Rev. Moon has constantly gone forward and was never shaken whatever obstacle came against him. Presently, all the resources in the world belong to Satan. But actually, they should belong to God, He was the original creator. Now is the time to take these things back to God's side. Each time Father comes out of prison the Unification Church prospers more. Is God afraid of persecution? Is He afraid of death? No! The first Kingdom of Heaven is God and the spiritual world. The second Kingdom of Heaven is True Parents and the physical world. The third Kingdom of Heaven is the ideal families manifested horizontally. This corresponds to three generations: grandparents, parents and children. In the family grandparents are in the position of God. In other words, they are in the position king of the first Kingdom of Heaven. Parents represent the kings of the second Kingdom of Heaven on earth and children are the kings of the third Kingdom of Heaven in the future. Therefore, these three great realms of kingship are found right here in the family. Everyone wants to be a king and a queen, this is because God is the King of the entire universe and we want to be the small kings and queens in order to be His partners.

Therefore, focusing on the family, you will see that these three realms on kingship focus on the elder son, who inherits the kingship. All the brothers and sisters will have to serve this elder son kingship lineage and live together with him. Family education is vital. It is in the family where the education of the citizens of the Kingdom of Heaven takes place. When you focus on the family, all three levels of kingship exist. You must relate to your children, brothers and sisters, spouse and parents with the same heart of representing all of history and the world. So, when you practice this in the family it will be the Kingdom of Heaven. That's where the Kingdom of Heaven takes place. Then wherever you go, if you meet someone the age of your grandparents, consider them as your own grandparents. This is the same for people the same age as your parents, brothers, sisters and children. If you become like that you will be welcomed wherever you go. The world today is separated and specialized. There are hundreds of Ph.D.

degrees, each very specialized. Do you want only one or a hundred degrees? Why do you want many degrees? Because you represent God. You represent God so you should have interest in every field of study. Many Americans only want one specialized field. But Divine Principle has many kinds of concepts and you can find principle concepts everywhere you go.

Do you want to become a king or queen? But unless you invest everything it is not possible. If you invest 100%, the world will belong to you. Rev. Moon knew this concept and has practiced this principle going over the many high peaks. What armament does he have? Divine Principle. With this you can climb up any peak, no problem. How wonderful God's concepts are! But you have to reach that point yourself. Hearing these things is the easy way, but doing them is not so easy. Please practice the three kingships and four realms of heart, through this blessed couples will become a brotherhood. Do you understand? Do you understand to the same degree as I do?

America is not my enemy. Russian, China and Kim Il Sung are not my enemies. The CIA is now realizing that they need me. Before they were saying, "Rev. Moon go home." But now they know that without the Washington Times the future of America is lost. American is racing down to the dungeon of hell. But Rev. Moon has a ladder, so climbing up is not problem. This ladder is the Divine Principle. I will supply UTS graduates to all nations to give this ladder to them. This will be Moon's ladder. No one can say, "No way." This is absolutely true. You now know more than me.

Without a partner, you cannot get into the Kingdom of Heaven. This applies to Jesus Christ too, he never had a partner. As blessed couples we must remember these four realms of hearts, three kingships and the royal family! Only at the time of the blessing of 30,000 couples did Father started speaking about these things. But here at UTS this is the first time he has gone into such detail. Until you fulfill what Father has said, you cannot complain. How different are you from God? Now you don't need any further explanation. Because of the fall, the original order of dominion was reversed. Without the fall the order would have been God, Adam, Eve, Abel and Cain, expanding ultimately to worldwide level. If this order had been established, then would have no need for faith, there would be no indemnity no religion would have existed. We would not have needed go the way of indemnity. Without the fall, this process would have taken place automatically. But because of the fall, have to go back up, we have to reverse the direction reversing these positions many people suffered. It was a history of much bloodshed. The political world made the religious world shed blood, just as the body tortures the mind. On the individual level, God should have been at center of your life. But because of the fall, the mind belong God and the body belongs to Satan. You therefore have owners. Naturally in this fallen state, two worlds have emerged the believer's world and the unbeliever's world. We have to go the reverse way. But now the order reversed and God should start from the bottom. This is degrees different than originally planned. Supposed you a prisoner, than you change your mind, in this case you might qualified to be in the Kingdom of Heaven. Therefore, Father made himself a teacher in prison. If people resisted then their ancestors appeared and pushed them. Through revelation many people in prison followed Father.

When is the end the world? When you see the opposite of what God originally wanted to create, you know this is the end of the world. In God's original world was there free sex? No. There was absolute sex only with one partner but not free sex. Those rich people who have abused their organs, they have much repentance to do. Your love actually don't belong to you, it belongs to your partner. wife's sexual organ belongs to her husband, to one man. husband is the owner of his wife's sexual organ. No one change this formula, because this is the original ideal of God's creation. Just as you can't give your brain to another person you can't give away your love organ!

American people, repent. Think how difficult Father's situation is. It cannot be compared to anyone. The indemnity course is a reverse course. Abel must deny everything and create a plus, take over the Cain's position (originally Abel's position) totally united with God, then naturally you will be unite the next level. Restoration is recreation, so you have to and grow at the same time. God has to come down to a level to start restoration. Abel must secure the plus position then move back to the next position. You have to deny Own Situation and only then you can move up. For restoration to occur, there is no son or daughter on God's side and no original order of dominion. [God doesn't need the first two positions of the original order of dominion. Once Cain and Abel are united and become one with the mother figure, they can be grafted the original order of dominion (original God and original Adam). Therefore, it is through Eve that restoration of grafting can take place. Rev. Moon is the most persecuted man in human history. He has been persecuted by Christianity, Buddhism, Islam, Communism.

The slanderous rumors were not started by Rev. Moon, but during all this God was silent until now. At one point God gave Rev. Moon permission to do whatever he wanted to do, to bring this world back to God. Without regrets, God said Rev. Moon could do anything he wanted. However, before this even God went against Rev. Moon. God had to go against Rev. Moon to allow him to indemnify Adam's position.

After 40 days of fighting in the spiritual world, he was declared the winner. This is the True Parent's mission. You have to understand this, it is the principle. More than any Ivy League school, you should be on the front line with this truth. With Divine Principle you can do this. Now Russia is inviting me to

please come and visit. We can do everything there, using KGB power. There is no persecution! The American system of education is criticizing everything, taking things apart. This is no way for America except Rev. Moon's ideas. Is this the highest truth that you have heard? No one can escape these principles. What shall we do? America will have to follow behind the Soviet Union. Individualism, what shall we do with it? God is looking down and thinking, "How wonderful is Rev. Moon's teachings." Father is going back to his hometown. He has taught everything already. He is free. God doesn't have anything to do with homosexual and lesbians.

Only in the past few years has this become such a problem. But how can Christianity restore this nation? Only Rev. Moon has the answer. Power alone cannot make the correct way. America has money power, and system power, but this cannot make the world correct. Who can do this? The free world is so influenced by America. Who can change this? The Christians? No. The business world or the political world? No. Only you, Moonies. But can you do it? Stir up this nation. I cannot find even one such person to stir up this nation during my eighteen years here.

You have to repent. Take seriously this mission. Who can take Father's mission? I am not going to be here so long. America is proud of being #1. But the empire state building is threatened and world trade center is burning. American is going down. I recommended certain things to Bush. But he didn't listen to me, so I didn't help him. However, now they are understanding how important Rev. Moon is to America. Many important people are calling and saying that they now know Rev. Moon's teaching is needed. But too late! No, the time has passed. Time is not waiting for them. You cannot make time go backwards. From now on the Unification Church is going up quickly. It will be very difficult to meet Father in the future. Father's mission isn't finished. Last year mother's speaking tour was so important. But I have no time to speak about this now. It's too late. Who is more famous, God or Rev. Moon? (Laughter)...

When you look at the world, every relationship is an enemy relationship. There is no perfect harmony. This is hell on earth. When God restores this fallen world, God unites Abel and Cain first, then they should be embraced by the mother figure, Eve. When this total unity is accomplished, centering on the mother, this is the fulfillment of the Old Testament Age and New Testament Age missions. After World War II, this unity of Cain, Abel and Eve was represented by England, America and France. Where should they go once they are united? Cain and Abel should be united and embraced by Eve, then they go to the Lord of the Second Advent. In the beginning of history, individuals caused the fall of man. But now on the worldwide level this has to be reversed, This is why three nations represent these three individuals. Japan, Germany and Italy were the enemy forces; the same principle is operative even on the Satanic side. These two sets of three nations represent the mind world and the body world. respectively. Germany, Japan, Italy representing the Satanic realm, hit the heavenly world first.

If America had realize her responsible at the end of this war, the world could have changed very quickly. They didn't understand that this situation was being prepared to receive the Lord of the Second Advent. Rev. Moon was equipped with all these truths back then. forty seven years ago, but American failed. Father was teaching these principles back then, so his word was out. Instead, if the American missionaries in Korea had studied and accepted Rev. Moon, the world would have been very different. Who would believe that England, France and US were prepared to receive Rev. Moon? This is why Christianity is called the bride religion. Centering on Christianity they should have received this bridegroom on the worldwide scale. Did Israel receive their

bridegroom 2,000 years ago? All Jesus Christ's relatives knew what kind of life Jesus had and the way he was conceived. Jesus Christ was crucified at 33 years of age. Do you think any women wanted to marry him? Even though it was well known that he was an illegitimate son, was there still no problem? This is why no women wanted to marry Jesus and he remained unmarried. It has been over 2,006 years, yet only 10% of the Israelites believe in Christ. They still call him a heretic. Do you think Israel and the Jewish people accepted Jesus Christ 2,000 years ago? Absolutely not. God's providence of restoration had been seeking a women and along with the children, restoration had taken place. The Christian cultural foundation is spiritually based. The problem is how to make this into a substantial foundation. This is why England, American and France were centered on the foundation of Christianity. In the practical world they were supposed to unify the world physically. This is why they defeated the enemy forces in World War II, which represented the physical world. Therefore, they should have worked to restore the entire world. This was the worldwide foundation of the Lord of the Second Advent.

If they could have received the Lord of the Second Advent, along with the Adam country, then they could have fulfilled their mission. These three countries represented on the individual level the lower three persons of the reversed order of dominion (Cain, Abe! and Eve). Always restoration is in the reverse order. In the process of indemnity, restoration is in the physical world but the most essential aspect of restoration is creating the blood lineage of new Adam. If the Bible had showed clearly how to restore fallen people, Satan would have put all kinds of obstacles in the way. Thus only at the time of Rev. Moon did these things become know clearly. We lost the first Adam, so we have to find the first Adam and restore him. That is how we restore this fallen world, which is where the seed of Satan's false love, life and lineage was sown. Therefore, the Old Testament Age represents the faller love, fallen life and fallen

lineage going back to the true love true life and true lineage on a national level.

On this foundation the messiah could come. In the New Testament, Matthew describes the blood lineage of Jesus Christ beginning from Abraham, not Adam. Is Abraham a first or second son? Isaac was the second son and Abraham's lineage came through him. Also two women were related to him. Because of the fall one woman represented the fallen world and the other woman represented the restored world. This is why there were two. From these two women, two kinds of children appeared in front of God. How can these children be unified? This principle applies here in Jacob's family, between Leah and Rachel. Laban was the father of these two women, and he cheated Jacob by giving Leah to Jacob instead of Rachel. Because God chose Jacob's family, they had to go through this course. This is the principle. But they were sisters. In the Cain Abel relationship among men, the younger brother killed the elder. But in the women's Cain Abel relationship, the older sister saves the younger one.

Leah and the other servants has 10 children; Rachel had two children. So four women gave birth to 12 children. If Jacob had of united all the pluses and minuses it would have represented a total unification. This could have been expanded into the environment and on to the national level. They would have been horizontally united, centering on Jacob. But because of disunity, this family split into 10 tribes and 2 tribes (Israel and Judah). These tribes were in enemy relationships to each other because of the disunity in Jacob's family. To restore this, there had to be one women for this mission.

The country of Israel and this woman should have worked together to restore what was lost at the time of Abraham. The mother of Leah and Rachel was supposed to teach these two children, that Leah's children and Rachel's children should have been united and that her father (Laban) was wrong. This continued down to the national level and God had to choose one woman on the national level to restore this. At the time Jesus Christ, think about his situation in Zachariah's family, this was a Cain and Abel relationship. Who was the father of Jesus Christ? (Zachariah.) Who taught you that? Because the fall took place within one family, restoration will occur in a family. There were two women centering on one man in Jesus' family. One represented fallen women and the other restored women.

Do you think Jesus Christ explained to Mary what his mission was, i.e. that he should get married? Yes, he did, at least three times. Who should have been Jesus Christ bride? Why John the Baptist's sister? At the time of the fall, Adam's sister, Eve, was taken by Satan. Cain's sister, i.e. John the Baptist's sister, should have been taken by Jesus Christ. This would have been restoration of the fall. If this had happened, then Mary and Elizabeth would have been united. This was supposed to be the foundation for Jesus Christ. But Mary couldn't understand. She couldn't take action. Why? Because Jesus and John the Baptist's sister had the same father but different mothers.

Of course, John the Baptist would have been totally against it. But if three women Mary, Elizabeth, and John the Baptist's younger sister had worked together, then Jesus could have received a bride. No matter how much John the Baptist was against this marriage, these three women could have made it happen. Why? They all knew who Jesus Christ's father was.

Is this true? How does Father know this? Father is in the position to teach Jesus Christ. Father met Jesus in the spiritual world. Father questioned Jesus Christ and made him reveal this truth. You can go to spiritual world and find out for yourself. Father is revealing this now, because this is the only way to complete the Jesus' course.

If Mary, Elizabeth, John the Baptist's sister had been one in heart, John the Baptist could not have opposed them. If all these three women! been united, then the family would have been united. Then country of Israel could have united around this. Through the worldwide unification could have started. But this providence was postponed and had to reappear in history. This took place at the end of World War II.

However, if the foundation for Jesus had been establish his influence would have spread to the East, influence Confucianism and Buddhism. The Roman Empire was ruled internally and would have not been a problem if Jesus established his foundation in the East. Then, in the course of history, the Islamic religion would not have been born. Islam should have been united with Jesus Christ and built this world. foundation. Because of this failure, at the end of World War II, a foundation emerged.

Abel = Christianity, Cain = Free world.

This foundation of this unity between Cain and Abel was already done. They should have received the mother figure and united with Adam in order for world unification to be accomplished finally receive God. The worldwide foundation of unity made by the unity and victory of England, America France. If Father had been accepted on this foundation. would have been in his 40's. He could have dealt with heads of state and worked to build the Kingdom of Heaven on earth at time. There was a perfect condition for a unified wo centered on Christianity.

Like the two thieves when Jesus Christ was crucified, restoration takes place in a zigzag manner. This could have been foundation to receive the Lord of the Second Advent on a world level, but it was... At the time of the Jesus, they believed Elijah would come in the clouds. That is why John the Baptist sent his disciples to question John about the coming of Elijah. Jesus said John Baptist was Elijah! but no one believed him. They went to John the Baptist and asked him, John the Baptist himself denied this. Under these conditions, how Israelite believe Jesus? It is impossible. This same thing repeated 40 years ago, at Father's time.

Father was supposed to start the worldwide level for Kingdom of Heaven at the end of World War II, $1945 + 7 = 1952$. But Father was driven out to the wilderness and worked for 40 year restore the world back to God, $1952 + 40 = 1992$. Father restored the 4,000 year foundation that was lost. During wilderness course, the entire world was mobilized against Father, even God was opposing him. Father started without foundation as an individual, starting in the spiritual world going step by step winning victory on each level. Father had to go through eight different levels and he won victory on one. On each realm there was such a heavy roadblock. Father had to tear down this blockade and build a highway. This was his course.

The entire world was opposing so strongly, but Father continued. Because of this failure World War I, the entire 4,000 year foundation was lost and providence went back to the Old Testament Age (but it should have been the Completed Testament Age at this time). Just like Jesus Christ was cast out in the wilderness Father was taken to the wilderness and there he had to fit the role of John the Baptist. John the Baptist's family was supposed to build the foundation receive the bride of Jesus Christ and build a palace for them. On foundation the national mission should have started. foundation was not built and this is why Jesus went through three year public course. You remember the Biblical story about a wedding. Mary was helping that particular family their wedding arrangements and Jesus Christ appeared. They ran out of the wine, so Mary said to him, "I'm told you are performing all kinds of miracles. Can you turn this water into wine?" Jesus scolded her by saying, "Woman what do you have to do with me?"

He had told her about the mission he was given from God, but she went to someone else's wedding and didn't try to find a bride for Jesus. She even ridiculed him with her desire to see a miracle. Ordinarily Christians might not understand this. At the age of 33, there was no candidate to be the bride of Jesus. Why? People pointed at him and accused him, saying that he was an illegitimate son. But because of the atmosphere among the Jewish people, even John the Baptist was not sure what to do and just followed the mainstream.

If John the Baptist, Jesus Christ and John's younger sister had united, they could have restored Cain and Abel and mother positions. This could have been the foundation to elevate Jesus up to the position of Adam and his marriage could have taken place. These three generations failed: Zachariah, Elizabeth and John himself. Out of these three, even if only one had totally united with Jesus, he could have continued his mission. Do you think Jesus Christ would have liked to have been a grandfather. Yes.

If this had happened, then because of Jesus Christ's pure blood lineage, within 40 years the world could have been restored. Because of these secrets being revealed, Jewish people can now receive Jesus. This is the same for the Christian world. Now Father is saying things very clearly, but this is the easy way discover these things.

Because of this failure, when Father was chased out to the wilderness the entire history of 4,000 years was lost. Father had no foundation, no resources. Therefore, in the wilderness course Father picked up Japan, an island country representing women, in the place of England.

Originally Father was supposed to choose Germany but he chose America again. God couldn't do this, but Father did this. Once there is a failure, that person or nation cannot be used again. But America represents Old Testament Age and New Testament Age foundation. If he hadn't done this he would have lost both the New Testament Age and Old Testament Age. But first the formation and growth stages have to be there, before the completion stage. Once this is lost, how can you build on this? Therefore, he chose America again. Father did this, not God.

So Father excluded Italy and put America in the position of Abel. God couldn't choose America because he saw the original failure. But in the second generation, the Abel figure was chosen a second time. So by this principle, Father could choose America. By 1960 Father had to pick these three countries. Upon the completion of this, the Holy Wedding of True Parents took place.

The year 1960 represents the completion of the Old Testament Age and the beginning of the New Testament Age. Then there are 21 years until 1980, representing the completion of the New Testament Age. Reagan was supposed to be united with Father on this foundation, but he failed. Therefore, during the Bush administration the preparation had to be made. Therefore during his reign, the Soviet Union fell apart, the Gulf war took place and Father met Kim Il Sung. Then President [George H. W.] Bush should have been united with and followed Father. Father made a proposal to Bush but he didn't follow it. That is

why Father started the United to Serve America campaign. He has been educating the high school and middle school children, teaching them about the future of Christianity and of America. But an opposing environment is changing this direction. When John the Baptist couldn't fulfill his mission, Jesus suffered. But when Father was in the wilderness course, he worked so hard, praying that America would help rebuild Japan and Germany.

Until 1960, True Father was in the position of John the Baptist in the wilderness therefore Mother was unnoticed behind Father. After World War II, this level was accomplished and her mission was to unify Christianity and bring it back to Father. From 1960 to 1980 was to be the New Testament Age, but this was postponed till 1992 because of [President Ronald] Reagan's failure.

In Danbury, Father was supposed to receive a presidential pardon on Christmas day of 1984. However, centering on Mrs. Reagan, Jim Baker and Michael Deaver, they persuade President Reagan not to pardon Father. Reagan was to pardon Father and then fly by helicopter to Danbury for his release. But these three people prevented this from happening. This represents Cain and Abel united with the mother figure to go against Adam. Restoration could not be fulfilled.

Because of this the providence was postponed until the Bush administration. During Bush's presidency, Father pushed for the fall of the Soviet Union and visited Kim Il Sung. So Bush should have worked with Father. He didn't... therefore President [Jimmy] Carter appeared. Originally, the next president after Bush should have been God's chosen person. But because of Bush's failure he is out of office and Carter has come. You may not know this, but during the Gulf War, Father had a lot influence in the way things worked, especially because of the Washington Times.

The Bush administration didn't accept Father. So Father prepared his own foundation. Right after returning from Korea, Father proposed that since American has to lead the peaceful world, it should create model countries of eternal peace where no war would take place. These countries, Father proposed, should be Korean peninsula and Israel.

These two areas are the most difficult trouble spots in the world. In Korea there are two politically and ideological! opposing regimes. Father proposed that he would mobilize many nations. Bush would only have to have Russia, China, Japan and America sign the treaty. Also in Israel, there would be world peace zone. Father would be the chairman of that peace conference and bring all the other nations. Through the proposal these two most dangerous places in the world would become models for world peace. This was God's viewpoint. Father asked Bush that he only had to have China, Japan, North and South Korea and USA sign, he would bring everyone and cover all the expenses. But because it was at the election time, Bush declined. Look how the Bush administration went down after that. But Rev. Moon has no problem. This is why Rev. Moon proclaimed his own messiahship last year on the foundation [at the World Culture and Sports Festival].

Mother is now no longer following behind Father. True Parents are going everywhere together. This is the time for women's world liberation, centering on Mother. Last year because of mother's world tour, now the women in the world have set a condition to be united with her symbolically. Now we must go back to the family level. The women in this world they are supposed to unify their children in the position of Cain and Abel, setting a condition to go back into the womb mother and be reborn through Adam.

For rebirth, children have to be unified to Mother and to receive True Father. They have to be united with her in total obedience. The family, all the children, go into True Mother's womb again and from there receive the true lineage through Adam. Even before conception, the seed of life is given. Therefore, we have to go back to the bone marrow of Father, where the seed itself is produced.

It is here that they will be conceived again and be born again, based on true love. True love only comes from True Parents. In order to set this condition, you have to do things like members in Korea did when Ye Jin Nim and Hyo Jin Nim were born. Members were drinking seaweed soup along with Mother.

This is the condition of rebirth. We have to go back to Father's bone, where the seed of life emerges. If we follow this course, going into Father's bone, then Satan cannot follow. Today the entire human history has been explained, even down to the individual level of being saved and reborn. That is why all the blessed wives, must go to the families and the world should go through this course. This is the formula. Life emerges from parents. If the plus and minus become one, then they unite with the bigger plus. This is why on the individual level, we make Cain and Abel unity centered on Eve; these three must be united. At this point Cain, Abel and Eve don't need fallen Adam. In the place of the fallen husband, True Father takes this position. On the family level, Cain and Abel must be united with Eve. They should be educated by True Father's teaching. This is the WFWP's mission. They can then make the family totally united. This is the role of the tribal messiah, he comes on the foundation of the true parent's teaching. We lost everything of the family level and so things have to be restored in a family level.

This kind of time is approaching. Now is the end of the world and people don't want to get married. But

Satan abused this through introducing free sex, homosexuality and lesbianism. Think about the time of Jesus Christ. Mary's relationship to Zachariah's daughter is like sister in law and John the Baptist's young sister is Jesus' half-sister. These are not normal relationships. This is why at the end of the world, this phenomena is taking place. This is why Satan is using this. At the end of the world, to receive the Lord of the Second Advent, every women has to deal with two husbands, True Father and your own husband.

Throughout history, women have been wailing because of men's uncontrolled sexual life. This is the time of the second advent. Do you understand?

Why should the Cold War emerge after World War II? These two polar extremes started from the Korean war. Is that true? This continued until the 1988 Olympics. At that time 160 nations came to Korea. They represented the people from the second generation. Father gave all kinds of gifts and helped them unite. The president of Korea was in the Cain position, Father in the Abel position.

In terms of Gold Medals won, the order was: Russia, East Germany, America and South Korea was fourth. This represents the Cain and Abel on Satan's side, and Cain and Abel on God's side. There was some controversy surrounding a boxing match, but through this God's providence was fulfilled so South Korea could be fourth. When did the demise of communism take place? After these Olympic games.

Father has to pull America up again. But now Russian is responding well to Father's providence. The second generation of the world belongs to Father. Why? Because those children born after 1952 should originally belong to God's side. From that year on, the entire world should have been under True Parent's domain. That is why, political leaders are giving the responsibilities to the younger generation leaders. This is why leadership is being handed down to the second generation. But the second generation children born after 1952, could also include those born after 1945. So this age limit could stretched to include people younger than 47 years old, [President Bill] Clinton's age, He is the last leader of the Satanic rule. Maybe Clinton has a chance to repent, he has said editorials in Washington Times have been better than Washington Post.

In 1960, people were saying this was the turning point human history. This is because of True Parent's holy wedding was in 1960. The entire history is turning around Father providence. Our conclusion: since Father has given every explanation to the world, Satan knows there is no place to hide.

Criminals have to be treated as criminals, so they should be chased out of this world and sovereignty given to God. South Korea was the 160th nation to join the UN, and North Korea the 161st. According to the principle there 12 children at time of Jacob, 72 kinsmen for Moses, and Jesus should have had 120 disciples. But at the time of the Lord of the Second Advent the number 160. Tribal Messiahs have to go out and restore their families All of these numbers are multiplication of the number four Jesus Christ didn't have 120 disciples in his life, he was crucified so he set the condition to fulfill this spiritually. We see later in history. At the time of the Korea war, 16 nations defended this nation. This was the first time in human history nations were mobilized to restore another nation. The final conclusion is that we have to restore 1) blood lineage, 2) our heart, the realm of heart, and 3) our property. The most essential preparation for Israel is that the blood lineage must be restored. Because of the fall, Adam lost all these: lineage, heart, and property. Because lineage was |. all other things were also lost.

Therefore, you have to offer everything (life, property and the heartistic realm) to Heavenly Father and only after the change of lineage you can inherit these things back. The property you have cannot be yours until you change your blood line and your heart centering them on Heavenly Father and True Parents.

A woman initiated the fall. Therefore, to restore lineage, who should have initiated this? Women. American women are not so good. They are free sex mothers. Is this true? From where did free sex begin? America. American men are free fathers. Free sex is completely Satan's idea. This is the formula, you have to get Cain and Abe unite. American couples prefer daughters more than sons, is completely opposite original nature. Also they put their parents in a senior citizen's home and forget them. This is cutting off God because the grandparent's position is the God position. This is not Father's idea, but the original idea God. Grandparents are in the position of king, like God's position. This is like the king of the past. Parents are like king of the present and children are the kings and queens of future. If we serve the grandparents, do you think they will be happy? How will your parents feel if you serve your grandparents? There are 20 million starving children in the world.

What can be done? True parents have to think about this too. If all the families in America are mobilized then we can save the world. We have to connect to true love, otherwise we cannot get into Kingdom of Heaven. No matter how difficult it is, you have to follow this formula system. Can you accept grandparent figure from Africa in your own home? If you can, then America will prosper as a country. Then America will fly up vertically. Do you want this position? Through the Washington Times Father may ask for volunteers? Raise your hands.

People in Africa are waiting for Father to do something in a few years. This is the way American can

survive and prosper. Actually there is a lot of waste here in America. At the time of the fall, Eve deceived Adam and God. In other words, a woman deceived her father and his son. Therefore, in the course of restoration this kind of women must appear again. Centering on Isaac, his wife deceived him and Esau to help Jacob. Restoration took place, and she became one with Jacob.

When Jacob was returning, after 21 years, they were all nervous because they didn't know how Jacob would react. Their parents joined them, but were uncertain of how things would work out. When this unity between Jacob and Esau took place, they were in their 40's. That is why the son of Jacob, Judah (his fourth son) took Tamar as his wife. Tamar deceived Judah and his sons. In Genesis 38, this story says when her first husband died, the second son should become her husband. But he too died. Tamar was waiting for the third son, but Judah didn't allow him to sleep with Tamar. So Tamar took responsibility herself, deceived Judah and conceived twins. She conceived twins Zerah and Perez. What Tamar did is worse than free sex, in the normal sense. It is incest. Remember however, that when Jacob and Esau were in her womb, God told Sarah that two nations were fighting. Now through understanding the Divine Principle and the course of restoration of the blood lineage, we can understand the meaning of this story.

When Tamar had this relationship with Judah, she was very wise. According to the law, if a widow was pregnant, she should be stoned to death. She got a robe, ring and staff from him. When Judah brought Tamar to be judged, she presented these things, saying, "The baby's father is the owner of these things." She was forgiven and children were born. The elder came out first and a red ribbon was tied to his wrist. Without this ribbon, no one would have known who was first. Then the other child, Perez, pushed his way out and was born first. He fought Satan in the womb and won. That is the way God cleaned the blood lineage in the womb of Tamar. Because of this victory, this family foundation expanded to a national level and this was the foundation for Jesus Christ to come. The Messiah must come on a national level. On this national level foundation, Mary appeared. She was supposed to do the same thing, uniting Cain and Abel. Mary deceived two men: Joseph and her own father, and became pregnant. No husband would want to see the baby born through this relationship. Mary deceived a father and son figure. Jesus Christ was in the position of Abel. In Tamar, her children cleansed the blood lineage.

But at the time of Mary, the blood lineage was already clean, so there was no fighting. Only God's spirit was present at the conception and birth of this child. If you read the Bible, is there a relationship between Joseph and Mary? Between Joseph and Mary there is no blood relationship. If Jesus Christ had been Joseph's son, God's providence would have been destroyed. This is why Jesus was described in the Bible as God's only begotten son. there is no ancestor of Jesus. God cleared his blood lineage and Jesus was His only son. Starting with Jesus, if the family had been formed it should have been expanded to the entire nation and world. This is why Jesus should have been married.

Suppose Jesus would have seen a beautiful woman, would his sexual organ become erect or not? God wanted His partner to be better than Himself. If Jesus' sexual organ didn't do this, something is wrong. This is a natural action. Does your organ go up or not go up when you see a beautiful woman? Supposed Jesus found the ideal woman and married her, then this would be God's marriage too. This is the course by which you restore your blood lineage. Before the fall of man, the blood lineage, all possessions and heart, as well as the realms of kingship and the realms to the heart belonged to God. Because the blood lineage was transferred, we have to restore all these things back to God. Man represents heaven and women the earth. The Holy Spirit came down on earth. Why? The spiritual world came down to earth and it is here where they could be united. Then spiritually the spirit world come down and Christians could experience rebirth, but not physically, only spiritually.

Look at America, each state is like an independent country. Inheritance tax gets up to about 80%, this is a kind of totalitarian (socialistic) system. So these days people have a tendency not to make too much money. Communist had their guns and swords to take money away from people. However, the more valuable way to make money is the voluntary way, for people to give it back to God voluntarily. We don't need property, but only need true love. The true love concept can make everything right. Is this good or not? I want to go to the spiritual world quickly. Our original fatherland is the spiritual world. Things can happen immediately there. Adam cannot come to this world, but you can go there immediately. You don't need cars or airplanes. The fastest speed is true love speed. This is the short cut way. Don't worry about dying. Forget about eating and about sleeping, only think about true love, how wonderful it is. Who wants to master Korean?

If you don't speak Korean, your descendants cannot marry Father's descendants. To have your children marry into Father's family would be the greatest blessing. Father's descendants will look for their spouses on the worldwide scale. Let's say we have many families living together, but if we have different languages it will make a very difficult situation. As a prerequisite to receiving the blessing, you are to turn over all your possessions to God. Then only serving True Parents first, you can receive things from God. Then after receiving your spouse you can lead your family life. Then you can take back all the things: possessions, heart, kingships and heart realms. Suppose Rev. Moon disclosed this truth 40 years ago Satan would have accused him of wanting to take over the entire world in one strike. Everything belonging to this world possessions, love, art, etc. must be given to God and then redistributed to be given

back to you. This should have taken place before your blessing. First give them to God and then receive them back again. Whoever will do this first, will be the ancestors in the spiritual world. If the five billion people on earth understand this, they will be lining up behind Father to do this. We would have to dig a tunnel between Japan and Korea if all the Japanese people understood this and wanted to give their things to Father. Do you want to be the first, or just wait and see? Be careful, which side you belong.

If we conclude, in the course of indemnity first we restore the realm of elder sonship. Second, the realm of true parent ship. Third, the realm of kingship. And fourth, the realm of royal family rights. Why a royal family? The Kingdom of Heaven is not a place where you can go alone. Only when you experience all this restoration are you qualified for Kingdom of Heaven.

These four categories equal this Four Position Foundation. We can build Kingdom of Heaven on earth and automatically expand this to heaven. This Four Position Foundation is the model and the four categories will automatically follow. Only this textbook is the model. You should educate blessed children centering on this model. After this we don't need colleges or theologies. This contemporary society is centered on urban life, but soon life will be centered in the rural areas. People should be one in heart, but spread over the entire countryside. Education would not be a problem. Modern technology, such as electronic and video medium, can provide all kinds of things. You won't need college, because video tapes the lectures of the most famous professors can be distributed easily. The only problem which modern technology cannot solve is the language problem.

People will be going back to the countryside. This is why Father bought several hundred acres in Texas. He wants to set up this education system. But restoration itself will take several centuries. Texas is where you have a horizontal land line, not the sea line, but a land line. The land there has no real owner. If Unification Church members come to work there, they may say how wonderful this system is. All Unification Church members can come and see this model system.

Father owns the National Press Trust building in Washington DC and much of the CNN broadcast comes from there. Also cable TV productions and video reproduction facilities are available there. In addition, we have a company that can produce 100,000 videos a day. If you understand, put this model on your forehead and remember it. Please learn this diagram by heart and remember the perfect angle where God can be found. We must have this absolute key. This is the true love key! Is the owner of true love key one or two people? For you, it should be only one person, a couple. Your ideal spouse should be only one. No matter how many beautiful women may be around Father, he cannot be seduced. If you are a Jewish man and are making love with your wife, and Father says stop, then you have to stop everything, going down to zero.

Suppose there are the 200 of the most beautiful women in the world, stimulating you. You should be able to go to sleep in this environment. One qualification for Lord of the Second Advent is that kind of training. So many women wanted to be candidate for True Mother. Father had to clear the path. Those who want to understand God's heart raise your hands. Satan is God's love enemy. But God never chased him out of the universe. Satan gives all kinds of critical reports; God listens and always gives the proper response. Question yourself, if you have to give up your wife and children to your enemy, can you still love your enemy? You have to have an original face in front of your enemy. Ask yourself if you can do this. If not, then repent again and again.

Do you know what kind of pain and suffering you would experience if you followed Heavenly Father. You cannot find that kind of pain even in the dungeon of hell. While God was directly watching, Satan killed the kings for three generations and raped the queens for three generations. God watched this and could not even punish, could not even damn Satan. That kind of God is our Heavenly Father. No matter how many times you may die, if you cannot reach that kind of realm of heart, you cannot even open your mouth in front of Heavenly Father. Truly knowing this, there is nothing you cannot endure. From your side, you complain, "I don't need fund raising or this tribal messiah campaign." Can you try to hide? No.

When you join the spiritual world, you have to serve that kind of God as your father. If you have been a deviant son, you won't be able to open his mouth. In this world we can repent many times, and be forgiven. In this world we should shed tears and be thankful, thinking, "Why has God taken this suffering position in the history of restoration, for me? But not only for me alone, but for all man and woman together."

[From Jin Man Kwak's notes.]

In this world, if you shed tears, going through difficulties with gratitude and go this path with repentance, then you may be able to be forgiven. If you truly know this, you will burst into tears and become grateful to the bone and cry again and again in gratitude. How tearful God's heart is inside! But He cannot even shed one tear in front of Satan. Therefore, under any difficult circumstance you cannot utter complaint to Heavenly Father. And you should be able to embrace anything that comes from Satan with gratitude. That kind of God is my Father! You must reach that kind of realm of heart. You must truly burst into tears and

make a redetermination by yourself. At any situation you should remember the heart of God and connect to it. If you truly know these contents, then you can persuade anyone you meet with this truth.

This is the highest knowledge or philosophy! After taking that kind of position, how difficult it is. You have to begin to experience this kind of heart of God. As UTS graduates, if Father gives you a direction, some people may say, "I don't need that kind of work." Will you do it or not? You cannot march on, taking the easy way. Please cry out that Absolutely believe in me and follow me. You have to have kind of thankful concept. Do you understand? How many hours did I speak? Eight hours. Father's record is 17 hours straight. This is a short speech. Yesterday he spoke 7 hours. Two days ago he spoke 6 hours in Korean only, spoke very fast and it would have taken 15 hours to translate it. Wherever you go and whoever you meet, if you explain this ideal it is the most powerful weapon. They will surrender. If Father doesn't have a meal here, will you be upset. Mother must have been waiting all day.
