

BENEDICTION & WORDS AT THE DECLARATION OF THE REALM OF COSMIC SABBATH FOR PARENTS
OF HEAVEN AND EARTH

UNIFICATION

BENEDICTION

Beloved Father! Today, 1997, July 7th, at 7 o'clock, 7 minutes and 7 seconds, centering on the 3.6 Million Couples Blessing, we have accomplished this year's motto, "Let Us be Proud of True Parents and Love True Parents by Accomplishing the 3.6 Million Couples Blessing."

How hard You have struggled and borne the heart of grief! As Your children, True Parents, we are here with Your other children not knowing Your heart in this historical age. In the meantime, you sent True Parents to the earth so we could build the foundation where mankind could speak out Your heart and be educated about Your internal situation. Through that foundation, we came to know the sad history that since Adam and Eve fell as teenagers and their family was broken down by Satan's scheme, humankind has been linked to fallen Adam's family and Satan's lineage instead of to God's lineage.

Therefore, until now, history has kept the lineage of the realm of the archangel and the lineage of Satan. When we think about founding the realm of religion in order to establish the history of the new archangel's position in the Kingdom of Heaven, we know that the providence of individual restoration is the history of regaining the elder sonship from the realm of the archangel.

THE AGE OF THE SECOND ADVENT

We thank you for this great time when we are facing the age of the Second Advent, the center of the worldwide salvation through the Old Testament, New Testament, and Completed Testaments.

Now we can fix the problems of family breakdown and corrupted juvenile ethics originally caused by Adam's fall.

In 1945, at the end of World War II, Christianity and the allied nations, which had the mission of a bride to welcome the Lord of the Second Advent, failed their responsibility as the bride. This loss of the world-level nations, the Abel nation and the Eve nation of Adam's family, which carried the victorious hegemony in the world-level providence, created greater pain and suffering than the loss of a family in the Garden of Eden.

If Christianity had received the Second Advent of Christ centering on the allied nations, we could have held a historic worldwide Mass Blessing Ceremony so that humankind could have been liberated through the Blessing by linking with the lineage of True Parents after uniting the grief of Jesus, (whose mind and body were separated by Satan) and could have prepared a united world

centered on Christian culture. At that time, by working with 800 million Christians, God's desire to establish the Kingdom of Heaven on earth would have been completed within seven years, by 1952.

Christian culture, however, rejected its responsibility as a bride to receive the Lord of the Second Advent. As Adam's family turned over the fallen world to Satan during the fruitful growth period, Christianity and the Eve nation in the role of the bride failed their responsibility and gave the victorious foundation at the worldwide level over to Satan all at once. As a result, fallen grief exists on the earth once again.

TRUE FATHER'S WILDERNESS PATH

We are reminded of the sad history in which True Father had to walk the path in the wilderness alone. The grief that Adam's family left in heaven and on earth could not be compared to True Father's path. True Father's path was a time of deeper sadness than the course of Jesus, who could not unite people on the foundation of his family.

Yet, I realized that it was Your desire to end Satan's lineage by liberating humankind centered on the ideology of a world family which would indemnify all of history. Also, I realized Your will which was to look for a place of rest and freedom in heaven and on earth.

Father, You have been yearning for a millennial world during the seven millennia of history. I know how hard and significant that is! You tried to maintain the standard of Your wish by having Christianity observe the Sabbath on the seventh day.

Because all these tasks were not completed, I know that You have been sitting alone on Your throne in heaven and enduring the unbearable history of the realm of Satan like a prisoner. I found Your Fatherly heart that no one ever knew. You had to forget the situation that You could not forget, You had to re-create the condition into which You could not pour out Yourself, and You had to love those people whom You could not love. In spite of sadness and even death, I pioneered the path in which I could console Your heart, and I endured persecution to prevail and go over the peak of forty years with the determination to face any kind of deadly path, Father.

FORTY YEAR PATH OF RESTORATION

The fatherland, which should be the central nation of all nations centered on the unified world of North and South, and the world culture of East and West were lost. Even the clan which You prepared to complete the Blessing was lost, too. Unification Church members understand that I have had to walk the path of restoration for forty years. There has been fighting between the democratic world and the communist world because all the descendants of the clan which was to become the clan of heaven faced a divided situation.

I understand that these forty years represent the 4,000 years of providential history. Yet no one has known your painful sadness that for forty years True Parents have been persecuted by the sovereign nations of the Satanic world that once used to persecute Christianity and Christians, as well as other religions and their people. These forces opposed Your will to cover the world.

All alone, all alone, all by Yourself. According to the directions given by You, who pioneered the path, I have fought and conquered the peaks of persecution for forty years. This has been the battleground to declare Your individual resting place as well as the resting place for a couple, a family, a tribe a nation the world, and the cosmos. This place has been the ideal free environment of creation that You can call Your domain of freedom. Now it is completed, Father. Now, centering on True Parents, we are making the amazing declaration of the realm of the cosmic Sabbath.

Your son, Sun Myung Moon, who has lost the dream of his youth, of his 20's and 30's, while inheriting and tolerating your big heart, Heavenly Father, has conquered the peaks of 40 years of agonizing history, while overcoming numerous failures that were filled with insults and bitterness.

As a result, the 3.6 million couples Blessing has been successfully completed. In place of Adam's family, these families on the world level can receive instantly the Blessing that Adam's family failed to get. The realm of the Sabbath, where billions of people enter the realm of liberation, can evolve to both the Kingdom of Heaven in heaven and on earth; I thank You for that.

The elder sonship had to be restored first, then parenthood and kingship had to be restored. Father, I thank You for the completion of the 3.6 million couples Blessing that breaks beyond the limit of three stages.

The elder sonship on a family level can be sustained on earth. The right of a family on a national level and a cosmic level can be sustained on earth as well. Therefore, because this is the time for receiving the age of kingship centering on a family, from today the real liberation can be declared. This is the Sabbath for God, who has not been able to rest in a family. Again, I sincerely thank You for that.

Today, it is 1997, July 7th, at 7 o'clock, 7 minutes, and 7 seconds. Also, Your son, Sun Myung Moon, is at the age of 77. These eight occurrences of the number seven signify that the number seven can connect to the number eight, becoming the Sabbath and the day of a new start, transcending the numbers seven and eight. All this is connected with the number seven. Now all Unification members, centering on a family which inherits the tradition, heart, and authority of heaven, can attend God. Now God can rest in a nation, in the world, and in the cosmos. We are facing the victorious time when the kingship of the Kingdom of Heaven on earth and in heaven are established at the same time. The foundation of the Sabbath where God and True Parents can travel freely expands from the family level to the cosmic level.

For this great work to be done, Mother, who can represent Eve's nation, had to come to the United States of America, which is the Archangel's nation, and to the United Nations to promote the fortune of unification, so that she can spread this fortune over the divided Korea, where the base camp for the liberation of the family can be founded to represent the liberation of people. Thanks to your guidance and protection, True Mother could make three speaking tours during which she poured out the words of True Parents. True Mother has opened up the Blessing for high ranking officials by giving speeches in 16 places. Transcending the number 16, the Blessing that occurred vertically has become holier than ever.

True Mother has been welcomed in all her speaking tours by guests who represent women of all nations centering on women of the North and South. Today is a day of declaration based on these speeches. Tomorrow we will have another Blessing to declare the victorious realm of heaven in front of high-ranking Korean officials who represent the essential central figures and representatives of sovereign nations of the world. It means that we are entering the age of kingship on a family level. We attribute this Blessing, which the Unification Church received as the number one family Blessing team, to Your hard working path. If it was not for You, Korea would have no place to exist. But as you and True Mother are working together, we are having this great opportunity, and I am very grateful, Father.

A thousand thanks to You, Father, for having been able to complete both the foundation of the victorious 40 years and the Declaration of the Realm of Cosmic Sabbath for Parents of Heaven and Earth at the same time.

As the Foundation of the Sabbath of the age of kingship on a family level, national level, worldwide level, and cosmic level are established on earth, Your will is facing the time when this country is called as the center of God's providence of salvation, liberating the world, and bringing the world of love. Please gladly remember this.

Now I am offering the path that Your son has walked on with tears and then declaring this to be an anniversary date. Please allow me to do so. From this moment on, I am declaring the age of liberation As You have wished to act on the whole body in its totality, with all authority and everything, please fulfill Your wishes. Please claim the realm of liberation of mankind. I sincerely wish and ask for Your Blessing to move on to the liberating Kingdom of Heaven.

Now, it is the day and the time to stop the tears of sadness and to remove all the tears which were shed and all the tear stains from True Parents' family. I sincerely hope that You will receive this declaration of liberation in the name of True Parents. May You realize Your wish to have the prestige of traveling freely among Your beloved children, countries, world, and the cosmos. May the families of True Parents who work for Your liberation be able to travel around the world freely and come back home without any trouble.

So please accept this time of the Declaration of the Realm of the Cosmic Sabbath for the Parents of Heaven and Earth! Please declare it over heaven and earth! Raise high and wave the victorious flag of world unification in heaven and earth! I declare this day in True Parents' name! Amen! Amen! Amen!

TRUE FATHER'S WORDS

Let me take a look at your faces. Did anyone good looking come? Raise your hands if you were blessed by me. It looks like everyone. Put your hands down. What is this thing called the blessing? What happens to you if you are blessed?

Originally the blessing is that the father bequeaths everything, of his own loving couple, his own loving sons and daughters, the family, the nation and the world to his sons and daughters.

If there had been sons and daughters of Adam and Eve who had not fallen, then being blessed would have been God and Adam and Eve having been the vertical and horizontal parents, and then they would have just inherited the right to possess everything of the cosmos. You must understand that. Families who are blessed in the world must not think with a secular concept that it is just bringing a man and a woman together and getting married. (If you touch me like that, it makes me forget what I'm going to say.)

You must know how awesome/frightening the blessing is, this blessing. From before the creation of the world, from before God created, the center of creation was the concept of the perfection of the True Parents, that is the thought of True Parents.

In order to make the True Parents, heaven and earth and all the things of creation as well.... and the mineral world as well, all are in pairs. If it is a molecule, molecules, too, consist of subject partners and object partners, the plant world, too, has subject partners and object partners, and next in the animal world as well there are male and female animals, and in the human world there are men and women; everything consists of pairs.

The reason everything consists of pairs is that everything must become one centered on true love. Becoming one can not be done by one alone. In order for something to become one, it must be level, horizontal. In the end through love a man and a woman.... isn't that what a man and a woman do? When one enters puberty a young man meets a young woman, and a young woman meets a young man horizontally.

Where they meet is when they have come to the exact center; if the young man goes ten steps, the young woman goes ten steps, too, God at the exact center.... that center is the vertical line of the tradition of love through which God is able to come down.

He comes down following that. They come here and meet.

When getting married, the Lord of love is not humankind. It is God. God who is called the root of love is at the center of that marriage. Adam is the internal nature., and Eve is the external form, and the invisible God goes into and dwells in Adam who is the internal nature. And the invisible God goes into Eve who is the external form, and therefore heaven and earth become one through this.

The wedding ceremony is the uniting of the heavenly parent and the earthly parents centered on love. There's a saying that on the first day the man and woman form a union by uniting, isn't there? At the place where they become one body, centered on God, God who is the inner internal nature and external form goes into Adam and Eve, centered on the outer internal nature and external form, and becomes one because of love. The internal nature and external form of the spirit world which can not be seen are the plus, and the internal nature and external form of the world which is seen, these are the minus. The large minus and the large plus become one for the first time.

They become one, but the place where they become one is not at the forehead. It's at the organ of love. Only if they become one that way is the baby who is born through the bodies of Adam and Eve, the son of God at the same time that he is the son of the True Parents.

We also did not know that the True Parents were two persons. We didn't know that parents are two persons. If the fall had not occurred, centered on the love of God, which is absolute love; centered on absolute, eternal love; and centered on unchanging, unique love, because Adam and Eve become one body through true love, they could have become the lords of unchanging love, and they would have become the lords of unique love and unchanging, eternal love. Through that this world would have been the Kingdom of Heaven on earth and in heaven eternally.

Through the parents having become one, this is expanded to a world where thousands of generations of descendants can become one. As for the word "parents; without a blood connection, one can not be connected to the word "parents." Do you understand? [Yes.]

An ancestor connected to the true lineage appears and the family of a true child appears through inheriting the entire lineage of the family connected through that ancestor.

The True Parents were the central model in the middle of God's .. They were the nucleus. When God was creating, even the mineral world was in pairs. The plant world is in pairs; the animal world is in pairs, too, and the world of humankind is in pairs, and the invisible God whom we can not see is in pairs, too. So in the Unification Church there is the term the "incorporeal world" for the world (where the) ideal (came) from before the creation of the world can not see. As for the internal nature and external form of God whom we can not see, the internal nature is like the mind, and the external form is like the body, but although within God himself whom we can not see, there are both internal nature and external form, he can not feel stimulation alone. Both men and women have love. All have love, and women have life, too. Isn't that right? Women have the blood lineage of the woman.

But however many women there are, even if there are 2.5 billion women, and if there is not one single man, what would happen? Could they feel, "Oh, my love!?" If we look at the melodies of songs these days, all of them are about "my loves" or about loving someone, all of them are like that, but can the 2.5 billion women of humanity say, "Oh, my love," about one man? That's a lie, a lie.

The word love, even if you open your eyes, what do you open them to see? You don't need your eyes. You don't need to smell, and you don't need your mouth. If God is mumbling all alone, how could the flavor of whispering come about? He thinks in his mind and says everything, but he can't feel it. The issue is that a companion is needed which can give rise to excitement and joy, is possible for the first time through the object partner being in front of the subject partner.

Even if God is the mighty Lord of heaven and earth, since Jesus doesn't have an object partner, he is frustrated. With what shall he look? Would God have eyes or not? No? Would God have had eyes before the creation of the world or not? [He would have.] Did you see that? [laughter] A person who says he didn't have eyes, isn't he crazy? He had eyes; he had ears; he had a nose; he had if there is wind, the high-lows of the water come about, and through that there is stimulation and relative JOY. Everything is made like that. Everything that is stimulating, the creation of heaven and earth for the sake of feeling hands, and he had all of the five organs of sense. But however great He was, and even though he was the God who created heaven and earth, if He just laughs "Ha, ha, ha,"

all alone, He is crazy. If without a companion I said, "Oh my beloved," and laughed, "Ho, ho," and danced around, I'd be crazy. It's the same for God. Do you understand?

What does God need? God needs a companion, too. The established churches today don't know this. They say, "God is the absolute, holy creator. People are secular beings." There is no concept of love and no concept of the ideal in that. And then they talk loudly saying the world is such and such, but that will all be ruined and disappear. Only by knowing all that clearly are you God's sons and daughters. Because God knows everything, no matter how much they talk or dance on that footing which has fallen behind, because they could not become his companions, everything will be ruined.

What is the difference between Christian and secular society? Can you find true love there? Far from it. Well, then, if God is alone, would He be lonely, or not? [He would be lonely.] Just as God sought for a companion he could love, isn't this how he would choose a son?

This time for my second to the last son, although there were so many girls, I was considering which girl to choose as a daughter-in-law; then would that be something I did playfully or seriously? It's serious whether she respects her family and whether the family is an exemplary family of the Unification Church. This can not be done playfully. No matter how many loving companions there might be, he can not love them.

Are there two companions or is there one? [There is one.] Who taught you that? Why is there one? [That's because God is one.] Because God is one person. God does not have two eyes; and he does not have two noses. What these five organs of sense follow as much as God is the direction of love. Because they were born for love, the five organs of sense must be concentrated on the direction which can unite with the purpose of love. It will not do for the five organs of sense to divide in to five.

Because of that, when a young woman or a young man reach the age of puberty.... even if the young woman is the most beautiful under heaven, would she say, "Oh, I don't need a young man. Amen." How about it? Wouldn't she say, "I need a young man. Amen,"? Is that an Amen? [Yes.] You know it after all.

The conclusion is that this animal called a woman must go and die in the embrace of a man; she must live for a man, and she must die because of a man. And this monster called a man, no matter how handsome he may be, he must go and die in the embrace of a woman, and must live in the embrace of a woman. Why is this gentleman looking at me strangely? He must be one of the people on the advisory board {of the Segye Times newspaper.} [No, I'm not.] Since you're not used to my words, and I'm saying things like this it sounds like sounds coming from the first cousins, second cousins and fourth cousins from Satan's realm.

Do you understand the content of what I'm saying? People who think that "God doesn't need a companion," raise your hands. Those are crazy people and dolls. Speaking even in this kind of vulgar slang will make people wonder how there could be this kind of minister. There can't, so what does it matter how much I say? There can't, so I can't be accused. (laughter)

Well, people who say that God needs an object partner, raise your hands. Because you're not God, you don't know, do you? If we ask people, even if we ask a hundred persons, because all one hundred of them say that he needs a companion, if we ask God, "God, do you need a companion, too?" and He answers, "No, I don't," then if we say, "When I asked one hundred of your sons and daughters, all of them said it was good, but while using the name of Father, why do you say it's bad?" God will give up and say, "Did they say that? Then I think so, too." Do you understand what I'm saying? [Yes.] Did you get it? [Yes.] If you get it, you may die. You must get it and get over it. {This was a play on the words "to understand" and "to be ill" which sound similar.}

Well, then the word "True Parents" existed from before the creation of the world. How many years do you think it took when God was creating? Well in the Bible it says, six days, but God doesn't use those kinds of goblin games, There are laws. There is a time for all the things of the world of creation to be able to grow, a time to sow seeds, a time for buds to sprout, a time to grow, a time to blossom into flower, a time to bear fruit, and a time to harvest the fruit. So after going through one cycle, one goes back to the original homeland. The fruit bears seeds and after going through one season, one must return. Without returning, the fruit does not come.

Well, when looked at like that, the name of True Parents has appeared for the first time in the world of creation, in the universe. [Amen.] You say "Amen" very well. If you would like to say "Amen", you should have the kind of qualification to say, "That's right. I will become the substantiation of that," but who has become like that? You're saying "Amen" out of habit. If one speaks as a chestnut, one should say, "Amen" as a fully ripened chestnut, but if you say, "Amen," without even being like ripe chestnuts and have rotten centers, the "Amen" becomes "Nomen," and everything goes into the pillar of fire. Do you know that?

May the name of True Parents be praised. [Amen.] Did you understand again? We must not praise the Lord, the Lord of the Second Advent, we must praise the True Parents. And we don't praise Jesus, either, do you understand? [Yes.] As for the True Parents their church is one with a goal to save the families, but the established church people are all the sons and daughters of the archangel who have the goal of individual salvation. The position as sons and daughters of the archangel will be destroyed. It must go beyond that to the providence of salvation of the family. The age of world Christianity is a realm of angelic religions. They couldn't marry. Jesus was not able to marry, either. He can only do the mission of the archangel. He can not carry out the mission of the son. Do you understand? If he comes on the clouds, will he be able to carry out the role of the son or not?

He will come on the clouds? If Adam and Eve were lost on the earth, then they must be found on the earth; they were lost and are being sought, then can that be done on a cloud? Break through that false illusion, and go forward. The old and the new churches are in ruins World Christianity, and all the Protestants together could not throw out this one founder of the Unification Church. They did all sorts of things, but did they lose to me or win over me? Why did they lose? All the families were taken away.

The mother and father of the Pope, the mother and father of the Presidents of the Synods, all of them.... they are in a situation such that they can't help having to be cast out even if they deny it

saying that they don't have a mother or father. Until now the religions have carried out the providence of individual salvation they did not include the salvation of the family. Individual salvation is the realm of the Archangel but the archangel did not have a relative ideology, and did not have property rights. Because of that, today on the earth all the families, or systems, or nations, or the property rights must go forward to the age of the property rights of the world.

According to the determination of the U.N., the affairs of a nation can be decided as they wish. A nation can be destroyed. If they say, "This nation and that nation, unite," then they have to do that. National property rights, human rights, other rights, even if all are denied, that can be affirmed..... It can not be communicated through conversation. From that kind of meaning, communism is like that. The laborers and the farmers are at the tail end. In the center of God's Will, the smart people got ahead in life. Then next, using power, in this age of imperialism, the people got ahead through power more than by being smart, and we came into the age of unreasonableness.

What this is, is an age of self confidence, audacity. Without anything else, with just self confidence, if people wrestle, or whatever they do, the people who are strong use their fists. If we go down from there, there is the age of laborers and farmers. We come down to the feet. Whether a brain, or strength or self confidence, none of them are needed. All of the head which are exploiting the laborers and the farmers are told to get out. What this is is that the upper part is heaven, but the lower part is cast out by Satan, and because there is no foundation to live on, until now through all nations Satan has been attended, but since everything will be taken away by God, since his foundation was taken away, in order to make it so that God has no foundation on which he can land, Satan is insisting on atheism which says there is no God. Those jerks. Who beat them? The True Parents came and beat them all. What is atheism? What is imperialism? What is the world ideology? There can not be a world ideology which denies heaven. There can be no utopia.

So the Unification Church swept them all away, and what ideology is it advocating? Did it advocate the ideology of Marx? Did it insist on the ideology of Reverend Moon? What ideology is that? It's the ideology of Reverend Moon. Is it the ideology of God? [God.] That is Reverend Moon's wisdom. An ideology which advocates people finishes in the first generation.

One generation, it can't go for three generations. It is not eternal. Therefore, the Unification Church is not right-wing or left-wing, it advocates God's ideology centered on head-wing thought. Isn't that Reverend Moon's ideology? Even if it's love ideology, it's Reverend Moon's ideology. I mean that at the same time that it is God's ideology, the ideology of God's love is head-wing thought.

The head, head-wing, all of these are areas which manage love. If we look at heads, one, two, three, four, five, six, seven, all of their going back and forth, is going back and forth to earn money. Did they go back and forth looking for the way of love? Which one? Have you thought about it? It's not for money. They go back and forth for their children. Money changes, and knowledge changes. Because of power, all of them, the presidents try to take it and die. They go into an age where the family can be destroyed. God does not allow that.

From the time of Park Chung Hee, the person most indebted to me is Park Chung Hee. That party opposed me, and threw Reverend Moon out. The New Village Movement was ordered by Reverend

Moon. He changed the movement of the Unification Church entirely into his New Village Movement, and if he revealed the name of Reverend Moon since it would all be taken away, he just put it aside. What happened to that couple?

Chun Doo Hwan was someone I had selected as president. He's up in the mountains.... Go and ask. These days if he hears those things, he'll be surprised. In this way, I even made him president, but when he took over the administration, the Christians in the party were opposed, and he didn't even know the name of Reverend Moon. They betrayed me, and when they sought to organize centered on the anti-communism federation, they found out that our International Federation for Victory over Communism was ahead. At that time if the Federation for Victory over Communism had been put in the forefront, unification would have come to the earth. Since his head was a stonehead, Chun Doo Hwan was a real stonehead, he ordered that the Federation for Victory over Communism be disbanded. So, "Go ahead and try to disband it, you jerk. I'll reveal all my secrets." I still have all the documents showing that. Go to that party and talk to them, say Reverend Moon says this. Those dirty remnants will still be in the Party. I'm saying this to make them feel bad.

I'm saying this to make the Park Chung Hee people feel bad. And what about after the New Village Movement? I'm the person who advocated the New Village Movement, the New Spirit Movement, and even the New Person Movement. I had organized the youth of the nation and laid a foundation, and educated them, and did many various things, but that doesn't go for ten thousand years. Reverend Moon who was thrown out is still alive, but the people who threw him out have all gone to the mountain graveyards. Look at it. Chun Doo Hwan's going to prison is not Kim Young Sam's will, it's heaven's punishment.

And next there's Roh Tae Woo, that jerk named Roh Tae Woo. Saying he wanted to be president, he came to my house three times. But I told him not to do it. There are no secrets in this world. I even have a written statement. If I revealed that, the world would be thrown up in arms. "No matter what it is, I will do what you say." Having written that, he did what he pleased. He didn't have a single person from the Unification Church at the inauguration. (He bought persimmons and came and bowed and said he would do it this way... Report it to him, go ahead and eat it up. Let's see, you guys, you Unification Church.)

If our Unification Church had penetrated down into the district and neighborhood levels, Kim Young Sam would not have become president. I insisted so much on penetrating down to the district and neighborhood levels, but the Unification Church members didn't know the time. If it were I, in that kind of position, I would have done everything and become a person who could save the nation, but all this just flowed by. Kim Young Sam became the president, and centered on Christianity, the president did many strange things. I have so many different kinds of negative information. I have all the reports of the media organizations. I know all the secrets of how he got everything.

In that way, if a Christian elder becomes the president, they said that for sure the Unification Church would disappear, but is the Unification Church that easy to deal with? Throughout the world, centered on mother, from the government of the United States, from the Hall of the General Assembly of the United Nations, from the Kremlin, from the Great Hall of the People, at the

congresses of eight nations of the world, mother spoke, and they are surrounding us. Japan itself is opening all its doors. The Japanese Diet. the Korean Assembly, all are seeking to open their doors. Facing such an amazing flight, without their knowing it, all of the complaints of the assemblies were thrown aside. That is to say, heaven set up all the central framework, and all the ideological systems that could be established. Yeah, go ahead and try to oppose us; let's see who breaks. Do you understand? [Yes.]

Where is the place where True Parents will stay and live? Where is the place where True Parents can live? It is the center of the universe. So at the same time that it is the center of the universe, it is the place of the king of the sovereignty where god can settle down. Do you understand? The place of the king of heaven, and the place of the king of the earth, how can they be connected centered on the qualification of the two parents? It's not by money. People who like money, raise your hands. Those who have come to the Unification Church and raise your hands, cut those hands off with a sword. If I liked money, I would have become one of the rich people of Korea. If I liked knowledge, I would have become the president of Seoul National University first. I'm a person who has the presidents of universities as my disciples. Isn't that true? I also make more money than anyone else. And I am a person who can move a lot of money around, and I am a person who thinks of people with many skills as my disciples and kick them, and send people who have been kings on errands.

And next kings, if you look at just South America, there is no president who does not know me. If I ask them to come, they come. All of the Cain type kings are a problem. If three former ministers decide to do something, and if they tell current ministers to come or go, they go. I'm a person who has laid that kind of foundation.

So what? I'm a person with power who doesn't need knowledge, who doesn't need money, and next who doesn't need authority. What kind of power? [The power of love.] What kind of love? There's puppy love, and all sorts of love. People who know God's love and true love, raise both hands. What's true love? Try to answer. [It's giving and forgetting you gave.] How can giving and forgetting you gave be true love? If you give and forget it, there is no companion. Without a companion, how can there be true love?

To be true love, it must have the power of love which can exceed the love of the satanic world. As for Satan's world, if we look at the course of history, it develops from the formation and the Old Testament Age, the New Testament Age, to the Completed Testament Age.

The love of the Satanic world became one with a woman and killed her husband, the first Adam. Is that right or not? (It's right.) In order to resolve Eve's grief of having lost Adam in her family, the grief of women, and the grief of mothers, Jesus, who was the second Adam, comes as the bridegroom.

The nation of Israel, the family which had been lost entirely, could not help but be sought on the national level. It can't be found on the family level. The nations, because many families are in them, on the family level foundation, if many nations are made into one, the ideologies which Satan has won will all disappear. It was in order to restore in the nation the things which could not be done in

the family. The second Adam came with the Will to make them like one household centered on those sons and the nation's entire Cain realm of the fallen blood lineage, by becoming the king of the nation, by becoming the queen of the nation, by becoming the royalty of the nation. With the name of True Parents, I have been completing the national level domain for the restoration of the Kingdom of Heaven on earth. Do you understand? [Yes.]

The True Parents are family level True Parents. If one becomes family level True Parents, and connects to children's level true families, then it becomes a family where God can dwell. He can dwell in individual families, of course, but he can also dwell in national families, too. Because Jesus could not become the True Parent and could not have true sons and daughters united in the form of a nation, he lost everything by dying on the cross.

He established only the promise of coming again to realize it. He said, "I will come on the clouds. I will hold the banquet of the lamb," but do you know what the banquet of the lamb is? It is prophesying the marriage ceremony of the True Parents. None of the Christians know these kinds of things, and they are foolish, and they think everything will be as they wish. They're crazy. The ignorant people will become servants or be ruined. As for the Unification Church, because they are members of the smart Unification Church, they can become kings or lords. It can't be helped. It can't be helped even if you're sad. Wait and see. Does it seem as though all the families of Christianity will be taken away by Reverend Moon or won't be taken away? [They'll be taken away.] I'll put all the elders and deacons in the back, and they'll go to a place where the minister can't see and be blessed, and then if the whole group goes and says, "We have all been blessed; Reverend, give us a blessing which can be a greater blessing," then would he run away or not? Oh, they're false.

These days in America, thousands of ministers are getting blessed. Because of that, all the stubborn groups which have opposed me until now, all the people who have opposed me, all the people who have prayed for Reverend Moon to die. all of their eyes are popping open..... All their sons have been blessed in the Unification Church, but how can they stand that? They say, "Our God is different, and Reverend Moon's God is different." They didn't know that Reverend Moon's God is seeking to find the family. Don't even try to talk about dream-like stories of saving jerks like that and bringing them into heaven and setting up the family of the Kingdom of Heaven. Since they're like this, won't they be ruined? If they're like that and are not ruined, it's false.

Were you right or not to believe in Unification Church? [We were right.] Were you right to believe? [Yes.] Reverend Moon is reviled, so did you think you would be reviled more than Reverend Moon or did you think you would not be reviled? [laughter] If the mother and father are being reviled, and the sons and daughters are not reviled, then they are not filial children; they are a group of robbers. You must understand the holiness of True Parents. They existed even before the creation of the world. The realm of the ideal of True Parents must be realized by connecting all the things of creation which were made with the substantial realm of True Parents, by absorbing all of them, by sacrificing all of the things of creation. The things of creation are for the sake of this.

Do all of you know that every day you are killing the things of creation? You are thieves who can not be forgiven. You catch and eat everything. You like vegetables, don't you? Do you take them and eat them or not? You are thieves who are taking and eating the vegetables, the plants. You eat the plants, and then you eat everything, the animals, the insects, everything, don't you? If that's not being a thief, what is it? They're not your own things, but you run around saying you'll eat them as though they were yours. Those are God's things; are they yours? You even eat cows, and any kind of animals: you even eat tigers, and even eat bears. Is there anything you can't eat? The thieving Koreans put snakes in the freezer and then boil and eat the snakes, and there's a rumor that they even eat dogs.

People have said, "Those Koreans who eat well the things that can't be eaten are the worst," but the people who respect more than life the things that God has made and who eat them well are the Koreans. And one thing was left out there. One must say to God, "Thank you for having given us everything to make us healthy." We are made so that we can eat everything. A special privilege was given to humans to be able to eat everything. There's a special privilege, but the privilege does not extend to eating people. These days Satan has come and is having people catch people. All of the disorderly things like this must be brought into order.

Today if I just talk about the introduction, and have lunch without even getting into the main body, it's a little difficult, so, the name of True Parents existed from before the creation of the world, but how long has it been since the world was created using that concept? Humankind were born more than 25 million years ago. The Bible says 6,000 years? Their minds may be spinning, but they're really spinning. It's been tens of millions of years. No one has known the tragic situation of God having lost Adam and Eve, and not being able to make them again, and not being able to restore them for tens of millions of years.

We don't know the lonely and angry historical truth of that long history. God was treated contemptuously by the individuals, treated contemptuously by the families, treated contemptuously by the tribes, treated contemptuously by the peoples, and treated contemptuously by the nations and the world of the satanic world, and then later they said, "God is dead. There is no God." Where could there be people more evil, more lacking filial piety than that? There is not one person who knows the situation of God who is being treated so contemptuously. The ministers of the established churches, the Vatican....

(Don't sit down; just stand. Later it will be very crowded, why would people like such jerks sit down. There's nothing that can be done for those who come later. (laughter) Why are you laughing? What I'm saying is right. Do you understand?)

The name of True Parents, we have not known how deep were the valleys of tears where God toiled since the fall for tens of millions of years or that if a tower were built of his grief of lamentations, it would be so high that no one could go over it. The problem is who will go over the deep valleys and the peaks of deep grief. Do you understand? Therefore God is standing in that kind of lamentable position. Hasn't it been God who has been looking for the form of a nation and a people in order to find a family which can leave that content on this earth?

Then which nation is able to stand as the representative nation which is able to represent all of that grief from that position? It is the nation of Israel. It is the nation of Israel which worships absolutely the one God, and then it is Korea. Korea. Do you understand? [Yes.]

You might say “What? Are you saying that Korea is the country which can be the most central mainstream in the midst of the situation of God? Reverend Moon, you’re wrong.” But on the contrary, listen to what I’m saying. Our people are such an outstanding people. Korea is the only nation in the world which has its ancestral records, it has the most detailed content. In other nations, the names of the women are recorded, but it is only Korea which keeps the ancestral records with just the men and without the women. That makes you women feel bad, doesn’t it? The women should feel bad about that. (laughter)

This means that among women, the women who have suffered are only the Korean women. When invaded at least 932 times, groups of robbers using all kinds of strength from all directions came and took things to eat and took the women, too. Then next they took the intelligent sons. That was in order to keep the lineage of the Kingdom of Heaven from being continued. God needs intelligent sons, intelligent women, and intelligent object partners. Do you know that? [Yes.]

If we look at Korea from that position, Korea has everything that the families of any nation in the world don’t have. Even if you look at the folk songs, they have universal content which goes beyond history. “Oh, moon, oh, moon, oh, bright, shining moon, oh moon under which Lee Tae-Baek has played, there, over there, in the moon a cinnamon tree was placed, cut it down with a gold ax, trim it with a jade ax, build a thatched house with three rooms, and while attending both parents, live for a thousand or ten thousand years, live for a thousand or ten thousand years.” Isn’t that beautiful? Who are your parents? There is no country which honors the parents one longs for in the midst of that kind of dream, and praises them through a folk song like this. Do you understand?

And then what’s that? The Blue Sky, “The blue sky, the Milky Way, in a small white boat, one cinnamon tree and one rabbit, without a sail and without an oar, are going, and going very well to the western country.” The age of satellites has come, and it tells us about all the universe going starting from the east and going to the west, the western nations. How beautiful! The satellites have gone up, and we have flown into a age of wandering throughout the world. Do you understand? Do you like that song? [Yes.]

And then if you look at it from the earth, there’s a filial son among filial sons. Who’s the most filial daughter of all? It’s Shim Chung. And there’s a wife who’s representative, who was that? It’s Choon Hyang. And there’s a loyal subject who was representative of loyal subjects, Lee Soon Shin. All of them demonstrate that.

Look at that. The word ‘SABBATH’ is very interesting. The chinese letter 安 means comfortableness and house. A woman is occupying the house. And the situation is comfortable. Korean people have not known that the king of a house was a woman, and it has caused families to collapse. The letter 安 in rest means woman is the king of a family. Nomen or Amen? [Amen]

Next, the second letter in rest is 息. The letter means a free mind. The rest place is where a queen serves her husband in order for him to rest all day with a free mind. Amen. Do you understand? Nan Young Moon! That ugly No Hi Park (her husband), he is very short and is getting bald these days. Well, No Hi Park! Would have you been happy or unhappy without Nan Young Moon? [Unhappy] Why? [I could not live without her] 'Just like Father says, I can serve my wife as a queen of the family, and I can rest with such a natural mind, and therefore I am happy.' You had better interpret your situation like that.

Do you understand? You have to completely fulfill the meaning of this adjective "rest". Then everything will be okay. Amen. It will be an eternal Amen, a unique Amen. An absolute Amen and an unchanging Amen and the kingdom of Heaven will spread. A three dimensional Amen. This Amen must be eternal. Whether it is morning or evening, fall or spring, ten years, a hundred years or a thousand years you must be able to say Amen. It is only then that this becomes unique, and it becomes absolute. Do you understand? Then the unchanging eternal ideal kingdom of Heaven on earth and in the spirit world will be realized.

The husband who serves his queen, enjoys freedom in his mind, and receives the queen's love is happy. In the middle of a dream, the feature of a queen will emerge like a flower or like a lighthouse in the garden of world unification. Mother has appeared as the queen of queens and a master of heaven and earth. In the family, a woman is like a queen. A queen of queen is one's own wife in that she controls all things happening in the family and she also takes care of the children. Next, what is man? Man goes out to the world, addresses complex things and stands on the top of victory, Amen.

When True Parents ideal realm of rest is completed, such a world will emerge. You may be happy, if you just think about it or just dr~ about it. So you should always be grateful and determine to give forever. Can you give forever? The true master of the heavenly kingdom is somebody who struggles to give himself forever living a life in tears if he is unable to do so. The true teacher is the person who cries for his students and cries because he did not teach them more. Do you understand that? In the family, centered on love, crying and crying for love is the true parents, Amen. Therefore, we should be proud of the 3 great subject love, Amen. What are the 3 great subjects of love? First is the True Parents, and second is the True Teacher, and third is the True Master. That is the 3 great subjects thought. That is going forever since it is centered on God.

Kim, Il Sung's subject though was centered on humans, and it comprises a consciousness of unity, independence, and creativity. It denies humans itself. People who believe it cannot help falling into hell. But the 3 great subjects thought by Rev. Moon is immortal, do you understand that? [Yes] Which subject thought are you going to follow? Rev. Moon's or Kim il sung's false one? The subject thought centered on humans cannot go beyond three generations at best.

However, The subject thought centered on God is amazing. It is immortal. To make one united world with that kind of pride is the mission of the unification church and a ideal era of the realm of Kingship. Is your heart beating for the hope. Let's march around the world with that hope. Even if we die on the road, we should go since we have the next generation. If first generation fails, then

there is second generation, and if the second generation also fails, then the third generation is waiting. We should determine ourselves to complete our mission of our 7th generation. With that kind of determination, our family can be the resting place for the individual, family, nation, world, and God.

Do I look like a con man? Look at me. My eyes are small, and my nose shows how strong my character is, and my lips are able to speak very well, and my big body has much power, so I am equipped for a violent act. I have many talents as a boss con man or mafia. Even though I have 100%, 120%, and over 200 % possibilities to be false parents, how can you believe me? (We can feel it though our heart) To complete 3.6 million couple Blessing, I ran and ran crazily all day and night. Finally, that craziness brought the result that no one believed could come true. Therefore, was it accomplished by God or Satan? (God).

This is a testing time. Whether the unification church is true or false is up to the victory of the 36 million couple Blessing. If it is accomplished, 3.6 billion can be completed in a short time. Such a hope is waiting just before us, so are you going to rest or just eat and sleep, or go to the beach? You should forget about it and run and run with the heart of offering your body. If you go over the top of the mountain, you will be led to the hospital in God's palace even though you are almost dead.

Which is it, Amen or Nomen? (Amen) Do know what today is? The day of the Declaration of the Realm of Cosmic Sabbath For Parents Of Heaven and Earth. The cosmic parents are the parents of heaven and earth.

Heaven which is symbolized by the father. The hands of the father is infinite. The Father is infinite and solemn. Women don't understand the father well, do they? The sons and daughters fear the father when he comes home. When he gives an order everybody listens. The Father should be respected by his children. So, if the mother and sons and daughters make a house in the heart of the father, a father should have room in there. Have you become that kind of father?

Now, let's move to the rest place. Only true love can pass freely. You should know that. Only what can pass freely? [true love] There are many toll gates on a highway. Just like that, there are lots of toll gates on the way to the heavenly kingdom, but the ticket of true love can pass freely. Do you need that ticket? [Yes] Are you going to buy, seize or borrow it? [buy] You should earn it. You should pay for it.

God is the master of individuals, the master of couples, the master of families, the master of countries, the master of the world, and the master of the universe. God wants to be the master of the person who occupies His heart. God wants a peaceful world centered on His object. According to the established faith, God is solemn, and humans are secular. But it is wrong. God's first purpose for creation is to have His real body or real form. God needs what? [body] Why does He need it? With that real body, He wants to go down to the earth, and become a real father of a family, a real father of country, and a real father of the world. The purpose of creation is for Him to have a body. To be a real father, God started the creation. What is the first purpose of creation? To have a real body. Do you understand that?

Next, I'll explain about the second purpose of creation. Since God is the male subject, He needed a female object body. Man should prepare to be a master in the future, and woman should prepare to be a mother and a queen of the family. In this context, all the mineral world, the plant world, and the animal world in the garden of Eden need a subject and object, so they exist in pairs. In the animal world, male and female love each other and bear their babies. They protect them from the world and feed them through their own breast. What a lovely scene this is! Therefore, when Adam, Eve, and even the Archangel saw a scene like that, they may surely live such a life. In the garden of Eden, everybody lives naked, right? There was no clothes factory, so they couldn't help living naked.

However, Adam is supposed to become a master of the external world in the future, so he went out all day for hunting and learning about the external world. If you were Eve, would you be okay when your only one brother does not play with you and goes out everyday? Do you think Eve cried all day or not? She cried all day. As the servant, the archangel has the mission to take care of the crying baby. His position was to serve and raise Adam and Eve, have them married, and wish them a blessing to go to the heavenly Kingdom and live forever happily. After that, the mature Adam and Eve were supposed to call the servant and say "let's live together in our home", then, create the spouse for the archangel. Do you understand that? If the archangel had waited for the moment, he could have got an eternal partner and lived well together with Adam's family. But before the time, some accident happened, and history of mankind went wrong.

When Eve was crying while Adam went out, what do you think the archangel did? He could have soothed the crying Eve, carrying her on his back, singing a lullaby. He should have taken her down on his lap in order to soothe her. But, he may have been carried her on his back, and sometimes on his belly when he was tired. While doing this the archangel's and the woman's genitals happened to get close sometimes. From that moment, the archangel thought about making love with Eve, bearing his own baby, and enjoying a happy life just like he saw in the animal world. While he was carrying Eve on the belly, the accident happened. Do you think it is possible or it is just a story made by Rev. Moon? This is a simple conclusion. There was a free environment in the Fall. In the environment, the archangel did not abide by the heavenly law, and made Eve also fall, so there was only one way left to restore them all, which was Adam. But Adam also was captured by false love and expelled into hell.

It was made impossible to restore. So weren't they expelled? Why were they expelled? You must understand why. In Korean ethics, if a daughter has children out of marriage, would you keep in her in the house or kick her out? [Kick her out] (You haven't been to America. If you were placed there you would have fallen. You wouldn't fall if you know all these things.)

So after Adam and Eve fell, did God kick them out or not? He expelled them, didn't he? The free ideal realm which can be united centering on the ideal of love in the realm of subject and object centering on the ideal of object was lost in heaven and earth. There can not be such a thing on the stage. None of these existing beings were welcomed so everything had to be cleared up. All were expelled...

Did Adam and Eve have children after they were expelled or did they have children in garden of Eden and then were expelled? Tell me. [They were expelled and then they had children] No, they had sons and daughters and then they were expelled. [No] Even if I threaten to kill you, you tell me the truth so I raise both hands up and taste the sorrow of the loser and retreat, do you understand? It is the same with God and Satan. You must understand that. It is possible since there is the law of heaven which can distinguish before, behind, left and right everything with the rational law.

Is there someone in the back falling asleep? I can see someone falling asleep, when I see it with my eyes. [There is no one falling asleep] It was so hot that he was fanning himself while falling asleep. [Laughter] But he wouldn't sweat as much as I do. Let us return to the main subject. Where did we lose True Love? Did we lose it in the world or from myself? [From myself] What? We didn't lose it from myself but we lost it from the world. [No] You peasants! We lost it from the world. In this case, you can say, 'You, peasant Rev. Moon! We lost it from ourselves,' you should say that. [Laughter] In this case speaking in such a manner will keep the rhythm. It is the same as conducting. If the indemnity is restored you can call me, 'You peasant Rev. Moon,' try it. [Laughter] If I teach you bad things then I will be called by a bad name.

When I see it from this view point, our Unification church members are gentle and when I teach them something they understand it well, they know too well about the contents of the Satanic world and I am grieving about how to melt it. How can I make you work? I have taught you a way to find an argument to be able to say, 'I am such a person, so why have you come to me Rev. Moon? I am like this' and be stately when I say something to you, you act like this with an answer prepared, therefore I think there is a basis on which a deep resentment can be left. Do you understand? If I do something wrong, should you advise me or not?

If I declare the sabbath of God today and connect a pipe from wine or beer factory, drinking from it 24 hours a day, pissing and if I say 'All Unification church leaders in the world, come, I am going to give directions,' will you come? Tell me clearly, will you come or not? [We will come] Even though there is no such content in the principle. You should not listen to Rev. Moon who behaves like that. [Father is not a person who would do that] It is a problem since a person who usually does not act like that behaves in such a way. If I was that kind of person I wouldn't say such a thing. Is there anything I am not able to do? I can do whatever I want to do, isn't that so? I have lots of money, power, and as an old man I am included in the handsome category. [Laughter]

See. I told you to sell your houses and you have made a success. Who is the richest man in Korea? [Jong Joo Yong] Forget Jong Joo Yong. Can he do what I am doing? He just manufactures cars and says 'Just let me borrow, please save me' clinging on to the sign board. He is behaving like that. I am not like him. He wants my help but he doesn't realize who I am. I scold him and he only says 'Is that so?' Who is the son of Jong Joo Yong? Jong Mong Joon, can Jong Mong Joon do so? Humanistically he is a person who can't do such a thing, that is how I see it. Say 'Go away' to him. If there are any spies from Jong Mong Joon's group here, tell him I talked about him this way. An author is someone who creates a masterpiece out of all authors, isn't that so?

Who is next? Samsung. (Samsung means three stars in Korean. Samsung is the name of a huge enterprise in Korea). They can not win against the Great Bear. Samsung is only a servant which follows the North Pole that goes around. Or else they must add a name the Great Bear. The Great Bear never changes. It goes into all of the universe and turns around the center, but can Samsung do that? Who is it, Lee Gun Hee of Samsung, can he do what I am doing? All he does is sell electronic products. He does not have any talent to restructure man. Isn't that so? Does he have a right to bless families? He doesn't. Only Rev. Moon can do that. If that person dies and is buried in a public cemetery, only the Korean conglomerates will come, but if Rev. Moon dies, conglomerates, politicians, educators, cultural people of the world, a few thousands of them will gather....People here today, if I die will you follow me to that public cemetery in line or not? [We will follow] No, I don't like that. Now get away from me here. Even if you don't follow me, people of the world are meant to follow. Even if you do not bring flowers, people of the outside world are meant to even climb over the North Pole covered in snow with flowers and come and meet me with flowers.

So what kind of person will be able to become the disciples of love and in who's house do you want to live in ? Is it the house of Rev. Moon, or Korean conglomerate Jong something's house or who's house? {Father's house} I am not satisfied with you people. You are a group of beggars. A beggar who sells his father's name and asks his father for money until the day he dies. There are people who are not able to obtain the qualifications as father and son and there are many who always ask for something. You second generation, I will get hold of you and put you on the test stage and will see how much you can endure...

Now God is liberated, True Parents are liberated, so what more is there that I should do? I am now a grandfather... The authority of grandfathers in Korea is symbolized by what kind of pipe? How do you call it in dialect of Kyong san do? A long pipe, and with the pipe when you hit the floor, the metal part of it makes a loud noise and it shakes the whole district. When the grandfather hits the floor with it to call the grandson, the grandson will come. It is a signal. That's what a grandfather does.

When you think of grandfather playing his role until you grow up, is Rev. Moon acting as a grandfather with a useless pipe which scares the grandson? Or acting as a father? I am gambling with a stick of truth in a position which the devil and God fought for thousands and millions of years. On the day you think positively about this and admit it, you must practice it exactly the same. Do you understand it or not? The reason is because it is the Divine Principle. Even God bows down before that principle. All the fallen children of the world should bow down before it for thousands and millions of years.

There is no doctrine in Unification church. It is HSA-UWC, an association. It is not a church. Since it is not a church, it is the Divine Principle. It is not a doctrine. Since it is a way of truth which all men must go, now it is the principle of FFWPU. We are talking about a truth which God can follow and so can we. You must understand when we draw a line with this truth, no one can erase it and when we draw a picture with it is an art which no one can erase, and has a content which can become champion of all art.

I became the chief of the world. Also I am the champion of the world of Karate. Then I am the chief of world of economics, and the champion of world of scholars and University Federation. I am the champion of everything. I have so many of these titles therefore I will give you one of them, so are you confident or not of keeping losing that qualification and authority? Are you confident Dr. Yoon? Don't say anything. How can a person be the president of the university when he does not know how to attend the President of foundation for HSA-UWC. Come to your senses. Kim Yong Hee, [Yes] you were kicked out. Next Kwak Chung Hwang [Yes] you would have been kicked out if it wasn't for me.

You must know who in the world is the master and which way to go. You must know clearly, do you understand? Chairman Kwak, [Yes] do you know that if you don't create a president who you can order about freely, the history of making a university of the Unification church will be at stake? That order wasn't from Chung Hwang Kwak. It was from me. Dr. Yoon, have you got it or haven't you? [I understand] In this case, answer casually. Don't say 'I understand' wanting to be recognized. You should answer "I got it!" and in that case it wouldn't ruin the rhythm.

If so, the only thing which can pass through anything anywhere is True Love. You can enter it, go down, go horizontal, and where ever you go all becomes one. So the reason God can not find a dwelling place in this world is because he has no house to rest in. God has no house of sabbath, do you understand? Since men fell everything is torn apart. Mind and body, husband and wife, mother and children, tribe, nation, world, heaven and earth, and God and Satan were torn apart. The question is how to unite this. Where should we start, from the original start, from myself.

Do you think your mind and body is united even if the conflict between the democratic world and communism, United States and Soviet Union has concluded and world peace has been accomplished? The divided husbands and wives, do you think that they will unite? Do you think the nation will unite? The realm of elder son, second son, Cain, Abel has nothing to do with curing the decayed root. You must understand there is no standard of peaceful unification going above the foundation of which our ancestors made a mistake in the garden of Eden, and the standard is from myself. The thing that corrects it is the principle of the Unification church. Do you understand?

Therefore we need True Love. What is True Love? What did I say True Love is? You should understand the amazing fact about God. You must forget things which you can never forget about, How can God forget the fact that when Adam and Eve fell, Satan has destroyed all the beloved sons and daughters, ruined the family and all the world. You must be able to forget what you can not forget, then you will be able to understand the heart of God and attend him.

That is why when the last days comes, that Satan has retreated. Just like forgetting the fact that Satan took away our husbands and wives, we are creating an environment to forget it in order to make it ordinary. How far does it go? What relationship? The relation of incest. Incest with relatives and close members of the family. Who is a close member of the family? Confusion starts from the closest point of love, such as father and son, husband and wife. Where? There is no place in this evil world of Satan where traces of love can be made. That is why God is leaving. A grandfather has a relationship with his granddaughter. A father has a relationship with his daughter even though

there is the mother. How on earth can that happen? A brother and sister have a relationship, they are even relationships between brothers. Therefore, the most precious things in the world which God treasures is the object of these incest relationship, and that is why Satan who is against God has taken them. Satan made the ideal absolute subject object relationship of close family members into incest relationships. Satan acted in this way to completely destroy a foot plate which God can stand on.

Therefore love does not leave traces. There is no one in the world who can bring love to God. None. All are broken apart. Do you understand? Why did God make such conditions? Because Adam fell when he was 16. Our time and environment is set up as it was for Adam when he was 16, the mind and body of 16 years of age. What if he waited just a little longer. If Adam had waited one and a half years, passed the age seventeen and turned eighteen, God could have blessed him. Satan knew that. So he made them fall before the time. So what happened due to the fall? People in the world marry between men and women. But you should not marry. Because the master of the world changed.

The fallen Eve who inherited Satan's false blood lineage ruined Adam. If Adam did not fall, it would not have been so difficult to restore Eve. Since Adam himself fell, there was no foundation to save humans. There was nothing God could do. Therefore God had to restore everything from the zero point while bearing deep grudges against Satan. That was the recreation.

Providential history for salvation is the history of restoration. Restorational history had to be made through the process of recreation. Without the recreation process, that perfection can never be achieved becomes the ultimate reality of mankind. How miserable the situation would be? God could not forget the children who turned against Him and became Satan's children. How difficult it must have been for Heavenly Father! God has given and given Himself for those who never deserved Him. What did He want by investing for us? He wanted to find love. Whoever understood the lonely position of God who can give so much love to the unlovables? Do you?

Your life lasts for one generation and in one world. It is like a speck of cloud. Where the entire heaven and earth fell down to the destruction of hell, where one cannot forget the unforgettable. . . God could have destroyed them all but He has invested all Himself throughout the entire history. And moreover, God had to love Adam and Eve even more than he ever did before the fall. How profound His love is! Do you understand?

Who ever understood God through the entire history? He is the loneliest Being who could not forget the unforgettable; who forgot everything He gave after He invested Himself for thousands of years; who has loved the unlovables who hurt Him so much. Who would understand such a heart of God? Since I knew the history and tradition, I had to forget the unforgettable things. How many enemies I have had!

God wants to save the offsprings of the enemy who deserve to be kicked down to eternal hell even by sacrificing the lives of His own children. You should understand that the historical path of True Parents has been loving the children of the enemy by sacrificing their own children. One has to love others more than one's own children. You must remember this. Do you understand? No ocean can

fill up the valley of tears caused by such path. Nothing can be higher and nothing can be deeper than God's mind with so much indescribable pain. You should never forget the history of Heavenly Father and True Parents.

From this point of view, the only path that is reliable is the path of True Love. Do you understand? (Yes) You must lead the pain where you ought to forget unforgettable, give to the unworthy, and love the unlovable. Even if you have to die once, twice or even three times and resurrect again, you still have to have the conviction to carry on. People in the Old Testament Age, the New Testament Age and the Completed Testament Age all failed. Forty years of my life in the wilderness has been a history of grief. All because the first generation of Adam failed. Who ever understood God's heart when he looked at His empty Garden after expelling His children and yearned to free the entire universe and wanting to face the moment of victory over evil.

There have been enormous heartbreaking, sad, painful, tearful and suffering stories behind this historical path. After enduring all the hardships of fifty years, True Parents have finally opened up the gate of liberation for all people as if Moses led the oppressed Israelites out of Egypt. We should forever give glory to God for we have met the day of proclamation of liberating heaven and earth that frees entire families in this world, the prisoners under Satan's dominion, and enables them to be part of the heavenly lineage of ideal.

This moment can be explained as the Universal Settlement of Heavenly Parents. What do I mean by settlement? Because of the fall, each particle of atoms grieves in lamentation. We were created by dynamic reactions between the plus and minus elements in the universe, which is called love. Since we lost true love, the world fell into darkness. Not only minerals but also plants. A stamen and a pistil, the core of reproduction system lost its originally God-planned meaning. Relationships between male and female animals in the animal world and between men and women in human society all sank down to hell. The whole world was under Satan. To cast out the darkness of evil, God sent the Messiah but people crucified him. After Adam eternally scared human history, God set up the foundation of chosen people over 4 thousand years in order to send the Messiah. But he was killed in vain.

God lost the victory in the national level and the Messiah had to leave the earth with a promise of returning again. God tried to find the one family He lost at the Garden of Eden and restore the direction of the entire world. God's plan was behind and He waited for the right moment passing the first War and the second in Korea regarding the world Christian cultural domain. England, U.S., France. England is an island representing the Eve nation, U.S.A. representing Abel, France as an enemy nation against England became under one in the name of U.N.

European Christian culture which is mainly spiritual does not hold a substantial ground. The East represents the substantiality which the West lacks. That is why they struggle with each other. Who attacked first? Satan did. It is like that. Satan always tries to dominate our conscience first. Satan always pulls down the conscience into the world of death. With the victory over the worldwide level of enemy in the World War II, the world had to receive the Second Coming as its master, the

unified world of ideal. England, U.S.A. and France were right at the center of the Christian culture which could unify the entire world into one.

Due to the benefit of time, Korea could cheer over its newly earned independence. However, I could not cheer even until now. Do you understand? To ease the broken heart unable to show the cheers, the unification church came to have such a tradition of cheering Manseis.

We should proudly show our excitement when the time comes, looking straight at the sunrise with the joyful heart of God, serve the king and queen of the creation, and love the water and all life forms as if they are all in the new air and new oceans ... That love. God never experienced such love. Do you understand?

God could not love the sun, the king of the entire ecosystem, the water, the air or the land. God could not love all things, minerals, plants and animals. God has to find a way to love them all. Therefore, persons in True Parents position should go to and love the ocean at the most humble fishing town, streams at the poorest villages. They should visit all sorts of mountains and oceans, rivers in order to make bridges of heart which God never experienced through those creatures. True Parents should feel the feelings of joy God must have felt when He first created even the offspring of the smallest fish in the world. To qualify as a master and to realize the internal relationship of love, the very reason of our survivals, I had to visit all corners of the earth and the ocean.

When we have the day of celebration, the age of the ocean is over. I have enough foundation to complete all the plans I have had in Uruguay, Paraguay, Brazil, and so forth. I have been busy for the last ten days for that. Mother begged me not to go and told me she would not go. Mother does not understand. Father does not do things just by listening to Mother. I sent three people to each country. That makes a special condition, making the four position foundations. I didn't die yet.

By tracing back to the tradition I made throughout my life-long activities, you should educate your children to make the true connection. The settlement does not only apply to the oceans. It relates to the settlement of the lands. From now, I will visit mountains known for their beauty. I will not simply make visits. I will also create a hunting place. I will not kill the wild animals, though. I will raise my own animals.

It will be a new leisure industry.

Even if you don't understand the reason, originally, you ought to raise your own animals for your meat. You eat animals, right? You eat all the plants? You take all the minerals? You are sinning before the nature. It is stealing. Stealing.

Originally nature is supposed to be part of the flesh and blood of God's begotten son. But they are taken by thieves. They become the flesh and blood of the thieves. In order to nullify the sin, we should create the leisure industry to actualize the original love at the utmost changing point of history, centered on the 3.6 billion blessing that we have prepared until now. Do you understand? Do you know what I mean? (Yes)

Whenever I go places, I never thought that I would want to own my own land. I thought of how to make the land belong to God and help resurrect all people by cultivating the land. When I saw the sights of remote villages, I thought of the way to make the places the number one sightseeing place so that people could come and praise the scenery.

Making money is not my concern. What matters is how to promote the thoughts of caring for the natural beauty on the original foundation of the ideal of creation. No national boundaries were my limits. Whenever I need. . .

I went to Europe without a visa. I am such a man.

You ought to understand that all things grieve in deep lamentation due to the fall. Do you understand? In chapter 8 Romans, it says that all things are in grievance. All things which were supposed to proudly show up its appearances in the sunny light cannot but grieve in this world of darkness, where there is no need of bright colors. So we have to change the current situation. We have to turn this world into a world of light and love, the sunlight of love, before God so that all things can glorify God as their sole source of life. We have to make that center.

Because all things were made by love, they will all be absorbed in and become one with the king of love and the master of love, Heavenly Parents. The law of the jungle should no more apply in this world. The lower level of love is to be absorbed in by the higher level of love. Where is the final destination? The final destination, the highest possible ideal is to experience God's love.

Men and women can produce God's sons and daughters through reproductive organs. All things should give their lives; the higher form of minerals to plants, plants to lower form of animals to higher form of animals and animals to humans. Humans should love all things and take them in their bodies.

Did you love all things? When you take all things which willingly sacrifice themselves to complete the original ideal bond of God's love, you should see them as offerings to God as if you were the master of love of subjectivity and freedom. If you have such attitudes, the lives of all things you take will never die.

You should be able to reach the point where you become a single cell of God's love and to truly be intoxicated by His love as God's original sons and daughters experiencing the truth with all your souls so that your very existence is the highest purpose of God's creation. Everything in you is mobilized at this one place.

Where is that one place? It is your sexual organ. It can kill life. But also it is true temple of love. Without it no one can experience love women, men? Can you or can't you? [No, we cannot] Can a man and a woman write without it? [No] Can you, you peasants? [No] Why your voices are so small? Yours should be thousand times bigger than mine. Can you or can't you? [No!] Even if the whole universe breaks into pieces, when you know its absolute value, even the dead will open their eyes wide and say 'Yes, that's true. Now we understand.' You have to understand that this truth can even make the dead respond. Now you answer me. Can you or can't you? [No!] Think that even

the dead would resurrect. Since such resurrection is possible things can find their own right courses.

As true love finds its place in the world of animals, plants and minerals, the Heavenly Fortune supports the Unification Church. No matter how many wish destruction of the Unification Church, there is no way it will perish. It is following the law of the universe. No matter who or how many wish for the disappearance of the Unification Church, it cannot, because the Church is connected to the very final end of God's love. It is the inevitable conclusion. Amen. [Amen]

Say 'there is only love'. [There is only love] I need love absolutely. Even if I have to die ten times over and over again, I have no attachment to anything but walking the path to be God's child. I am not ashamed to say this. Amen. [Amen]

Since we understand that where there is bones; flesh can be added, we have to remember that we should follow wherever there is true love. Amen. [Amen] Let me go back to my point now. . . . We have a simple conclusion. Your mind and body should be a comfortable dwelling place for God. You should unite your mind and body. That's it.

Where is the point of unity? It is where you make 100 percent of love to your spouse whom you have been longing to meet for thousands of years, the embodiment of loving God you have been dying to embrace for thousands of years. The first one is in the position of Satan and the second indicates that we should find the original path of love. Therefore, restoration is not possible in the love of elder sonship. It is only possible in the younger son ship of love....

Restoration providence does not work in the lineage of the first wives. It works in the lineage of concubines and illegitimate children. Why? They are two kinds of mothers and their children; fallen mother and her children and restored mother and her children. Two mothers cannot go into the kingdom of heaven together side by side.

Only one kind of mother and her children can go in. You just have to overturn the original order. An elder son becomes a younger son and the younger son becomes the elder. This explains the struggle between two sisters, Leah and Rachel in Jacob's family. Even if Leah was treated as if she were a slave in her sister's household, she had to unite with Rachel. She had to be her sister's slave if need be. This will create the model of Heaven. Here all of Leah's sons representing the whole humanity should have bowed down to Joseph and Benjamin as their slaves.

They could not go to the kingdom of Heaven, the original world, without the absolute faith, absolute love and absolute obedience to their two younger brothers. That was the commandment.

When God created the universe, He had absolute faith. God made the world as His object of absolute love on the foundation of His absolute faith. Therefore, He invested everything and then He obeyed absolutely. He gave everything he had. Your love partner also asks you to give everything of yourself to her/him. Isn't it true? When you have your first night in the honeymoon or when you are out on date, if your woman asks "How much do you love me?" She will be satisfied only when you say, 'I can die for you. I am not afraid of reaching the point zero just to follow you.'

Everything will be okay then. It applies to all forms of reciprocal relationships. One should never change in the loyalty of love even at the risk of one's life. Only then the separate two become one. Only then they can be sons and daughters of God.

When we look at the history, we should all repent our sins. Historically, who sinned first? Adam did or Eve did? (Eve) Eve did. Adam was like a licking wall. And he was supposed to win over Eve's temptation. Madam Eve, that's right. If you eat wrong, you shall die. If you cannot preserve your chastity, you will ruin yourself. The Korean language is so prophetic. Do you understand? (Yes) The walls are blocked. Adam turned upside down and made those personal, familial, tribal and national walls in his will. He can only go to Heaven by breaking up all of them.

Eve should absolutely obey him supporting Adam, up until the point of giving her own flesh and blood to be melted to water and help to build whatever Adam wants to build. Eve should walk the path of a woman who sacrifices everything for Adam in order to return to the original place. Otherwise, there is no other way for her. That is why women had to sacrifice themselves for thousands of years since the fall, to find the loving husband. Their men have been archangels, they are holding onto false husbands. . . They are the thieves of love. Their whole lives, they bit their loving wives, scaring them from head to toe, scaring

their hearts, scaring not only their faces but also their minds. Women had to lead such a tearful history. Women have been sacrificial offerings.

What is such women's wish? Finding the original husband with all their selves. You should understand that for the last thousands and millions of years, women walked the path of tears and death, they wished at the last moment of their lives at least their daughters or descendants would be able to find the original true husband. God heard their dying wishes. While listening to their heartbroken stories, God must have felt ever frustrated, sad and lonely. It was so much more harder on God than any of those women. Do you understand? [Yes]

Don't speak about your own family problems. You women and your husbands as well. No matter how difficult obstacles come in your way, nationally and worldwide, you should determine that you will overcome all even if you have to crawl over them. If you die while crawling over, God will send a successor who can overcome all the obstacles at once. Don't you understand such God's plan? Understand or not understand? [Understand]

As God loves Korea, .Arirang hill'.Arirang .Arirang Arariyo. We are walking over the .Arirang hill.' No matter how sad, difficult and hard the situations are you have to walk over them. It is quite principled. "A sounds like love in Korean, 'ri' sounds like village. It is the journey to find the village of your love. On the way to the village, there are many hills; there are 12 of them. When we carefully study our traditional folk songs and family traditions we can easily find that the heavenly ideals were all there such as loyalty to the nation and filial piety. The journey to find the village manifests our journeys to find true Adam and true Eve. The road separating the bride and groom are twelve. No matter how difficult, one should overcome those obstacles to complete the ideal of creation of God.

The first Adam failed and even the second Adam failed, as the Arirang song says that the third Adam will turn things around and arrive in the original hometown and we shall serve True Parents for the next thousands of years. So who is responsible for overcoming the hills of Arirang? Eve cannot. Do you understand? Eve knows nothing.

The true bridegroom will climb up all the hills and find the village of dreams. That is the meaning of twelve hills. So how do you pass through the twelve hills in your own life? The world blessing marriage. It overcomes the national differences. Do you understand? We should make the road of tradition where all families of different nationalities can go. We should build up the highway. So you must know that the Unification Church has overcome the twelve hills of the blessing.

Look. How many couples in the first blessing? Three couples, and next? thirty six couples, then next? seventy two couples, and then next? 124 couples and next? (30,000 couple?) horizontal foundation on the worldwide level on August 25, 1992 based on the 6500 couple blessing foundation which symbolized number ten, the number of completing one circle. 3.2 million couple blessing was the formation stage, 36 million couple blessing as the growth stage, and 3.6 billion couple blessing will be the completion stage.

When I announced about the thirty thousand couple blessing as the leader of the Unification Church, everyone thought of me crazy. I am a smart man. 'Crazy thirty thousand couples? 6000 couple? It took several years to bless the 6000 couples. How could they make thirty thousand couples in such a short period of time?' I am a frightening man. Did we do it or not? [We did it.] Worldwide, transcending races, nationalities and religions, I blessed thirty thousand couples. I blessed them beyond the differences of their beliefs. Do you remember you made big eyes when I told you about blessing Moslems, Buddhists, Hindus? [Yes] You tried to run from the responsibility but soon your eyes were wide open. I still could not forget your changed face.

Under God's protection it went well without any troubles. The 36 million couple blessing was a mere dream. Who sided with me then? No one trusted me. Did you Chung Hwan Kwak believe me? Not believing and believing a little is just the same. You could not trust me fully. What difference does it make when your score is 50 or 65 when you fail anyway. It is same as zero points. The only man who has the absolute faith is Reverend Moon. Reverend Moon is the only one with absolute love, absolute obedience.

Even if I am thrown into a prison, my mind does not change even for a minute. One should win over every minute, every day, every month, and every year. I have a mission of winning the victory of the world history.

Nothing can break me. Even if I have to be executed by hanging, my spirit should be able to move God's heart. I have believed that such a determination is the only way that God can send someone much better than me after I am gone.

With God's protection, for anyone who has faith as strong as Rev. Moon there are no impossibilities. As you know, the 36 million couple blessing was held without any problems. You have to say 'Amen' or clap your hands when I say such things. [Clapping] You have to say 'Amen'

first and then clap. You Unification Church members should be struck by lightning if you are embarrassed to clap for me. [Laughter] If you are young and naive you will clap hard but you are so old. You wonder 'why the Teacher is so excited?' and you clap like this. That should go. If that doesn't go away, I will kick it away with a bat. Let's do it again. [Amen] [Clapping]

You should not forget today. You blocked my way, you peasants! I should give you some disciplinary punishments to the back stage people. Do you hear me well in the back? [Yes] I thought you didn't listen . . . I think that you can understand my point by now.

Don't you see me as a poor man? I have no friends, no father, no brothers. I have been lonely, lonely, . . . Only God and me. That's why I never shared my situation fully with anyone in the Unification Church, no Chung Hwan Kwak, no Young Hwi Kim not even Mother. I am alone . . .

My wish is for everyone in the world find the nest of love centered on True Family ideal and the whole world finally find the true freedom I want to lead everyone in the world to realize the original ideal of God's creation intoxicated by true love. I never ever forget the path of restoration. So I stood over nights to find the right way. When others took their days off and visited resorts, I gave them all up although I knew I could enjoy myself more than anyone if I wanted to.

I did not celebrate Christmas nor the New Year's day. In order to build up the foundation that God can truly resolve His pain and walk towards the hopeful future, I abandoned such things. Is it a crime? If you are such parents all your children will return to the Unification Church before the last day.

What do you think? Am I great or worthless? [Great] I am the number one worthless among the worthless. [No] I lost my country, my kingdom and the whole universe. I am just a vagrant. All my life, I have been trying to pioneer the way of filial sons, loyal servants, saints and holy men with the heart of repentance as I lost the kingdom of the original ideal of God and lost the foundation to serve God.

Who can sympathize a grieving son who is so far way. God cannot sympathize. Instead, he had to whip His grieving son. I understood God's situation.

Look. After you receive your blessing, you cannot overcome such situations. You have no idea how much I could grieve about. Even this morning I fell to the ground while praying. I am a very lonely man. If anyone says one word touching my heart, I would cry my heart out. I have lived a life of a man who writhes in the agony of pain. Korea this nation has tried to drive out a man like me for the last 40 years.

I went through the three ages of kingship. Even the son of Young Sam Kim went? Do you think that they will have a easy life? Now Korean women unify into one transcending political parties and create the dominion of family liberation. All the archangelic political leaders will kneel down before them and beg for their lives. Such a day will come. [Amen]

You watch if that is going to happen or not. [Clapping] All the evil thieves who tempted women throughout history . . . They will have to beg before women for the next thousands and millions of

years. The day will come. I have been working for such a liberation for women. 'That is why I made sixteen places for women of the South and North. One has to complete the satanic number beyond sixteen. Sixteen in the U.N. Korea is the 161st country. It went beyond the number sixteen. There we have to restore the number eighteen of the South and North and prepare the day of liberation, today.

To make that possible we should plant the seed of the mainstream thoughts of the South and North Americas. . . We held these campaigns centered on Mother. This is the third time. I am trying to change Korea's defeated position. I am trying to make ways for elder sons, younger sons and stepsons to receive blessings. . . . No one knows how hard I have been working to save Korea while being persecuted in this country. Only God knows.

This poor Rev. Moon did not want Korea to be blessed in second place. So here we are as Mother and Father to help the families and people. We have been preparing to bring the foundations of North and South Americas, the Christian culture. They are Cain and Abel before Mother. Therefore, Mother in the position of Eve has to sew the seed. This was the third time. . . Now all the top leaders of the country cannot but follow Mother. All the conditions have been made.

Therefore, there should be dialogues between South and North Korean women. If we held the South and North Women Campaign at 516 Square in Pyongyang, the new political era will begin. The elder sonship of the satanic side will go and Abel's heavenly side will take over. The world of liberation centered on True Parents and True Children will begin. [Amen]

This year, I bought my favorite airplane. I don't need a big one. So in Canada we bought the plane and make a technological tie up in the future. We have to be the master in the land, sea and air. Since we are not the master in the air, we need to make a technological tie up with the Bombardier company which has the best technology. We will buy planes one by one from there and then we will have newspaper companies in 185 nations. . .

Newspaper companies need planes. One, two, three are needed. I want to develop all the potential places as tourist sights and bring people to those places with the planes. I am preparing all of that. After that I want to build a ship and go to the South and North poles. (We are reaching the North Pole centered on Kodiak and we are also trying to go to the South Pole as well.) I took all the 7 thousand boats which enabled the Soviet in the past to be the leading fishery industry nation. They were cheap since they were in auction.

Experts examined the boats to make some repairs. I asked the best experts in the US. fishing boat industry. They said that 'buying those boats will bring 6 million dollars benefits. How in the world did Rev. Moon know that?' You can clap when saying such a tiring. [clapping]

So I would like to make the number one company all over the world. No one else can do this. I am trying to bring life to people. I would like to develop the food industry by using inexhaustible resources . . . You have to make me in charge. I want to build a joint stock company. . .

This is the breadbasket area. You can cultivate the land. Do you understand? I would like to buy all the land. It will be about 2 million ha. I would like to buy the whole land and create the cooperation. Then I want to bring North Koreans and Africans who are starving to death and give them jobs in fisheries and farming. That way I want to liberate those who are in severe poverty. In ten years from now there will be ten billion Unification Church members. No men or Amen? [Amen] [Clapping]

Christianity collected trash of the waste companies. But Rev. Moon has made ways to bring several times more of people to the Church. That time will come. [Amen] Those who opposed to me, cannot drive the Unification Church out away. Japan, US., Germany and Soviet Union could not do it. Rev. Moon is not a fool. Young Sam Kim claimed that 'the Unification Church will perish in my hands' but he couldn't do it. The present government wants to pull us out but they found themselves unable to. Japan gave up and the U.S. gave up. I have such powers. I have enough power to win over the Japanese Embassy. I investigated after all the prominent Christians in Korea. I will break them all apart if they attack. Since I have the newspaper, I get to know world best top information . . . I can find out about certain informations even two weeks before the CIA.

You thought that I was nobody. Now you know I can be quite scary. Right? [Yes] You worthless, some of you went to Seoul University, the shitty university and all go astray. They will all be thrown into shit holes someday. I can fight like a man. Am I not a real man. right? [Yes, you are.]

The Family Federation for World Peace has made its place all over the world. Now we need to build the Clan Federation for World Peace and Kindred Federation. Do you understand? We need to create the new movement to mobilize people through their clan organizations not only Moons and Hans but other clans as well starting from April 10. The newly flamed "blessing movement" has begun. They are making new resolutions this time centered on Moons and Hans.

What is the biggest river, Han river? Ap-rok river? Look at the Ap-rok river from up side down at the end of the river. Since we made the worldwide foundation, it is time to work centered on clan organizations. All the fallen branch streams should be taken in to the main heavenly stream even the smallest waters. Do you understand?

Wherever I go, there should not be any blocks. I should be free so that God can go anywhere He desires to go with me. Liberation of True Parents and liberation of God molds into one. Do you understand? There will be no one opposing me. Everyone will welcome me. They will sell the most precious things in their household and make a great feast for me. Everywhere I go, there will be feasts day after day. Do you understand?

When I go to your house, will you have a feast or not? [I will] Families should make feasts and there should be feasts in clan level and national level. Family Federation can work hand in hand with the Clan Federation, National Federation and World Federation. The time has come now that there won't be any obstacles. Do you understand? So it is the realm of freedom and liberation. No matter how prominent and no matter how proud a heritage one has, they cannot oppose us. No one will say no men. They will absolutely say Amen. Such a free world has come; liberation of

individuals, families, nations, the world, and the universe. When God embraces me in His bosom, He will say 'Have you come Moon so and so?'

When I return to God and say 'Heavenly Father' God would not say, 'You came. Go away. ' He will jump from his royal chair, hold my neck and cry His heart out. That is why I feel so responsible in serving God. That is what Rev. Moon is. To deserve such a day, I truly want to make no mistakes and bring only victories to Heavenly Father. And we are groups of people to reach such goals. 3.6 billion is not a problem. 36 billion is not a real problem, either. If you are so determine and have the fiery will to take care of 3 hundred billion or even 3 thousand billion, things will work themselves out. Everything will be done in eight months. Do you understand? [Yes]

You should not forget that what I have been trying to do all my life was to comfort God's pained heart, create the free world for Him where all people in the world centered on Koreans serve God as True Parents for eternity. That is what I have been fighting for. [Amen] [clapping]

So I am telling you to unite your mind and body. To make the unity between mind and body, you should be able to feel true love. Because this body betrayed God, you have to be able to manage your body which has been opposing against God for thousands of years. If you follow the desire of your body, you will perish. Never forget that the body of yours caused all the agonies of thousands of years of human history. You should conquer the body.

How far do you have to go to do it? You should have a big enough heart to give away your one and only love in the world to your enemy and bless them. You should be man enough to empty yourself completely to help and support to make the new born couple wholesome and loving couple. If you cannot do this, you cannot conquer your body. Do you know what I mean? You should understand that God gave his beloved husband and wife away to His enemy and still had to bless them. He has have such a history.

I had to overcome all sorts of temptations by women. I had to strengthen myself not to be drawn into women's temptation and subjugate the situations over and over again.

Do you understand what I am saying? If you cannot be totally still and in peace even when you have to give your loving wife away to the bosom of your enemy and watch them reach the climax of their relationship, you must subjugate your body and unify your mind and body in true love. I have been running away from all kinds of temptations from women. When I say no, I mean it. I took some members of the Unification Church gambling in Las Vegas. I watched them to see if they finish when I finished. If you cannot know the time to end and go crazy over gambling, it is not good. Even if you want to go and do more, when your mind says 'stop', you should be able to stop 100 percent, clean. When I say no I really mean no. That is why God can trust me. Do you understand? Otherwise there is no way I could unify my mind and body and lead the history of unification. I had to be able to overcome the past and truly make a new way for Heaven to work. I had to be such a person.

If one cannot turn things around 180 degrees, nothing works out. Do you understand? [Yes] Otherwise there is no unifying point between your mind and body. I am teaching you this with total honesty. When one reaches the climax of the relationship with his wife, he could totally empty

himself up until the zero point. If I could not do it, I would have been punished by God directly. I have had so many moments like that. The road to reach even the Tao is such a rough course.

You have to conquer your body. You have to subjugate all the five organs in your body. Will you go after the love of flesh? Or the love of spirit? You must preserve your chastity even if you have to die thousands of times. Women, sons and daughters before marriage should keep their chastity. And after you marry the true partner, you will also have to preserve your chastity forever. Do you understand, you women? [Yes]

Without this you cannot build your individual temple. You cannot create a safe dwelling place for God. Without this, there can be no safe dwellings for couples, families, tribes, peoples, nations and the world. How miserable that will be? These are not just words but a harsh reality. Do you understand?

Shall I say that we all successfully built the family level settlement? Or shall I say let's do it? [Let's say we did it] If you think you made it, raise your hands. Why are you laughing looking at people next to you. I said 'raise your hands'. It is a very hard thing to do. This is a much bigger war than the atom bomb war. You have to be able to make peace within each one of yourself.

Realize unity centered on true love or not? 'We did.' Who said so? Let me ask him. We need to know. That's why we have to offer our sincere effort. Even though you may be thrown naked to a world beauty contest in front of tens of millions of people, you have to instantly go back to O if your private part were to come in touch with that of the woman who got the championship in the beauty contest. You cannot overcome it without having that kind of self-control. Is it clear? Those who do not understand, raise your hands! I taught you this as clearly as this, and you cannot complain to me later saying that you failed to enter the heavenly kingdom. Do you understand? Did you understand clearly or not? 'Yes, we got it.' Those who have understood clearly, raise your hands! I see that you know as far as understanding is concerned.

Therefore, with an understanding that I am your absolute teacher who taught this clearly, you have to take upon everything unjust and undeserved along my path of Han (bitter feeling) and move forward no matter what your mother-in-law, father-in-law or any relative says, and digest it all.

Look! A crane hatches out her eggs out there on a plain area beyond uphill of Mount Everest. She set going over the top of Mount Everest as her standard even though there are high mountains, seas and valleys down there. She has to go on with the spirit of self-protection that supports her till she reaches the destination even though there may be sufferings. Once she has overcome Mount Everest, the heaven of freedom where the entire things of the universe can welcome her with praise and glory will wait for her. Knowing this, what wouldn't she be unable to overcome?

I have fought with that kind of thinking in my mind. 'I am all tied up. Oppose me.' Even though dogs of a village may bark, I don't care. They are opposing me, urging me to go away from their village even one more step faster. Do you understand? It is not running away. Interpreting the barking sound as an urge for me to not miss the road ahead and to succeed in going over high mountains....

I led a busy life with the thinking that I have to go beyond that valley so that a great distance from the outcry of the persecuting enemy following me from behind. Got it or not? [We got it]

Well, then, what is the next road to go? Our ideal family today is the house in which we seek God's resting place. The subjugation of my home and next the subjugation of the couple's home. God may stay at an individual resting place and also at a wife's resting place, and centered on a bigger love... It has a different tradition and different character. It has a different assertion, too. Shapes are all different, as well. The family shall attend God who comes to visit a resting place that is centered on a form of unified husband and wife which can unite 180 degrees different forms. Nomen or Amen? [Amen] Things are meant to be so.

I mean, Parents came and did the fighting for tens of thousands years so that there is not even a standard to fight. We have a big issue. We have to create a resting place on the level of family and husband and wife. God comes in here and becomes a subject centered on love. With a resting place of husband and wife taking place on the foundation of a man and a woman who have connected a unified standard of body and mind, a place where God can take a rest came to appear in a family. Do you understand?

Then you will say, 'God, you all saw Adam and Eve stand naked in Eden. Me, too. Since there is sorrow in You from not loving, I love in this way, in Your name. Chung Hwan Kwak? [Yes] How many such families do we have in percentage? [They are lacking a lot] How many percentages? You have to answer in percent. [I haven't calculated] 0 percent, doesn't lacking a lot it means 0 percent. I guess it means that one became a king failure of failures without even starting.

This problem is serious. I am not kidding. We have to get a resting place back. Isn't that right? We have to restore a house of resting for an individual and husband and wife. It is a resting in subject and object centered on sons and daughters. This is most important and from here you shall go or not in search of a house of resting of formation, growth and perfection husband and wife. [We shall] You shall all go in search of it.

No matter how hard it is, 'I' will or will not do the work? [I will do] That explains why God's place of resting cannot be established if there is not you and also if there is not 'I'. We have to become filial daughters and filial sons who can wait upon God by being harmonized for tens of thousands of years. Realizing how deep the Han of a husband and wife and God must be who have yet to welcome this filial daughter and filial son, we have to be determined to wash the root through ourselves. We have to be determined to make a place in which we can live forever, about which God Himself can pledge and where we can attend the Father. Do you want to do like that or not? [We would like to do so] Those who would like to do so, raise your hands quietly while looking at them. They are beautiful hands. Say 'Amen.' (Amen) If one person can represent 7000 people, then that person can be victorious for them. Thus creating a condition to be recognized, let's overcome it now. And overcome it again. [yes] Yes. That's it. [Yes] You have to say 'yes' strongly. What about when I don't say 'Yes' anymore. [Yes] We have to make 36 run away from satan.

Next, it is to go out in search of family level resting place. This sounds good. So, it becomes a house of formation, growth and perfection. Since God dwells forever in a son's house, husband and wife's

house and also in an individual's house, the entire family shall exist forever in God's love. The conclusion is Amen. It's Amen forever.

So, one can see here the start of a family that becomes the origin of earth and heaven. When you create a family centered on this, you are turned to the realm of tribal messiah centered on family messiah and then, centered on relatives, to the realm of relative, clan messiah. It starts from this family.

You have to invest and forget about it. You have to forget what you can't forget. You have to invest what you cannot invest. Then, you have to love what you cannot love. We have to know that we restore a place where God may take a rest only when we go over the hill centered on His unfair and mistreated situation. Do you understand? You know all now? [Yes] That's why we have to commit your family. We have to commit our family. Centered on a family whose entire members and an individual say amen, husband and wife say amen, and children say amen, we have to commit our family for the sake of our clan, and the whole that became one with that clan should commit itself for a country. This way, it becomes a foundation of resting of the country. Everything should become one and then be invested to the world. This one, again, must become one and be committed for the universe. By committing this and even God, liberation of an impregnable realm of resting comes to take place.

So, centered on family, we have to go over the standard of the world. That's why we, Unification Church, are going over the hills of the top, that is mass wedding ceremonies, like 36 couples to begin with, 360,000 couples and then 3.6 million couples, all centered on number 10. Across watershed. Do you understand? I opened the world's entire doors of Blessing now. The Satanic world lost everything. It lost the nation, the traditional thought and all. Do you understand? I mean, it entered this chaotic era in which it lost her ancestors, king, grandfather, father, brother, husband, sons and daughters as well.

The order of love that can become a traditional standard to elucidate the great principle of heaven all fell down. It is true that a tradition which can go against God's blood lineage was inherited since humanity held the ideal of Archangel's family other than the family of Adam, who is the owner. This way, everything of the world's end era got destroyed centered on the fallen family. On the other hand, the preparation centered on True Parents finished preparation that can lead to the perfection of the realms of the openness of the tribe, nation, country, world and the universe beginning from the perfection of an individual and family ideal. We are entering the movement to restore families.

Through restoring families of the entire world, the formation of the world's realm of tribe 1s freedom. Through occupying the entire world's tribe, national formation also is freedom, and thanks to the occupation of nation, the formation of the nation, world, and heaven on earth and in heaven goes to the realm of freedom.

You have to know that what a great king who occupies families represents is the Lord of the Second Advent, True Parents, true teacher and the owner of true kingship.

That's why Mother's lecture this time is teaching this. God is True Parent, True Teacher and True King. History tells us that we lost the true elder sonship and True Parentship, and true kingship. Since we now all entered an era where we can occupy starting from a family, the world cannot oppose. I mean, since I did the Blessing that can go over centered on international and interreligious standard, the Satanic world cannot but close its door and welcome this work.

Neither God, not Satan can control this. The only thing that can solve this is...I mean, once we go over the hill of 360 million couples on account of both God and Satan making a request to True Parents, the world is concluded as being ours. What kind of heaven will happen next, then? It's not a heaven for individuals. Since I paved a foundation of free environment to practice the hegemony of victory, I shall upon this foundation complete The Declaration of the Cosmic Sabbath for the Cosmic Parents of Heaven and Earth. Amen. [Amen] [Applaud]

All liberations are meant to take place since it now has become a free heaven and earth in which one can go anywhere in order to spread the content of what no one has been able to accomplish. If so, God can come and go horizontally as He pleases and it can be linked to heaven vertically from here. With the horizontal standard of 3.6 million couples happening, this vertical standard also became high in proportion and thus any tribe or nation of the whole world can receive blessing. Also on earth centering on the basis of the perfected substantial Adam, the whole nation can single out the archangel, thus create the second Adam and receive the Blessing in order to enter heaven. This is what we call the global Blessing movement of the Unification Church today.

Therefore, the road you have to go now is simple. I mean, let's forget about 3.6 million couples. Let's forget about 360 million couples. Since we passed over the realm of the world, we are now in an era when we can surmount tribal formation without difficulty. Do you understand? [Yes] So, I'm asking each of you to win just ten people over to our side centered on a direct line of grandfather and grandmother, a direct line of mother and father, a direct line of your family-in-law, a direct line of your son and daughter and then a direct line of your relatives. Do you understand? 3.6 million couples just need to win ten people over to their side. After this is done, they may just enjoy themselves. Do you understand? 360 million or 30 million is too a far distance and farther than the far side of the Pacific.

You don't need to think about it. I am working on in tears even by mobilizing many of my mother's and father's relatives. If you do so like this, then it will create a boom. At every Blessing towns of the world, people will raise flags and you will hear songs of praise and cheers and the sound of drum and horn. So, it's like this. You go out there quickly and say, 'If only ten people listen to me before they go, I will give a ticket for heaven.' Do you understand? [Yes]

If you cannot do the Blessing work, you just need to go to, let's say, 180 people and pray. Do you understand now? Forget about 3600 couples. [Yes] How many? [Ten families] Ten families. In how many days are you going to finish ten families with your performance that you have had so far? [One day] One day or two will be enough. If only you prepare 36 million, just one tenth a day will be enough. How easy! Yes or not? [Yes, it is] Those who say 'yes,' protrude your tongue and raise your hands, feet and even genital organs to say Mansei. Amen. [Amen] What? Where in the world do

you find this crazy fellows in broad daylight? Are you saying that you will finish 360 million couples within a few days? Is he sane or not if he said that he will do 36 million in a day or something? The person who says that he is crazy, and the person who is said to be out of his mind is not crazy. In that sense, amen. [Amen]

After that, we have nothing to do. So we will just enjoy ourselves. All are done. Ten people would give you no trouble, right? [Yes] You have done as many as several hundred couples a day. Don't even think about 36 million couples. It's other's business. Your grandfather on mother's side is your relative. Your mother's brother is also your relative. Next, your schoolmates. Friends from elementary school, middle and high school, university and also from company. So many people! About 100 persons will be easier than eating pumpkin gruel. Other porridge is clean and tidy but this watery pumpkin will be loose. Therefore it is easy.

So, today is what? Today is the Declaration of the Realm of the Cosmic Sabbath for True Parents. Parents of heaven and earth. God is internal Parents and external parents are True Parents. They should be united.

Centered on what are they to be united? They should be one centered on true love. Where does true love come from? It arises from the place that gave birth to God's son and daughter and that is genital organs, which have received the worst treatment. Though people have treated it as the lowest thing, it is the original place of love, life, blood lineage and conscience in the restored world. People have been unaware of the fact that, without these organs, a nation or development of ideal world all disappears. Having known it all clearly in theory, they cannot be a mistake in our course of unifying the world. [Amen] Amen. Turn back. Amen. [Amen] Amen to your right. [Amen] Amen turning around. [Amen] My lecture for today is all over. You understood it all, right? [Yes]

We have to attend God We have to become a holy temple. Holy temple. I myself have shed a lot of tears because of that. One shouldn't be mixed up by tricks of women who tempts him. I have seen all sorts of happening. These women. A strange woman coming in naked, doing all sorts of things, wailing and.. I saw them all, but turned all down. I mean, there is no unification of mind and body otherwise.

Having finished all the missions to do, this official now returns to his hometown, Amen. [Amen] I don't need to appear anymore, yes? Let's read one more time. Our ideal family is God's resting place. Our ideal family is God's resting place. Our ideal family is God's resting place. Our ideal family is God's resting place. [applaud] 4 Manseis.
