On July 22, 1998, True Parents held the first 40-day workshop for forming world peace and ideal families at the Center for the education of ideal families for World Peace in Jardim, Brazil.

The church members who
attended this workshop
Could receive the words and
hoondokhae from
True Father directly,

also they enjoyed
the various programs such as
sightseeing, fishing, and
volunteering work.

T rue Father attended at the opening ceremony of the workshop on this workshop and he named training center in Jardim. It was called “New Hope Garden of Eden”. True Father mentioned that all blessed families should attend the workshop here, New Garden of Eden.

T rue Father explained that the 40-day workshop can be the original Garden of Eden, in other words, This place is the entrance of Heaven. That's why, True Father emphasized all families of three generations should attend this workshop in Jardim.

“

There are blessed families in each nation who have lived there for a long time. I intend to gather these families in Jardim to participate in the special workshop. It is a 40-day workshop, and I have asked that they come with their sons and daughters. We are conducting this workshop for the elder blessed families from each nation. In the future, these members should be assigned throughout the world. This will make our new world known. Everyone will move to a region where they can make a new settlement. That is why the elder blessed families are participating in the 40-day worldwide workshop. Until now, they only knew their own nation. Japanese people knew only Japan, but in order to fulfill their responsibility as the mother of the world, they need to know the world. Therefore, they must come to South America and receive education, thereby connecting South America to North America.
