The Seventh Declaration of the Seven Great Jardim Declarations and the Establishment of the New Eden

You need to achieve mind-body unity, husband-wife unity, and parent-child unity. Thus, you must create an absolute family. This is the second part of the Jardim Declaration, which connects with the third and fourth, and finally, the declaration of 4.4. Jeol. Adam's family failed to perfect the four-position foundation and firmly establish itself. It naturally followed that their sons and daughters also failed to firmly settle. Therefore, after passing 4.4. Jeol, you need to come to Jardim and receive family training, and return to the path that leads to heaven.

The Old Testament Age required the offering of creation as sacrifices of unity, the New Testament Age required the offering of the son as the sacrifice of unity, and now in the Completed Testament Age what is required is the offering of the unified parents as a sacrifice. Only then can liberation and unity be declared in this world of resentment. You should know that at this time God is overflowing with blessings to bestow on us. Needless to say, the wider the water pipes are, the more water can flow through them, and similarly, depending on how much you offer devotion, prayer and effort, the pipelines of victory connecting you to the spirit world will be installed. So, taking this into consideration, give everything you have in order to offer devotions and prayers, and may you come out victors, not losers, in the end!

...

Regardless of how strong the power and authority of the satanic world is, the era of God's authority will soon be upon us. The era in which God is free to do whatever He pleases is coming soon. Only when that era has arrived can this world become God's kingdom on earth.

God should be liberated, and this involves the number four. After the Old Testament, New Testament, and Completed Testament Ages will come the era of liberation from anguish. In that age, you need to offer everything. That does not mean that God will receive everything and keep it all for Himself. Instead, He will pass it all to Adam. Adam will then give back what he has received to God, and God will then hand it over to the True Parents, from whom the distribution of rights of ownership should begin.
