*Cut out your lonely heart and cast it over the blue cliff.*

*Though you were unable to ease their way along their path  
as a filial child should*

*at least take away some of the fine wrinkles on their faces.*

*You who look up at the clear sky and tear up  
and entrust your life and your spirit to Heaven,  
are the victorious,*

*the triumphant filial child desired by Heaven.*

(Excerpt from Hyo-Jin Nim's poem, "The Victorious" )

Hyo-Jin Nim, the Unification Church family's oldest brother,  
is with us eternally as a leader of the culture of heart

Filial Son, Hyo-Jin Moon

True Mother Speaks:

"One thing your older brother Hyo-Jin always said from the time he could speak was that becoming a filial son was his responsibility. Growing up in such an environment, your older brother Hyo-Jin thought that qualified personnel and time were needed for True Parents' teachings to be accepted. Nevertheless, he also reflected on many ways to save many people at once, like a whirlwind and in an effective manner.?"

Hyo-Jin Nim was the first-born son in True Parents' family. He grew up receiving True Father's, True Mothers and the church members' love in abundance.

True Parents sent this post card to him during Their world tour. Every word of the message beginning with "Hyo-Jin, we miss you," conveys Their love for him.

Hyo-Jin nim's school days were a time of whirlwinds and raging forces.

1984 marked a turning point in his life. That year, his closest brother and friend, Heung-jin nim, ascended to the spirit world; and True Father was sent to prison in Danbury in the United States, based on false charges. These incidents were more than enough to change Hyo-Jin Nim's life completely. In the depth of winter, when cold weather all but froze him, Hyo-Jin Nim offered devotions for forty days at the Belvedere holy ground.

While leading a workshop for second generation members, he came to realize Heaven's Will and to experience True Parents' Hearts.

Hyo-jin nim:

"Now we need to become one. Through this forty-day workshop, the second-generation members, from blessed families, need to be completely united before the time comes for us to receive True Parents. Only when the blessed children become completely one can there be a future for the Unification Church and only then can the Church last forever. I believe that through our unity such a new age will open in front of us."

His pure heart wished to become one with True Parents. He offered numerous devotions, endlessly and consistently. Hyo-Jin nim later confessed that he felt very keenly that it was by making such efforts that would permit someone to gain the capacity to come into alignment with God's Will.

He proclaimed the Word of True Father's behalf; and upon being appointed World CARP President, he hosted World CARP Conventions in Korea, Japan, Thailand and The United Kingdom.

He led the Unification Movement and outreach to young people. Many college students who joined our Church at that time are playing a vital role today in our Unification Church family.

The march to the Berlin Wall occurred amidst communist threats, but three thousand people's passionate appeals and prayers reached all the way to Heaven.

Hyo-Jin Nim:

"The Spirit of God will live forever. (Yay ! ) Only God's Love is True Love forever, so please, let us join together and bind this world with love, true love can go over anything, any barrier (tears) It can overcome anything. Let's come together and pray for all those people who are suffering under communist nations. Let us pray for the world (Yeah ! )

Hyo-jin nim had a natural talent for athletics and art. Before he began his public work, and even afterwards, he practiced shooting, martial arts and horseback riding. He also immersed himself in music. He strove to establish a world that focused on heart through mass education using multimedia.

Hyo-Jin Nim invested everything for the sole purpose of fulfilling his God-given mission. He learned to play the guitar by himself, and he released a number of albums over ten years, beginning in 1988. These

comprised more than 160 songs. At a certain point he began the extraordinary course of writing an average of 20 songs a day. In 2002, Hyo-Jin Nim had finished composing, playing and recording more than ten thousand songs, within approximately eighteen months. He was engrossed in his work to such an extent that his ten fingers were numb from playing the guitar, and he was exhausted to the point that he could barely walk. Hyo-jin nim's songs, often with messages of loyalty and filial piety were holy songs that encapsulated his very soul. His concerts were a cultural platform uniting the youth of the Unification Church. Through music, they became another means of spreading the Word.

From 2003, Hyo-Jin Nim went beyond giving musical performances in Korea, Japan and the United States, and entered the entertainment field as a producer of educational videos. At the same time, he produced other musician's music, and invested in producing videos and movies.

**Caption: The Twenty-First Century, the Age of Culture-Based Material**

Having foreseen that cultural material can go be global in the twenty-first century, he pioneered a difficult path. From early on True Parents understood the power of culture and the arts. That is why They founded the Little Angels Dance Troupe and the Universal Ballet among other institutions and promoted them through various media.

Hyo-Jin Nim:

"I ask you to discover your true character and to choose a job through which you can convey this truth to all people as quickly and as clearly as possible, and to make yourself good at it.

To become a person who never disbelieves in Father no matter what circumstances I may be in; that is my ultimate goal."

Hyo-Jin Nim pioneered a new path to the culture of heart and taught us about a true filial child's course.

During a 2006 world-speaking tour, which was after True Parents' Coronation and Entrance into Cheon Jeong Gung, Hyo-Jin Nim accompanied True Mother to seven African nations. Even though it was a difficult tour and his lips blistered from sheer exhaustion, Hyo-Jin Nim's heart was brighter than ever before. However, on March 17th, 2008, the First Anniversary of the Proclamation of the Pacific Rim Providence, Hyo-Jin Nim fulfilled his mission in establishing the culture of heart, and passed away, ascending at the still-youthful age of 45.

(we hear Hyo-Jin Nim singing 'sarang') Hyo-Jin Nim's spirit of loyalty and filial piety and his determination to establish the culture of heart are coming alive once again on earth ... Through the music of Hyo-Jin Nim who is attending True Father in Heaven, it is as if he is cheering on the global Family Federation community as we march toward the establishment of Cheon Il Guk, his music will awaken the world.

Hyo-Jin Nim's poem:

You caress the earth,

which covers under the screams of the snow god,  
and You mold our hearts with your loving touch,  
and even the world  
crying out from under the waves of the raging waters  
You sooth and put to sleep with Your gentle touch.  
Even though I am so worthless  
that I cannot pave a smooth road before You,  
I will shine forth as a light  
that forever illuminates your love.

Shim Cheon Gae Bang Won Choong Hyo Gae Moon Joo

(The Lord who will open the gates to the heavenly kingdom,  
as a son of loyalty and filial piety in the garden  
that opens the way to the deep, wide and high realms of heaven)

True Father/True Parents Speaks:

'Shim Cheon Gae Bang Won Choong Hyo Gae Moon Joo.'

True Father:

You should be proud of the fact that he has passed away after receiving blessings as the eldest son, and you should pray for him a lot and supply him with energy In this manner, you should go ahead of others on the path that we should follow, putting your heart and soul into it.

Aju!
