Bring over Japanese and Korean brothers (the best of both countries).

We must be able to attack and subjugate both Christianity and Communism.

We must set up an ideology which both Christianity and Communism will prefer.

On December 15, [1972] in Korea, there will be a meeting with many well-known professors and philosophers to debate Unification Ideology.

[We] will build seven good universities in seven nations.

[We] will establish the Professors Association for World Peace and Unification.

[We] will set up awards of twice as much money as the Nobel Prize.

Those seven universities can be used to influence the policies of those seven nations.

In order to do so, we must win the Senators and Congressmen of those nations.

We have already begun this in Asia.

Then [the] Little Angels, we are able to win about 200 congressmen to our side.

The Little Angels' theater is on of [the] largest in all history; there has never been any such group ever to perform 40 days in succession. ([They] rented a theater for 40 days; everyone thought we were crazy.) This is now the 25<sup>th</sup> day of performance, [with a] full house every night; [this] completely surprised the media.

[The] Little Angels [are] now known throughout Asia.

All of Japan knows that behind [the] Little Angels is the Unification Church and Victory Over Communism.

[We] will organize [a] Federation of Senators and Congressmen from all countries.

[The] United Nations [has the] status of [a] brain without limbs. Before long it will be absorbed by the Communist delegations.

So, we are at the point to organization [a] word-wide association other than the United Nations. It [the United Nations] can't be expected to fulfill its true role.

We must be prepared to do all these vast things.

These six performances in the U.S. [city of] Los Angeles have [put us into] contact with several VIPs there.

This project began several years ago.

We will let people of [the] world know that only the Unification Church can save the Christian World. Only Victory Over Communism can save the Christian World from Communism. Only the Unification Principle can absorb and surpass all other ideologies.

If U.S. VIPs know these three (the Unification Church, Victory Over Communism and the Unification Principle), they will see that we are the only ones capable of saving Christianity from Satanic Communism.

They will have to use us as tools to save the whole world.

We will open up channels to reach the CIA, FBI, etc.

Before long, we will buy an estate like Belvedere in Washington DC also.

We must be prepared for the day when [the] CIA, FBI and other VIPs recognize our movement. We must have a solid foundation in each state of the U.S.

If [the] foundation is laid by 1974, [everything] above can be accomplished.

So we will lay such [a] foundation in each state as soon as possible.

[Henry] Kissinger in [his] meeting with [the] Viet Cong is conceding [everything to the Viet Cong].

If he continues, [this] will put [the] U.S. to shame. He is being condemned for this.

Then [the] Commies will accuse [the] U.S. about helping Korea, also. [The] whole world will then condemn [the] U.S. as [an] aggressor.

The, [the] U.S. will fall [in]to pits of condemnation.

[The] Commies are carrying out their work hope [to] have thanks [from the] Negros, [the] poor, etc.

[The] U.S. has withdrawn from Asia; and will also follow Commie ideology, exploding their ideology at [the] whole nation.

No South American nations favor [the] U.S. Commies are undermining them.

Commies can use Mexico to invade [the] U.S.

By 1978 [Communists] will create a situation in the U.S. like the situation in [South] Viet Nam [now].

April 15, 1972 was [a] critical period in Korea. ([The] rivers didn't freeze that year. [So it would have been easy for the North to invade the South.]

Evil cannot be subjugated without [a] condition.

February 7, 1978 is the 60<sup>th</sup> year of Communism.

1972 is the 60<sup>th</sup> year of Kim Il-Sung.

[The] nation of the U.S. may parish, but our movement cannot perish.

By 1978, we must have carried out heavens intentions.

Both North and South Korea are conceding to each other, dealing in power.

We must raise three million dollars per year.

Each Pioneer must bring one new member per month.

10 Mobile Units soon will be at least 20 Mobile Units.

20 Mobile Units soon will be at least [50] Mobile Units.

50 Mobile Units soon will be at least [120] Mobile Units.

One Mobile Unit stationed in each state can bring 20 people in one month.

Every member must have six months [of] training [in] a Mobile Unit.
