Beloved Heavenly Father,

As the good (good men and women) gathered here today, whom You have established, we pray that Your infinite love and blessings will be with this sacred ceremony to form eternal conjugal bonds.

While the spiritual and physical worlds watch over us, we have walked a path of suffering and pioneered this way to establish a historical, new family tradition. In Your ideal of creation, based on the original, unfallen good men and women, Adam and Eve should have had a day of true blessing centered on God and by God's love in a position of goodness. This was meant to progress into a true tribe, a true nation, a true world, and furthermore, into the cosmos combining the spiritual and physical worlds, thereby completing the ideal of the creation. We know the sorrowful historical fact, however, that due to the mistake of our human ancestors, humanity failed to establish a true lineage of goodness centered on God's love. Instead, centering on evil love, the lineage of evil families was gathered from the opposing evil parents, expanding into evil tribes, nations, worlds, and even into the spiritual world, resulting in the outbreak of hell, which had never existed in God's ideal.

To restore this, God has walked a path of suffering throughout the course of history to welcome True Children. Because the path led to the loss of True Parents, True Children, and even true servants, affecting the entire ideal world, God has reorganized the history of true servants to save this earth once again based on His love. Through this, passing through the ways of true adopted children and children of concubines, and centering on true sons, You have established True Parents on the foundation of the unity of true families and brothers. Thus, establishing the origin of the form of a true family and expanding its interpretation, You have upheld the sacred will to reclaim a world of unified heart - expanded into the ideals of families on the tribal, national, worldwide, and cosmic levels.

Today, to close the path of the servant of goodness on behalf of Heaven against the opposing evil world, and furthermore, to close the path of the adopted child, the path of the child of a concubine, as well as the path of the child, our Unification members have united before the one Will that must be newly revealed by the people of the world today. This unity forms a new ideal family prosperity that can attend the Parents, leading to the path of completing the providence toward the tribe, nation, world, and cosmos. Father, please bless this path of suffering, which is currently developing into tribes, nations, and countries along with the organization of families worldwide. We sincerely thank You for choosing them from the midst of a confused world, allowing these good men and women - who have separated the contents of tribal and national levels starting from individual perfection to develop into nations and the world - to hold this Holy Marriage Blessing Ceremony at this time, here in this square of Madison Square Garden.

Now, Father, please embrace the 2,000 plus couples who are here. We earnestly pray that You allow this to be a sacred ceremony where they pledge to march forward and forward until they complete the ideal of the cosmos that represents the Parents' ideal, the world that represents the Parents' ideal, and the nation that represents the Parents' name, establishing a proud tradition of parents as central figures of the family ideal who represent the workers needed to build a new eternal country of ideal and the Kingdom of Heaven.

Taking this as an opportunity, we witness a new historical departure. Father, please accept this sacred moment, which declares that even the free world and the communist world will embark as a new ideal family of peace and an ideal world under a new banner of the ideal. We thank You for allowing this family departure to practice and accomplish the original ideal of creation, recorded in the name of a new couple of life in the Kingdom of Heaven. Praying that Your eternal love, protection, blessing, guidance, and encouragement will be with their lifelong course, the nations through their children, and our Unification Church forever, and sincerely, deeply thanking You for accepting these 2,000 plus couples before Heaven, I pray all these things in the name of the True Parents. Amen.
