To unify Judaism, Christianity and Islam is not easy. What do we have to do in order to bring them into oneness? We must endure, all the while maintaining a parental heart and having a mind of love greater than that of Jesus, Muhammad, Moses and Abraham. How to be able to persevere is the important issue. A leader must emerge who is able to say, "I love Muhammad and Islam. I also love Jesus and Christianity. And in addition, I love Moses and the people of Israel." If such a person does not appear, the world's religions will not be able to become one.
