*Photo date and location unknown*

You just don't know how the providence is progressing. Father is doing things all by himself, so that many members who have been following for years do not even know what he is doing. History is going on and the world is becoming more and more complex every day. Things are interchanging and intermingling like a tangled web. Under those circumstances, only Father knows how history is going and in what way it will end. He is talking about the free world and the communist world and how the two are intertwined.

Nobody really takes seriously the fact that the evil world will come to an end and a good history will begin. Christian ministers say, "Rev. Moon says that, but it is too idealistic." But I want you to know that God has absolutely determined that evil history will come to an end and good history will begin.

Look what has happened today. Not only the left wing, or communism, has come to an end, but also the right wing is finished.

How amazing it is that Unification Church is not right wing or left wing, but, as Father declared, "Headwing". God declared Headwing through Rev. Moon. By doing so, only we are in the position to embrace left and right. Not only you can see the providence unfolding, the evil coming to an end and the good beginning, but the most important, joyful event is that the world is recognizing this. American, Soviet and world political leaders are recognizing what Rev. Moon has been predicting. All these people have been going a different way and trying to destroy Father. These people are changing.

Gorbachev was not good from the very beginning. He had to change his position toward Rev. Moon. Even up until 1987, he was cooperating with Kim Il Sung. Gorbachev himself with his KGB forces had planned to eliminate Rev. Moon. However, since then, he has become wiser. He has done a little homework and come to the conclusion that he should not treat Rev. Moon that way. Remember in 1988 when Kim Il Sung dispatched Red Army members secretly to the United States? The Red Army are the most vicious terrorists from Japan. Their purpose was to eliminate Rev. Moon in America. Twenty five members were sent. This secret information reached Father from the government who shared this with him. The CIA and FBI eventually found evidence of this and began to protect Father. They felt that if something happened to Rev. Moon, it would affect the entire United States. It was only because of the protection from God that one of the Red Army spies was captured. His name was Kikumura, and he was caught on the New Jersey Turnpike. Can you imagine? It was almost like finding a needle in a haystack.

In hindsight, there is another amazing thing. When Rev. Moon was indicted, the Justice Department was grinning ear to ear. They were one thousand percent sure that he would not return from Korea. They thought they had gotten rid of him. But on the contrary, Rev. Moon came back the very next day. He didn't care about the trial, only about God's mission. He could not abandon the mission. If Father had not come back at that time, what would have happened? All these great things would not have happened.

So you can see that Father is not concerned for his own safety. If you want to accomplish some great divine mission given by God, you must risk your life. In April of 1990, Father had his Moscow rally as predicted. In the eight months since then, how much the providence has moved! Father's fame has spread greatly.

Father decided to invite and teach brilliant college students from the Soviet Union. A plan to teach three thousand students has been formulated and already one thousand have come. Each time a group of 250 came, it was the American State Department, not the Soviet government, which put a roadblock at every step of the way. It was incredibly difficult for the Soviet students to get visas to come to America, until the fourth group came. Now everything has changed.

When the fourth group was preparing to come, the students still did not have visas by the scheduled departure time. The State Department thought the students would be helpless without visas. But the next day, protests came like a shower of bullets from congressmen, senators, governors and police chiefs. The State Department surrendered and issued visas right away. They said they normally have to receive a formal approval through the United States embassy in the Soviet Union. But they were so afraid of political upheaval that they simply sent a fax telling them to give the students visas. After that, the State Department changed their policy. They said, in regard to the students invited by Rev. Moon, the State Department is not involved any more. The United States embassy in Moscow may issue any visas they want

The students' plane reservation was for 11 A.M., and they didn't have their visas yet. The Soviet co-sponsors and Novosti press agency and others all told them, "Forget it. The United States bureaucracy will not work that fast. You better all go home and wait a few days and we will let you know." But our side said "No! The visas will be available tomorrow. Don't let the students go too far away. Let them wait here." The Soviets said, "We know the United States government too well. The visas won't come." But we promised the visas would come by 11 A.M., and they did. There was one problem, however. How could the airline personnel process 250 passengers in time? They just handed out one visa and one ticket to each student, not even checking the names! How incredibly history has progressed!

The atmosphere has totally changed. The United States, including the State Department, is competing with the Soviet Union over who will have more love and attention from Rev. Moon! They don't want to be defeated regarding this. They are very keen about which country Rev. Moon pays more attention to, the Soviet Union or the United States. This is a good sign.

The most dramatic, romantic and exciting things are happening today. Their origin is not just in the last 40 or 70 years of Father's life, but back almost 250 million years of human history. God has been working from that time with the aim of reaching this particular moment. All the indemnity of history has culminated in these things happening.

Father has always given the credit totally to God, and he especially wants to do that today. Can you think of it, 200 years ago God made this brand new Christian nation and allowed it to prosper. But America has been weakening, and needs a lot of help. It is dying. As this was happening, communism appeared on the horizon 73 years ago with the slogan, "We are the hope and salvation of humanity." Yet communism killed at least 170 million people. Now, 73 years later they wave the white flag and surrender. This is a special moment that has developed in time for America, for the Soviet Union and for Father.

In 1920 Father was born. He laid a foundation in Korea and Japan and then came to America in 1971 and laid a foundation here. In 1990, Father is in a position to deal with the two crumbling worlds. Look at the timing. It is so precise. Nobody else can plan this kind of timing except Almighty God Himself. Providential will has made these things possible. The amazing thing is, God made the environment such that there is no choice other than to go to the Unification Church. There is only one way to go. In other words, Father is almost like a fisherman, driving all the fish into one hole.

Have Father and the Unification Church just been waiting around these last 70 years for these things to happen? No. For the last 40 years Father has been completely paying the historical debt of humanity. All that indemnity has been paid in forty years. Father laid the foundation from scratch, from nothing, building step by step to be ready to deal with the two crumbling worlds.

This is 1990 and now Father is 70 years old, facing another decade in his life. Father exactly prepared and timed his foundation to be ready to move forward into a new era, a new beginning. Moses, at the age of 80 was beginning the exodus. In the same way, Father is beginning the universal exodus as he begins his

eighth decade. It is the exodus from sin, from crime, from all immorality.

How much change has come in this one year of 1990 in terms of the providence centering on Father and in terms of the world situation? Imagine this kind of change being repeated every year for the next ten years. Who is going to be a champion and a worker for the next ten years?

In a 70 year period, True Parents' mission has been accomplished, consummated and fulfilled to perfection. Not only did they pay the indemnity, not only did they lay the entire groundwork, but they brought unity between the spirit world and physical world. Father laid the foundation for each of you to be victorious in the next ten years. It will be your ten years, in which you can win the foundation that True Parents have created.

At the time of Jesus, the Israelites were twelve different tribes. If those twelve tribes had accepted Jesus and gone into the world spreading his message they would have made the kingdom of God on earth at that time. They failed. Today, centering on True Parents, the blessed couples as tribal messiahs, making up the twelve different tribes, have already gone out to the entire world. What those twelve tribes failed to do two thousand years ago, we shall accomplish.

Up to this time, the Unification Church has been attacked and persecuted from all four directions. The world tried to bury us. But from 1990 on what will happen? Instead of trying to bury us, they will try to lift us up. The names of the Unification Church and Rev. Moon will be lifted up and up and will blossom. Do you really believe this will happen? When this happens, who shall oppose us? Not the American people. The position of the elder son has been restored now. The Unification Church is in the elder son's position and the United States government and people are in the younger brother's position. Nobody will oppose the elder brother. They all have to listen to Rev. Moon's message and say that it is right. When you really preach about Father, they will listen and agree. The same thing will happen in America that happened in the Soviet Union with Soviet lawmakers.

The elder son's birthright has been restored. So, there are True Parents, elder son, and second son all on God's side. There is no division. Satan cannot invade that united realm. That is the Principle. It is an absolute winning point for God's side.

This year, 1990, we celebrated the 31st Children's Day. That means 30 years have elapsed. Jesus' life was 30 years. Father made a declaration in Korea on the last Children's Day. The spirit world has been in the elder son's position or Cain's position and the earth has been in Abel's position. The spirit world has been exploiting the earth for its own benefit. Father has said that this will happen no longer. He declared to the spirit world that they are now restored to God's side and must come down to earth and help Abel. This was declared by True Parents.

Knowing this truth to the bone, the spirit world is now completely at our command and every level shall surrender to us. We need guts to push and every obstacle in front of us will fail down. In the entire world, no one has not spoken badly of Rev. Moon and the Unification Church. When they discover what is right, they will feel guilty. When you tell them the truth, they will quake because they are ashamed within their own hearts. Their conscience hurts and for that reason they will quickly change and ask, "How can I cooperate with you?" At this time, you don't have to worry about any country. All of them will have a national policy to follow Headwing Godism.

In the Garden of Eden, if Adam and Eve had not fallen and had become perfect, creating a family and tribe and so on, there would not be such a thing as a nation. There would be no barriers, no world as we see it now. What would there be then in the Garden of Eden? The spirit world would be guiding everybody. That's all. The spirit world would say, "We only follow Adam's family. That's our mission." Automatically Adam and Eve would have had complete dominion over the entire world

Today we need blessed couples, chosen people, to turn around from their satanic past, one after another, increasing God's power. People still opposing will say, "Don't go to Unification Church!" But in their hearts they themselves are already going, they're already inside the Unification Church, because their internal mind knows where they should live. This is that kind of time.

The truth will give you guts. First, you have True Parents. Second, you are the restored elder son and a tribal messiah. Your mission is also to restore kingship. Can Satan oppose you? In the Garden of Eden Satan didn't have True Parents, the elder son's birthright or tribal messiahship or kingship. None of those things existed in the Garden of Eden. Satan commanded everything. Today we have True Parents, restored elder sonship, and kingship. We can go far beyond the level of Satan. In other words, Satan is completely overwhelmed.

Are you the elder sons of God's kingdom centering on True Parents? Centering upon True Parents is the only way you can receive the elder son's birthright. Satan's world doesn't have this kind of elder son's birthright power. Satan recognizes that only Father has this power and bows down to him. This is the time

of judgement. Have confidence that you have this power. True Parents have restored the elder sonship.

Maybe you don't really know and you're unclear about Cain and Abel restoration. Even if you have not known the Divine Principle too clearly, at this time today you can listen to True Parents and have guts. First, you have True Parents. Centering on True Parents, you have become a true son, based on the true restored elder sonship. If you pledge that to Father today, every one of you will be forgiven. Not only will you be forgiven but you will be given that right as you raise your hands and pledge. (Shouts of "Yes, Father!" and applause.)

The Soviet Union and United States have to pay attention to Rev. Moon. They have a special department: The Bureau of Rev. Moon. They have to keep records of what he is doing every day. They not only have to pay attention to Rev. Moon, but they also pay attention to Unificationists. They recognize that Rev. Moon has been victorious and that his predictions have been correct for the Moscow Rally. So many things that Rev. Moon has predicted have been realized. Rev. Moon said that communism would crumble after 73 years. After exactly 73 years, it crumbled. The governments of the entire world have to pay attention to him. The so-called Moonies have become very important. People will look at you and think "He is just like Rev. Moon. He even looks and acts like Rev. Moon." Why is that? Because you have the elder son's right and you can speak with authority.

Don't act like beggars. You are commanders-in-chief Don't bow down. Have pride in being elder sons of True Parents. Tell people, "Don't you want to go to Heaven? Come with me." You don't even have to explain to your little cousins, nephews, brothers and sisters. All you have to do is say, "Come with me. Listen to your elder brother, your elder sister." You understand clearly the most truthful way. Look so serious, so confident, so gutsy and they will follow you.

Increasing the membership, therefore, should be no problem. It will be easy for ten people to join in a month from one member's effort. You can do it. We have a weapon that can defeat even the most intellectual people in the world. No intellectual, east or west, can challenge the truth. There is a lot of buzzing here and there, people talking about Rev. Moon, Godism, and Headwing. All the major cities in America are talking about Rev. Moon. In the meantime, those dead skeletons of the valley shall revive.

Use your mouth at this time like a crazy person, never keeping it shut. American women, your time has come! Be noisy and shout out the news.

When Father was in Korea, he initiated a gigantic crusade as a preparatory campaign for the reunification of North and South Korea. A rally is going on all over the country right now in Korea. The basic mission of Korean members now is family restoration. They are saving their families, 120 tribes. Father ordered a core group of four thousand in Japan who are going out to restore families. Japan's mission is not only restoring men and women, but restoring money, too. Eve's country has to feed the world, like mother's milk.

What about America? Do you want to fall behind Japan? America is the archangelic country. Therefore, your job is to influence the rest of the world. America will influence the world's five billion people. All five billion people of the world are the children of the archangel, so the archangel nation should go out and restore them, including the Soviet Union. Then you must move on to Asia. Asia is the home of humankind because the Adam nation is there, also Eve's nation, the father and mother countries.

In the Garden of Eden before the fall, there were Adam, Eve and three archangels. As it was sown then, it is being harvested now on a worldwide scale of nations. Korea is the Adam nation, Japan is the Eve nation, and the three archangels are the United States, the Soviet Union and Red China. In Japan, the Eve nation, the women are controlling the money. A women's purse there is always full. Japan is pulling all the United States' money away and putting it into its own pocket. The archangel doesn't deserve to have property, but can only follow. The mother, Eve, is custodian of the property. The United States will go down economically. Japan will buy up more and more property. But in order to continue to enjoy this prosperity, Japan must help Korea. Japan must realize that it is not Japan's money; it is Eve's money to be used for the sake of Adam, for Rev. Moon and Korea's unification. Japanese wealth has to be contributed for the unification of Asia and the unification of the world.

The Japanese people today have a large purse and they don't know what to do with it, where to store it. They are trying to find their husband. Japan maybe finds some attraction even in Kim Il Sung; after all, he is also Adam, though a false Adam. How ridiculous! The True Parents are in South Korea! Whatever perspective you take, history fits perfectly so that only one direction remains, God's direction.

Father called this important conference today to proclaim to you that you are elder sons centering upon True Parents, and this means that you must not love your husband or wife or children just for your own sakes. Your tradition is to sacrifice your families in order to go out and restore your relatives. Blessed couples, your mission is to create a heavenly family tradition that expands into the level of your own relatives and neighbors. This is a messianic duty, a tribal messiah's duty. So far you have been paying

indemnity, but now Father fulfilled all the conditions of indemnity and you are going to harvest for the sake of the tribe and the nation.

In one word, the tradition of the family is True Parentship. You will be imitating True Parents. True Parents have given their entire lives for the sake of creating this foundation. You are doing the same, giving your entire lives for the restoration of the foundation upon which your own relatives, your tribe and your neighbors can be restored. From now on, your assets will not be the size of your bank account, but how much you give yourselves for the sake of heaven in order to establish True Parent's tradition, the elder son's tradition and expand it for the sake of the world. According to those assets, your eternal life will be determined.

God invested every ounce of energy, not saving one ounce of energy, one drop of blood or sweat. By the same token, you are going to invest everything for the sake of setting up the tradition of the true heavenly family. You will invest husband power, wife power, children power, everything you have to expand the True Parents' family.

You must reach 120 homes. All numbers can be found in that number. Christianity began with 120 disciples of Jesus. Before Pentecost, 120 disciples were praying in an upper room. Armed with an incredible power of spirit that came down, they went out and started Christianity worldwide. Today you are going to do the same. You are like those 120 disciples. Your power is True Parent's power.

As a tribal messiah you will eventually even have the power to do matching and give the blessing. You will have this power because you will be Father's chosen ancestors, exact replicas of True Parents. You can work right in your immediate area, dealing with your own brothers and sisters, your parents, aunts and uncles, and neighbors. This work is most important. When you do this job successfully, you don't have to worry about the nation or the world. Father has already taken care of that.

Korea's unification will become a natural result of True Parents' success. Nobody else will do it, but even True Parents cannot do it until you lay your own foundation. North and South Korea are dialoguing, but there is still a lot of distance between Kim Il Sung and South Korea. But Kim Il Sung will surrender naturally to Father, not by force or bullets or bombs or war. Do you think that Gorbachev and all the Cabinet members and Congressmen who are listening to Father do so at gunpoint? No, it is a natural result of Father's foundation. The natural surrender of Kim Il Sung is possible because of the worldwide atmosphere and circumstances and providential timing. Therefore, you are going to do your own duty in laying the tribal foundation and moving toward the restoration of kingship. Your own tribe in a way is a small kingdom and you are like a king and queen.

Father created the atmosphere now so that national leaders have to recognize Rev. Moon's position. In other words, they will come to the conferences and want to learn Rev. Moon's ideology and world view.

Father has been receiving all the persecution on your behalf. You don't have to go out and receive persecution anymore. You are going to win with gutsy declaration. You know God's timetable.

I want you to know that Satan is always there. He has not completely disappeared. Satan has been so tenacious up to this moment, like a bulldog who bites and never releases. He has been absolutely aggressive. Therefore, God's strategy from now on should be to do more than Satan in order to win Satan's world. We should go beyond Satan's level in being tenacious. Do you understand? That is the place where the liberation of God will take place. God's age old dream shall become a reality. Everything will be fulfilled when you determine to practice such loyalty to God and True Parents so that you surpass Satan's level of tenacity. When you do that, God's heart will be moved.

Is that only true for a husband, and not for a wife? You are not so dumb! Wives, do you say to your husbands, "I'm missing your nice bedtime conversation"? Do you say to them, "Why don't you go to college and get a diploma? Why don't you make more money? Somebody bought a house, why don't you buy a house?" Father is always tuning in by a special channel to your nighttime conversations. Is that a restored Eve's or a fallen Eve's action? It is the action of a fallen Eve. American women have to know that. This action makes one an enemy to God. You must look from God's perspective and the Divine Principle viewpoint. Don't do any more evil Eve's night talking!

Of course, Father himself does bedtime talk, but if Father himself listened to every word Mother said do you think he would have accomplished all he has today or attained such a standard? That is what is called the power of dominion, or subject power. Adam lost that power. You men don't be dumb husbands! When you hear such bedtime talk coming into your ears, block it out. This is very important. You must encourage each other with heavenly bedtime talk about how to serve True Parents better and proclaim their truth better. So, if your wife keeps giving you fallen Eve's talk, then you stand at the door and say, "No entry! Husband absent!" Tell your wife, "Dear, your husband is absent today. He is going out to do more work for heaven."

Father is speaking very clearly to you. I don't think Unification Church women, particularly blessed wives, would violate Father's principle, would you? Raise your hands, those who won't violate Father's principles. Thank you.

When the time came for the Israelites' exodus, there was compassion even for the Egyptians, and a desire to save them. Today, we have to likewise broaden the horizon. Christianity is our elder brother. They are Cain, yet our elder brother. We have to bring them home. That's our job, too. In other words, wherever your power can reach, in whatever direction, whether it is to a relative, to the government, to Christianity or your neighborhood church, or to your home church area, that's where you should apply it to get a result.

Father has created an extraordinary organization. All the leadership is paired; in other words, one is Cain, the elder brother and one is Abel, the younger brother. They both are Father's disciples, working together, as Cain and Abel. Because of the fall of man, the mind and body have been separated and the body has been governing the mind. Restoration is the opposite: the mind governs the body. Father created the mind organization and the body organization and the mind organization will govern the body organization. Unification Church work has two dimensions: one is mind-like work, preaching, teaching workshops and witnessing. This is direct church work. On the other hand, our member's businesses, stores, restaurants and so on are body-like missions. The two have to harmonize together under the mind. United together, the body should serve the mind.

Until now, Father hit the mind side too hard and the external side was in danger of being destroyed. The mind side or church side has been persecuted by the Christian churches and has had a difficult time. But if the external side is strong, it can rebuild the church immediately. Absolute minus creates absolute plus. This has been the situation. Now, governments are supportive of Father's external projects. This means the church will never be attacked and can stay strong. Therefore Father is now concentrating on the church or mind side. The external side is going forward by itself. Our members who work in businesses must realize that they are existing for the sake of the mind and that the most important thing is the mind side mission. Father will put less and less emphasis on the businesses or body side. Father should build up the mind side to take the subject position, otherwise it will not truly become the center of True Parents' messianic mission and develop worldwide. For that reason, the external side is automatically going to come to Father's side. That means the opposite side is going to follow the church side.

One of Father's most incredible and important accomplishments of 1990 was the creation of mind side harmony of the religious world under the name of The Inter-religious Federation for World Peace, organized during the Assembly of the World's Religions Conference in San Francisco. That was a strengthening of the mind side. On the body side, Father created in the political world the International Federation for World Peace. The two work together like mind and body.

The elder son's position is the mind's side position and the younger son's position is the body's side position. When the mind's side is absolute, the body's side automatically follows. When the elder son's mission is sufficiently fulfilled, the body's side will automatically come. The Divine Principle viewpoint says that when there is an absolute subject, the object is drawn to go the same way.

If you don't accomplish your responsibility, your foundation will be taken away by the people around you. So many people will realize Father's truth and will want to do the work. They will come into your territory. I want you to understand that a new breed will be coming by the thousands and hundreds of thousands and millions. They will be so quick to realize Father's goal and claim their own territory and you will be taken over. They will kick you out. The Bible says that the first shall be last and the last will be first. Look at the Soviet Union.

Father came to Washington last week and gave all the leaders assembled there his message. He said that communism is working with laborers and workers with the goal of making a workers' utopia. While communism has been working with poor people, the United States or bourgeoisie has never concerned itself with needy people. Let's say there are 180 different countries in the world with 180 different standards of living. The United States can only deal with the top several nations and cannot reach or understand most of the rest. It does not want to go down to their level. Only Rev. Moon's people in America can go down to the very bottom level of nations. They can also go to the very top. The Soviet Union also is very flexible, able to go up or down to the very bottom. They can relate to poor people.

The Soviet Union is now in competition. Students, professors, government people, business people, laborers and even taxi drivers will say, "We are going to beat the United States. We are going to do better than them. We are going to work harder. Once our system is changed, we are going to do better than them." Soviet people have been trained for 73 years and are disciplined people. Once they know Father's truth, they will say to Bo Hi Pak, "You are one of the closest disciples of Rev. Moon, but I am going to surpass your standard and take over your position." They will have that kind of ambition. This is not a concept, but a reality. I don't want you to be kicked out and lose your own territory. That's why I want you to quickly cover 180 different levels.

Approximately forty years ago, the conditions were set for God to allow Christianity to unite with Father and create the kingdom of God on earth. That opportunity was lost. Father has laid the foundation again and another opportunity has come. This is the time. Forty years later, what has changed? Now the world is recognizing Father and uniting around him. So, are you going to go down or rise up? Is Father speaking out of the Principle and providential will or out of whim?

This is the final, final opportunity. Get down to work with your own family first so that your own family and tribe will become True Parents' family as well. We have only one problem to resolve: the problem of our body. The body is object, not subject. Mind is subject, but body is always trying to crush it.

The world is becoming smaller, meaning more and more united. Look at Europe, at the Soviet Union and America, at North and South Korea. East and West Germany have been united. Father also created the unification of the religious world. The Assembly of the World's Religions has become a reality. Christian churches only have to follow the lead of the Unification Church. On the mind side everything is linked and united. The problem is the body side. It is hindered and hampered. The church is united. The world is going to be united, no problem. The only problem is you, your mind and body. Your mind and body shall be united so that you live up to Father's expectations, then your mission shall be accomplished. Father accomplished everything else, only the unity of your mind and body remains. Your body is on Satan's side! This is the last objective in our struggle.

Your body is worried about things like, "Oh, we have been married fifteen years and we don't have a home. My children cannot go to school anymore." Father has the same problem, but did he give up the Unification Church mission because of that? Absolutely not. You have to know very clearly the timetable of God from the providential point of view. Go out and restore the elder son's position. Conquer your body, don't let Satan conquer it. Don't let Satan even come near your body. Your mind will conquer your body. You are disciplined men and women now.

True Parents are merciful parents. Many Cain type people deserve to die. True Parents come not to destroy, but to restore. Even though we are not directly God's heirs and are even Satan's heirs, still we are the children of Adam and Eve. There is nothing to do but restore everyone. You must have pride in your lineage. It is different from the fallen lineage. The situation of the American family is horrible right now, so many step-parents and stepchildren and so many fatherless children. We must have mercy on them and restore them. If you put away your children in an orphanage for this purpose, God will protect them. They will not die, they will not starve.

The time has come. Your problem with your body can be resolved. Use your mind and don't let your body conquer your mind.

American women are too talkative. At this time Father wants to use you talkative women to talk about the Principle, about elder sonship and True Parents.

There is a great time ahead of us. A wonderful life is ahead of us. You will be treated by society as VIP's, like kings and queens. You want to follow Father wherever he goes, don't you? By the same token, when you are in True Parents' position, the people in the second son's position to you will want to follow you.

You have ammunition and you have a weapon. All you have to do is fire it. This weapon doesn't kill people, but revives them. You didn't create that weapon of principle. Father did. When those true love words are fired and resurrect people, they shall grab you and shout, "Mom! Dad!" Then you will say, "I am like a father!" You may even forget True Parents! It's okay, as long as you truly come into True Parent's position. Will you really forget Father? (No!)

Many times in the past when a mission was given you sighed and complained about endless work. This time will you do that or be excited to go out and have fun doing it? Be proud of yourselves, sitting here listening to True Parents directly. How many people in the world can do that? What a great privilege. How can you not fulfill? It's almost as if you landed on a treasure island with nobody there and God said, "It is yours, take it!" The great treasure is yours, all you have to do is accept it and obey Father. It is worthy of every ounce of your blood, sweat and labor. Even if you commit everything you've got, still you will not have paid enough.

When we all end up some day in the spirit world, I want to see your faces. To those who are participating in Father's order today, I want to be able to say, "You are my son. You are my daughter." To those who did not obey and cooperate, I will say, "When did I see you? Get out!" It doesn't matter if you are a blessed couple. The definition of a blessed couple is obeying True Parents and becoming their champion. You are going to invest 100 percent and witness and get spiritual children. That 100 percent will be multiplied. You will not regret it. You will be so excited you cannot stand still and will want to joyfully volunteer. If Father asks you to go one mile, you will want to go three miles, five miles, ten miles. Next year, 1991, will be that kind of year.

Mr. Kamiyama read Divine Principle so many times. He memorized all 536 pages. That's the way you should be. How can you be defeated then? The future leadership of this country will be those who are teaching Divine Principle well and understanding it well. People will uplift them as congressmen and senators. When you teach Divine Principle, you will gain many spiritual children. How can you avoid becoming a leader?

In Korea, everyone realizes that those who became experts in Divine Principle also became leaders. In all countries patriotism is gone except among those who understand Divine Principle. That is true in Korea, in Japan and in the United States. Only Rev. Moon's people know to love their villages, their counties, their states and their countries. Elections choose the real leaders. You only have to let people know that you are a real leader who really loves the country. Teach and speak every day. When you open your mouth, let nothing come out except Divine Principle.

What is a Ph.D.? Nothing. Everybody will go to spirit world someday. Then your asset will not be your money or your knowledge or your popularity and power in the political world, but rather how many godly people you brought into the kingdom. One thing is absolutely clear. In the spirit world, there is no need for food or knowledge. Knowledge is automatic. There are no elections, no need for political power. There is no need to seek honor for your own sake; you will end up in hell if you do that. The only asset in spirit world is that you were persecuted by other people while giving yourself unselfishly to gather godly spiritual children for the sake of the kingdom. What counts is how much you loved your fellow man.

Once you have love and are giving love, everything in the universe and all creation shall relate to you. You will not be alone. But the person without love will be shunned by all creation. The beautiful flowers and trees will turn away from you and have nothing to do with you. Creation only relates to love.

You will become the image of God, living exactly as God lives. You need 120 spiritual children. There are twelve pearly gates. You need at least ten people at each gate. 120 spiritual children represent 120 families. At the time of Jesus, there were only individuals. There was no Marriage of the Lamb and no families, no True Parents. Now we have True Parents and the unit is the family.

Shall Father phase out the activity or shall we make a new beginning with a new determination? So far we have had a pyramid type organization, which has some disadvantages. From now on, Father would like to change it so that each individual will be responsible. In this sense, the concept will be that each individual is a plus or subject. This is just like harvesting food and putting it into storage. No more explanation is needed.

Prepare the following notes of instruction. You have to share this message with those who are not here with a video tape recording. This is a conference, not just a sermon. For a conference, Father always asks for city and state leaders to come. This is the first time Father asked everybody to come, all the blessed members.

Father would like to create a new kind of organization, not a pyramid type with a top command echelon and so many other levels that by the time the bottom is reached, half of the message is lost. Father would like to have a direct hot line for his instructions to each member. Each individual must consider that he represents not only himself, but his family, county, state, nation, and heaven and earth and is directly responsible to God.
