History

This assembly represented that the young people should stand at the forefront for overcoming the difference of the race, religion, nation, and ideology. Alexander Haig, the former US Secretary of State, the daughter of Ronald Reagan, Maureen Reagan, and the Egypt prime minister gave a speech at the inaugural assembly of the Youth Federation for World Peace for the youth.

T rue Father mentioned that we should inaugurate the assembly for the youth federation for world peace to help the young people stand in front of the human salvation.

Also he added, “the cause of today’s social problem has been come from what human being did.”

Besides, True Parents gave the million dollars scholarship for the youth program.

It is the education program for the young generation to inspire to love God and own country. True Parents hope that this education brings the influence into their life.

According to Co-founder:
True Mother gave the speech.
It says; “the Youth Federation
need help form the World
Peace Federation and the
Women's Federation for
World Peace to inspire
the young people to realize
the importance of God's
centering family.

Also she added, “the next
leader should lead the world
to solve the global social
problem by understanding the
cause of the current social
issue. So the Youth
Federation offer the
opportunity for the young
people to know these causes.”

On this day,
the audience were
all ears and
the conference hall
was filled with
the expectation for
the young people to
form the new world
in the future.

“

Through the ages, young people have often been called by God to provide leadership at crucial points in history. Thomas Jefferson, while in his twenties, drafted the Declaration of Independence and compelled his generation to strive for a just republic under God. Joan of Arc, a teenage in 15th century Europe, led her people into battle and won great victories for her country. Jesus Christ, at the age of thirty, began his ministry of love and forgiveness 2000 years ago. Today, his teachings continue to inspire and give new life to people all over the world. I myself have been deeply moved by the love of Jesus Christ. It was he who asked me to take up the task of creating a unified world of true love when I was only 16 years old. Since then, I have never wavered in my commitment to God and in my promise to Jesus on that Easter Sunday morning.
