Inaccurate Automatic Translation

Good morning

I hope you're doing well.

1552nd Tianxin Garden is sincere all night

Summary

Evidence of a woman reported from Japan: 53 years passed by for the first time, and now she is 72. Three years ago, I decided to dedicate my life to Tenshingen special all-night seismic, and I participated in church without missing a single day, no matter how difficult my career as a caregiver was. After the decision to be disbanded on 3/4, she started to do it at home, and because she is tired and sleepy, she stands for 3 hours except for a 10 minute break, and prays loudly with a towel to her mouth while praying for her mother's life and fulfillment of her life. I repented of what I've done to my family's hearts and prayed, "This is my limit, please help me." In order to fulfill his promise to heaven, he decided to end his life on earth by testifying his parents to those around him, and he started reading his autobiography while explaining to the users at his workplace nursing home, and yesterday marks the 61st time. Even when you

testify your faith, no one believes, and everyone applauds you with great words. He sent 40-50 letters to the president of the institution several times containing the unification movement, the victory movement, and the confession of faith, but he was not rejected and appreciated it. He also continues to visit and interact with several churches of Christ. I want to continue to bear witness to the truth of Holy Mother Han.

Evidence of Bolivian food in Central and South America: In a critical situation with a 5% chance of survival due to the birth of my distant wife, she decided to do her best in Tenshin-sen without returning home. Right before surgery at the hospital the power went out and couldn't operate, but miraculously I was able to deliver safely through natural labor. Tearful and sincere prayers pounding on the floor at Tenshingai moved heaven. A short amount of good intensity is more important than a hundred years of intensity. This Jokuchi decided to evangelize through 400 adoration and 10,000 calling prayers over 120 days, and 52 people in the team achieved evangelism. Tenshin realized that Heaven takes responsibility and changes destiny and makes impossible possible.

Proof of the Spiritual Academy Student: Participating in 40 Shu that I never wanted to take on my mother's recommendation. When I worked as a staff member of the resonance prayer for three days in Japan, I saw the tearful prayers of Japanese missionaries, and realized that my mother was praying with tears like that, and this led to her feelings and became one with her.

I thought I would come to the land of Kanan and raise godly sons and daughters as a blessing family, but how remote I feel if I can't do that. The devotion of offering a tearful prayer for the unbelievable child finally came to pass. The creation of heaven and earth is a state of absolute obedience that has been emptied by investing and investing with true love, if more and more people who are educated and

practiced this kind of true love, the unified world will automatically come to this earth.

An unrelenting child who doesn't receive blessings, doesn't go to church, and puts a big nail into their parents' chests. Decades of hating and holding grudges. Reviving these people to love is really difficult. No matter how many haters surround you, you can become God's person when you don't hold grudges and give true love. Jesus carried his cross yet lived with the love of his Heavenly Father, so that the believers were filled with peace despite persecution. True parents lived in prison due to worldly persecution throughout their lives, but they were always united with Heavenly Father, so when you meet your parents with all your sincerity, you can feel peaceful. If any evil spirit enters your mother's pocket, it reborns into God's sons and daughters. Only one cosmic mother Holy Mother Han, who can be granted this amazing grace. Now the gate of amazing history has opened through true parents who came to earth and return as children of Heavenly Father. Where could a gospel be as great as this? Our mission is to teach the truth of this providence to all. The essential principle of providence towards Heavenly Parents, the spirit world will be responsible if you let them know the truth of the True Parents. That's why our church has developed miraculously in its administration. If you preach the word and work your best, a surprising role to propagate the righteous will arise on this earth and usher in an explosive era of Great Reconstruction. I hope this night will be full of hope and devotion.
