### Summary

From the front of the detention center, which is entering her 226th day, "A true mother's boldness is a great emotion and empowerment." Today, I offer my war-like devotion, so that the love and faith towards the true mother may appear as a light of glory and true love. sent a message.

Proof of an 18-year-old spiritual training student: In the midst of a really difficult and difficult life, through spiritual training, I learned to develop deep roots in my faith. I closed my smartphone and concentrated on the training session, and the moment my mother's sadness resonated as my own sadness, and my mother's release was cancelled, I entered a state of resonance where tears could not stop flowing even just thinking about her. When you start a new path after completing 6 months of academy study, crying out the absolute good spirit 13 times, and praying 130 times for 13 days, you achieve a lot of growth without even knowing it, and when you return home, you will practice true love and live up to your mother's wishes.

Proof of a Moshimu training student: He was bullied until the third year of high school, and he became a grudge against heaven and couldn't trust his true parents and parents for a year. I participated in this practice thinking that I would end my life if I couldn't get answers, but after 30 days I couldn't obtain anything. When the training director advised me to pray honestly and honestly, I prayed honestly and said, "Well come home." It must have been hard for you. Sorry I couldn't protect you. After hearing the voice of the father, I had a spiritual experience of a confession that I had never thought of coming out of my mouth, and I was able to be born again in a new person 180 degrees and receive blessings. As a blessed family, they were determined to achieve a family that would return joy and sympathy to heaven.

Yesterday's pronouncement: "True Fathers and Mothers have decreased 4000 years of history in 40 years to create a realistic era in which humanity can be established within the blessing sphere of the world. Youth issues and family bankruptcy are the number one issues right now. Any sovereign educator in this country has no idea how to solve it. Those who have the privilege to solve it are the true fathers. The secrets of the underworld, the secrets of earthly history, all of them have been deconstructed. Because the teacher won by reducing everything, night and day, when you try to achieve a unity sphere with absolute faith, absolute love, and absolute obedience, you can move up as the center of true love. True Parents received permission from Heavenly Parents to enable us to form the bloodline of true love, the clan of true love, and the people of true love. It is the blessed family that passed down the treasures of Heaven's storehouses to individuals and households as precious as anything in history so that they can form the bloodline of true love, the family of true love and the people of true love. "\

"When the blessed household fulfills the mission of the clan Messiah, the clan Messiah is the greatest

blessing of all true fathers and mothers. " is the central contents of today's pronunciation. We need to keep that word in our homes and clans. We need to work hard in order to create a country where all our people can know and know our true parents. There is also a reason for educating the Han people on the Great Ethnic Poetry.

Last night's words from our Heavenly Father: "I will cause good things to arise in places wherever the words fall, and the institution of revival will arise." Therefore, we must be men of the Word who can account for evil, raise up the part of the resurrection, and exercise the power of recreation. "We can become people with words who can achieve the authority of recreation through Tenshinshi Seiji. If there is a testimony of the father and mother, the acts of goodness, the acts for resurrection, and the acts of recreation, and all will know them. That will be the very important thing.
