For parents to build a beautiful partnership with your child on their journey to the Blessing. We have a course that is just for parents about everything you need to know about the Matching Process.

Motherhood is both a rewarding and challenging time. Especially when our children are young and need so much concentrated care, mom's emotional and spiritual needs can easily fall by the wayside. When I'm nurturing everyone else, who is nurturing me? How can we be more intentional about caring for ourselves, so that we are fully charged and able to give our authentic and beautiful selves to our children? Join us to discuss how we can enlist a community of support to meet our important needs as our children's educators.
