Safe Conversations Webinars | With Generational Healing

When you CONNECT with others, then you can COMMUNICATE. We'll show you how to begin sentences so the

conversation doesn't blow up and how to respond in ways that provide safety. In the end, you'll be able to discuss difficult topics without fear or conflict. Any relationship can be transformed. Safe Conversations can show you how.

Listening to Understand

Recently, I was reading a book about the bones in our body with my granddaughter. I was reminded that the smallest bones in our bodies are in our ears. There are three small but extremely important bones in our middle ear--the hammer, the anvil, and the stirrup. These bones transmit sound vibrations from the air to the fluid in the inner ear, fulfilling their role in helping us to hear.
