

Blessing Preparation Meeting

February 23, 2015

On a beautiful Sunday Morning around 20 people gathered together to prepare for their blessing time in Korea. We started with tea and coffee as usual to break the ice between us and MC Robert and Christabel Haines lead the meeting. After introducing everyone to each other, we had testimonies from Y. and K. Hoshiko about their blessing experience. They shared their funny story of how TF was so happy to see all the blessed couples, he was so joyful he threw cake cream to the audience as a cheeky joke. Although it wasn't easy to open their heart to each other as not everyone knew each other so well, however their trust in God allowed them to love each other unconditionally. Keishin shared that 'No matter how shy I am, or not open to Yasuhide, he would still love her as a daughter of God'.

The following session was lead by S. and N. O'connor. They gave a very meaningful and practical advice about Life after blessing especially about public life and practicing faith as a couple. They shared lots of TF's quotes: "You were called to the providence and received the Blessing. That's due to God's enormous love; that was not founded upon your will. You've gained life for free, due to God's unconditional love. (True Father, Blessing and Ideal Family, 1.2, pg. 250)" They finished the talk with emphasis about Prayer, HDH, Pledge, Tithing, and Learning the holy tradition as a couple.

After having break, we also had Q&A session about many questions like 40days separation, significance of Blessing, life with in law, long distance relationship, bonding experience.

Robert and Christabel and all other staff Prayed for all the people who are going to blessing and concluded the preparation meeting with small gift (articles about relationship & booklet called “True Family Gate Way to Heaven”)
