“Everything comes down to meeting the True Parents. The coming of the True Parents of humankind is the desire of history, the desire of all nations, the desire of all ideologies and the desire of entire providence. Their appearance is unprecedented and will never happen again. It is the turning point of history and comes only once. From the perspective of eternity, a person’s lifespan is just one breath.” (*Cheon Seong Gyeong P. 1153*)

Beloved brothers and sisters,

True Mother returned to Korea in the morning of June 14.

As soon as she arrived in Cheon Jeong Gung, she offered a report to the Heavenly Parent and True Father.

As she looked at the heavy rain pouring down, True Mother said, “This rain is a rain of blessing.”

Korea had been experiencing a severe drought and various social disturbances; however, with True Mother’s arrival and the great rain, many of the worries were dissipated and a great blessing seems to have come to this land.

True Mother left Korea on April 28 and she returned after 48 days. During that time, she toured Europe and the United States.

It is our duty as representatives of humanity and the Cain and Abel spheres to gloriously welcome True Mother. However, due to the current concerns about MERS in Korea, the victory banquet has been replaced with a simple gathering.

It is my hope that with your sincere devotion and prayers, we will be able to offer a grand internal victory banquet to True Parents.

As she was coming from the airport, True Mother constantly asked about the situation with MERS, expressing her concern for the safety of Korean members and Korea as a whole.

True Parents are embodiment of love and they always care for and seek to embrace us. Therefore, I believe that just by being safe and healthy, our members are being dutiful towards True Parents.

As we move forward relentlessly, I pray for the health and wellbeing of all the members.
