On World Children's Day (20 November) and the Day of the Christian Family (21 November) in Bulgaria, we held a Family Festival in the Peace Embassy of Sofia on 24 November.

We had altogether 15 participants together with members.

In the beginning, the Second Generation created a nice familiar atmosphere with songs and poems about the family.

We had a short lecture with the title "The Family As the School of Love" given by Mihaela Sergeeva.

Then we all drank the Holy Wine or Juice.

Since the participants either received already the Blessing or were not present with their partner, we did not hold a proper Blessing Ceremony.

At the end we celebrated the birthdays for those who were born in November.
